### Chapter 860 Retaliation

Nancy turned pale.

Lil Dee could drop out of the deal with Sky Ocean Corporation if Nancy would not sleep with him

Revamping the image of Mountain Dew Estate was Sky Ocean Corporation's key objective following its acquisition.

Nancy was grateful to Darcy for giving her an opportunity to run the resort. She did not want to be the reason the partnership was in ruins.

However, she was unwilling to sleep with Lil Dee.

Nancy looked at Kaze in dread, eager to know where he stood.

Lil Dee inched closer to Kaze. "Have you made up your mind, Mr. Lee? | don't like to repeat myself."

"I've made myself clear, Lil Dee. Go back and take a cold shower to calm yourself down. You're playing with fire." Kaze's gaze was aloof.

"Hmph!"

Lil Dee scoffed in disdain.

"Don't hog the good stuff, Lil Dee. Don't forget about me."

Taz stepped forward, tempted to give Lil Dee a standing ovation for the brilliant idea.

Once Kaze's wife realized Kaze had pimped out his employee, she would give him hell. The public would come down hard on him too.

Suddenly, Taz pointed at Rose with a wicked smile. "Rose should spend the night with me tonight, or I'll convince Lil Dee to drop out of the deal. Don't doubt my friendship with Lil Dee."

Lil Dee burst out laughing. "That's right. Taz and I have been good buddies for years. I'll take his advice any time of the day." "You're shameless, Taz!"

Rose snapped an angry look at Taz and recoiled in fright, her face pale.

Tonight, she was exposed to the harsh realities of the world.

Lil Dee did not stare at Kaze. He was sure that Kaze did not have the guts to decline him as the partnership meant too much to Sky Ocean Corporation.

"Ms. Braus, come with me to my room. Your owner has agreed to let you spend the night with me." Lil Den

grabbed Nancy with a snicker and pulled her into his arms.

"Let go of me, bastard!"

Nancy screamed in fear and put up a fight, her eyes filled with despair.

Given Kaze's silence, it was likely he yielded to Lil Dee's demands.

Once Kaze gave his verbal approval, no one could stop Lil Dee's team from dragging her into his room.

“Before | stop you, I'll give you one more chance to release her, Lil Dee.”

Amid Nancy's despair, a chilling, stern voice came from the back.

Kaze!

Nancy's eyes welled up.

Kaze stood by her side, refusing to sacrifice her for any deal.

Dumbfounded at first, Lil Dee then held Nancy tight and looked at Kaze with a “What? You're- Ser who took his wife's last name. Are you going to hit me or-” Smack!

Kaze slapped the word out of him.

The assault boomed in the pub.

“Stop!”

“How dare you attack Lil Dee. You're dead!”

As reality sunk in, Lil Dee's team yelled at Kaze.

Lil Dee let go of Nancy and put his hand over his swollen cheek. With malice brewing in his eyes, he growled angrily, “I can't believe you put your hands on me. Do you know what you have done?”

Wham!! Kaze responded with a kick.

The blow to Lil Dee's belly sent him flying and crashing onto the wall.
