

# GORGEOUS CEO FELL IN LOVE WITH ME

## Chapter 9: The Allure of That Kick

"No way! Mr. Lin is an expert I invited, the market department is a mishmash, how could he go to such a place?" Su Funong unexpectedly rejected outright.

"Dad! The contributions the market department makes to our group each year are immeasurable. It's one of the group's key departments. I actually feel this important department is lacking someone like Mr. Lin!" Su Yanyu deliberately emphasized the words "someone like" with a touch of mischief in her eyes.

Thinking about what happened in the morning, Su Yanyu wished she could quickly get rid of Lin Fan!

If Lin Fan dared to refuse, Su Yanyu could find a reason to attack and question Lin Fan's capabilities. If he can't even stay in a small place like the market department, how can he protect her safety? It would be the perfect time to push her father to fire him!

However, Su Yanyu's little scheme was easily seen through by Lin Fan!

"Since the boss wants me to go to the market department, then market department it is," Lin Fan said nonchalantly, anyway, his main task was to protect Su Yanyu, so it didn't matter where he was stationed.

"This... Mr. Lin, would you like to reconsider?" Su Funong hesitantly asked.

"Dad, since Mr. Lin has agreed, just leave it! I'll immediately prepare the entry slip for him and then report to the market department!"

Su Yanyu, as if worried Lin Fan would change his mind, hurriedly wrote an entry slip for Lin Fan to join the market department.

Lin Fan took the slip and, finding nothing unusual, put it in his pocket.

"Boss, I'll head to the market department first, call me if you miss me." Lin Fan playfully winked, his hands behind his head, and whistling, he left the CEO's office.

"That jerk! Let's see how I teach him a lesson in the market department!"

Su Yanyu gritted her teeth with such force that it made a crunching sound!

...

The market department was on the twenty-eighth floor, and as a key department of the group, it had hundreds of employees. The majority of the group's products were sold through the market department, bringing billions to Yanyu Group annually!

Yanyu Group had set up a front desk for each department to handle inquiries, and photos of important market department employees were hung there. Lin Fan glanced at the manager's photo and squinted his eyes, another top-notch beauty!

"Sir, is there something I can help you with?" A cute receptionist hurriedly stood up and smiled as Lin Fan approached.

"Hi, beauty! Could you tell me where your manager's office is?" Lin Fan grinned.

The cute receptionist blushed at Lin Fan's compliment and quickly made a gesture inviting him to follow, "Sir, please follow me."

The cute receptionist soon led Lin Fan to the manager's office. After thanking her and waving her off, he was about to knock when his ear suddenly twitched, catching a faint woman's voice from inside the office!

"Ah... oh..."

For a moment, Lin Fan was stunned!

"Could it be that something is happening inside the office? Isn't the market department manager a woman?"

Lin Fan rubbed his chin, his eyes glinting, and glanced at the office window, wrestling in his mind for a full second!

As a man with a standard inclination, Lin Fan always thought that things like this should be watched and shared to be more enjoyable. Haven't you seen that the East Asian film industry is all about making films for people to watch?

Lin Fan quickly went to the window, but there was a curtain blocking the view of the office inside.

Lin Fan wasn't disappointed; his eyes scanned the curtains like radar and soon found an inconspicuous small hole, enough to faintly glimpse the scene inside!

A woman in a red dress was sitting behind a desk, her captivating eyes fixed on the computer, a blush of ecstasy on her face.

As an experienced man, Lin Fan could guess with his toes what the woman was doing!

"Wow... she's so beautiful..."

"Damn it, whose idea was it to put a trash can there? It's blocking the best view, damn them!" Lin Fan couldn't help but curse!

Soon, the woman reached her climax, and the show was about to begin...

"Hey! Who are you? What are you sneaking around for?"

Suddenly, a loud voice startled Lin Fan from behind.

"Damn! Who the hell is interrupting my good show?" Lin Fan cursed irritably, turning around to see a crewcut man standing behind him with a fierce look.

"Who are you, sneaking a peek at the manager's privacy? What crime should you be punished with?" the crewcut man growled angrily.

"You're the one interrupting my show, I haven't even asked what crime you should be punished with!" Lin Fan turned back again to check the view through the small hole, but the woman was already done, and his mood soured.

This guy with his beady eyes, what use are they? Didn't he see that I was contributing to the beauty of the Human World? If Su Yanyu wasn't watching over, Lin Fan would've loved to shut his eyes or teach him a lesson!

The crewcut man didn't expect anyone in the market department to dare insult him, his face twisted even more, a sinister sneer on his lips. "Do you even know who I am? Daring to act bold in the market department, pack your things immediately and get out. You're fired!"

"Do you think you're some kind of king to have the authority to fire me?" Lin Fan responded dismissively, not even Su Yanyu had the right to fire him, so who was this guy?

"I'm Wang Lei, the leader of Market Department's first team, last year's sales champion!" the crewcut man named Wang Lei announced proudly.

"Just a team leader, what's there to brag about! A good dog doesn't block the way, move aside." Lin Fan didn't bother with such a small character, bypassing Wang Lei to leave, now intrigued by the woman in the office!

Wang Lei's face changed dramatically. In the entire market department, aside from the manager, he was the number one person not to be trifled with. Over the years, he'd brought many large sales contracts to the group, becoming quite arrogant, often treating market department employees as lackeys, whom many avoided!

Wang Lei never expected someone in the market department to dare provoke him. His eyes immediately showed a hint of coldness!

"Who said you could leave! Stand still!" Wang Lei shouted, grabbing Lin Fan's shoulder, deliberately increasing the pressure. If it were an ordinary person, they would have grimaced in pain!

However, Lin Fan remained relaxed, just squinting slightly, not expecting Wang Lei to resort to force!

Meanwhile, their interaction quickly caught the attention of a group of employees, who gathered to watch someone daring to provoke Wang Lei in the market department!

"Who is this guy? Daring to mess with Wang Lei, he probably can't even stay in the group anymore!"

"It's not just about not being able to stay in the group! Rumor has it that Wang Lei's cousin is involved in some shady business, so even if this guy leaves the group, he won't escape Wang Lei's revenge!"

"Ah! Another pretty boy about to be messed up by Wang Lei!"

The surrounding employees began to discuss in hushed tones.

Wang Lei's face showed a bit of pride, coldly saying, "Kid, you have three seconds to kneel and apologize, or don't blame me for being ruthless!"

"I'll give you three seconds, take your filthy hand off, or I'll be the one who's ruthless!" Lin Fan's face still full of nonchalance.

"I fuck your..."

Bang~

Just as Wang Lei opened his mouth, a dull sound suddenly echoed!

Lin Fan's foot moved like lightning, kicking Wang Lei in the crotch!

"Aow aow~"

Wang Lei screamed immediately, clutching his groin, instantaneously transformed into a groin-clutching party, his facial fat all squeezed together, looking like a steaming pig head, turning green and purple in waves, tears streaming endlessly!

"That... that kick was just so fla—sy!"

The surrounding employees were all stunned, mouths agape.

"I told you to let go, but you wouldn't listen, can't blame me." Lin Fan spread his hands, acting like it wasn't his fault!

"What are you all doing in this chaos? Get back to work immediately!"

Suddenly, a cold voice rang out as a seductive woman stood at the back of the crowd, her face covered in frost!
