

Got Busted 71

Chapter 71: Don't

The long chain wrapped around both of Benson's arms, holding his body in place.

Benson struggled and roared as his lips brushed Juliana's.

The softness of her lips and the fresh medicinal scent from her body gave him a slight pause.

But soon, he struggled with great force again.

The chain was not long enough and Juliana was using her own arms to encircle half of his body.

Once he struggled, Juliana's arms hurt. She was not as strong as him and soon he would break free.

It would be difficult to subdue him again.

Juliana looked up at Benson, kissed him on the lips, and used her tongue to force open his lips and teeth and break in...

He had said she was sweet and he would have liked it.

He liked the taste of her, so he should calm down.

Juliana let go of the chain, wrapped her own hands around him, to embrace him, and then kiss him with all her heart.
