Chapter 94: Show Off

Juliana saw Selene calculating and sneered lightly, " Stop looking at them. They are mine and don't fit you."

Selene looked up at her, "There'll be something that I can wear."

She was going to take everything from Juliana!

The clothes, the designer bags, and the jewelry in here were all expensive!

Even the earrings Juliana was wearing right now were \$200,000!

Such good things would be a waste to be worn by Juliana.

Juliana lowered her eyes and looked at Selene coldly, her voice calm and cool, "If you want to be naked, go in and pick out the clothes now. Remember, I will hit you where you wear jewelry!"

Selene looked up at Juliana, whose face was so calm that no one could see the anger.

Even her voice was calm, but Selene still felt the chill and trembled.

The last few confrontations had convinced Selene that Juliana meant what she said.
