After Ma Shuqin, he can only swallow it back, and his face is full of smiles: "Yes, I am sorry, I neglected Mr. Li."

Su Ran face some disappointment, but she is not in a hurry, anyway, Li relaxed feel she is a good candidate, that must be put her in the first column.

It's almost there.

After all, Li Songjin is not young, and he will get married earlier.

Thinking like this, Su Ran was very proud to raise eyebrows and look at Juliana Lewis, provoking her.

To this, Juliana Lewis ignored it, and this Su Ran was really too carried away.

Li relaxed just to give some face, she opened a dye house.

When sitting in the dining table, Juliana Lewis took a seat by himself, and then ...

She watched Su Han lead over the chair and sat on the main seat. Su Guochang, who had reached out his hand, froze directly.

Su Guochang said to Juliana Lewis: "Xiaojiu, you are Xiaoyin's sister. You can say two words to him. On this occasion today, there are still guests. If there is anything, wait until later."

Juliana Lewis raised his eyebrows: "I think this occasion is very good today. It's almost the New Year. This family can't always live with outsiders."

Su Guochang looked pale.

Juliana Lewis said with a smile: "If the lobby feels that today is not very good, I will set up a banquet another day, and we will talk slowly."

Su Ran couldn't help it. He hit the table directly with chopsticks: "Juliana Lewis, did you mean it?"

Juliana Lewis raised eyebrows and looked at Su Ran: "What did I deliberately do?"

Su Ran: "Are you jealous? If you don't want me to relax with Li, you are afraid that I will enter Li's door and be your second sister-in-law?"

"We are cousins. If I marry Li Songjin, we will be sisters-in-law. Besides, I am not robbing Benson Leach with you. Why do you not see me so much?"

Say, Su Ran also wronged, eyes turned with tears.

Now, Su Ran was even more wronged. He looked up at Su Guochang with a calm face and shouted louder: "I am not wrong, not only Juliana Lewis is going out, but Su Hanyin is going out."

"I hate them, I don't want outsiders to live in our house, I don't want to kill me, and I don't want them to live in my house. This is my house!"

Regardless of how Ma Shuqin pulled her, Su Ran pointed to the gate and shouted at Juliana Lewis and Su Hanyin: "Go out, you get out of my house, my house does not welcome you."

Li relaxed and looked at this scene indifferently. I didn't expect to see such a good show.

Juliana Lewis also did not respond, after all, these things, she is to let Su Han lead to solve.

Su Guochang did not fight Su Ran again, because he was afraid to fight again, and he still didn't know what Su Ran would say.

Su Guochang can only shout: "Su Ran, shut up!"

Su Ran shouted: "I won't shut up and let them get out of my house. I really can't stand it all day."

Su Hanyin raised his chin and raised his voice: "Lobby, I am asking whose name you write in your house now."

Well, my sister teaches well, which is very imposing.

Su Guochang knew that Juliana Lewis was there and could not fool Su Hanyin. He could only say: "Miranda Sanchez."

When Su Guorong and his wife died, according to the inheritance law, the property was naturally owned by Miranda Sanchez and Su Hanyin, and the house was registered in Miranda Sanchez's name.

Ma Shuqin said: "Xiaoyin, Xiaojiu, the house is tendrils. For many years, we have not competed. If we rob it, when Guorong died, the house will not reach the name of tendrils."

"For so many years, we..."

Juliana Lewis faintly interrupted Ma Shuqin's words: "Didn't you have the idea of this house in those days?"

Ma Shuqin was somewhat guilty when questioned by Juliana Lewis, but he still replied loudly: "Of course not, otherwise how could the house still be under the name of Manman? When your parents died, Manman and Xiaoyin were still children."

Juliana Lewis laughed out loud: "Then you forget, who drove Miranda Sanchez out of the house at night?"

Su Guochang's face was as ugly as iron. He quickly interrupted Juliana Lewis's words: "Juliana Lewis, these are accidents. Don't talk nonsense, it seems that we did it."

Juliana Lewis raised his eyebrows: "Do you know it yourself?"

Su Guochang was angry and didn't have such a good temper towards Juliana Lewis: "You are Juliana Lewis, not Miranda Sanchez. You grew up in F City since childhood. Where do you know this?"

"Don't be provoked by people with heart, and break the relationship between our family."

Juliana Lewis raised his eyebrows: "Since the lobby Bo understands the great sense of justice so deeply, there is no need to say more about the small introduction."

Su Hanyin immediately understood: "My sister is right. The lobby Bo is so clear about the great sense of justice and so high-spirited, that he definitely does not covet our family's property or our house, so please move out of the lobby Bo. This is my home."

Juliana Lewis nodded and looked at Su Guochang again: "Uncle Tang, you heard it. I really asked you to move out for your reputation."

Su Guochang's face is really red and green, just as wonderful as the palette.

Juliana Lewis said with a smile: "Uncle Tang doesn't want to move out. I will continue to live in the guest room with Xiao Yin, but if Uncle Tang hears anything outside, don't misunderstand us, and then..."

When her little face collapsed, she was particularly wronged: "Then I also hope that Uncle Tang will make it clear to Sister Tang that she should not drive us away in front of the guests. Even if she really wants to drive us out, she will give us a time to buy a house. Xiaoyin has no house yet. He has moved out and has no place to live, which is even worse for your reputation."

Su Hanyin continued to be in the fog, but still echoed and nodded: "Well, my sister is right. I was wrong just now. I shouldn't talk to Uncle Tang like that. I shouldn't ask you to move out. Uncle Tang shouldn't kick us out."

Said, Su Hanyin stood up: "Come on, come on, let's sit in the position of the head of the family. I'll just sit at the end of the table."

Su Han understood it and said, "It's very late in the lobby. Don't worry, move another day, otherwise people outside say that we don't respect our elders, and it's not good to drive you out at night."

Juliana Lewis raised his eyebrows. Not bad. Boy knows a lot.

Su Guochang calmly said: "No, we originally planned to move in these two days, but it is wrong. We are moving now, which is also to give her an education."

Su Ran was very angry: "Dad, where did I go wrong? Now Juliana Lewis is going to kick us out."

She turned to look at Li's relaxed and wronged red eyes: "Mr. Li, you come to judge. Is it immoral for Juliana Lewis to drive us out on such a big night?"

As he spoke, Su Ran cried and said, "Even raising a dog has feelings. Besides, we have lived here for more than 20 years. Why can't we live now?"

"In the past, when Miranda Sanchez was there, he didn't dare to drive us out. Now they have come back and said that they will drive us out if they drive us out. Why?"

A strange meal was finally finished, and Su Guochang made people clean up everything that should be cleaned up.

Juliana Lewis didn't let anyone check their things either. After all, after so many years, what they really wanted to take away was almost the same, and what they bought later was also bought by them.

Juliana Lewis still dislikes it.

Su Guochang said to Juliana Lewis: "Today we only bring some daily-use ones, and others will come back tomorrow. Should it be ok?"

Juliana Lewis nodded lightly. "Of course, I still have this generosity."

Su Guochang had a calm face and was about to leave.

Su Ran took the suitcase and looked up at Li Songjin: "Don't Mr. Li leave yet?"

Li relaxed: "Don't worry, I have something to do. I'm waiting for my third brother to come back here, and I won't go with Miss Su if I don't stop by."

He came over with a flattering smile: "Well, you see that I completed the task perfectly. I said that it would take half a month, but I let them move out in a few hours."

Juliana Lewis chuckled and didn't hit him. He praised him with a smile: "Yes, yes, Su Hanyin is the most powerful. If he can get his little girlfriend back, it will be even more powerful."

Speaking of Jiang Tiantian, Su Han's face suddenly turned red and simply turned and left.

Benson Leach looked at the eyebrows: "The boy's spring heart is sprouting, and he is more promising than me. He will have a daughter-in-law at a young age."

Juliana Lewis smiled and raised his eyebrows at him: "Yes, it is much more promising than you. You are almost three years old before you have a daughter-in-law."

Li Bei contracted the slim waist of landing wine and held people in his arms: "That can't be more promising than me. My daughter-in-law is the best in the world. Is his daughter-in-law as powerful as my daughter-in-law?"

Juliana Lewis looked at Benson Leach's proud appearance and smiled with curved eyebrows.

Li relaxed and watched the two people show their love like no one's watching, and blocked their mouths with their fists: "Ahem."

In a word, these words are simply stupid and naive to Li Songjin.

So after Li relaxed and looked at it, he didn't go again. Stupid and bad people have nothing to see.

And ...

Li relaxed thinking about some things in the past, then lowered his eyes and didn't think anymore.

Benson Leach did not expect Li Songjin to take the initiative to tell him these things. He said it carefully and said: "Second brother, our Li family has a small population."

Li relaxed and looked up at him, then nodded: "I know."

Said, Li relaxed and asked Benson Leach: "The third brother likes the third siblings very much."

Benson Leach nodded and said: "The love with the second brother in those days is still profound."

Benson Leach never hides how much he likes Juliana Lewis.
