Chapter 1191 requires-

Timothy Greene was seen by Juliana Lewis some panic, some embarrassed feeling, he quickly put aside his head, don't let Juliana Lewis look.

Timothy Greene said: "I walked at will, just came out for a walk, and now I will go back. Don't be angry."

Say that finish, Timothy Greene turned and left, for fear that Lu cocktail party will be angry, for fear that Lu cocktail party will feel pressure because of this.

He shouldn't have caused her such confusion.

Juliana Lewis called to him: "Wait, it's all here. Go in and sit down."

Timothy Greene shook his head. "No, I'm really just walking by."

Juliana Lewis: "If you pass by, you can also go in and sit down. You don't have to escape so deliberately."

Timothy Greene looked up at Juliana Lewis, then quickly looked away and said, "Then tell Mr. Li."

He didn't want her to misunderstand Benson Leach. He wanted her to be happy.

Juliana Lewis said, "Ah Cheng is not so stingy. He is just vinegar in his mouth and trusts me very much."

Timothy Greene watched Landing wine take out his mobile phone, press it, and then send it out.

Timothy Greene smiled. "No, it's nothing."

When he was leaving, he stopped again and said to Juliana Lewis, "Hou Chaosi, I'm sorry."

Juliana Lewis looked up at him doubtfully. "Hmm?"

Timothy Greene said: "My mother went to see her. I think she said something ugly. I'm sorry about it."

Speaking of Bai Chunhua, Juliana Lewis couldn't help pulling the corners of his mouth. He was really a worry-free person.

Juliana Lewis looked at him and said, "Well, I see. I'll tell Sisi, but this apology should be told by Auntie."

Timothy Greene said a word and left.

Juliana Lewis: "I'll ask the driver to take you."

Timothy Greene: "No, I'll walk back."

Juliana Lewis only felt numb all over, and the whole person leaned against Benson Leach's arms, and his voice was even softer: "Ah Cheng, come on, I... I just... well."

Benson Leach not only talked, but also started, and Juliana Lewis's thoughts fluttered in an instant.

Benson Leach said in a dumb voice, "Mrs. Li, still care about your husband's sleep, huh?"

Juliana Lewis didn't want to care, but Benson Leach didn't let her go at all, and soon she surrendered...

...

After Hou Chaosi was angered by Bai Chunhua, he was really wronged and bored.

I want to tell others, but I don't think it's a good thing, and it's not good for Timothy Greene's reputation, so I simply don't talk about anyone.

She was so humbled that she went out with her mobile phone and a small satchel on her back.

Hou Chaosi was going to find Juliana Lewis, but she went to the gate of the community and felt bad. At this time, the young couple was busy living alone, so what did she do?

Timothy Greene looked down at Hou Chaosi. She was standing in front of him. He asked her, "Is it?"

Hou Chaosi said: "Otherwise, it will be photographed, and the influence on Mr. Gu is not good, and it is also very bad for me."

Hou Chaosi was afraid that Timothy Greene thought too much, and deliberately added the following sentence.

Timothy Greene looked down at her and said, "I'm sorry about my mother."

Hou Chaosi had lowered his little head. When he heard this, he suddenly looked up and stared at him: "You... when did you say it?"

Before he answered, she quickly said: "The previous things are fine, they are all over."

Hou Chaosi thought with chagrin, did she not seem to send a circle of friends?

There is no one to spit out Bai Chunhua, is there?

Bai Chunhua came to find her, was known by Timothy Greene, should not be revealed from her?

Hou Chaosi was very panicked. She always felt that she had said something, and then gave Timothy Greene the impression that she loved to complain.

Chapter 1195 Photos-

Hou Chaosi swept two bicycles, then took off his scarf and handed it to Timothy Greene: "I wear too much, it's hot for a while, and it's in the way. Can you hold it for me?"

Timothy Greene looked down at Hou Chaosi. Her eyes were shining and she said very imploringly.

It's like it's really in the way.

But at this time, Timothy Greene knew that she was afraid that he would be cold.

Under Hou Chaosi's eyes, Timothy Greene reached out and took the scarf: "OK."

Hou Chaosi: "The scarf is a bit long and white. It will be dirty on the bicycle. Mr. Gu should wear it."

Timothy Greene smiled. "Hmm."

Timothy Greene put on his scarf and covered half of his face, so as to avoid Hou Chaosi's face if he was photographed by paparazzi, so he could clarify at that time.

Hou Chaosi and Timothy Greene rode bicycles slowly.

After a while, snowflakes floated.

Chapter 1196 In my arms-

That photo is a photo of Hou Chaos and Juliana Lewis.

Hou Chaos hugged the neck of Landing Wine and smiled happily. They were still comparing their hearts.

Timothy Greene remembers this photo. When Juliana Lewis took part in the racing race, Hou Chaos made a small flag with this photo and then sold him 20 yuan.

Clearly it's been a long time, but Timothy Greene has a kind of thing like yesterday.

Timothy Greene just looked at it, and then leaned against the sofa.

Hou Chaosi saw that Timothy Greene wore less clothes, and it snowed behind him. He was afraid that he would catch cold, so he quickly cooked ginger soup.

She can still cook, thinking that it's late now, she should be hungry, and cook some supper later.

Hou Chaosi cut meat and cooked ginger soup.

When the ginger soup was ready, Hou Chaosi came out with it: "Mr. Gu, the soup... is ready."

Hou Chaosi came out of the kitchen. Before he finished speaking, he saw Timothy Greene leaning against the sofa with his eyes closed.

Chapter 1197 Inexplicable-

Hou Chaosi's nose tip is full of the smell of Timothy Greene, and her face is even redder.

But you can't. Timothy Greene is still sick.

Hou Chaosi struggled to get up.

Although Timothy Greene is ill, the man's strength is there, and he has no consciousness. He just instinctively holds down what is in his arms and makes him feel comfortable.

Therefore, no matter how hard Hou Chaosi struggled, he didn't struggle out. Instead, he sweated all over himself, and finally he was tired and panting, so he had to give up.

Later, Hou Chaosi listened to Timothy Greene's heartbeat, but people also followed the quiet down and gradually fell asleep.

When they woke up, it was already midnight.

Timothy Greene was the first to wake up. When he woke up, his head still hurt.

But his arms are soft, like a little fat cat lying down, which makes his chest a little stuffy.

Timothy Greene looked down and saw Hou Chaosi's little head lying in his arms, while his hand was still buckled on his head.

Chapter 1198 helps you-

At this time, Timothy Greene had an idea for Hou Chaosi, and he had a deep aversion to himself.

He has little demand for this aspect, and his requirements for himself are very strict, and he never behaves in such a way.

Otherwise, it will not be nearly thirty years old, and it will be with Hou Chaosi for the first time.

After that, his demand was only a little stronger than before, but it was not like this now. It was just a small action, which made him have an idea.

Hou Chaosi only cared about Timothy Greene's health, but didn't think so much. He just looked very pale and asked him, "Mr. Gu, is there anything wrong with you?"

As soon as she spoke, her warm breath sprayed over.

Timothy Greene's breathing, followed by a rapid, he dumb voice: "Nothing, headache."

Hou Chaosi picked up the water and gave it to him: "Mr. Gu, drink water."

Timothy Greene raised his hand to receive the water, but his arm was weak. When he took it, his hand shook and the glass almost fell down.

Fortunately, Hou Chaosi has been on guard, reaching out and holding the cup with quick hands and eyes, and holding Timothy Greene's hand at the same time.

Two people's hands accidentally touched each other.

Hou Chaos didn't think so much. He took the thermometer from Timothy Greene's hand and suddenly froze when he wanted to measure it.

Timothy Greene: ...

Two people looked at each other.

Because this thermometer is to be placed under Timothy Greene's armpit, in this case, two people will have physical contact.

This is for measuring armpits. Hou Chaosi can't measure Timothy Greene's mouth.

Timothy Greene said: "Nothing, after taking antipyretics, it will soon be over."

At this time, Timothy Greene just had no strength. He had already used his great strength to take the thermometer just now.

Hou Chaosi heard that his voice was very hoarse and distressed. She blushed: "Nothing, I will help you."

Timothy Greene's white face blushed, too. "Please, please."

Timothy Greene is wearing a suit with a white shirt inside, but in this case, the clothes are a little tight.

Hou Chao thought it was not easy to put a thermometer in.

When Hou Chaosi heard the laughter, her little face was even more red. She lowered her head and explained: "Well, I definitely didn't watch you drool, I was a little hungry."

Timothy Greene smiled low: "Well, Miss Hou is right."

Aah ah ah!

Don't say it's like she doesn't have silver here.

When Hou Chaosi heard this, he really wanted to run away, because his voice was hoarse and gentle, as if with a little spoil.

Hou Chaosi undeniably moved again.

Timothy Greene looked at her little hand and grabbed his shirt. He asked her in a low voice, "Miss Hou, do you want to take your temperature?"

Hou Chaosi nodded wildly: "Quantity, quantity!"

All of a sudden, Hou Chaosi didn't dare to entertain foolish ideas any more, unbuttoned Timothy Greene's shirt, and then reached in with a thermometer.

This kind of action can't avoid two people's skin touching.

Timothy Greene's body is naturally hot because of fever, while Hou Chaosi's little hands are much colder.

Timothy Greene said nothing because of this.
