### Chapter 1311 Giggle--

Later, listening to the sound of landing wine Chunchun, like the sound of spring water Ding Dong, made her feel very comfortable and relaxed.

In addition, Hou Chaosi brought her kebabs.

Her attention was drawn away by Juliana Lewis, so she didn't look and ate a lot without knowing it.

And because of drinking wine, I got a little drunk.

Hou Chaosi's drinking power is not very good either. Soon his cheeks are red and his eyes are blurred, and then he giggles for a while.

The barbecue was finished, and a box of beer was finished for all three.

Lin Yin was drunk, but she tried to keep her eyes wide open and didn't want to let herself sleep.

She's scared and has nightmares.

Juliana Lewis took Lin Yin up and took her back to her room: "I will accompany you next to you, and you can sleep peacefully."

Lin Yin looked at the landing wine with red eyes and watery eyes: "Boss Wolfgang, I am afraid."

"As soon as I sleep, I have nightmares."

Juliana Lewis tucked Lin Yin, sat in front of her and looked at her straight.

"What are your nightmares?"

Hou Chaosi smiled at the mobile phone and said, "Mr. Gu."

Hou Chaosi continued to giggle and continued to shout: "Mr. Gu."

Timothy Greene: "Hmm."

Hou Chaosi smiled more silly, his eyes were smiling, and his voice was louder: "Mr. Gu."

Timothy Greene was patient and had a warm tone: "Hmm."

Juliana Lewis: ...

She stayed with Lin Yin for more than an hour.

Hou Chaosi and Timothy Greene won't talk like this, will they?

One called Mr. Gu and the other answered, huh?

It's really childish!

It's really what Juliana Lewis thinks.

Timothy Greene looked at Hou Chaosi on the screen, wronged, and his eyes were misty.

And this is fierce.

Does she think she's dreaming?

When Timothy Greene thought about it, he felt a little funny.

Is she realistic and depressing?

Hou Chaosi cried and was anxious: "Mr. Gu, I don't care, I will kiss, my dream, I am the master."

Timothy Greene didn't think much, in distress situation.

"Well, well, your dreams, listen to you, listen to you."

He didn't realize it himself. He treated her with a lot of gentleness and spoil.

Hou Chaosi was in no hurry, and then smiled stupidly.

Then pouting red lips and aiming at the camera.

Of course, it was getting closer and closer, and kissed her self-righteous Mr. Gu's face.

Actually, I kissed the screen of my mobile phone.

Yum.

The voice of kissing on the screen of the mobile phone is really loud.

Even across the screen, Timothy Greene couldn't help blushing.

Benson Leach looked at the landing wine. Although his cheeks were red, his eyes were bright, but they were still blurred.

This kind of Juliana Lewis, on the contrary, is full of hook and charm.

"What wine to drink? With what?" Benson Leach's voice was hoarse.

His little wife, a look over.

Even across the screen, it still makes him want to stop.

Juliana Lewis: "Drink beer, go with barbecue."

"Sisi knows that I love roast chicken feet and water spinach, including leeks, but I didn't eat them."

Benson Leach: "Hmm?"

He hasn't eaten these.

Benson Leach asked her, "Is it delicious?"

Juliana Lewis: "It's delicious. The roast chicken feet are sprinkled with Chili powder, and the roast is just right."

"There are gluten, sausages, beef rolls wrapped in Flammulina velutipes..."

Eating barbecue with a little beer is really delicious.

Benson Leach hasn't eaten these, and he seldom drinks even beer.

Benson Leach: "Yes, there is no card on the Internet."

Juliana Lewis: ...

Why is this routine a little different from Sisi and Timothy Greene?

Juliana Lewis screamed, "Benson Leach."

"Hmm?" Benson Leach was a little uneasy.

He thought for a moment, haven't he done anything these days?

It didn't make wine unhappy, did it?

Or is there a partner who wants to give him a woman, and is known by wine and wine?

Or did Grandpa give birth again?

Juliana Lewis watched Benson Leach stay there, and his voice died again.

"Benson Leach."

Your routine is a little like Timothy Greene's.

Benson Leach said quickly: "Wine, I have been very good recently and haven't gone out to socialize for a long time."

The short screen she brushed is not the answer.

Juliana Lewis said, "Don't you buy me new lipstick?"

Benson Leach: "When the new lipstick came online, you lost your lipstick?"

Juliana Lewis hummed: "Women just like the new and hate the old."

Benson Leach: "Buy it in buy buy. Buy all the lipsticks. If you are afraid of breaking them, buy more copies for later use."

It's not perfunctory, it's serious.

Juliana Lewis thinks that so many lipsticks at home have not been opened yet, so forget it.

"No, there are a lot of lipsticks at home, and they can't be used up."

Benson Leach chuckled: "Buy a collection, as long as the wine likes it."

Juliana Lewis: ...

She felt that the short-screen questions brushed were by no means the standard answers here in Benson Leach.

But.

Benson Leach's answer also made her very happy.

Why should men have such a strong desire to survive and treat them equally?

Because the posture is not quite right, I still snore softly, not big, like a cat.

Juliana Lewis chuckled and shook his head. He used to help Hou Chaosi straighten his posture.

Turn Hou Chaosi around and see that there is still a little saliva in her mouth.

She is really in distress situation: "It's so big, and she drools when she sleeps. Be careful that your husband will abandon her later."

Timothy Greene who never hung up: ...

Juliana Lewis, too?

At this time, he didn't know whether to hang up.

Obviously, it is too late.

Because when Juliana Lewis turned Hou Chaosi over, he saw the mobile phone still talking.

If he hangs up at this time, it will appear that he is guilty.

Maybe, it will make her misunderstand and give her psychological pressure again.

Juliana Lewis brought a small blanket and covered it for Hou Chaosi.

From time to time, I rubbed the pillow and smashed my mouth again.

Clearly outside, you can still hear some voices.

Somehow, Timothy Greene suddenly felt that the whole world was quiet.

It's so quiet that people's hearts are quiet.

Hou Chaosi, who was appalled, hurried to get his mobile phone.

As a result, the action was too fast, and the whole person fell down and hit the coffee table.

"Ow."

Hou Chaosi let out a cry of pain and pushed down his mobile phone.

Then, regardless of the pain, I quickly took my mobile phone and ended the video call.

Hou Chaosi looked at the chat interface and turned out that she sent it to Timothy Greene first.

And the duration, six hours?

Hou Chaosi is about to collapse.

"Which bastard, charge me and aim the camera at mine?"

She's going crazy.

Juliana Lewis heard the noise outside and got up.

When she opened the door, she just heard this sentence and raised her eyebrows slightly: "The bastard you said is here."

Hou Chaosi was embarrassed.

But looking at Hou Chaosi's shocked appearance, she smiled and raised her eyebrows: "Of course, she said something else."

Hou Chaosi became nervous again.

Juliana Lewis was frying eggs and then said slowly, "That is to say, you like him very much, why does he ignore you and so on?"

Hou Chaosi covered his face and wanted to die.

Juliana Lewis nonsense: "Also said, why is he irresponsible when he sleeps, and then flirted with him."

"Gee, I don't know those yellow words. It turns out that your heart is so yellow."

Hou Chaosi covered his head directly, let out a cry and ran away.

Juliana Lewis chuckled and shook his head.

In this way, it's quite good.

Hou Chaosi was lying on the sofa, screaming.

At this time, Lin Yin woke up, and her spirit was much better.
