Chapter 1052: Tatyana's and Yasenia's Bath Time. (R-18)

Yasenia was meditating in a bathroom prepared for her and her girls. The Dan Elder's mansion was made of different buildings, covering a very large area. Yasenia's close family lived in the same building.

While she meditated, she heard wet footsteps on the rock behind her. The cadence and rhythm were very familiar, and two slender arms going around her neck as a soft, naked body plastered itself on her back told her who it was. "Tatyana. Have you finished your personal matters?"

The red-eyed woman lowered her waist, rubbing against the tail right between her legs. Moving the long and soft black hair of the dragon woman to the side, her lips began to explore Yasenia's neck from behind. "Indeed. I finished. Now, I am very tired and need a bit of pampering~."

Yasenia opened her eyes, her golden irises showing a hint of pink from her increasing arousal. Looking back, Tatyana didn't lose a second and kissed Yasenia deeply. While their lips and tongues danced together in a wet back and forth, the dragoness surrounding Yasenia's waist moved Tatyana in front of her, sitting her on her lap.

Tatyana smiled and asked between kisses. "How are you doing, Mm~, recently?"

Playfully biting Tatyana's soft lower lip, Yasenia asked. "Why do you ask?"

Lowering her waist and making her softness touch Yasenia's hardness, Tatyana laughed and whispered. "You've been slightly abstinent recently~. I was becoming worried that you wouldn't fill my void as often~."

The dragoness raised her eyebrows in surprise and asked while Tatyana continued kissing her face. "Have I really? Or are you exaggerating?"

"Ask yourself. When was the last time you had sex with me, hm~?"

Yasenia pondered, and while she thought, Tatyana began moving her waist back and forth, sliding her lower lips along the stiff erection. "Ha~, you are so hard down there~. It makes me want to jump on you and ride you for months until your shape is perfectly carved in me~."

The dragoness looked at Tatyana's gently swaying breasts and leaned downward to catch one of them with her mouth while starting to move her own waist. While there was no penetration, Tatyana's nerves were perfectly being stimulated. The crescendo of pleasure slowly increased, making Tatyana look skyward and moan every so often.

Eventually, Yasenia lunged upward, deeply kissing Tatyana with her long dragon tongue, and used one finger to pinch her nipple. "Mmmph~!"

Tatyana's body trembled as her stomach squeezed, and even her calves trembled. The dragoness slowed down her rhythm, gently pecking her lips and rubbing Tatyana's clit with her dick.

Tatyana sighed in pleasure and smiled. "Remembered yet? Or do I have to tell you?"

"About what?" Yasenia asked, raising an eyebrow. "From what I remember, the last time was just a few seconds ago~."

Tatyana clicked her tongue with a smile. "You are getting more shameless, eh? You made me go through a dry spell for two weeks, and now you answer with this cheekiness?" Tatyana moved her waist upward, needing to move quite a lot to travel to the top of Yasenia's large and long dick. "It seems that I'll need to punish my little dragon so that she knows not to mock me~."

Yasenia saw Tatyana's lustful gaze and gently pushed upward in anticipation. The sensation of slowly opening and penetrating into Tatyana's pussy made Yasenia's eyes roll once in pleasure. "Oh~, You are so soft and tight, Tatyana." Yasenia squirted precum in pleasure, making Tatyana moan.

The gentle aphrodisiac nature of Yasenia's fluids made Tatyana's vagina tingle and squeeze involuntarily, wanting to drink the delicious white fluids that came out of the phallus that was slowly penetrating deep into her.

After a few moments of the enchanting sensation that the first gentle penetration gave both, they kissed each other and began moving their waists. Tatyana rested her entire body on Yasenia's jelly-like body, being engulfed by her daughter's gorgeous curves. "Ha~, Ah! Oh dear. This feels so good. Your waist movements are, Oh! Hitting all the spots! Mmmm~."

Yasenia kissed Tatyana's eyebrows, eyelids, and nose as she continued penetrating her with sensual upward movements. "Of course you like it. It is mine, after all." Yasenia whispered possessively. "Because it is mine, your pussy yearns for it. Does it not~? You want me inside you; you want your flesh to be parted by my dick."

"Ah! I do!" Tatyana moaned. "I love it!"

"Good~. My Tatyana is so cute when she is responsive and obedient~."

Tatyana's pussy clenched, squeezing Yasenia's dick in pleasure and stimulation. Their movements created waves in the water. "Do you love it when I penetrate this way?"

Yasenia moved her waist slightly to the back, making her head rub the upper part of Tatyana's pussy all the way to the back. Tatyana threw her head back with a loud moan, and then, her body convulsed as fireworks exploded in her mind in a powerful orgasm.

The contractions of the orgasming pussy and trembling woman between her arms made Yasenia's own orgasm rise. While she would be able to resist, she didn't. She had no reason to with her stamina.

"Tatyana, I am cumming!"

Yasenia grabbed Tatyana's trembling ass, and then she forcefully pulled her down as she pierced upward. Tatyana's eyes widened as her pussy was completely filled, and then, without delay, pure fertile semen invaded her uterus. "Ohhh!"

A low and prolonged moan exited her mouth as the delicious Yang energy invaded her body like a hot current. The orgasm that she thought had started to recede hit her brain again, making her legs stretch above the water while she was filled. R

Yasenia's dick twitched, pumping spurt after spurt of the thick white liquid inside Tatyana. "Sigh~."

Her sensual sigh made Tatyana's body go limp. Yasenia looked at Tatyana's satisfied face, and her lips arched gently. She pulled the limp woman into her arms, not taking out her still erect dick, and hugged her closely. "How was it, eh? Good?"

Tatyana rolled her eyes. "Good? You are teasing me again. If this is considered 'good,' then we might as well classify normal sex as a lifeless activity."

Yasenia laughed. "Great~. I am glad, but..." Yasenia moved her waist a bit and looked deeply into Tatyana's eyes. "You've awakened me; you now need to quench me."

Tatyana blinked as her world spun. Soon, she was on all fours, and Yasenia's wide and long dick pierced her from behind, making her body bounce once as her eyes widened. "Ah!"

Yasenia positioned in a squat position, using her tail as support, and then grabbed Tatyana's waist firmly. She pulled back until her dick was about to pop out and then drove it inside as fast as she could.

Pah!

Tatyana's eyes rolled upward as a shock of pure pleasure hit her brain like a mallet, making her sight go white for a second. "O-Oh!?"

Then, without mercy, Yasenia started ramming her dick inside Tatyana at a fast pace.

Pah! Pah! Pah! Pah!

The wet sound of flesh colliding and their two pairs of breasts bouncing echoed in the room, accompanying their moans like a rhythmic melody.

Their session went on for three hours, Yasenia bending Tatyana on the bath into several positions and filling not only her front hole but her back hole, too.

Nearing the end, Tatyana was being held in the air, Yasenia's arms going under her legs and around her neck, locking her and leaving her immobile while Yasenia's dick pierced her foaming pussy. "Ah! Ah! Ah! Ah! Ahh!"

Tatyana squirted again, her pussy making the messy floor even more messy. She had been in a constant state of orgasm for the last hour, and her body was basically squirting every time it accumulated some liquid. "Oh! I cum! I cum! I am cumming again!!"

Yasenia grunted and pierced deeply into Tatyana's pussy, pushing against her uterus and orgasming at the same time as Tatyana. "Get filled!"

Tatyana's eyes rolled upward as white semen pushed into her already full pussy, spurting white fluid to the point that her stomach bloated slightly. Yasenia sighed in comfort and pulled back her waist, her dick slipping out. As soon as it did so, Tatyana's pussy squirted all the semen and female cum that had gathered into her, smearing Yasenia's dick white.

Yasenia gently lowered Tatyana and then picked her up again in a princess carry with a smile. "Well~, my love has quite a satisfied face~."

Tatyana's, utterly languid and pleasure-filled, didn't even bother retorting. Currently, her body was feeling as if it was in a cloud. "Ah... You are so good."

The dragoness laughed and lowered both of them into the bath, allowing the enhanced water to clean off their sweat and other traces. Then, using her arms and tail, Yasenia cradled Tatyana into her arms and kissed her forehead. "I love you."

Tatyana gently laughed, looking up from where she was cradled and answering back. "I love you, too." Then, she contemplated. "What have you been doing recently?"

Yasenia sighed. "Searching for ways to squeeze my liquid energy into a solid. I've tried in the past, but it just feels so... impossible."

Tatyana was somewhat surprised. "Really?"

In her opinion, the step from gas to liquid was more complicated than from liquid to solid. After all, you had the past experience, and as a liquid, it was easier to gather and compress into a single point. Tatyana suggested. "How about trying to squeeze as much as you can until you create a single point of solid energy? Once you create the first trace of solid energy, you just need to squeeze the liquid around it, and it will slowly transform."

The dragoness shook her head, her beautiful straight eyebrows coming gently together. "That's not possible. I've tried and couldn't even see the start of the solid energy. The pressure I need is tremendously high. It's like... I don't know. I can't even think of an analogy."

Tatyana was a bit shocked and pondered deeply. "That's a problem. You can't be having these bottlenecks, to be honest. If you struggle now, I can't imagine how it will be when you try to advance in the Sixth and Seventh realms."

Yasenia sighed with a wry smile, her fingers gently tracing Tatyana's face. "I guess that I need to increase my understanding of my energy even further now."

Tatyana laughed. "You already have Level 9 intents. Unless you want to start a new intent and upgrade it all the way again, I find that even more difficult than compressing your energy into a solid state."

Yasenia blinked twice and raised her eyebrow. Tatyana understood her Little Treasure really well, so she lifted one of her hands and tapped her nose. "Unless you'll be serious about it, don't. Practicing an Intent since the beginning once you've matured like you have is actually much more difficult than you think."

"Oh?" Yasenia asked, curious. "Why is that?"

Tatyana commented. "Because your current knowledge might get into conflict with what you are trying to understand. I've seen cases where people actually lose levels of intent when trying to learn too many of them. Remember, an intent is a superficial knowledge of a concept. It is easy for basic concepts to clash and become an incomprehensible mess."

The dragoness nodded with a serious expression. "Okay. Then, I will try to search for another method."

Tatyana grinned. "Perhaps you find it in our expedition~."

Yasenia laughed and pecked her lips. "Perhaps~."
