Chapter 1023 Patterns

Jiang Lisha frowned and finally shouted: "Come on, come together."

It's sick to meet a madman full of men.

Timothy Greene did not hesitate to come forward: "OK, I will go with you, I will listen to you, you don't hurt Juliana Lewis, don't hurt her, I will listen to you."

Benson Leach looked at them, then frowned deeply and looked up at the plane in front of him.

Juliana Lewis was very calm, without any panic, she looked at Benson Leach calmly, and then turned to get on the plane.

Benson Leach's eyes are cold. He is waiting, waiting for Juliana Lewis's action, waiting for his opportunity to act.

Believe in Juliana Lewis, believe in their agreement.

Juliana Lewis is not a little girl who will be bullied by others. She has a strong ability to fight back. What he has to do is how to deal with the aftermath and how to back her up when she starts work.

At this time, a voice came from the air.
