Chapter 1084 Okay-

Suddenly nominated Li relaxed, looked up at them, and then said, "I talked about one abroad, but now I have broken up. Well, Grandpa, I am not married, so don't rush me."

As soon as old Mr. Leach heard the word unmarried doctrine, he immediately widened his eyes: "How can you be like this? Men have to start a family and start a career, and they are not married. What they say is really nice."

"If you don't get married, why do you provoke other girls and waste other people's time for no reason?"

Li relaxed: "I told her."

Old Mr. Leach: "So that's why you only talk about one love? Other girls are not casual people. If you fall in love, you must be rushing to get married. As a result, you want to bully other girls."

Li relaxed and wanted to explain: "Grandpa, it's not like this..."

Old Mr. Leach's old thoughts have come up, and his bad temper has also come up. It is a scolding to catch Li's relaxation: "You said that you, your eldest brother, do not work properly, and know how to play with women all day long. Finally, get yourself in, in his thirties, and don't even have a child."

"That mixed, grandpa, I won't say anything."
