

Chapter 2777 Kick Camp South Master Out

Zeke said, “You've given me hundreds of Heavenly Spirit Stones and thousands of beasts, which are valuable gifts. After thinking it through, there's only one thing I can give in return—the primordial beast.”

Surprisingly, Camp South Master chuckled coldly. “Do you take the primordial beast as your pet or something? How could you give it out just because you want to—”

He stopped speaking abruptly.

Suddenly, he thought of something and cast Zeke a panicked glance. “Zeke, what do you mean? Don't tell me—”

Nodding, Zeke answered, “You're right. Judging by the time, the primordial beast should be here soon.”

F*ck!

Camp South Master felt as if his heart almost leaped out of his chest.

D*mn it! Zeke's really vicious. He actually wants to bring the primordial beast into my camp! This is no gift; it's a disaster! I've shot myself in the foot.

The great threat of death loomed over Camp South Master.

The only thing he could do at that moment was shut the city gates to keep Zeke out. He hoped that by doing so, the primordial beast would not attack Camp South since Zeke was stuck outside.

With that thought in mind, Camp South Master hurriedly ordered, “All guards retreat and shut the gates! Don't let Zeke get close!”

Everyone at the scene received the orders and quickly retreated into the city.

After all, they were nothing compared to the primordial beast.

Once the primordial beast arrived, guarding the gates would be hopeless even if the guards increased their manpower tenfold.

Of course, Zeke would not let them have their way.

Giving Sole Wolf and the others a look, he ordered, “Enter the city and kill them.”

Sole Wolf, Killer Wolf, and the others shielded Zeke behind them and charged toward the city.

Seeing that, Camp South Master commanded, “Stop them! Do whatever it takes to stop them!”

Hence, the guards dashed forward to stop Zeke.

Alas, even the most powerful guard was only a King Class warrior, whereas Sole Wolf and the others were of Ultimate Class. It was impossible to stop the latter.

It did not take long for Sole Wolf and the others to kill the guards who got in their way and arrive at the gates.

Camp South Master began to panic. “Shut the gates! Shut the gates!”

Unfortunately, it was too late. Just as the gates were closing, Zeke dashed into the city in a flash.

Zeke and his men were too powerful that even Camp South Master could not stop them, let alone the ordinary citizens.

A look of despair spread over Camp South Master's face. Looks like we'll have to fight with the primordial beast this time.

Camp South Master bellowed at Zeke, “What do you want, Zeke? This is between you and me. It has nothing to do with the people in the city. Must you kill so many innocent lives?”

Zeke countered, “Actually, you're the one who's killing them. If you don't want the primordial beast to attack the city, then come out and kill it with me.”

“I—”

Camp South Master was exasperated.

What do I do? What should I do now?

The citizens of the city panicked and shot Camp South Master pitiful looks.

If the primordial beast broke into the city, the ordinary citizens would be the first to fall.

As for Camp South Master and the other warriors, they would have no trouble fleeing.

Thus, the only thing that could save them now was that Camp South Master left Camp South with Zeke.

Camp South Master gritted his teeth. “Don't cross the line, Zeke.”

Suddenly, Zeke burst out laughing as if he had heard the world's funniest joke.

“Are you kidding me, Camp South Master? Cross the line? How dare you say I'm crossing the line? If you hadn't lured the beasts to my territory and hurt my people, would I have killed a thousand beasts? If I hadn't killed a thousand beasts, would the primordial beast be attracted? Technically, you're the one who brought the primordial beast. Hence, it's only right that you deal with it.”

The truth enraged the city's citizens.

D*mn it. So, Camp South Master's the reason the primordial beast is coming. If that's the case, he has to be responsible for us!
