Chapter 1551 Tire Reduction-

Juliana Lewis scoffed: "Grandpa thought wrong."

"Will it?" Old Mr. Leach felt that with Juliana Lewis's character and ability, no matter where he was, he would be very good.

Juliana Lewis looked at old Mr. Leach seriously and said, "Yes, you are wrong."

"If..."

Juliana Lewis paused: "Lu Jiehui will die in that river, and the truth of Miranda Sanchez's death will never be made public. Benson Leach will also die of toxicity, and you will send white-haired people to black-haired people."

"And those who do evil will make their lives better, and they will go unpunished and not be punished by law."

Old Mr. Leach wondered: "Why is this the result?"

Does this series have anything to do with it?

Juliana Lewis doesn't know what to say about the butterfly effect after her rebirth.

"There is a cause and there is a result."

"Grandpa don't think that if I didn't marry into Lijia, my life would be better, maybe worse, and even my life would not be guaranteed."

Old Mr. Leach was enlightened and wanted to open, but he was still a little uncomfortable: "I'm sorry for you."

Juliana Lewis chuckled: "The past has developed for the better, so Grandpa should stop blaming himself for what didn't happen."

"In this case, isn't it in the middle of Xia Yunzhu's idea?"

"This is the pain of the relatives, and the enemies are fast."

Old Mr. Leach was extremely depressed, and he felt uncomfortable and blamed himself.

Can be so enlightened by Juliana Lewis, people immediately want to open a lot.

"You, I have lived all my life, and half of my body has gone into the coffin, which is not as transparent as you think."

Juliana Lewis chuckled: "That's because Grandpa has a conscience. If he puts it on others, he will blame himself. It will only be the kind of young lady who I give you such a good life, money and status. What are you not satisfied with?"

"This kind of person is where the conscience is uneasy, and it is alms to me."

Old Mr. Leach listened to her words and smiled: "Okay, okay, I'm fine, don't enlighten me so exaggerated, I'm fine."

After figuring it out, old Mr. Leach has a lot of appetite for eating.

When Juliana Lewis heard this, he looked up at Benson Leach fiercely.

Old Mr. Leach almost lifted the curtain and came to beat Benson Leach up.

The doctors were astonished by Benson Leach's words.

This is the first time I heard someone find twins, and before a series of examinations, I said I wanted to reduce the number of fetuses.

If it weren't for a lot of CP powder in Juliana Lewis and Benson Leach, if it weren't for the fact that they all pay great attention to Juliana Lewis.

They all want to think how much Benson Leach doesn't care about Juliana Lewis and doesn't want her to have a baby.

Juliana Lewis looked at Benson Leach and knew what he was worried about. He only said, "Keep checking."

The atmosphere was not as joyful as before, and it was a little depressed.

Soon, there was a sound in the examination room.

Benson Leach looked at the doctor. "What's that noise?"

This sound is a bit strange, but it sounds like a wonderful feeling.

The doctor said, "This is the fetal heart rate of the first baby."

Benson Leach's heart trembled: "Have fetal heart?"

The doctor said, "Yes, it's still a strong and healthy baby."

Juliana Lewis only felt amazing: "This is the fetal heart, like a small train."

Old Mr. Leach asked through the curtain, "Is this just one of them?"

"Yes."

Benson Leach couldn't help but ask, "What about the other one?"

Benson Leach has contradictory expectations for this issue.

I hope to have fetal heart, but I don't want to have it.

The doctor said, "Wait a minute."

The doctor searched for a while and finally found the fetal heart of another one.

Yang Laotou sighed: "Your younger sister's body can really give birth to twins at present, although it is very dangerous for her."

Bao Jianguo didn't understand: "It's safer to have one in Younger. How can we let Younger take risks?"

It would be nice to have a baby.

Yang Laotou continued to sigh: "I think so too. If there is a case later, the two children will be better."

"Master..."

Yang Laotou looked at him: "Think about the relationship between Miranda Sanchez and Juliana Lewis. The two children are better."

So, Bao Jianguo suddenly understood.

"You mean that neurotoxins are inherited?"

If that's the case.

The child was born, one would inherit Benson Leach's neurotoxin and the other would inherit Juliana Lewis's antibody.

In that case, two children are very reasonable.

Yang Laotou: "Who knows, just in case, this matter is not just the role of neurotoxins."

Bao Jianguo knows some about these things, but not much.

"Master..."

Yang Laotou waved his hand: "You can only work hard. Don't let Younger know these things."

Bao Jianguo nodded: "OK, thank you for your rumors?"

"If you speak in Younger, let him wake up as soon as possible."

Originally, Juliana Lewis had to do it himself, but when she was pregnant, they couldn't bear her hard work and took things over.

It is not easy to save thanks for rumors, but it is still easy to wake him up for a while.

It's just that what happens when they wake up is beyond their control.

...

Soon, two days later, Xie Xuanyan was awake.

Juliana Lewis asked Benson Leach: "Xie Xuyan is awake. Do you want to see him?"

Benson Leach was silent and nodded. "Hmm."

Juliana Lewis raised his eyebrows: "I have to ask your mother."

The paternity test results of Xiaoya and Li Shilong have already come out.

Facts have proved that Xiaoya is Li Shilong's daughter.

She is very sure that Xiaoya is Li Baiqing.

However, Juliana Lewis is not sure about Li Shilong's attitude and purpose, so he doesn't want to disclose Xiaoya's identity at present.

Xie Xuyan frowned: "If you have something to say, don't be so ambiguous. My mother is a very good person."

Juliana Lewis gave a cry.

Xie Xuanyan doesn't like Juliana Lewis's cynical attitude.

He simply ignored her, but looked up at Benson Leach. "By the way, you came to see me. Do we know each other? Or do you know my mother?"

I don't think he knows Benson Leach.

Benson Leach: "When you meet your mother, you will know."

...

Xia Yunzhu is currently in custody and has not been sent to prison, but in a detention center.

Detention centers are also graded, so they haven't entered so quickly.

Benson Leach went to the detention center with Xie Xuanyan.

Xia Yunzhu sat on the bed, looking at that window, looking at it dully, and the whole person was in an empty state.

It's too hard here.

No cell phone, no books, no need to go out and do anything.

It's like being locked up in a room without doing anything or thinking about anything.

She doesn't know any time, only when she delivers food.

"Xia Yunzhu, someone has seen you."

When Xia Yunzhu heard the shouts, he came to his senses: "Who wants to see me, Li Baiqing?"

The only person she can think of is Li Baiqing.

"Thank you."

"You don't have a younger brother, you won't have it in your life. My son only has Ayan, and others, I don't admit it."

Juliana Lewis frowned and looked worried at Benson Leach.

Benson Leach just gently took her hand and smiled at her with confidence: "Nothing."

Have been numb to pain, how can you still feel pain?

Juliana Lewis pulled Benson Leach. "Let's go out first and let them talk alone."

Obviously, when Benson Leach is here, Xia Yunzhu's mood is unstable.

Benson Leach and Juliana Lewis are out.

The interrogation room spoke about Xia Yunzhu and Xie.

Xie Xuyan waited for a while. Seeing that Xia Yunzhu's mood was still unstable, she called her: "Mom, Benson Leach and they are out. Be quiet, I have a headache."

When Xia Yunzhu heard this, he quieted down and asked him nervously, "How can you have a headache? It doesn't matter, I'll call a doctor."

Xie Xuyan shook his head and said, "Nothing, be quiet, let's have a good chat."

Xia Yunzhu was silent.

Xie Xuyan looked at her: "Mom, don't play dumb, it doesn't look good."

Xia Yunzhu was silent for a while and said, "Ask whatever you want."

Xie Xuayan asked: "Benson Leach, is he really my brother?"

Xia Yunzhu didn't want to admit it very much, but when she looked up and saw Xie's serious face, she finally nodded: "Medically speaking, he is your brother."

With that, she added, "Half brother."

Xie Xuayan froze, completely did not expect such a result.

No wonder you feel familiar.

"Don't you like your brother?"

Xia Yunzhu frowned and corrected his words: "Ah Yan, you have no younger brother, he is not."

Xie Xuyan smiled at Xia Yunzhu: "Mom, am I handsome today?"

Xia Yunzhu nodded: "My son looks good at everything, but what happened to you today?"

He looked like this, which made her feel very uneasy.

Xie Xuyan said with a smile: "No, just have a happy event to tell you, just wear a little spirit."

Xia Yunzhu stared at him for a while, and when he saw that he always had a smile on his face, he was relieved: "What happy event? Are you in good health, or have you found a girlfriend?"

Xie Xuyan: "Well, my health is good, it's okay. In the future, my mother will no longer have to worry about my illness, and I am worried that I can't find a doctor to treat me."

Xia Yunzhu was still very upset. When he heard Xie's rumors, he was relieved.

"Really?"

"That's good. Who gave you treatment? Juliana Lewis?"

Said, Xia Yunzhu frowned: "Is she so kind? She is a person who must report it very much, and there is no doctor's spirit of saving lives."

Xie Xuyan frowned: "Mom, don't say that about younger siblings, she is a good person."

Xia Yunzhu snorted: "What a good person is she? If she was willing to receive the consultation, you wouldn't have to be in a coma for several years, and our mother and son wouldn't have to go to this step."

Xia Yunzhu is not the first time to find a leisurely doctor.

I looked for it once five years ago, but the leisurely doctor refused.

After Xie Xuyan became ill, she was lethargic and finally collapsed.

She would do anything for her son.

Xie Xuyan's face is somewhat unhappy: "Mom, don't say that about younger siblings, I don't like listening."

Xia Yunzhu obeyed him, saw that he was fine, and was in a good mood: "Good, good, listen to you, who let Ayan be kind-hearted?"

Xie Xuyan smiled: "In fact, I always wanted a brother and sister, and now I finally have it. Unfortunately, the two made an enemy."

Xie Xuyan was sick since he was a child. When he got sick, everyone didn't want to play with him, mainly because parents didn't let children play with him.

Chapter 1557 Bone Frustration-

Benson Leach looked at the latest news on his mobile phone and shook his head. "No, he's... dead."

According to the latest news from the hospital, Xie Xuayan has failed to rescue and died.

Juliana Lewis was dumb for a moment.

Unexpectedly, Xie Xuanyan died like this.

Benson Leach went to the hospital to take a look at Xie Xuanyan. He was still wearing a suit, but his hair was messy because of the rescue.

His lips rose slightly, and he died safely and peacefully.

The doctor said: "His request is not to be rescued."

Xie Xuanyan is determined to die.

The doctor gave Benson Leach a letter: "This is the patient's last words, for you."

Benson Leach looked down. On the envelope was written Benson Leach.

He hesitated and took the envelope, but did not open it.

Juliana Lewis stood beside him, quietly.

I don't know how long it took Benson Leach to open the letter.

"I'm sorry, after waiting for so many years, in this way, I learned of your existence. I'm sorry, my existence has brought you danger.

I don't know how to make up for you, and I don't know how to apologize for what my mother did.

Think about it, such an apology is unnecessary. It can only be used in this way to end my mother's life mistakes and prevent her from making mistakes again and again.

Well... finally, let's get to know each other again. Hello, brother, I am your brother-rumors. "

There were not many words, but Benson Leach was silent.

It can be seen that Xie Xuyan thought for a long time, and there were many words, which were only finished after a few short words.

He apologized, not asking for forgiveness.

He didn't write this letter to complain.

He really feels indebted to Benson Leach.

He just really wants to have a younger brother, even if the last sentence is written by him with courage, unilaterally and never get a response.

But Xia Yunzhu was forced to escort away without getting close to Benson Leach again.

Benson Leach didn't even look at her again, and he didn't even have any sympathy.

He asked Juliana Lewis worried, "Have you been hurt?"

Juliana Lewis shook his head. "I'm fine."

Just now, she didn't expect Xia Yunzhu to put all her eggs in one basket and want to hit her.

If hit by Xia Yunzhu like that, Juliana Lewis will definitely be knocked down.

But also with the head to hit Juliana Lewis's stomach, this even if not her life, also want her belly life.

Benson Leach took her hand: "I said, don't let you come by yourself, you have to follow. If you are pregnant, you have to listen to me."

Juliana Lewis is very clever: "OK."

Li Beicheng wanted to continue to say, all of which were choked by her cleverness.

He asked the staff to take another urn, put the ashes left on the ground back in, and put a little more from the incinerator.

Benson Leach asked the staff to find a cemetery. As for where it is, he doesn't care, and he doesn't plan to worship in the future.

I don't plan to tell Xia Yunzhu where Xie's cemetery is.

Such a vicious person is not worthy of being a mother!

Benson Leach frowned at Li Baiqing and asked her, "When did you come back?"

Li Baiqing smiled: "I came back for a while, but my third brother was too focused on chatting, so I didn't notice me."

Benson Leach: "Quietly, it is difficult for people to notice, and they will take the initiative to shout people in the future."

Li Baiqing nodded with a taught face: "I know."

She asked: "Did the third brother just say the fetus of the third sister-in-law?"

Speaking of Juliana Lewis, Benson Leach unconsciously softened down and talked more: "Yes, she has sickness recently and is thinking about what to eat for her."

Li Baiqing said with envy: "The third sister-in-law is really happy. She vomited during pregnancy, which made the third brother so worried and the second brother was very interested."

Li relaxed and looked at her: "Family, just care about it."

Li Baiqing nodded: "Well, the third sister-in-law has a good life."

Benson Leach frowned deeply and felt that Li Baiqing's attitude was very strange.

But it is.

This is not really Li Baiqing, strange and normal.

Benson Leach didn't say to Li Baiqing: "I'll go to the kitchen to cook hot and sour soup for wine and wine, and you can talk."

Juliana Lewis has morning sickness and has no appetite to eat.

Today, it is rare to tell her to eat hot and sour soup, so Benson Leach is very active.

Li relaxed and looked at the eyes Li Baiqing and walked towards the garden.

Li Baiqing followed the past.

The garden is cool, and at first glance, no one can be seen, and there is no monitoring of their position.

"The second brother's mood seems to be very good?"

Li relaxed and looked at Li Baiqing: "You can say whatever you have."

Li Baiqing sneered: "Don't you feel bad when you hear that Juliana Lewis is pregnant?"

"It's not uncomfortable." Li relaxed and looked at the colorful flowers.

Juliana Lewis looked up at him. "Why?"

Benson Leach shrugged. "I don't know."

He said Li Baiqing's reaction just now.

Juliana Lewis thought for a moment: "How is the follow-up investigation about Ping Xu and Xiaoya?"

Benson Leach shook his head.

Ping Xu died in that big fire, so it is very difficult to check it again, and it is even simpler before his death.

Ping Xu is an orphan in China. Like many ordinary people, she works hard to go to school and take the college entrance examination.

In the college entrance examination, I got excellent grades, was sent to college, and then became an exchange student.

It can be said that there is no big wind and waves, and there is no strange life.

But such a person got in touch with Li Baiqing and became a roommate.

Juliana Lewis asked him, "Has Ping Xu ever been in love?"

Benson Leach still shook her head: "She only studies with all her heart, and she really hasn't been in love."

He asked her puzzled: "Why do you ask?"

Juliana Lewis said, "Didn't you say she was very resistant to my pregnancy?"

"This kind of person is likely to be traumatized in pregnancy and has a serious psychological shadow, so it is resistant and disgusted."

She thought for a moment: "I didn't see it before."

When she first found out that she was pregnant, Li Baiqing warmly congratulated her on her pregnancy.

Benson Leach looked at her. "You mean, she was pregnant and then miscarried?"

"I should."

Benson Leach smiled: "Women don't have to fall in love and get married when they are pregnant."

Juliana Lewis looked a little dignified: "It may also be * *, or it may be strong and violent."

Benson Leach also frowned. He thought for a moment: "Li Jia, it seems that there is no such criminal record."

Juliana Lewis looked at Benson Leach speechlessly.

Benson Leach shrugged helplessly: "Well, there will be no criminal record at all, but there is really no."
