

Guardian 856

Chapter 856 So You're the Guy Who Took His Wife's Name Lil Dee dropped the matter following Taz's suggestion.

He nodded and agreed to let Kaze play host to him.

Nancy sighed in relief and led them to the chalets.

"Don't you find it insulting to be entertained by the guy who married into his wife's family, Taz? Why is he our entertainment now? We'd have better fun with his wife," Lil Dee queried Taz once they were at the accommodation.

Kaze was just entertainment to Lil Dee.

"Don't get any ideas about his wife. Some wealthy heir has his eye on her and hired her to be the chairwoman of Sky Ocean Corporation."

Mathias was the wealthy guy Taz was talking about.

Taz heard from Samson that Mathias, taking fancy to Darcy, bought Sky Ocean Corporation and put her in charge. Kaze was being cheated on.

"I'm not getting any ideas," Lil Dee replied embarrassedly.

Lil Dee knew better than to mess with the rich and powerful, so Darcy was out of his list now. "I want Kaze to entertain you because he's the bastard who scalded me with a cigarette." Taz ran his finger along the blister on his face and winced in pain. "Don't you think we can make things difficult for him when he shows hospitality? We will get more kick out of making him beg and plead than beating him up."

"Hahaha! | get what you are up to, Taz. I'm in. Let's humiliate him later." Lil Dee and Taz exchanged looks and laughed.

“Lil Dee, Ms. Braus said that they are holding a welcoming party for you at the banquet hall. She asked when we could make it there,” a member of Lil Dee’s team entered the room and

asked.

Lil Dee patted his beer belly. “A party is so pretentious and superficial. Tell them I want beer. I’m sure there’s a bar in the resort. We can have the celebration there.”

He loved his booze. He would rather skip meals than go without alcohol. Besides, he preferred having drinks with an attractive woman as company, similar to a nightclub setting. “Ms. Braus, Lil Dee wants to cancel the dinner and change the venue to the resort bar.” Standing by at the banquet hall, Nancy did not look pleased at the request. To host Lil Dee and his team, the kitchen prepared a sumptuous spread, sparing no expense to provide excellent hospitality. However, Lil Dee refused to even attend and try the food. « 15 BONUS “Never mind. Scrap that then.” Nancy sighed. Kaze happened to enter the hall with Rose and her friends. He asked, “Where’s Lil Dee and his entourage?” “They are not interested in dinner. The venue is changed to the resort bar. Lil Dee enjoys his drinks,” Nancy replied. Kaze frowned, displeased with the wasteful behavior. Still, he said nothing as they could have done a better job. “If we come across a similar situation, make sure to learn about the guests’ preferences beforehand.” “Got it, Mr. Lee.”

Nancy heeded Kaze’s instructions with her head down before giving him the heads-up. “I believe Taz was badmouthing you to Lill Dee when I went to greet him. I’m worried that Lil Dee might give you a hard time.”novelbin

“It's okay. Let’s head to the bar.”

Not taking the matter to heart, Kaze glanced at the kids. “Why don’t you go ahead and experience the other facilities of the resort?”

“We want to go to the bar, Kaze. We have not been to one.”

Rose, Bronya, and Mei looked at Kaze pleadingly.

“Cheeky.”

Kaze pointed at them. In the end, he decided to take the group there. There was no way Rose and her friends had not been to a bar.

Despite her rap for being a good girl,

Rose had been to fans. Kaze

had been there to pick her up..

As they entered the resort bar, it buzzed with a underway.

Lil Dee, his team, Taz, and his minions were there. “Lil Dee, let me introduce you to our owner, Kaze.” Nancy led Kaze and his group to Lil Dee.

Lil Dee sank his back against the couch with his legs ressed, osee r Timed eyes Meeting Kaze’s askance at best.

“Oh. So you’re the guy who took his wife’s last name?*
