Chapter 1211 Touch-

Minna Jimenez thought about this and walked out of the coffee shop with Juliana Lewis. She smiled and said, "Just don't blame me for the little wine."

Juliana Lewis looked at her. "You are right, why blame you?"

Minna Jimenez gave a cry.

Two people are standing in the street, when they want to drive.

Minna Jimenez saw a familiar person and immediately stood there.

Not only did she froze, but Juliana Lewis also felt a little wonderful. She couldn't meet her at ordinary times, but she didn't expect to meet her at the moment.

At the beginning, Mrs. Mu, wearing the clothes of sanitation workers and holding a broom in her hand, was sweeping the floor, and she also opened the trash can and was picking up mineral water bottles.

After picking up one, she looked up and saw Minna Jimenez and Juliana Lewis opposite.

Mrs. Mu's face suddenly changed, and the mineral water bottle in her hand fell to the ground.

Juliana Lewis asked Minna Jimenez, "Do you want to go and say hello?"

Juliana Lewis said, with a sneer: "Yes, Mrs. Mu has no conscience to say."

Mrs. Mu continued to cry: "You just killed my son. My son likes you, so you hung him and killed him."

"And your dead mother, who also seduced my husband, now my husband has scattered all his family money for her, preferring to go to jail rather than give me money."

"You are all black-hearted mother and daughter."

Mrs. Mu cried and beat her hands: "My husband is in jail, my son is dead, and I am hiding here as a sanitation worker. What are you going to bully me?"

"Do you have to force me to death?"

"Are you satisfied?"

"Being a man can't be like this, this is going to be condemned by God."

Mrs. Mu cried and shouted again and again, and what she said was even more gunfire.

Minna Jimenez looked at the landing wine, but did not say much, and stood beside it.

She was not too far away, and she was afraid that Mrs. Mu would go crazy and hurt Juliana Lewis.

When others saw that Juliana Lewis didn't speak, they said, "Is she guilty?"

"Hey, it's still a little vicious. Look at this aunt, wearing the clothes of sanitation workers, it looks very thin."

"Well, the car is so good and the mind is so vicious. Who knows what to do?"

Juliana Lewis lift eyes, a pair of cold eyes, light sweep past, let those who talk indiscriminately, can't help but shrink their necks.

They only think that this look is colder than the cold wind blowing.

It only snowed last night. Today, the snow hasn't melted yet. It's cold.

Juliana Lewis looked at Mrs. Mu faintly. She asked again, "That's ten billion yuan, if you still don't want it?"

Hiss.

Passers-by couldn't help taking a breath when they heard Juliana Lewis say this.

Billions?

Did she say RMB?

Or paper money?

Anyway, they can't even say this number.

Mrs. Mu dodged her eyes. I didn't expect Lu's cocktail party to be so refreshing, but she gritted her teeth: "I..."

Juliana Lewis interrupted her with a smile: "If you don't want it, forget it. Keep making trouble and I'll accompany you."

Juliana Lewis raised his eyebrows and looked at the door. "I can still sit in the car, turn on the heating, and follow you slowly."

Mrs. Mu was really afraid that Juliana Lewis would not give it. She quickly said, "If you want it, it will be ten billion yuan. This is what you said."

Juliana Lewis raised his eyebrows and asked her with a smile: "Don't you want it?"

Mrs. Mu looked at Juliana Lewis, who was always standing in front of her, and was in a hurry.

She can only look at Minna Jimenez: "Minna Jimenez, what are you doing? Didn't you see her bullying me? You still don't help me."

Minna Jimenez looked light: "You pushed me and I miscarried. Why should I help you?"

Mrs. Mu had no choice but to look at passers-by for help: "You help me, her family is very rich, she paid off those people, she..."

Before she could finish, someone said, "She seems to be a land bar?"

"I just heard her name, Juliana Lewis."

"I know Juliana Lewis, my idol, she is the little lady of the Li family."

"The young lady of the Li family sounds very powerful, but I know better that she is a strong liquor, a designer, and more powerful works."

"I see. What happened to Juliana Lewis? Was the man who jumped to his death called Stewart Morris?"

After seeing Minna Jimenez off, Juliana Lewis went home.

The next day, before Juliana Lewis was awake, he saw Benson Leach standing on the balcony, his voice low and angry.

"Take the hot search and see who is doing it."

"Find out!"

Juliana Lewis only heard a low voice. She looked at Benson Leach and thought he was angry.

Benson Leach talked on the phone from the balcony for a while before hanging up and coming in.

He saw Juliana Lewis, with his little face resting on his arm, looking at him with big eyes, so that everyone who looked at him caught fire in the morning.

When Benson Leach saw Juliana Lewis's angry voice, he softened down. "Wake up? Why don't you all sleep?"

"It's really not washing. I'm a person at the scene. I've seen everything. The sanitation worker is Mrs. Mu, Stewart Morris's mother, and Stewart Morris is a murderer. Have you forgotten?"

"This is not washing? Stewart Morris kills people, not his mother kills people, and it is not Juliana Lewis, so why do you embarrass an aunt?"

"That is, I have never seen such a nosy person in Juliana Lewis. She has forced a wife Mu into a sanitation worker. She has not let go of others. Juliana Lewis is the richest wife, not the queen. What happened, provoked her, and she has to be punished by the nine families?"

"Dog: She is not Juliana Lewis. Aunt's son is a murderer. Me: Dog slayer!"

Juliana Lewis read some good comments, most of which are like this.

As long as there are fans and passers-by to help her speak, she will be chased and scolded for doubting her life.

Some people have closed their replies directly, but they like them a lot.

Benson Leach bowed his head to appease Landing wine: "Don't be angry, most of them are bought. Channing Payne is already looking into it."

Juliana Lewis raised his eyebrows: "I'm not angry, that is, I haven't seen anyone doing things for a long time. I still feel strange to do things at this time."

Juliana Lewis looked up at Benson Leach: "Is it Su Guorong?"

Benson Leach shook his head: "This is not. Channing Payne has already checked it. Su Guorong is normal these days, and there is no special financial exchange."

Said, he raised his eyebrows and said to Juliana Lewis: "However, he did a little tampering in Sanchez Group and wanted to empty the company. Do you care?"

Su Guorong is at least the president of Sanchez Group, and now he has opened many companies outside in his own name.

Then use this cooperation to move Sanchez Group's resources, contacts and property to his company.

Now Sanchez Group still looks so tall, but there are already moths. If you are not careful, you will be hollowed out.

Of course, Sanchez Group is also a century-old company with a resounding reputation and reliable brand, and it is also the preferred company for many businessmen.

Therefore, Su Guorong didn't completely bring down the company.

Juliana Lewis thought about it and said, "Xiaoyin is going to have a holiday soon."

Benson Leach gave a cry.

Juliana Lewis gave a huh; "Well, you can rest assured that I will never be polite when I need your help."

Minna Jimenez made sure Juliana Lewis was okay and didn't need her help, so he hung up.

Juliana Lewis is really in no hurry. As for Benson Leach, let people withdraw the hot search and let Channing Payne find the people behind the scenes, she didn't stop.

Only if you keep shooting here, you will keep putting moves there.

Juliana Lewis is really curious about who will fuck her at this time.

Su Guorong's family is impossible. Benson Leach has already investigated it.

Xia Yunzhu?

It seems not. Recently, she doesn't know what happened. Her attitude has changed well, so she wants to get Benson Leach's forgiveness.

Neither is Li's relaxation. He is not so idle unless he wants to avenge his father, but according to Benson Leach, it is unlikely.

Li Baiqing?

Juliana Lewis didn't expect Li Baiqing to experience fire and disfigured before cosmetic surgery.

So Juliana Lewis asked a few more words: "How can there be a fire?"

Li Baiqing: "There is no domestic security in foreign countries, so these things are also common."

Juliana Lewis nodded: "Yes, it is better at home."

Juliana Lewis calculated Li Baiqing's time and looked at her: "When did you have an accident, before your debut?"

Li Baiqing was not angry when Juliana Lewis kept asking about this matter. He also replied: "Yes, I just went abroad to study, and then I encountered Yu Ge's fanatical suitors. I chased my home and was rejected by me. I set fire to die with me."

"At that time, I was addicted to it for a long time and refused to see people. Later, I met a man. He comforted me and I came out."

"So, I accepted the cosmetic recovery calmly, and wanted to stand on a high place, so that the man could see me everywhere and enter the entertainment industry."

Speaking of these, Li Baiqing also talks more: "In fact, international superstars speak well, but they are not so famous. I still know less about me in China, mainly because they are still very resistant to Chinese people and don't want Chinese people to shine."
