Chapter 1112 Answers-

Channing Payne: "What's the reward for completing the task?"

Benson Leach: "This month's salary and bonus have doubled."

Channing Payne didn't look at it and added conditions: "It's going to be the New Year, one more month's annual leave!"

Benson Leach looked up at Channing Payne coldly. "Peter, I'm very easy to talk about recently?"

In the past, Channing Payne was naturally afraid to see Benson Leach look like this, but now he is not afraid!

Benson Leach, who had a particularly good aura just now, suddenly became a little wilted when he heard this.

Benson Leach: "Half a month's holiday, just half a month. I have to spend my annual leave with wine and wine. You also take annual leave. What about the company?"
