Chapter 151: I like it when you call her father

Cai Xiaolian also said, "that's right, my good daughter. Your father is right." Don't bother with people you don't like. Don't get angry over irrelevant people. If you get angry and hurt yourself, we'll feel bad for you."

Xinxin, " Gu Nian added. let's just plant this land for him. We won't have much contact in the future. If you don't like him, then don't come into contact with him in the future. Just let father and mother talk to him about this kind of thing. He would be able to get all three crops by next autumn. Let's not be angry."

yes, " Gu Xin nodded, " I'm not angry.

With her family's persuasion, Gu Xin did not think too much about it.

That was indeed the case. If he didn't like her, he could just ignore her. He couldn't sulk because she didn't like him. It wasn't worth it to be angry.

A few months would pass by very quickly.

Just like how big Uncle often said to little cousin, just bear with it!

After the family of four finished washing up and discussed tomorrow's matters, they each went to bed.

The time travel Trio did not hold any more small meetings to discuss Lu Zheng.

The three of them were all adults. Even though Gu Nian was just a student and had never been out in the world, she knew that the more you tried to stop them, the more likely it was that you would end up with the opposite effect.

It was better to let it develop naturally.

Gu Xin did not really like the Zhou Yuan Lu Zheng was impersonating, and Lu Zheng would not do anything that would harm her.

Now, the time travel Trio did not want Gu Xin to follow Lu Zheng anymore. There was no other reason than the fact that Lu Zheng's family was too complicated.

Gu Nian had already told her parents everything that she had seen. Lu Zheng's stepmother came from a powerful family. One of her biological sisters was the Imperial consort who was in charge of the harem. In a few years' time, the Imperial consort's son would compete with the Empress's son for the throne.

Gu Nian and Cai Xiaolian didn't want Gu Xin's future husband to be involved in this. Those who followed her would be in a bad state. Even if they succeeded in the end, they would lose many things.

Gu shouxin, on the other hand, was well aware of this and was even more displeased. Even if he had the ability to prevent Gu Xin from being implicated, he was still unwilling to do so when he had a choice.

The three of them only hoped that Gu Xin would have an ordinary life.

As for Gu Xin's future husband, they weren't so strong that they had to choose him for her. Love was a matter of mutual consent. As long as Gu Xin liked him and he was a good person, they would give their blessings.

She just hoped that the person would not be Lu Zheng with such a complicated family background.

"Nine thousand years old, are you asleep?" Cai Xiaolian lay on the bed for a long time, unable to fall asleep.

"Her mother, I still prefer you to call me her father." Gu shouxin laughed.

"The way I address you is not important. I just want to ask, are we really not going to do anything?" Cai Xiaolian asked.

"We've already done it! It had been almost half a month since she beat him up, and he was still nowhere to be seen. He was probably recuperating at home! As for the future, if he really comes to live in the village, if we do anything and Xinxin finds out, it will be bad!" Gu shouxin explained.

"Isn't this like taking care of a child? a rebellious child, the more you don't want her to do something, the more she'll have to do it?" Cai Xiaolian thought for a moment and asked.

"You can say that." Gu shouxin turned over and said to Cai Xiaolian, "her mother, in fact, our lives are completely different now. There's no need to worry."

Chapter 152 no more

"Sigh, I just feel that Xinxin is a pitiful child. I just want her to grow up happily and live a carefree life." Cai Xiaolian sighed.

her mother, you said that you'd be fifty years old when you passed away from your serious illness. Do you still think that there's anyone in this world who can live a happy and carefree life?" Gu shouxin asked.

Cai Xiaolian was stunned.

"However, since we're fated to be the sisters' parents, we naturally have to do our best to create a good environment for them so that they'll experience less hardship than others. That's all I can do." Gu shouxin said.

"Al!" Cai Xiaolian sighed.

"Power, wealth, we'll create it for the two sisters. I'll teach the two sisters the skills to survive, and you'll teach them the principles of life. When the two of us grow old and enter the yellow Earth, we'll have to rely on the two of them. Raising a son for a hundred years, often worrying for ninety-nine years." Gu shouxin said again.

Cai Xiaolian had an inexplicable feeling in her heart.

"When Gu shouxin grows old and enters the yellow Earth, this is a very simple and simple sentence."

But our Yingluo

Can it really be us?

.....

On the first day of the eleventh month of the winter month, the construction of Gu shouxin's new house began.

They didn't pick the corn from the vegetable field. Anyway, no one in the village at the crossroads knew them.

Their family didn't plan to eat these corn. When they became elders, they would break them off and grind them into noodles, making them into chili.

The taste of the jashed sea pepper made from cornmeal and rice noodles were different.

Early in the morning, uncle Gu came over with the strong men from the village.

The materials were all here, and they were just waiting to start.

Because Gu shouxin had to accompany Cai Xiaolian to the county, they asked Grandpa Gu to come over and help them. If there was anything they needed, they could directly decide.

Gu Nian and Gu Xin also followed their parents over. Since the drunken River Restaurant had just opened for business, Mrs. Cheng naturally invited them over for dinner.

Moreover, the two families were working together to do business, and they could not fully recognize each other, so they planned to get to know each other.

The family of four was dressed in new clothes. After all, Madam Cheng's husband was the county Magistrate. When meeting with guests, dressing up was a form of respect for the other party.

When the ox-cart arrived at the village entrance, the transmigration Group Three looked at the small courtyard. There were many people working inside. It seemed that there was a big transformation!

The four of them didn't say anything. They only took a glance and continued driving the car.

"Second uncle Gu, aunt Lian, wait for me!" After walking for a short distance, a familiar voice came from behind.

Gu shouxin stopped the car and turned around. It was indeed Lu Zheng.

'This kid is recovering pretty quickly!' She was already alive and kicking.

"Young master Zhou! I only found out yesterday that this courtyard was bought by young master Zhou. Why, does young master Zhou intend to stay here permanently?" Gu shouxin asked with a smile.

"Yup! In the future, second uncle and aunt Lian will have to take care of this younger generation!" Lu Zheng acted like a well-behaved young man.

They did not know if it was an illusion, but the transmigration trio felt that the way Lu Zheng looked at them now was different.

In the past, she was a little wary and a little angry, but now, her clear eyes were simply harmless.

If she hadn't beaten him up last time and learned his true identity, she would really have been fooled by his obedient appearance.

And most importantly, the gaze that would cause people to misunderstand was gone.

Chapter 153: Let's see what he's up to

In the past, Lu Zheng would always look at Gu Xin without hiding anything, making them think that he was looking at Gu Nian.

But now, Lu Zheng was like a polite young master, and no longer looked at the two girls with that kind of gaze.

He was so generous that no one could find any mistakes.

"Look at what you're saying. Young master Zhou, your granduncle is old master Zhou. How can we take care of you?" Cai Xiaolian laughed.

"Aunt Lian's words are too modest. I am still young and I only know second uncle and aunt Lian in the village of the three Forks. There are many things that I would like the two elders to give me some advice." Lu Yang said.

"Hmph! You don't trust our family anymore and you still want us to take care of you?" Gu Xin couldn't help but ask.

Lu Zheng looked as if he had just noticed Gu Xin. He was secretly shocked. It had only been half a month since they last met, but his Xin'er looked much fairer and chubbier. Her face had also gained more meat and she looked especially energetic.

It seemed that they had really raised Xin'er well!

"Miss Xinxin, it's not that I don't believe you! I didn't come to the village at the crossroads because I didn't trust you. I plan to live here and learn how to grow crops next spring!" Lu Zheng's face did not show any signs of shock, as though Gu Xin had always been like this.

The look in his eyes was just right, not as fanatical or joyful as before, just like a normal person.

"You want to farm?" The four members of the Gu family were shocked.

Even though Gu Xin did not have much experience, she knew that the young master in town lived a life of luxury and did not need to farm at all.

They had someone plant it for him.

"Yes, I am. Grand uncle said that if the potatoes are successfully planted, we can plant them again next spring. I know that second uncle has to study, and aunt Lian and miss niannian have to do food and business, so we can't let miss Xinxin farm for us! So, when the time comes, I will need second uncle,

aunt Lian and miss Nian Nian to give more advice on the matters that need to be paid attention to in this planting.” Lu Zheng’s expression was very sincere, like a student who was humbly seeking advice.

The transmigration trio would have believed it if they didn’t know what you were hiding inside.

Was he beaten silly?

“I see!” Hearing this, Gu Xin felt that she had wronged him yesterday, so she said, “ Mr. Zhou, my parents and sister are very busy. Actually, I know how to plant these potatoes. When the time comes, I can teach you what you don’t know!

okay, Yingluo. Lu Zheng was interrupted before he could say “ thank you “.

“I’m not busy. I still have time to teach young master Zhou how to plant potatoes.” Gu shouxin said.

“Since young master Zhou wants to learn how to farm, we naturally have to teach him.” Cai Xiaolian said.

don’t worry, young master Zhou. My sister is not as experienced as we are. I’m sure she’ll teach you when the time comes! Gu Nian said.

“Then I will have to trouble second uncle, aunty Lian and miss niannian. Thank you for your kind intentions, miss Xinxin.” Lu Zheng smiled, looking extremely sincere. He then asked, “ Oh right, second uncle, aunt Lian, are you going to the city? ” Can you give this Junior A lift? this junior wants to go to the city to visit an elder.”

“Young master Zhou, don’t you have a horse?” Gu Xin asked curiously.

“I was sick a few days ago and my leg was injured. It’s not convenient to ride a horse. Ji Xiang is busy and no one is driving the carriage for me. Second uncle and aunt Lian can give me a ride, I’ll take the ox-cart back later.” Lu Zheng explained.

“Alright, then you can come up!” Gu shouxin nodded. He wanted to see what kind of tricks this kid was going to play.

Chapter 154: A strange direction

Lu Zheng did not play any tricks along the way.

She sat in the driver’s seat with Gu shouxin and chatted.

They talked about studying and farming.

He didn’t take the initiative to ask about Gu Xin and just had a normal chat.

When they arrived at the county and he got out of the car to say goodbye to the Gu family, the three transmigrators were still in a daze.

Just like this?

He didn’t try to get close to Xinxin?

He didn't secretly look at Xinxin with an unusual gaze?

He said goodbye to the four of them and didn't stay for a second longer.

Did this guy lose his memory from the beating?

"Father, mother, sister, young master Zhou has already left, yet you're still looking!" Gu Xin pulled the three of them back to their senses.

"Xinxin, do you think there's something wrong with Mr. Zhou?" Gu Nian could not help asking.

"There is! I've always felt that there's something wrong with him." Gu Xin said.

The time travel Trio looked at Gu Xin.

"Didn't sister say that there's something wrong with his brain? I think there's really something wrong with him. He's a good young master, but he wants to farm? No matter what, you should be studying and taking exams. Why do you have to farm?"

"I'm not saying that farming is not good. Grandpa said that there are 360 professions that have a top scholar. However, I really can't imagine young master Zhou rolling up his pants and bending down in the ground, wearing short daggers, planting the potatoes into the soil one by one."

"Also, it's fine to farm, but if you do, I don't know if young master Zhou Can recognize leeches. If leeches climb onto his legs and stomach, will he cry in fear?"

As Gu Xin spoke, images appeared in her mind.

Just thinking about it made her worried for young master Zhou!

The transmigration trio: " Yingluo "

I feel that Xinxin is developing in a strange direction!

"However, father, mother, and sister, you said last night that it was other people's business and not ours. Let's go!" Seeing that the three of them had stopped talking and were even looking at her strangely, Gu Xin said in embarrassment, "

I'm thinking too much. I can't be like this in the future.

En, recite the Book, the rules of the disciples, the teachings of the Saints, the first filial piety, the second faithful, the general love of the masses.

She had already finished reciting the Three Character Classic and was now beginning to recite the rules of the disciples.

The transmigration trio felt that she had a good memory, but they didn't give her any books that were too complicated. They only gave her some children's books.

.....

Lu Zheng really wanted to come to the county to visit his elders. He was not lying to get close to them.

If Gu shouxin and the others had sent him to his destination just now, they would have realized that the place Lu Zheng had arrived at was the courtyard of grandma Gu's good friend, grandma Xiao.

Lu Zheng stood in front of the door, raising and lowering his hand.

He had only found out last night that his maternal grandmother was still alive. It was only because of his mother's death that she had a feud with his maternal grandfather and moved out of the Zhou family, never to return.

His grandfather was a little drunk last night and had let it slip, so he only found out about it.

Therefore, he had planned to come here early this morning. When he passed by the village at the crossroads, he went to see where he was going to live next and happened to meet the four members of the Gu family.

"Dong Dong Dong!" Lu Zheng took a few deep breaths before he knocked on the door.

"Who is it?" An old woman opened the door.

Lu Zheng stared at the old lady for a while. He was sure that this was not his grandmother, so he said, "Please let me know that my surname is Lu and I'm from the capital."

The old lady's eyes brightened. She looked Lu Zheng up and down, then asked excitedly, "Are you young master Lu Zheng?"

Chapter 155 Xiao Yu, want some candy?

"Yes, I am." Lu Zheng nodded.

"Quickly come in, quickly come in!" The old lady's eyes were filled with tears. She pulled Lu Zheng into the house and closed the door. young master, you don't know how much miss misses you and miss Xue'er. I've accompanied miss to the capital several times and secretly watched young master when you were young! Young master has grown up!"

"Biyun, who is it? Why are you so excited?" Grandma Xiao looked out from the window at the side. She was still holding bottles in her hands, and her face was also colorful. It was unknown what she was studying. When she saw Lu Zheng, she froze.

"Miss, it's young master Lu Zheng! Young master has grown up!" The old woman called bi Yun said excitedly.

.....

When the four members of the Gu family arrived at the refurbished drunken River Restaurant, shopkeeper Cheng had already returned from his business. When he saw them, he quickly went up to welcome them.

He asked the waiter to take the ox-cart to the backyard to feed the grass and then led them to the private room on the second floor.

“Sister Lian, you’ve finally come! Second brother Gu, niannian, you guys come and sit too! Ya! This must be Xinxin! He’s so cute!” Madam Cheng was very enthusiastic.

She now completely regarded Cai Xiaolian as her own sister. Didn’t that mean that her sister’s husband would be her younger brother?

Gu shouxin’s mouth twitched. He dared to bet that he was older than Mrs. Cheng.

“Auntie sun.” Gu Nian called out to her before holding Gu Xin’s hand. Xinxin, this is Auntie sun. She’s mother’s business partner.

Hello, Auntie sun, I’m Gu Xin. Father, mother, and sister all call me Xinxin.” Gu Xin wasn’t as afraid of strangers as before.

She dared to say that she was the most beautiful girl in the village, so she was not afraid of strangers.

Moreover, she often heard Cai Xiaolian talk about Madam Cheng at home, and she had a good impression of her.

“Hey, be good!” Mrs. Cheng responded with a smile and even asked someone to bring the gift she had prepared.

It was not only Gu Xin who had to give a gift for their first meeting, but Gu Nian had to as well.

The two sisters each had a pair of bracelets. It was a beautiful pair of gold bracelets, not tacky at all, and very suitable for beautiful young girls to wear.

Cai Xiaolian motioned for the two to accept it.

She had already given Mrs. Cheng’s two children a meeting gift, but she had not seen Mrs. Cheng’s eldest son yet.

“Lie ‘er, Yu’ er, quickly call for help. This is second uncle Gu, and this is little sister Xinxin. You all know sister Nian Nian, right?” Madam Cheng then called her twins over.

“I’m Cheng huaijin. Greetings, second uncle Gu!” Cheng huaijin held his sister’s hand and walked forward to greet Gu shouxin. Cheng Huaiyu also imitated his brother’s actions, but he didn’t say anything.

Cai Xiaolian had known Madam Cheng for a long time and knew that she had two sons and one daughter. Her only daughter had been holding back for a while when she was born, so she didn’t cry after birth and couldn’t speak when she grew up.

The Gu family knew that too, so nothing awkward happened.

Gu shouxin had prepared gifts for the brother and sister.

After getting to know each other, everyone took their seats.

They just had to wait for Lord Cheng and the eldest young master of the Cheng family to come over before they could start eating.

Gu Xin happened to be sitting together with Cheng Huaiyu.

As the elders were discussing serious matters, Gu Xin noticed that Cheng Huaiyu, who could not speak, was staring at her purse.

Her purse was a carp, which Cai Xiaolian had bought for her.

Gu Xin didn't know how to get along with a child who couldn't speak, so she could only let her see.

"Xiao Yu, I have candy, do you want some?" Gu Xin remembered that she had some candy in her purse, so she took it out and asked.

Chapter 156: The little sister I like

Gu Xin's purse was filled with copper coins and pieces of fried nougat wrapped in oil paper. There were also pumpkin seeds fried with the seeds of the pumpkins in the vegetable garden at home. They were very fragrant.

Cheng Huaiyu only stared at Gu Xin as she took out the things from her purse, as if he didn't hear her.

Xiao Yu, this is a Nougat. It's delicious. We grow our own peanuts. Here, have a piece! Gu Xin said as she peeled off the oil paper for Cheng Huaiyu.

Cai Xiaolian and Gu Nian had already told Gu Xin that the Cheng family's youngest daughter was two years older than her. However, she could not speak and was unlike the normal children in the village.

Gu Xin peeled off the oil paper and fed it to Cheng Huaiyu.

Cheng Huaiyu's eyes were a little dazed, but since the food was already in her mouth, she still ate it.

She ate it out of habit, just like how others fed her at home.

"Sister Xinxin, what did you give Yu 'er? Even Yu 'er is smiling." Cheng huaijin, who was pretending to be an adult, took a moment to look at his younger sister and asked in surprise.

"Brother huaijin, do you want some Nougat?" Gu Xin took out another candy.

"I don't want to eat it. I'm an adult. Adults don't eat candy." Cheng huaijin pursed his lips and said firmly.

The Twin brother and sister were only twelve years old this year, but Cheng huaijin had always considered himself an adult. Other than going out to deal with other people's bastards, he also had to stay at home and take care of his younger sister.

Ever since he was young, his mother had told him that because he had eaten all the food in his mother's stomach, his sister had not eaten anything. His sister had not been able to speak since she was born, so he had to take good care of her.

Children could eat candy, but he was an adult and couldn't eat it.

"This candy can also be eaten by Lord, have one!" Gu Nian also turned around to talk to the children. She took two pills from Gu Xin and handed one to Cheng huaijin.

“Thank you, sister niannian!” Cheng huaijin took it with a smile.

Sister niannian is so good, she can tell that I want to eat it!

After Cheng Huaiyu finished the candy, her eyes were no longer as dazed as before. She looked at Gu Xin with her big eyes.

Gu Xin felt that this little sister in front of her was really pretty.

She took out a bunch of pumpkin seeds from her purse and said, “Xiao Yu, you can’t eat too much candy, or your teeth will go bad. I’ll give you some pumpkin seeds! I’ll peel it for you!”

After saying that, she peeled one and fed Cheng Huaiyu the other. Cheng Huaiyu was like a little hamster, her toot little face puffed up.

Gu Xin really loved this young lady. She was such a pretty lady, but she didn’t know how to speak. What a pity.

She suddenly thought that if she gave the little Miss the Jade bead directly, would she be able to speak after a period of time?

“Mother, Look at Little Sister. She seems to like being with little sister Xinxin! I’m so far away from her, but she didn’t even look for me.” Cheng huaijin watched for a while as his own little sister was fed by an even younger sister, then said this in wonder.

Mrs. Cheng also looked at Cheng Huaiyu in surprise and then called out softly, “Yu ‘er,”

Cheng Huaiyu’s reaction was a little slow. She was stunned for a moment before she looked at her mother. Seeing that her mother didn’t say anything, she looked at the pumpkin seeds in Gu Xin’s hand.

“Auntie sun, you can slowly talk to my mother! I’ll feed her some pumpkin seeds, it’s good to have some.” Gu Xin fed one to Cheng Huaiyu and said to Mrs. Cheng.

Okay, okay. Thank you, Xinxin. Thank you, Xinxin! Mrs. Cheng was a little excited. This was the first time her daughter was close to someone other than her family.

Chapter 157 Cheng Rui

At this moment, Lord Cheng and his eldest son, Cheng Rui, pushed the door open and entered.

Gu shouxin sized up the official of Taoyuan County without leaving a trace. He looked like an honest official without a doubt. From his face, he could also see that this Lord Cheng was the kind of upright and outspoken person.

It was no wonder. The Yue family was the Minister of Personnel’s residence, but he was actually sent to a small county so far away from the capital.

It seemed that this Lord was not so smooth in the officialdom, but he should be devoted to the common people.

Gu shouxin admired the character of such people, but he looked down on the way they handled things.

When the water was clear, there would be no fish. In the officialdom, the places that needed to be smooth had to be smooth. This way, the power would be greater and the things that could be done for the people would be more.

While he was observing Lord Cheng, he did not forget eldest young master Cheng.

Master Cheng and Madam Cheng had two sons and one daughter. The eldest son, Cheng Rui, was 17 years old this year and looked like a graceful young master. However, Gu shouxin's intuition told him that Cheng Rui was an ambitious person, completely different from his father.

Moreover, he had heard from Cai Xiaolian that the Cheng couple had high expectations for their eldest son. At such a young age, he had already taken the Imperial scholar's examination and was currently in the ranks of students preparing for the exam.

Gu shouxin could take the same exam as Cheng Rui in this year.

After the father and son of the Cheng family sat down, they didn't put on any airs at all. Gu shouxin himself was also a talented person, and the three men could also chat.

Lord Cheng had heard of Gu shouxin. He was very impressed by such a knowledgeable person who could turn over a new leaf.

He couldn't help but use his status to persuade Gu shouxin to develop in a good direction.

On Mrs. Cheng's side, she once again asked about the toiletries cooperation, and the men stopped talking and listened.

"Sister sun, I won't hide it from you. These things were all figured out by niannian. You know our family will consider our children's wishes. Why don't you let niannian talk to you?" Cai Xiaolian laughed.

"Oh? It was actually made by lady Gu." Lord Cheng asked in surprise.

Cheng Rui, who was standing beside her, also looked at Gu Nian.

He didn't look at it carefully just now, but now that he looked over, he realized that it was a little different from what he had imagined.

The eldest daughter of the Gu family had a delicate appearance, but she was very generous. Her sitting posture was not like the ordinary village girls he usually saw. She was like a lady from a big family, but she had a bearing that a lady from a big family did not have.

father, sister Nian Nian is amazing. She can also cook delicious food. Xiao Yu loves to eat the food she makes! Cheng huaijin was in awe of Gu Nian. When he heard his father's question, he rushed to answer.

"Lord Cheng, I did it. One day, I suddenly felt that my mouth was still uncomfortable after rinsing it with the Willow and green salt, so I made it myself." Gu Nian replied generously.

He wasn't afraid just because the person in front of him was the county Magistrate. He spoke as if he was talking to an elder.

Cheng Rui could not help but look at Gu Nian again.

Of course, Gu Nian had noticed Cheng Rui's gaze. However, she did not care. In her opinion, Cheng Rui was just like her unlucky nephew at his age. She was not interested in young men of his age.

"Auntie sun, it's not impossible to open a shop together. However, if we are to work together on this, the conditions can not be the same as the drunken River Restaurant." Gu Nian looked at Mrs. Cheng and said with a smile.

Chapter 158 exercise

"Niannian, what do you think we should do?" Mrs. Cheng's impression of the Gu family rose again because of Cheng Huaiyu's closeness to Gu Xin.

"Auntie sun, I have two ways to cooperate. First, our family will provide the prescription, and you will provide the money and strength! If that's the case, our clan wants half of the profits. The second way is that our family will provide the recipe and the finished product, and Auntie sun will pay for it. If we cooperate, our family wants 70% of the profit. Which one do you think is better, Auntie sun?" Gu Nian said.

This was what Cai Xiaolian had analyzed for Gu Nian before she brought the items to the Cheng family. Of course, the decision was left to Gu Nian.

She had not expected Gu Nian to pass the ball to Mrs. Cheng.

lady Gu, if that's the case, no matter what it is, you won't be losing out, right?" Before Mrs. Cheng could say anything, Cheng Rui spoke.

"Young master Cheng is right, our family won't lose out in either way. But no matter what, your family won't lose anything!" Gu Nian looked at Cheng Rui and smiled.

Cheng Rui was stunned by her smile, and Lord Cheng interrupted him, "Rui 'er, you don't know the way of business. You should Listen to Your Mother and niannian.

"Niannian, other than the toothpaste, toothbrush, soap, and soap, do you have anything else? For example, for washing hair?" Mrs. Cheng didn't choose immediately, but asked.

"Of course! It was just that it had not been used yet, but he would know if it worked in the next one or two days. I know what Auntie sun means. It's too boring for a shop to only sell toothpaste, toothbrushes, soap, and soap. I also make shampoo here." Gu Nian raised her eyebrows. She had not intended to tell Mrs. Cheng about it, but since she had asked, she decided to tell her.

"Other than that, I plan to make some skincare products, such as face cream, hand cream, and so on. It's just that I've been fiddling with the toothpaste and toothbrush for the past few days, so I haven't started work yet." Gu Nian continued.

Cai Xiaolian had complete faith in Gu Nian's ability.

As the saying goes, Biochemistry was inseparable. A doctor in biology could do a few simple chemical experiments easily.

They weren't going to make some high-end cosmetics, so they would start from the simple ones and slowly study them.

Her eldest daughter liked it very much!

"Since niannian has this plan, why don't we wait for her to make ten things and then start selling? As for these four items, I can help you take orders in private, and I won't take a single cent of the income. When the ten items are made, these few items will also make a name for themselves. When we open the shop, we won't have to worry about business." Mrs. Cheng thought for a while and said.

"Bang!"

As soon as Mrs. Cheng's voice fell, the door of the private room was knocked open, and a man flew in.

The people at the table all drove over.

Outside the door, there were people fighting.

Lord Cheng hurriedly stood up and pulled Madam Cheng to the side. He also protected Cheng Huaiyu by his side.

"Stop! Who is fighting here?" Lord Cheng frowned and shouted.

Unfortunately, the person on the ground got up and ran out to continue the fight.

"Rui'er, go out and stop the situation!" Seeing that the other party was not listening, Lord Cheng asked his eldest son to take action.

Cheng Rui rushed out.

Gu Nian wanted to join in the fun as well. She had been locked up at home for the past few days and felt uncomfortable without moving her limbs. It just so happened that there was a place for her to move her muscles.

In the modern world, she would practice boxing twice a week to exercise her muscles.

Chapter 159: It's fine as long as Xinxin likes it

Gu shouxin did not let Gu Nian make a move. Instead, he pulled her back.

Gu Nian turned around and looked at Gu shouxin in confusion.

"It's just a small action." Gu shouxin said in a low voice.

Gu Nian pouted.

Alright, it was a small action. She couldn't move her muscles and bones.

As Gu shouxin had said, it was really a small action. The two groups of young masters were drunk and had a group fight with the manservants.

As soon as Cheng Rui went out, the Yamen guards happened to come over and the two groups really stopped.

Lord Cheng took his leave and returned to the Yamen to deal with some matters.

“Rui ‘er, you’re not going with your father?” Madam Cheng asked in surprise.

“No, I’ve met them several times. Later on, the family members of those young masters will take them away. They said that they were just friends, so I couldn’t punish them even if I wanted!” Cheng Rui shook his head and laughed sarcastically.

“Al! these children are so silly. Mrs. Cheng sighed and then asked the Gu family to sit down. it’s okay, let’s continue.

This conversation went on for a long time.

In the end, the two families decided to make a batch of 100 boxes of suits for the time being. Mrs. Cheng would recommend them to the noble ladies who visited her in Taoyuan County.

Mrs. Cheng said that she didn’t want any profits. She was just helping her friend to promote it.

In the end, Cheng Rui also spoke up for her and Cai Xiaolian and Gu niancai were done.

They could tell that Mrs. Cheng and her son were very determined to cooperate with them.

So what if they cooperated? there were only two ways to cooperate anyway, and their family wouldn’t suffer a loss in either way.

However, when the two families parted ways, Cheng Huaiyu pulled on Gu Xin’s sleeve and refused to let go.

Yu ‘er, be good. Little sister Xinxin is going home. Come and play with Yu’ er next time, okay? ” Madam Cheng advised.

Cheng Huaiyu was unmoved and continued to hold onto Gu Xin.

“Auntie sun, I’ll talk to Xiao Yu, okay?” Gu Xin thought of the Jade bead that she had fed Cheng Huaiyu while she was feeding the pumpkin seeds. Her intuition told her that this young lady wanted to eat the Jade bead.

“Okay, thank you, Xinxin.” Madam Cheng said with a smile.

Gu Xin pulled Cheng Huaiyu to the side and whispered in her ear, ” “Xiao Yu, I’ll bring you good food the next time I come, okay?”

Cheng Huaiyu looked at Gu Xin with her big eyes.

“I’ll bring you all the delicious food you ate today.” Gu Xin whispered again.

Cheng Huaiyu pursed her lips and was stunned for a while. Then, she clenched her fist and extended her pinky.

As a child, Gu Xin naturally understood what he meant. She immediately stretched out her little finger, "It's a hundred years old, and it won't change! Xinxin lied to Xiao Yu, so she became a little dog!"

Cheng Huaiyu smiled at Gu Xin.

"Ya! Mother, look, younger sister is smiling. Younger sister is smiling at younger sister Xinxin!" Cheng huaijin asked in surprise.

"Yes, yes! It seems Yu 'er likes Xinxin a lot." Mrs. Cheng was also very excited. She turned to Cai Xiaolian and said, "sister Lian, you have to take Xinxin city to play more in the future!"

"Good! As long as Xinxin wants to come when she's free, I'll bring her over!" Cai Xiaolian replied.

Other than her family's sisters, Xinxin only had one friend, sun Yumei. She didn't have any friends of the same age. She wanted Xinxin to have a few more friends, even if Cheng Huaiyu was different from normal children.

As long as her Xinxin liked it, it was fine!

"Owuuu! Sister niannian, I can't bear to part with you either. Should I also pull on the corner of your clothes and not let you go? then you'll hook up with me and say that you'll bring me a lot of good food in the future?" Cheng huaijin was envious as he looked at Gu Nian.

Chapter 160: Chapter 160 wine

"Don't!" Gu Nian immediately shook her head.

Little wimp, you're trying to trick me into eating candy. Big sister didn't exercise today, so I don't want to give you any.

"You! You're already such an adult, what kind of person are you!" Mrs. Cheng smacked her son in annoyance.

"Mother! Sister niannian actually doesn't like me. I'm so likable!" Cheng huaijin said pitifully.

"Hehe, I like little girls, not little boys! Does huaijin want to wear a flowery dress? If you're good-looking, I can consider liking you!" Gu Nian laughed evilly.

When Cheng Rui saw Gu Nian's smirk, he could not help but laugh as well. This girl was really interesting!

Cheng huaijin took a few steps back. Sister niannian is so scary. She actually wants me, a man, to wear a flowery dress?

That was impossible!

Absolutely impossible!

It was impossible even if he was beaten to death!

“Niannian!” Cai Xiaolian glanced at Gu Nian. This girl was only familiar with his family, not her little cousin.

sister Lian, don’t glare at niannian. My huaijin is too mischievous. It’s rare that he likes to stick to niannian. Niannian has been taught so well by you all, and she can still learn well from niannian. Mrs. Cheng didn’t mind at all.

The two families chatted and laughed as they went downstairs and parted ways.

Gu Xin, who was on the ox-cart, saw a head popping out of the window in front of her. She waved her hand, “Xiao Yu, I’ll come to you in two days, you have to be obedient! Goodbye!”

Cheng Huaiyu also extended her small hand and waved, even smiling.

The three transmigrators looked at Gu Xin curiously. Gu Nian asked, “Does Xinxin like Xiao Yu a lot?”

“Yup! I really like Xiao Yu!” Gu Xin nodded her head and thought to herself, I like Xiaoyu too.

Xiao Yu was gone, but now she had Xiao Yu. She was very happy.

The three transmigrators all sighed. This thing called ‘affinity with the eyes’ was really magical!

An abnormal little girl, a little girl with no friends, could actually be so inseparable on their first meeting?

Gu Nian was thinking, ‘since my sister has a friend, should I find one too?’

The eldest branch?

No, no, no. They were sisters, biological sisters. They were different from friends.

Forget it, forget it. This kind of thing had to depend on fate!

“Sister, after we go back today, are we going to do the thing you said before that can wash our hair?” Gu Xin only turned around to ask Gu Nian after the Cheng family’s carriage had left.

“Yup! I’ll try it out first, and then give it to Xinxin first. Recently, Xinxin has grown quite a bit of hair. Soon, Xinxin’s hair will be black and more!” Gu Nian said.

“Then I’ll do it together! Can we add some orange peel flavor? I like the taste of oranges.” Gu Xin said.

“Of course you can. Didn’t we raise the chrysanthemums that you and sisi dug up before? we can even make the fragrance of chrysanthemums! When the wintersweet blossoms bloom, we’ll go pick them and make the fragrance of the wintersweet. Spring is here, and all kinds of flowers are in full bloom. We can try all kinds of floral fragrances.” Gu Nian said.

“Good, good! I also like the smell of Osmanthus, gardenias, and Wufu. Gu Xin listed out all the flowers she could name.

The transmigration trio: “Yingluo ”

Alright, we admit that you’re a Flower Fairy who likes all kinds of flowers.

“Speaking of flowers, I thought of flower wine. Some of this wine is still very good to drink.” Gu shouxin sighed.

The three of them looked at Gu shouxin strangely.

“Father, are you actually a Playboy?” Gu Xin moved to Gu shouxin’s side and looked at him nervously.
