Chapter 1141 Madness-

Juliana Lewis's momentum is really strong.

Xia Yunzhu looked at the landing wine and felt that she was sharp, not a woman who was easy to fool and would not be suppressed by the relationship between mother-in-law and daughter-in-law.

Xia Yunzhu took a deep breath and then said, "A man is humiliated for a woman. Are you satisfied with hearing that his mother-in-law is so unbearable?"

Juliana Lewis looked at Xia Yunzhu. Although she is over 50 years old, she can be well maintained. There are some obvious crow's feet around her eyes, but her skin is still firm.

Xia Yunzhu is not very thin, but also plump, but it makes her younger.

Xia Yunzhu is really good-looking, with a pair of peach blossom eyes. Even if there is no young purity, it is more charming, which is natural.

It's really good-looking, and it really has the capital to make men crazy for her.

Chapter 1142 Chaos-

Juliana Lewis looked at Xia Yunzhu and then said, "Since you really stayed with Ah Cheng, let's destroy the devil's place."

This reason made Xia Yunzhu unable to refute. She said: "I don't know, I was sent blindfolded and sent back blindfolded."

Xia Yunzhu answered very angrily and collapsed: "Really, don't mention these things again. For me, they are all humiliating and humiliating!"

Seeing that she was going to collapse again, Juliana Lewis put down her cup and said, "Okay, don't talk."

Xia Yunzhu held the cup, drank it twice, suppressed her emotions, and then looked up at the landing wine: "Now you believe me?"

Juliana Lewis quietly looked at Xia Yunzhu: "It's OK."

Xia Yunzhu's collapse is true, maybe it was true in those days, but more than twenty years have passed.

If Xia Yunzhu is really tortured, will it be maintained so well? Can you still raise a plump, and you don't have the appearance of suffering from mental torture at all?

Therefore, Juliana Lewis didn't believe it.

Xia Yunzhu asked Juliana Lewis in a hurry: "Then you will help me talk to Beicheng and let him recognize me as a mother?"

It is impolite to talk without looking at people.

Li relaxed and converged his smile, then opened his body sideways and stopped blocking the road.

Juliana Lewis just walked in.

She heard Li's relaxed voice behind her: "Three younger siblings, Li's family is not as simple as you think."

Juliana Lewis turned to see Li relax again, but without saying any more, he went out.

Juliana Lewis frowned and went upstairs to his room.

Juliana Lewis hugged Benson Leach's waist tightly, and his little head rubbed against his chest like a kitten: "Ah Cheng, I miss you, so I miss it."

Two people just hold it.

Benson Leach took her round and round, then sat down on the bed, and again took her in his arms, and let her sit on his lap.

The one sitting face to face.

Benson Leach looked up at her: "I also said that I was not bullied. How long have I been separated? I miss me?"

Juliana Lewis put his arm around his neck and bowed his head. "I'm really not bullied. I just miss you all of a sudden."

Benson Leach stared at Landing's face and looked straight at her.

Juliana Lewis did not dodge, and looked Benson Leach in the eye.

Although they have been married for a long time, such quiet eye contact still makes Juliana Lewis blush and heartbeat accelerate.

Benson Leach will get sick.

There has been no disease for so many years. Did Xia Yunzhu really sacrifice herself for it?

Benson Leach doesn't know, but he reserves doubts, because this toxin has not been determined, and there is a minimum of ten years.

Benson Leach also said: "Another point, according to what she said, I suspect that the medicine she fed me may be toxins."

Juliana Lewis bowed his head and kissed Benson Leach's lips. "It's my husband."

This idea coincides with each other.

Benson Leach, who got a kiss, was in a better mood: "She left me for more than 20 years. If she was really imprisoned and humiliated, it was impossible to even know who that person was."

"She can't be maintained so well. If a person is forced to do something, it is absolutely unhappy, mentally unhappy, how can the body be good?"

Benson Leach listened to her overbearing preaching and hooked her lips and smiled: "Well, our Queen's domineering husband."

The two were noisy for a while, and Juliana Lewis talked about Li Songjin: "It was a bit strange for my second brother to talk to me just now, as if he also knew that Ms. Xia was not simple."

At this point, she added: "He also said that the Li family is not that simple. Is this not to let me get involved, or is it a warning to me?"

Benson Leach was silent for a moment and said, "Don't think so much. There are some things that are not a question of whether we want to think or not."

Juliana Lewis is already his wife and a member of the Li family, so it is impossible to stay out of it.

Juliana Lewis didn't mention these things again, hugging Benson Leach's neck and playing coquetry, two people shuffle when couples spend.

Afterwards, Benson Leach hugged Juliana Lewis, who was sleepy, and leaned in her ear and said, "Grandpa still wants us to have children."

Juliana Lewis was tired, nested in Benson Leach's arms, too lazy to move, and his voice was hoarse. "I like children very much."

It's not that she doesn't want to be born, but that she can't be born for the time being, and her body doesn't allow it.

Xia Yunzhu smiled at the corners of his mouth, nodded and said, "Yes, this is very good now, and I am very satisfied."

Today's Benson Leach still gives Xia Yunzhu a little face, without cold words.

Xia Yunzhu also thinks this is progress, so his performance is also good.

It is still Benson Leach who sends Juliana Lewis to the company, which is his habit.

Juliana Lewis asked Benson Leach, "Ah Cheng, what are your plans for Ms. Xia?"

Benson Leach's voice was faint. "It depends on what she does."

Juliana Lewis raised his eyebrows and left the matter alone.

She took Lu Jiu's arm: "Sister Jiu, you are really kind to me."

Juliana Lewis chuckled at her little forehead: "Don't be melodramatic here, you are good, don't do anything stupid, as long as you treat me as your sister, you won't hide anything from me, and I will always be good to you."

Hou Chaosi smiled and narrowed his eyes: "Well, she will always be a good sister of her wine sister."

Juliana Lewis raised his eyebrows: "It's a silly girl."

Hou Chaosi bulged his cheeks and hummed: "It's baby, little baby."

Juliana Lewis really likes Hou Chaosi, although her reaction will be slow and half a beat, although she has always been naive, and sometimes she has no brain to talk.

But no one is perfect. Hou Chaosi is very good.

Let Yang Laotou, who loves sweet food, not eat sugar, just like asking him to die.

However, Yang Laotou didn't dare to defend himself in front of his beloved disciples. He could only count himself unlucky. When he stole food, he was caught.

Old Yang looked eagerly at the milk tea he had only drunk two mouthfuls. It was a pity. Then he asked Juliana Lewis, "Why did you come here today and come to me?"

Juliana Lewis: "If you miss Master, you will come naturally."

Yang old man did not believe he had a voice: "Little wine, your master I am old, not silly, since you and Li family that boy good, eyes which still have me this master ah."

Juliana Lewis looked at Yang Laotou helplessly: "That's because Master is more important, and that's to be taken care of."

Well, Master still has to be jealous with Ah Cheng. She is so difficult.

Juliana Lewis coaxed the old man Yang before he made his old man happy.

Juliana Lewis felt that Master was becoming more and more perfunctory to her.

However, Master doesn't know much about Benson Leach.

Juliana Lewis still asked Yang Laotou in disbelief: "Master, is Li Shilong really looking for someone to crack the ancient medical door for revenge?"

Yang old man stared at her with big eyes and blowing his beard: "Otherwise, what else do you want? As for whether it is like this, I don't know. Why don't you ask Li Shilong?"

Juliana Lewis: ...

She found out that if Master had any problems, she liked to push Li Shilong.

Anyway, Li Shilong is a vegetable.

Juliana Lewis couldn't help but ask again: "Master, is Li Shilong really a vegetable?"

Li Shilong planned for so many years, and finally thought of Jiang Lisha to take the blame for him.

As a result, now, he has become a vegetable because of an accident?

Juliana Lewis always doesn't believe this possibility.
