

The Guardian's Sword #Chapter 1521 - Read The Guardian's Sword Chapter 1521

Chapter 1521

Chapter 1521

Everyone was dumbfounded. They froze for a long time, unable to return to their senses.

It was a long time before one of them came to his senses. Then they heard a gasp and a hiss. Were these two plainly dressed nobodies VIPs who Victor had invited?

What the h*ll was going on here? Are these two from some affluent family and were playing dumb?

Everyone looked at Sean and Caitlyn in shock.

It was the first time Sean had met Rosie, but he found out the identity of this woman from people nearby.

Therefore, Sean said, "Ms. Barlowe, your father invited us to the party, but they kept us out. Is he deliberately giving me a hard time?"

"Well... Don't misunderstand us, Mr. Lennon. It's not true."

Rosie said anxiously before turning her head and looking at the two security guards with a frown.

"How dare you stand in the way of the people my father invites? Do you have a death wish? Believe it or not, I could get you two to pack up and leave with one phone call!"

The expressions of the two guards changed, and their bodies shuddered like a leaf.

"I'm sorry, Ms. Barlowe. We had no idea these two guests were your father's VIPs!"

"We behaved like snobs and were blind. Please forgive us, Ms. Barlowe!"

The two security guards apologized repeatedly, almost kneeling in front of Rosie to make amends.

Rosie snorted coldly and said, "I'm not the one you've offended. It's Mr. Lennon and Ms. Green!"

The two security guards finally came to their senses and quickly ran over to Sean and Caitlyn to apologize.

"Yeah, Mr. Lennon, Ms. Green. We need this job. I have a family, a house mortgage of 800,000 dollars, and a car loan of 300,000 dollars. If I lose my job, my family is literally jumping off a building with me..."

The two guards apologized and cried. Tears streamed down their faces as they looked sincere.

Sean was not nice to them. It was not that he was narrow-minded. If he were alone tonight, he would not care about such a minor thing.

However, the two security guards had just humiliated Caitlyn in front of so many people, making her, who already had low self-esteem, even worse. How could he stand it?

"Would you have done it if you had known?"

Sean said coldly.

The two security guards turned pale as if the sky had fallen.

Then Caitlyn said weakly, "Brother Sean, let's forget about it. They have a hard time..."

"How can you be so kind?"

Sean was speechless. He wanted to get justice for Caitlyn, but the young woman forgave the security guards.

Well, since Caitlyn forgave them, the whole thing was over.

"Did you hear her? If it hadn't been for her, I wouldn't have spared you tonight."

Sean said solemnly.

The two security guards thanked Caitlyn tearfully, all but kneeling to kiss their shoes.

The guests, who had just mocked Sean and Caitlyn, were all looking at each other and pretending nothing had happened.

Sean did not know these people, so he did not bother with them.

“Mr. Lennon, shall we go inside?”

Rosie walked over, looked at Sean, and said with a smile.

Chapter 1522

Chapter 1522

“Yeah.”

Sean nodded, took Caitlyn’s hand, and followed Rosie into Myron Hotel.

The party had already begun at this time.

The banquet hall was decorated magnificently. The luminous marble floors and huge crystal chandeliers hanging from the ceiling gave the banquet hall sophistication and grandeur.

Moreover, the guests in the banquet hall were socializing with each other-graceful and poised as if they were on a different planet from the outside world.

Sean’s brow could not help furrowing as he watched the extravagant spectacle.

No matter how many times he saw it, he could not like it!

Rosie led Sean and Caitlyn to a slightly secluded corner and said, “Here’s the thing. My father is talking to some friends, and he’ll be with you in a few minutes. Why don’t you wait here for a while?”

Sean was upset, but he did not show it much.

He did have a bad relationship with Victor of the Joules Town government. Besides that, Victor despised him, but that was between them. It was between

Sean and the Joules Town government. It had nothing to do with Victor's daughter, Rosie.

Sean would not take it out on a woman, no matter how upset he was.

"Yeah, get back to whatever you were doing, Ms. Barlowe."

Sean said indifferently.

However, Rosie did not stay.

Sean looked at Rosie somewhat confused but found Rosie's face gradually reddening:

"Is there something you want?"

Sean asked.

Rosie hesitated for a moment before finally saying, "Uh... it's nothing actually. I only want to see what kind of person you are."

"What?"

Sean was confused.

Caitlyn tugged at Sean's sleeve and whispered, "Brother Sean, does this woman like you?"

"Stop joking around. It's the first time I've met her."

Sean said earnestly.

However, Caitlyn shook her head and went on to say, "Who says you can't fall in love on the first meeting? Where do you think the phrase 'love at first sight' comes from?"

Despite Caitlyn's claims, Sean did not think Victor's daughter, Rosie, would fall for him.

Partly because they had met for the first time and partly because they were against each other.

Victor's attitude toward himself could be described with two words: indifference and contempt. Rosie was his daughter. How could she be interested in him?

Sean was never an overthinker, much less believed pennies would fall from heaven. Therefore, he did not take Caitlyn's words seriously.

However, Rosie suddenly asked, "Mr. Lennon, you started Lennon Group to compete with Billion Trees Group and succeeded. Billion Trees Group lost now. The entire Joules Town knew this... How did you do it?"

Sean glanced at the woman and said indifferently, "It's a trade secret."

"You're right. How could you randomly tell someone something so important?"

Rosie laughed self-depreciatingly before asking, "Well, let me ask you something less important... Mr. Lennon, why did you go to all this trouble to build an orphanage? You can't profit from this kind of charity, can you?"

Sean did not know how to answer her.

He spent a lot of money to build the orphanage to give May, Caitlyn, and the children of Queen Children's Orphanage a better home.

Chapter 1523

Chapter 1523

Sean was willing to give so much for the orphanage and even go through all the trouble to

build a new orphanage because he wanted to return the kindness to May for caring for him and raising him back then.

However, it concerned his identity.

Sean was a nine-star commander and Dragon Kingdom's youngest Guardian God of war.

Although his identity in Dragon Kingdom was not top secret, it was still a secret. It was not something an average person would know.

It was also the main reason he rarely revealed his true identity in front of others. Up until now, no more than five people in Joules Town knew him to be a nine-star commander.

It did not include Victor and Rosie, nor did it include the Collins family and other powerful families.

“Mr. Lennon, why are you quiet? Is my question inappropriate...”

Rosie said sheepishly, her expression a little uneasy.

Sean smiled before replying, “No, there’s nothing inappropriate about your question. It just brought back a lot of memories... Dragon Kingdom is now peaceful and prosperous, but many ordinary people at the bottom of society are still in poverty, especially orphans without parents to take care of them. As the saying goes, ‘with great ability comes great responsibility’. I think people who are capable like us should do something for society and help these homeless children.”

As soon as Sean finished speaking, Rosie’s beautiful eyes flickered.

Caitlyn, who was beside her, was equally affected and excited. Her pretty face also blushed.

“Mr. Lennon, if only business tycoons in Joules Town could be as loving and compassionate as you.”

Rosie said with a sigh, looking at Sean all the time as if she wanted to imprint his image on her mind.

Rosie was greeted by someone in the distance, and she said somewhat reluctantly, “Excuse me. Someone called me. I’m going over there first. I’ll come back and talk to you later.”

“Okay. I will get out of your hair, Ms. Barlowe.”

Sean waved his hand.

Looking at Rosie’s slender back as she faded away, Sean thought the woman was nice.

Although she was the daughter of Victor, a leader in the government, and was born into a family of officials, she was not tainted by politics. Instead, she was pure and like a breath of fresh air.

Such women were becoming increasingly rare.

“What are you still looking at? She’s gone.”

Caitlyn said, slightly jealous

Sean withdrew her gaze, raised his hand, and rubbed Caitlyn’s head hard, messing up her neatly combed hair

“Don’t make fun of me. I notice you’re no longer showing respect for your elders now.”

Sean joked.

Caitlyn reminded, “I just thought Willow’s waiting for you in River City. Don’t be a playboy.”

“Am I someone like that?”

Sean smiled bitterly

He only mentioned slightly to Caitlyn about Willow.

He did not expect the girl to talk about it all the time.

Caitlyn smiled, looking mischievous.

Caitlyn’s stomach suddenly began to rumble so loudly that Sean, who was standing next to her, instantly heard it.

Caitlyn’s face instantly went red. She quickly covered her stomach with her hand and pretended that nothing had happened.

“Hungry?”

Chapter 1524

Chapter 1524

Sean asked with a smile.

Shaking her head and blushing, Caitlyn said, "I'm not hungry. I'm not a glutton. I don't get hungry so easily."

"Don't force yourself. Come on. I'll take you to get something to eat."

With that said, Sean took Caitlyn's hand and led her to a long table lined with hundreds of delicious food.

The long dining table was more than 20 meters long. One plate after another was placed neatly on the table, containing a variety of delicacies. Moreover, the table was also full of glasses of wine. The bright red wine was set off against the crystal clear glass, emitting an intense classiness.

There was so much delicious food. Caitlyn had never seen them before, let alone tasted them.

"That's so much food. How can we finish it?"

Caitlyn said in surprise, her mouth wide open.

Sean looked around and saw the guests in the banquet hall were mostly holding a glass of wine. They were socializing leisurely. Few people came over to enjoy the food.

At this rate, most of these delicacies were likely to be left over and thrown away as garbage.

It would be such a waste.

While on the battlefield, Sean and his fellow soldiers often ran out of food and starved because of the war. Besides that, they had to fight the enemy while they starved.

Therefore, he hated to waste food and disliked such extravagant parties.

Frowning, Sean turned to Caitlyn and said, "Help yourself to whatever you want. It's going to be left over anyway. We can't finish it."

Caitlyn nodded happily at Sean's statement.

Then Caitlyn picked up a clean dinner plate and excitedly put food on it with the tongs.

Seeing Caitlyn was in a spin, Sean helped her. Before long, Caitlyn had several plates full of delicious food in front of her.

The abundance of food made Caitlyn's mouth water.

"Dig in. Why are you still standing there?"

Sean said with amusement as he handed Caitlyn a pair of cutlery.

The girl solemnly replied with acknowledgment, picked up some meat, and stuffed it into her mouth before shouting joyfully, "Yummy! Brother Sean, hurry and eat too!"

Caitlyn's cheer was not loud, but it drew several looks.

A few well-dressed guests who were close by stopped talking and turned around to look at Sean and Caitlyn.

The men and women looked unhappy as they saw Caitlyn digging into the food and enjoying

herself.

"Where is this hillbilly from? She has no manners!"

A middle-aged woman in a rose-colored gown said.

The man beside her chuckled slightly before chiming in. "Who knows? Maybe she's from somewhere in the hills. It looks like Myron Hotel's security guards have been slacking a little, even letting in freeloaders."

"Why don't we get the security guards to kick them out?"

Another person said with a look of amusement.

However, someone quickly asked, "What if these two people are the younger generation of some affluent family?"

“Look at the way they dress. They look like beggars. How can they be from an affluent family? If they are the descendants of an influential family, I’ll rip my head off and make it their chamber pot!”

A handsome-looking young man said haughtily.

Chapter 1525

Chapter 1525

As they talked, more and more people noticed Caitlyn, who was enjoying the food, and Sean, who was helping Caitlyn get food. Therefore, they got closer.

With so many guests gathered in a circle, looking at Sean and Caitlyn from a distance and

sneering from time to time. They looked like they were watching animals in a zoo!

Sean had noticed what was going on around him but did not take it to heart.

However, Caitlyn’s eating had slowed down.

“Brother Sean, am I in trouble again?”

Caitlyn asked timidly, biting the cutlery.

Sean shook his head and said with a smile, “No. What do you mean again? You’ve never given me any trouble.”

“But they’re all staring at us...”

Caitlyn glanced warily at the surrounding onlooking guests, her expression full of timidity.

Sean frowned and turned around to glare at the onlooking guests. However, before he could speak, a middle-aged man with a female companion with seductive makeup and a sexy figure. pushed his way through the crowd.

Seeing the middle-aged man’s looks, the other guests moved out of the way.

The man was a VIP from the Collins family. He was Jacob Collins, Old Master Collins’ third son.

Old Master Collins was so powerful in the army that no one in Joules Town dared to mess with him after he retired.

Even a big shot in the government would feel honored to visit the Collins family.

As a member of the Collins family and Old Master Collins' youngest son, Jacob was a VIP!

According to information from Jeffrey, Sean knew about Jacob's existence, of course.

Jacob was unlike his older brother, Hubert. He idled around all day, still messing around in his middle age.

However, Sean did not recognize the woman beside him. He had never seen her before too. Sean was not surprised that Jacob would come to the party.

Tonight's party was the most upscale in Joules Town. Joules Town's business tycoons and government dignitaries were here.

Victor, the head of Joules Town government, was here, and it was fitting that Jacob from the Collins family was here

Only a few influential people in high rankings did not come because their identity was inappropriate.

Jacob and his date had just pushed through the crowd. They let out a mocking laugh as soon as they saw Sean.

"I was wondering who it was. It turns out to be you! Sean, did you bring your girlfriend to such a fancy party just for food? What a typical nouveau riche!"

Caitlyn found the term "nouveau riche" harsh.

Sean did not take it seriously because he already knew what Joules Town's elite families thought of him.

Sean established Lennon Group, successfully suppressed Billion Trees Group, and forced it to go bankrupt, becoming one of the major consortiums in Joules Town in one go.

Having deep pockets did not mean Sean was a member of high society.

In the eyes of those affluent families, Sean was a nouveau riche who only had wealth but not background. He happened to be the object of their sarcasm and hostility!

Besides that, Sean's relationship with the Collins family was never the best.

William had invited Sean to a meal earlier and had been turned down, which must have upset the Collins family.

It made sense that Jacob mocked him as soon as he saw him.

"I'm a nouveau riche, but a big shot of the Collins family like you isn't necessarily better than I am."

Sean said indifferently, taking Caitlyn's hand.

Chapter 1526

Chapter 1526

Caitlyn had already been frightened, but she felt a little reassured with Sean holding her hand.

Jacob laughed and said haughtily, "Better than me? Haha. Sean, who gave you the confidence to say something so presumptuous? Do you think the Lennon Group you've started can take on the Collins family? Or do you think you can defy established families of Joules Town like us with your strength and wealth?"

All the guests nodded in agreement and gave Sean and Caitlyn a dismissive look.

Jacob might be haughty, but he was clever, and he knew more about the art of speaking.

In a few words, he drew a line between himself and Sean. Sean and Lennon Group were on one side, while the Collins family and the rest of Joules Town's affluent families were on the other. At this moment, Sean vaguely became the enemy of all affluent families in Joules Town! Sean realized that too. He was not afraid, but he did find Jacob in front of him problematic. This man was indeed an old fox. He was good at winning people over!

“Sean, I advise you not to make a scene in Joules Town. You can f*ck off to where you came from. There’s no profit share for you in Joules Town!” Jacob said with a wave of his hand.

As soon as he had said this, the sexy woman beside him snorted coldly and said, “Yeah, how dare a nouveau riche challenge an affluent family!”

All the other guests also spoke up, taunting Sean and Caitlyn sarcastically.

“So you’re Sean Lennon, chairman of the Lennon Group. I thought you were somebody, but it turned out you’re just an inexperienced nouveau riche.

“Your behavior is a disgrace to your company. I feel sorry for the employees of Lennon Group.

“Sean, f*ck off with your b*tch. We don’t welcome you!”

Nothing else angered Sean.

However, he could not pretend he did not hear the word “b*tch”!

He instantly felt furious, and his free left hand clenched into a fist.

Seeing the way Sean looked, Jacob immediately pulled his lover back and looked warily at Sean not far in front of him.

William did not tell Jacob much about Sean.

However, Jacob had someone look into Sean’s identity too.

Although he did not find out Sean’s real identity and background, he knew Sean was capable. He did not want Sean to suddenly fly into a rage and beat him up here.

He would be humiliated if that were to happen!

“What’s the matter? Do you want to beat me up? Sean, have some respect for yourself. This isn’t the hills where you come from. Violence is the same as being a brute!”

Jacob shouted before laughing triumphantly.

Caitlyn’s hand trembled as she held Sean, and her eyes reddened slightly.

After all, many people were taunting and verbally attacking them together. How could an innocent girl like her handle it?

Sean was now in a dilemma.

He could take them all down. No one here was a match for him. Even if these b*stards joined forces, they could not beat him!

However, Jacob was right. It would have ruined his and Lennon Group's reputation if he had. done it, so violence was useless in this situation!

Therefore, what could he do?

Just then, a woman's voice suddenly came from the crowd.

"What are you talking about? Mr. Lennon is my father's guest. How could you treat him like this?"

Who else would it be to speak up for Sean if not Rosie?

Rosie pushed through the crowd and walked with her head held high, and she was accompanied by a middle-aged man in a suit and tie-He was her father, Victor!

Chapter 1527

Chapter 1527

Seeing Victor and Rosie, the guests quickly shut up, not daring to speak freely as they had just done.

Sean's expression did not change when he saw Rosie. The woman was friendly earlier and had spoken up for the two, but she was Victor's daughter after all.

Therefore, Sean could not confirm whether she was a friend or foe.

However, Caitlyn was excited as she yelled, "Ms. Barlowe, you're finally here. These people are so mean. They're talking bad about me!"

"I'm sorry we neglected you."

Rosie guiltily walked over and apologized to Caitlyn.

“It’s alright. It’s a good thing you came, Ms. Barlowe.”

Caitlyn said happily.

In Caitlyn’s opinion, Rosie was her and Sean’s lifesaver.

However, Victor standing next to Rosie suddenly said, “Sean, you love running around and causing trouble! I have invited you here today because I have something to discuss with you, but you provoked all the guests as soon as you came. Are you deliberately making trouble?”

As soon as Victor said this, all the guests, including Jacob, looked smug.

Sure enough, Victor sided with the affluent families!

Rosie froze. It took her two seconds to come to her senses and ask in confusion, “Dad, didn’t you invite Mr. Lennon for me...”

“Shut up. You have no right to speak here!”

Victor shouted.

Rosie’s expression froze as she shut up sheepishly.

Caitlyn’s smile, which had been on her face for less than five seconds, faded again at the sight of that scene.

Sean squeezed Caitlyn’s hand, signifying her not to be afraid. Then he looked at Victor with a smile and said, “Mr. Barlowe, you’re the head of the Joules Town government after all. After all these years of deciding cases and trials, you’re not going to blame me for everything, do you?”

“What’s the matter? Are you going to deny it? Did you not cause the drama tonight?”

Victor snorted coldly as he spoke. His eyes were even colder as he looked at Sean.

Victor was disgusted with Sean.

As soon as Sean came to Joules Town, he struck up a quarrel with Billion Trees Group and started Lennon Group. The mess snowballed, greatly shaking the town.

Later, Sean was involved in Jimmy and Jane's arrest, and Victor was a man who could not tolerate others meddling in his work. How could he, who was narrow minded, like Sean?

However, these were not the main reasons.

The real issue was that his daughter, the apple of his eye, who had never met Sean, had a crush on him just because of what he had done.

How could he put up with that?

Looking at Sean right now, the fury in Victor's chest was burning so hard that his eyes were almost spitting fire.

"Sean, can you stop causing trouble in Joules Town? You're from River City, right? Why didn't you stay in River City? Why did you come to Joules Town and make a scene?"

Victor asked, clenching his teeth.

"I don't want to, but I have no choice."

Sean said with a smile.

Seeing the smile on Sean's face, Victor instantly became angrier.

It was the first time he had ever seen a young man so arrogant in front of him!

Chapter 1528

Chapter 1528

He desperately wanted to step forward and give the arrogant fellow a hard slap to teach him a

lesson!

"Mr. Barlowe, Sean is a troublemaker. Wherever he goes is in chaos! Why don't you have someone send him back?"

Jacob chimed in, and the other guests began to ramble.

"Yes, yes. With this man in Joules Town, we'll all be in trouble!"

“Oh, Sean is a disaster!”

“He’s a nouveau riche. He’s no match for affluent families like us. Get him to f*ck off! Joules Town doesn’t want to be humiliated because of him!”

Rosie blushed angrily and bit her lip as she heard this.

Victor sneered at Sean and said, “You hear that? So many people want you to f*ck off. What else do you have to say?”

Sean was calm and unflustered.

Accustomed to hovering between life and death, he had experienced many major events. How could he be intimidated by such a minor incident?

“I wonder if Joules Town belongs to you. Anyone you want can come, but whoever you want to f*ck off have to f*ck off?”

Sean said bluntly.

As soon as he spoke, all the guests widened their eyes in shock, including Jacob and Victor.

‘How dare this punk confront him in front of all these people?’

‘Has he lost his mind?’

‘Is he not afraid that these affluent families will attack him and make Lennon Group burst like a bubble?’

“You’ve gone too far! Sean, I’ve never seen anyone as arrogant as you!”

Victor suddenly raised his hand to stop the furious Jacob and said to Sean slowly, “Sean, you refuse to leave Joules Town. Are you trying to seduce my daughter?”

Sean and Caitlyn froze when they heard this.

‘Is Sean trying to seduce Victor’s daughter, Rosie?’

‘How is that possible?’

However, Rosie blushed furiously and defended Sean before he could deny it.

“Dad! What nonsense are you saying? I just met Mr. Lennon tonight for the first time. How could he possibly... How could he possibly seduce me? Besides, he’s not like that!”

After a pause, Rosie said again, “Mr. Lennon is a man who does great things. When he first came to Joules Town, he started Lennon Group and defeated Billion Trees Group despite

resistance. Besides that, he also spent a lot of money to build an orphanage to give homeless children a home... How could such a man have such ideas?”

Rosie’s cheeks went even redder after he finished. They were so red they looked like they were bleeding.

Victor’s expression grew paler.

How could he not see that his daughter was smitten with the punk surnamed Lennon?

‘D*mn it. I can’t let this man steal my precious daughter!”

With that in mind, Victor pushed away his daughter, Rosie. He stood before Sean and shouted, “Sean, tell me what it takes for you to leave my daughter!”

Caitlyn did not come to her senses after pausing for a long time.

Sean was earnestly amused.

He had just met Rosie for the first time tonight. How did he somehow have an inexplicable relationship with her? Besides that, Rosie’s father, Victor, forced him to distance himself from her in front of all these people.

Sh*t happened, and he had to take the blame for things he did not do!

Chapter 1529

Chapter 1529

“Speak up! Answer my question!”

Seeing Sean’s silence, Victor raised his voice and shouted angrily.

Sean exhaled lightly before looking at Victor solemnly and answering sternly, "I don't have any conditions because I have no interest in your daughter!"

Rosie paled instantly, her beautiful eyes filled up with tears.

Her crush on Sean was not that intense, but for a man to reject her without hesitation in front of so many people was a shock to her.

Not only her, but any woman in that situation also could not bear it.

Rosie said nothing more. She rubbed her red eyes with the back of her hand before turning around and walking away.

"Rosie, wait!"

Victor shouted, but Rosie did not stop and quickly walked out of the banquet hall.

Once Rosie left, the anger in Victor's eyes as he looked into Sean's had gone up several notches. Besides that, not only Victor, but Jacob and the other affluent families were also glaring at Sean like they were going to eat him alive!

"Sean, you're in big trouble!"

Jacob shouted, pointing at Sean.

Other members of the affluent family also yelled at Sean.

"Punk, you're dead meat! How dare you humiliate Ms. Barlowe in public? Do you think you can stay in Joules Town?"

"Sean, you've offended everyone this time! Mr. Barlowe, Mr. Lupin, and all of us are your enemies!"

"Wash up and bear the wrath of all the affluent families in Joules Town."

For a moment, the banquet hall was full of commotion. Everyone was glaring at Sean.

If Victor had given the order, the heirs and heiresses of the affluent families would have come and attacked Sean!

“Brother Sean, I’m so scared...”

Caitlyn held Sean’s arm tightly, trembling with fear.

Sean’s expression remained the same because everyone present could not hurt him even if they joined hands.

He was not a nine-star commander and Guardian God of war for nothing!

If these people dared to do anything, he would not go easy on them!

Victor suddenly nodded slowly and said through clenched teeth, “Okay, okay, okay... Sean, it looks like you’re making yourself an enemy of all the affluent families in Joules Town. Wait for You, Lennon Group, and the orphanage will never survive in Joules Town!”

As soon as Victor finished speaking, an indifferent yet somewhat playful voice suddenly came from the party entrance.

“All the affluent families? Including the Lathan family?”

Everyone shuddered at the voice.

Victor’s expression changed slightly. Even Jacob’s expression was complicated and grave.

Everyone turned to look at the party entrance. Then a young woman in a red gown strode over calmly.

She dressed lavishly, her makeup exquisite.

Her face wearing slight makeup was smooth.

Every step she took showed that she was a lady from a respectable family.

“Hsss! The heiress of the Lathan family?”

Somebody gasped sharply.

There were many affluent families in Joules Town, but the Lathan family was recognized as top -tier in Joules Town!

The Lathan family was also invited tonight, but no one expected the Lathan family to come because such a banquet was not good enough for them.

They did not expect the Lathan family to come. Besides that, the one who came was the heiress!

Chapter 1530

Chapter 1530

Besides that, the heiress of the Lathan family also contradicted Victor.

What the hell was going on?

Did the Lathan family choose to take Sean's side?

Caitlyn was too scared to look up, but Sean was smiling as he looked at the young person getting closer.

Sean recognized the woman.

She was Chloe Lathan!

Sean was surprised to recognize Chloe.

Sean had formed a company in River City called Reach For Will Group.

Chloe was working in Reach For Will Group and was only an ordinary employee.

Later, Sean saw Chloe getting picked up by several luxury cars. He suspected that Chloe's identity was not simple.

He did not expect Chloe to appear at the party in such a way and as a member of the Lathan family!

The heiress of the Lathan family of Joules Town was no ordinary identity.

Sean could not help feeling shocked and joyful!

Victor and the others were secretly surprised as they walked over to meet Chloe.

“Ms. Lathan, what are you doing here? You didn’t tell us that you were coming. What if we never greeted you?” Victor’s face was full of smiles.

Jacob also said in a slightly ingratiating tone, “Ms. Lathan, your arrival is an honor to Myron Hotel!”

All the other guests fawned, and no one did not compliment him.

“It’s an absolute honor to meet you, Ms. Lathan!”

“Ms. Lathan, I’m Finley Lopez from the Lopez family. We met once. I...”

“Out of the way. Out of the way. I gave Ms. Lathan a bracelet before. Speaking of relationships, I know Ms. Lathan better than you!”

With so many people competing to compliment her, the place was chaotic.

However, Chloe ignored these people. She did not even give a second look to Victor, the supreme leader of the Joules Town government, or Jacob, the big shot from the Collins family!

She did not stop for the fawning of the crowd around her. With everyone watching, she came up to Sean before finally stopping.

“Long time no see, Mr. Lennon.”

Chloe beamed, her eyes full of joy.

Sean also said with surprise, “We haven’t met for a long time. I didn’t realize you were from the Lathan family of Joules Town... You’re not the legendary heiress of the Lathan family, are you?”

The Lathan family was influential in Joules Town.

The heiress of the Lathan family was also mysterious in Joules Town. It was said that Old Master Lathan announced in front of many people that he would hand the Lathan family over to her.

After all, affluent families attached great importance to inheritance, which was usually passed down to males instead of females.

It was shocking that Old Master Lathan was passing down the family to his granddaughter! It was why the heiress of the Lathan family was famous in Joules Town!

However, only a few people knew Chloe's real name, so Sean had only heard rumors of the heiress of the Lathan family but never knew the heiress's name.

He finally realized now that the heiress of the Lathan family was a female employee who worked in his company before.

It was such a coincidence that it seemed like fate played a trick on him.

"Legendary... Don't use that word to describe me. Please."

Chloe burst into laughter. Then she looked gratefully at Sean and bowed to him in front of everyone!

"Mr. Lennon, thank you for taking care of me earlier. Otherwise, I wouldn't have made it back to Joules Town safely. I will never forget your help!"

Gasps instantly filled the banquet hall.
