Netizens have envy, jealousy and hate, that is, the rain in the sky is lemon juice, which kills everyone.

"Ah ah ah, I believe in love again, the richest man's love, are they so sweet?"

"The richest man has written a letter of guarantee to go out of the house. What kind of fairy love is this?"

"Juliana Lewis must have been saving the Milky Way for eight generations to have such a good man and such sweet love."

"I'm not sour, I just want to say that Mr. Li's guarantee really has legal effect? Isn't it a lie? It won't be the kind of prenuptial agreement signed, and Mr. Li only gets one yuan salary?"

"There is no love among rich people. This must have signed a prenuptial agreement. It is really clean and does not include Wanli Group. Even if it does, Wanli Group will not agree, right?"

"Acid is sour, and it is not sour. Whether there is a prenuptial agreement or not, at least Mr. Li dares to write such a guarantee. Do you dare?"

"Your focus has shifted. Facts have proved that my little monkey did not betray Juliana Lewis, did not do Mistress, and the immortal love I envied did not collapse."

The first floor said that Benson Leach's guarantee was just beautifully written.

Chapter 1452 is better--

Juliana Lewis and Benson Leach have been hot for only half a day.

Juliana Lewis let people withdraw the hot search, put Hou Chaosi on top, and then find Shuijun Company to send her grievances.

Fans and passers-by began to feel distressed about Hou Chaosi.

"As a little monkey's powder, now I see that Sisi has been clarified, and it is finally worth it in the world."

"I knew that I wouldn't be wrong. The little monkey is really good. Although she is very grumpy, she is really good and gentle to us fans."

"This thing is very strange. I deliberately took photos from an angle and recorded them, and then broke out on the Internet overnight."

"This is sure not for Hou Chaosi? The heart is too sinister."

"It is not necessarily aimed at Hou Chaosi, but may be aimed at Juliana Lewis and Benson Leach. After all, their identities are unusual."

"Hey, the means are really despicable. Is it a Mistress who wants to scamper?"

"Juliana Lewis they only clarify and show love? Is there no follow-up on this matter?"

Of course there is a follow-up, but not so fast.

This matter is very hot. Of course, Juliana Lewis has to stir-fry Hou Chaosi, but it doesn't cost money.

Su Han looked at the landing wine and retreated about five meters, making a sprint posture.

"Sister, do you want to jump over?"

Su Han calculated the distance and said, "The iron gate is too high. Even if you can run up, you can't jump."

"Even if you can, with you wearing a skirt now, the sharp point on the iron gate will definitely hook your skirt and fall down at that time."

As for the more dangerous things, Su Hanyin didn't dare to think about them, let alone.

"Sister, let's not be impulsive, let's wait. If I can't drive over, don't be impulsive."

Su Han led to see the strength of landing wine to run up, but he couldn't worry.

At this point, in the Simmons family Villa, Su Guochang and Su Ran looked at Juliana Lewis outside, first worried, then looking forward to it.

Su Ran's eyes glowed: "Dad, she really wants to jump and turn over."

Su Guochang: "I saw it, my eyes are not blind."

Su Ran said excitedly: "This iron gate is two meters high, and there are top points on it. She can't turn it over."

"Even if she jumps up, it is very likely that she will fall and then fall on the top of the iron gate."

Chapter 1454 Anesthesia-

Su Guochang really killed Su Ran's mind.

But at this time, let Juliana Lewis in, that is to deal with him together.

Su Guochang thought that the man was in charge of him, so he gritted his teeth and said, "Nothing, let the dog go and bite her!"

This is Juliana Lewis breaking into a house. His dog bites. He doesn't have to be responsible.

This is also the purpose of raising dogs in Su Guochang.

Juliana Lewis was walking up the steps when he suddenly felt the movement behind him.

Su Hanyin was still talking, but he didn't realize it at all: "Sister, you are really amazing. If you want me to say that you can attend with your skill..."

Before he had finished speaking, Juliana Lewis grabbed his arm and threw it out.

Su Han led the whole person to stumble and almost throw it out.

Before he could react, he saw the big black German shepherd, without saying a word, leaping up and throwing himself at the landing wine.

At that speed, if Juliana Lewis hadn't pulled him away.

The big German shepherd, most likely, jumped up and bit him directly on the back of the neck.

Su Guochang listened to the business of landing wine and going upstairs, which was urgent and hot.

He didn't care to get angry with Su Ran, so he quickly dialed out with his mobile phone.

Ask that man for help.

That man can do it.

Soon, the phone came through.

Su Guochang didn't dare to talk nonsense and quickly said: "Help me, Juliana Lewis has come to the door."

Su Ran still sat down on the ground and looked up at Su Guochang. Is she hopeful?

However, she only saw her father's face getting worse and worse, and even gave her a look.

That look, although very clear.

Just like the way my father looked at my mother.

She seems to have become an outcast.

Juliana Lewis stood at the door, smiling and politely shouting, "Uncle Don, I have come to visit you."

"Little wine, as long as this time, you let us go, and we will listen to you in the future."

"If you have anything to do in the future, we will give you an account."

Su Hanyin couldn't listen anymore. He looked up at them and said, "You think my younger brother is dead, and let you be the support of your mother's family?"

"Is that what you lean on?"

Su Han yelled out.

"To say that you are dragging your feet is to defile the three words of dragging your feet!"

"You are simply stabbing in the back."

Su Han pointed angrily to Su Ran: "You know that my brother-in-law is looking for Hou Chaosi to discuss marriage proposal. You know that they all meet in public places and have never been alone."

"But how did you do it, find a private detective, deliberately find an angle to take a sneak shot, and take it out of context."

Su Hanyin nodded: "OK, sister, you sit and play. I'll ask the servant to bring you some fruit."

Juliana Lewis said, and sat down in the chair.

Su Hanyin looked up at Su Guochang: "Don't ask the servant to send fruits, blueberries, grapes, cantaloupes, and then send some melon seeds and peanuts to have a cup of milk tea."

When Juliana Lewis heard Suhan's words, he couldn't help looking up and gave him a speechless look.

Is she here to eat melon seeds and go to the theatre?

Su Guochang and Su Ran are also speechless: ...

Su Hanyin's younger brother can spoil his sister too much, right?

Su Hanyin shouted: "Don't hurry up."

After all, it takes some time, so you can't let your sister watch.

Su Guochang pulled the corners of his mouth, or made an inside call and asked the servant to send these things up.

Su Hanyin looked around and saw the mobile phone bracket, which should be something for Su Ran's live broadcast or selfie.

Su Hanyin pointed to them: "You move two stools and sit over there."

However, the mobile phone has been taken away by Suhan.

He smiled and said, "Sister Ranran, it's a good idea."

Su Ran: ...

Su Ran pulled his mouth and quickly said: "Xiaoyin, give me back my mobile phone, just use your account number."

Su Hanyin was fiddling with his mobile phone and didn't lift his head: "No, you are a big online celebrity, give you some fans, I even thought about the title."

"Just call, reveal Bai Fumei's nightlife."

Su Ran looked up at the sunny day outside and wanted to roll his eyes more. What title is this?

"..."

There are all kinds of comments.

Juliana Lewis is not in the mood to wait for Su Guochang to brew, just let him hurry.

Su Guochang said: "I pleaded guilty because my daughter, Su Ran, spread rumors and slandered Mr. Li."

Chapter 1460 Back Pot-

Su Guochang finally gritted his teeth and said, "Sorry, I, I participated in Su Guorong's death."

As soon as this came out, the comment area almost fell into a trough.

There may be no chance, but Su Guochang still has the last person to guard.

Once you speak, you have no scruples.

"The death of Su Guorong and his wife is not only Ma Shuqin, but also me, and..."

He paused and continued: "Su Han fell into the sea when Su Ran pushed it down."

Su Ran screamed out: "Dad, you... you talk nonsense."

At the beginning, Su Ran traveled together on the ship.

Su Ran is Su Hanyin's cousin, and she is naturally unprepared.

That time, Su Ran was the first time to do such a bad thing.
