Chapter 1261 Scared to death-

Su Ran is really stupid.

She watched Su Guochang beat Ma Shuqin.

Ma Shuqin smashed something in the past, one scolded the old and the other scolded the old and cheap.

And talk about all kinds of past things.

Ma Shuqin: "Did I beat you when you used to fuck the old women in the village? Have I divorced you? You come to beat me now, you have grown your skills."

Su Guochang: "I fuck old women, don't you fuck old men? The old man gave you a bag of rice. For a bag of rice, you slept with the old man's smelly shoes."

Ma Shuqin threw everything in his angry hands and hit Su Guochang.

"Why am I with an old man? It's not that you are incompetent, you are useless, and the whole family will starve to death. If I hadn't exchanged a bag of rice, how can you be Su Guochang today?"

"Oh, I also want to say, as far as you are concerned, old men are better than you, and you can't!"

Su Guochang was so angry that he was about to go crazy: "You are an old bitch. When you are in the village, you mess around. I don't think Su Ran is like me. Is she your bastard with whom?"

Su Guochang asked Su Ran uncomfortably: "Did you really shoot a video just now?"

Su Ran nodded: "Well, I just clicked on it for a while, but I didn't get anything, and I have deleted it."

Su Guochang was relieved now.

The three men were quiet for a while.

This time, it was Su Ran's turn to speak first. She looked at Su Guochang and asked weakly, "Dad, what you said to Mom just now is true or false?"

Is it true that she and Subo are not his own children?

Is it so bloody?

Su Guochang gave her a look: "How is it possible? I am not a fool. I raise children for others."

"That..."

Su Ran looked at them with some meaning. What did they say?

Is it true or not again?

She seems to have seen the nasty things about her parents?

Su Hanyin was quiet for a long time after seeing this video.

Juliana Lewis had to wonder if Su Hanyin had not received it.

"Juliana Lewis:???"

"Su Hanyin: Yes, I know how to solve it. Leave it to me."

"Juliana Lewis: How are you going to solve it?"

"Su Hanyin: Just give it to me."

Juliana Lewis didn't ask Su Hanyin how to solve it, just give it to him anyway.

Benson Leach asked Juliana Lewis, "How's it going?"

Juliana Lewis: "I have an idea. I'll just wait and see."

Benson Leach said, "OK, you always treat him as a child. In fact, when you think about it, your body is two years older than him."

Chapter 1264 Video-

Su Guochang didn't beat people with a feather duster like last time.

But as soon as he entered the door, his eyes glanced at the cabinet, and he wanted to smoke clothes hangers and hit people.

In the end, Su Guochang just stood in front of the bed and looked down at Su Ran: "Did you send out your video?"

Su Ran is a little embarrassed: "What video?"

Su Guochang: "It was the video of me fighting with your mother yesterday."

Su Ran stared and shook his head again and again: "No, I am not a fool. Why do you send that kind of video?"

In that video, not only revealed her parents' past, but also her own people thought it was a joke, and those outsiders gloated.

Plus, it says she's not her own.

If this kind of video is really sent out, it will have a great influence on her.

Therefore, as long as Su Ran is not a fool, he will not send out the video.

And obviously, Su Ran is not a fool.

Su Guochang stared at Su Ran: "Really?"

Just when both of them are strange.

The servant knocked at the door: "Su Zong, the police comrade is here."

Su Guochang and Su Ran looked at each other.

Su Ran asked: "What are police comrades doing here?"

Su Guochang glared at her mobile phone angrily: "What else can you do? It's not all your fault to shoot videos."

In the video, Ma Shuqin mentioned that they killed Su Guorong and his wife.

Don't ask, the police must be here for this matter.

Su Ran called it a guilty conscience, but she said: "Nothing, anyway, we haven't done it, just angry, angry words."

Su Guochang's face is very heavy, and now he can only say so.

As for the evidence, I believe the police can't find any evidence, otherwise, after so many years, how can they be judged to have died in an accident?

The only one who didn't die in an accident was found out by Juliana Lewis.

Juliana Lewis smiled and said to Su Hanyin, "You know there is a powerful person in this world."

Su Hanyin: "It's my sister."

Juliana Lewis was amused by Suhan's quote, and then said, "That can also be called a profession."

Su Hanyin was already a mindless sister and said, "It's still a big sister."

Juliana Lewis chuckled: "It's a hacker."

Juliana Lewis originally saw the scene from the surveillance, heard Su Ran's words, and then tried to invade her mobile phone and stole the video.

From this point of view, it became Su Ran's own righteousness.

No matter true or false, everyone believes that Su Ran sent it anyway, that's fine.

Su Hanyin is very interested in this. He is very excited and said, "I know this. Now the most powerful hacker is called Ink Night."

Juliana Lewis raised his eyebrows: "Not bad, but she is..."

It's true that the Chinese New Year is coming soon, and the decoration workers have to stop working. Tomorrow is the last day.

In the evening, Juliana Lewis spoke to Benson Leach.

At the end of the year, Benson Leach didn't have time to accompany her back and let her go back by herself.

As for the Chinese New Year, the Simmons family will attract one person from Su Han anyway, so let Su Han attract the Chinese New Year.

Now, for Juliana Lewis, there is no difference between the two families.

The next day, Su Han led the car to pick up Juliana Lewis.

Juliana Lewis raised his eyebrows at him. "Did you drive this car to work recently?"

Su Hanyin looked at his car: "What's the matter, can't this work?"

"Not bad." Juliana Lewis didn't say much, so he sat up.

Su Hanyin was proud: "This is my cheapest car."

Juliana Lewis listened to Su Han's sweet taste, and all the designs were about Jiang Tiantian's preference.

She couldn't help but stretch out her hand and knock on Su Han's head: "Sweet with open mouth and closed mouth, haven't you considered your old sister?"

Su Han cited oh: "Then get a swimming pool. Sister, you swim well."

Juliana Lewis turned a big supercilious look to Su Hanyin: "I haven't arched yet, so I don't even want my sister."

Su Hanyin: "That's why I have to work hard. Don't worry, I will never marry my wife and forget my sister's love rat."

"You are a proper love rat now."

Su Han sighed and covered his face: "I think the leisurely doctor is big love rat, or the old and slag kind."

Juliana Lewis: ...

Su Hanyin: "They are so old, and they still hook my family sweet every day, read his books, and are obsessed with him."

Juliana Lewis rolled his eyes and gave him: "That's what people are doing."

Su Hanyin: "If I were born 80 years earlier, it would definitely be amazing. I was born late."

It was dark in the basement. Juliana Lewis took his mobile phone and turned on his flashlight.

Su Hanyin said: "Sister, I walk in front, you are behind, what's the matter, you turn and run."

Su Hanyin said nervously, as if this was not a basement, but an extremely terrible place, and they were taking risks.

Juliana Lewis was really speechless about Su Han's brain supplement, but he listened to him and let him go ahead.

"It's a little black and smells like one share." Su Han led along the stairs and smelled the dust that had been sealed for a long time.

Juliana Lewis, however, was sensitive and smelled some chemicals, so she had a general idea in her heart before she could see what the basement was.

Sue Hanyin walked in front, and Juliana Lewis looked for the switch.

Su Hanyin just wanted to say that it was too dark, but he heard a click, the lights came on, and the whole basement was exposed in front of them.

Su Hanyin was stunned: "What are these?"

Juliana Lewis chuckled: "Be careful to be heard by Sweets, she ignores you."

Su Han cited the information in his hand: "With this, Tiantian will talk to me."

Juliana Lewis looked at Suhan's proud appearance and shook his head with a chuckle.

Juliana Lewis called Benson Leach and asked him to find someone to come over. We need trusted people to guard this place, and we can't use those security guards anymore.

Then I called Zach Harding and Sebastian Yates.

As soon as Zach Harding got a call from Juliana Lewis, he came quickly because he was closer.

"Sister-in-law, what is it that you are in a hurry to find me?"

Juliana Lewis took Zach Harding to the basement: "Show you something good."

As soon as he entered the basement, Zach Harding was shocked: "Sister-in-law, you still have such good things here."
