Chapter 1131 Losses-

Benson Leach looked at Xia Yunzhu coldly: "It's none of your business."

Xia Yunzhu blushed with anger: "I am your mother!"

Benson Leach coldly and mockingly smiled, and Xia Yunzhu, who smiled, had some hair.

Li Baiqing quickly said: "Oh, don't quarrel. I know Hou Chaosi is a beautiful, lovely and straightforward girl. We have cooperated and are very dedicated."

She smiled and said: "Hou Chaosi is really straightforward, saying in person that I am playing big cards."

Juliana Lewis looked up at Li Baiqing. When Hou Chaosi went abroad to make movies, he was only a small role, and Li Baiqing was the heroine.

Li Baiqing arrives at the crew very late every day, which is really a big name.

Juliana Lewis said: "But Sisi also said that although you are a big name, your acting skills have to be said to be very good."

If you don't act well, you won't get into an international superstar.

However, Benson Leach said coldly: "No, she doesn't deserve it!"

Juliana Lewis looked up at Benson Leach. "But..."

But the food she cooks is terrible, and the kind that dogs dislike.

Benson Leach's answer is still very firm: "That is also unworthy of her."

In a word, what his baby wife does is the best in the world, so Xia Yunzhu is unworthy, and Xia Yunzhu embarrasses his baby.

When Juliana Lewis saw Benson Leach like this, he immediately smiled: "OK, then I won't do it."

Well, cooking in person and punishing an insignificant person is unnecessary.

Xia Yunzhu listened to Benson Leach's words and was furious to death. As a mother-in-law, she didn't deserve to eat the food cooked by her daughter-in-law!

It's really hateful.

Benson Leach looked at Xia Yunzhu coldly: "Since you want to come back to be a mother, you should do it yourself, don't call my wine."

Yunzhu calmly asked him: "Did I go to cook, and

Old Mr. Leach: "No, she... I don't know what to say. Let her talk to you later. She's not easy after all."

Benson Leach's face was gloomy. "Yes, it's not easy for more than 20 years, and then come back empty-handed. It's a bossing to my wife, and it's even stronger for me."

"What am I her? She was born when she wanted to, threw away when she wanted to, and then waited, and felt that I was big again, and then came back for me?"-

Benson Leach said angrily, "What is this? I don't have any dogs like her."-

These words, Benson Leach's angry voice is raised, and Xia Yunzhu, who is in the kitchen, can hear them.

Old Mr. Leach looked at Benson Leach's face getting colder and colder, and his eyes were cold. He sighed helplessly.

Juliana Lewis took Benson Leach's hand and held it in her little palm.

She looked up and said to old Mr. Leach: "Grandpa, this matter follows Acheng. She is not easy. In the past 20 years, Acheng has not been easy. It is her fault to be born without raising, and nothing can be done."

Old Mr. Leach sighed and said: "Grandpa is old and soft-hearted. He always thinks that things can be completed, just fine."

Juliana Lewis was suddenly hugged and looked up at Benson Leach a little stunned. "What's the matter?"

Li relaxed his strength and smiled at Benson Leach: "The third brother has a good relationship with the third siblings."

Benson Leach also rubbed Juliana Lewis's head. "Of course, we are husband and wife, legal husband and wife, and we are still legal husband and wife who love each other very much."

Juliana Lewis pulled Benson Leach's paw. "You're messing up my hair."

Benson Leach: "Then I'll give you Shun Shun Mao."

When Juliana Lewis heard this, he couldn't help grinning: "Do you think I am a little pet? I'm going to give you hair."

Then Benson Leach lowered his head and leaned over. "OK, give me the wine."

That clever appearance is really a wolf king, and instantly becomes a little milk dog.

Juliana Lewis was not angry at once, and seriously stretched out his hand to smooth his hair, but made a little dull hair in his hair.

Looking at the little foolish hair that doesn't conform to Benson Leach's image, Juliana Lewis narrowed his eyes with laughter.

Juliana Lewis looked at Li Baiqing in shock: ...

Old Mr. Leach asked Li Baiqing: "Are you talking about the Timothy Greene of Gu's group?"

Li Baiqing nodded: "Well, that's him."

Li relaxed: "Not an eighteen-year-old boyfriend? Why are you suddenly getting married?"

Li relaxed to think that as long as Li Baiqing is not married, one more person will take away his grandfather's urging marriage.

But now, Li Baiqing is going to get married.

Juliana Lewis looked at them and didn't know what to say.

She just has the idea that others are not a family without entering a house, and when they come to her, they will not enter a door if they are not enemies.

Benson Leach looked deep and white, and then looked down at Juliana Lewis.

Juliana Lewis doesn't know if he wants to say that Li Baiqing is in love with his brain, but he is still a very rational person.

Benson Leach looked down at Juliana Lewis.

Juliana Lewis quickly waved his hand: "Don't look at me, I can't help it."

Whether it's Timothy Greene or Li Baiqing, she really can't control it.

Ever since Wendy Johnson died and Timothy Greene knew she was Miranda Sanchez, she was not worried that he knew the truth.

She has returned the kindness, as for the rest, she really can avoid, never a little more care.

Think of her as ruthless. She won't give Timothy Greene any hope anyway, not at all.

Li Baiqing looked at Juliana Lewis suspiciously, and then smiled at her.

Old Mr. Leach said, "Let's talk about it some other time. It's good to get married anyway."

Chapter 1137 Leave-

Juliana Lewis felt Xia Yunzhu's eyes were very bad, but she ignored them.

What Xia Yunzhu is doing at present is not too much, so she doesn't care.

Xia Yunzhu didn't make trouble at last, just sat down and ate quietly.

After dinner, Benson Leach followed old Mr. Leach to the study.

Juliana Lewis himself sat in the yard, teasing Tiger, who liked her very much.

Xia Yunzhu came over, stood next to her and called her, "Juliana Lewis."

Juliana Lewis looked up at Xia Yunzhu, then bowed his head and scratched his belly to Xiaohu: "What's wrong with Ms. Xia?"

Her voice is soft and faint, without any respect.

Xia Yunzhu sank: "Juliana Lewis, I am your mother-in-law. You should call me Mom."

Juliana Lewis looked at Xia Yunzhu in disbelief.

Xia Yunzhu said to Juliana Lewis: "Xiaojiu, you haven't been a mother yet. You don't know the mind of being a mother. I don't blame you."

Juliana Lewis looked up at Xia Yunzhu in doubt: "Hmm?"

She seems to have done nothing wrong. Why don't Xia Yunzhu blame her?

What a strange brain circuit.

Xia Yunzhu looked at the landing wine and said, "Xiaojiu, I just thought you were right. My attitude towards Beicheng in the past two days is really wrong, because I don't know how to be a mother."

"I just feel that I am very angry when I am treated like that by my son. What's more, I had difficulties when I left."

Juliana Lewis looked at Xia Yunzhu indifferently and always felt that she was very strange.

Just now, I was still on high, and I had a strong attitude. How can I be kind and admit my mistake at the moment?

Juliana Lewis sat down and looked up at her: "Ms. Xia, please say, I am all ears."

Xia Yunzhu looked at the way of landing wine, and felt that Juliana Lewis did not mean it. What she had to say at length had been finished by Juliana Lewis in a few words.

Say a long finish again, as if she was melodramatic.

But Xia Yunzhu had to say that she couldn't help but stare at Juliana Lewis, and then said: "In fact, when I was one year old from Beicheng, I knew that he had been poisoned."

Juliana Lewis nodded, then counted the time and frowned again.

Benson Leach is one year older than Miranda Sanchez. If he is one year old, he will be right.

Just reluctantly.

However, after Su Guorong's death, the neurotoxin was bought by Li Shilong, which was completely wrong.

Juliana Lewis looked at Xia Yunzhu and said, "Have you ever thought that A Cheng was not poisoned, but he was poisoned after taking the pills you gave him?"

Xia Yunzhu looked up fiercely and turned white: "Impossible, that pill is by no means poison, the poison of Beicheng is..."

Xia Yunzhu's words were blurted out, but at the critical moment, she stopped fiercely, and she looked up at the sharp eyes of landing wine.

Juliana Lewis looked at her coldly and then asked her, "Ms. Xia, what is it?"

Xia Yunzhu was flustered. She quickly covered up her good emotions and then said: "It was poisoned by Li Shilong. I know, I also heard them say that it was injected with a needle, so the pill will never be poisonous."

Juliana Lewis looked at Xia Yunzhu with sharp eyes and doubts.

Xia Yunzhu only felt that Juliana Lewis's eyes were like X-rays, which made her very uncomfortable. She took the teacup and took a sip on her lips.
