

Got Busted 1013

Chapter 1013 Madness

The lawyer looked at Benson Leach and said to him, "Mr. Li, as long as you plead guilty now, I will try my best to reduce your sentence, and Mrs. Li will wait for you to go out safely."

Benson Leach didn't speak, just his eyes, staring at Juliana Lewis on the screen.

Three minutes, if you put it aside, there is still some time.

But in front of the timed exploder, three minutes is just a blink of an eye.

Benson Leach couldn't sit still and stood up fiercely.

The lawyer looked up and saw that Benson Leach's eyes were red and his body trembled slightly, which was obviously the appearance of illness.

This made the lawyer laugh.

As long as Benson Leach gets sick, everything is under control.

Benson Leach said in a low voice, "I want to go out now."

Even if it was too late, he would go out to see the landing wine. He believed her, but at such a dangerous moment, he didn't want to sit here and wait quietly.

He didn't want to risk the slightest danger about her.
