

Got Busted 50

Chapter 50: Hospital

The man in the suit nodded at Juliana, "Miss Lewis."

Juliana also nodded politely in response, then stepped forward, and said softly, "Grandma."

Only then did Grandma look up at Juliana and blamed her, "If I had not asked you to come to the hospital, were you not going to come to see your father?"

Juliana was patient with her grandma, after all, she was the only one who was nice to Juliana in the Lewis family.

Grandma scolded and taught her at the side.

Juliana looked at Jermaine who was lying on the hospital bed, his right leg had a steel plate and looked very serious, and his face was pale.

However, Juliana had not the slightest sympathy for him.

Selene came over and told her, "Dad was on his way home when he was pierced through the bones of his calf by a steel bar that appeared out of nowhere, and it is likely that he will not be able to stand up for the rest of his life."

Juliana lowered her eyes to look at her right calf with a small wound and some small scars.
