

## **Got Busted 81**

### Chapter 81: Explanation

Benson looked up and interrupted her, "Juliana, I don't care what you were like or who you've been with. All I want is the present and the future."

No one else was allowed since they had met.

Juliana stuck to her explanation, "I didn't have sex with any of them..."

Benson's face became gloomy, "I don't care about the things that have passed."

He might be jealous but couldn't be bothered, because he was the one who showed up late.

He liked her, not her virginity. He would not dislike her just because she no longer had her virginity.

Or he would not be a man!

He was just upset and jealous when she mentioned it and he wanted to go and bury all those guys she had courted!

Seeing him avoiding, Juliana got angry, "I'm still a virgin. It was you who have stolen my first kiss, so don't go crazy with jealousy in the future! Believe it or not!"

Juliana finished speaking, turned around, and went downstairs in anger.

It was the biggest possibility of Benson's attack last night that she came up with after thinking about it all night.
