Chapter 19

Madeleine nodded and said “Good, for the first three months we won’t do anything since it will be your adaptation period to the academy. After that, I will know enough about you to make a good training plan. Don’t skip the history classes of our academy since it explains the benefits and-”

Cecile intervened again “I already explained the things she must know.”

Madeleine looked at her and thought ‘Are you the teacher or is it me!?’

Madeleine thought for a moment and said “Then use that time to make some credits. It will serve for when we start. Even when I’m your master you won’t get other advantages except for my personal guidance and some cultivation resources I shall give you from time to time.”

Yasenia nodded ‘Mom didn’t give me a lot of cultivation resources other than those life-saving treasures. She said that I must not depend on her for everything. It seems that master is also of the same thought.’

Yasenia looked at Evelyn going to the stage and was curious about her fighting style against people. Evelyn looked at the man in front of her who presented himself as Aiden, the 39th of the violet class, he was at the eighth level of the body modification realm one level above her.

She took out her 2m long spear, the man didn’t underestimate her taking out his two short swords. Since the battle of Yasenia all of the seniors took this challenge seriously, they didn’t want to fall out of this class!

Evelyn took a stance with her left leg and body leaning forward. “Begin!” Evelyn, like an electric spark, charged and did one full-strength frontal attack!

The opponent was surprised by her speed, but defended without losing balance with one of his swords covered in wind element. He took the chance and attacked with his other sword covered in fire!

Evelyn seeing the attack, overcharged her nerves and muscles with the electrical energy and started thrusting at an extremely high speed! Aiden was forced to change from attack to defense.

They started exchanging attacks at a fast speed *ClangClangClangClangClang* Aiden exploded the fire in his sword and used the explosion to put some distance since he was being overwhelmed by the little girl in front of him!

He then shouted “[Fire gale]” With an X-shaped cut he sent two waves of fire and wind attribute, the fire fed on the wind and its intensity soared, it charged at Evelyn like a fire dragon breath attack!

While Aiden was preparing this attack, Evelyn wasn’t still. She used the overcharged nerves to snap out of the daze the explosion induced, the electric currents started appearing on her hair and body!

Evelyn changed her grip and doing a throwing stance she whispered “[Thunder light throw]” twisting her waist and with a rumbling sound she shot the spear with a *Boom!* meaning that the speed has broken the sound barrier!

Everything happened in an instant! After the explosion, both separated, and a wide fire beam was fired at Evelyn followed by a rumbling sound and a slim white-blue beam piercing the fire beam.

Following that, Aiden was pierced by a white spear. The leftover strength sent him flying, impaling him on the wall. The arena was silent for a second when cheers exploded! What a short yet intense fight!

Yasenia couldn't help but feel impressed. What an impressive amount of explosive power in that last attack. She looked at Evelyn and saw that the blue electric currents were still coursing through her body.

However, these seem to be doing damage to her... 'So, it was a self-damaging attack, she bet it all in that attack and she won. If Aiden were to dodge it, Evelyn would have lost. Her elements seem to be light and lighting. She is strong...'

Yasenia went down and waited for Evelyn to reach her, then she said while warping her tail around Evelyn, "Good job" then she whispered, "Let me deal with the aftereffects just relax."

Evelyn felt the overflowing energy leaving little by little everywhere the tail touched and felt so good that she accidentally let out a moan "Anh~"

Yasenia carried her to the stands and when they sat Yasenia spoke teasingly "Ara... Little Evelyn, does it feel that good? Do you want big sister to make you feel better~?"

Evelyn's face reddened and nodded shyly, Yasenia lifted one eyebrow and sat Evelyn in front of her. Yasenia passed her tail over her body to absorb the overflowing energy and started massaging her shoulders. Evelyn suddenly felt like her body was melting.

Because of the relaxation she felt, she forgot where she was and started moaning lowly "Anh... ugh... mmm!"

One of the girls watching said extremely seriously "Yasenia, you must open that massage stall!" A lot of girls nodded.

Yasenia thought for a moment and said with a thinking face while continuing the massage. "I will think about it, I don't know if I would make more profit like that or doing other things and..."

Yasenia continued with a seductive smile "Maybe you will ask me to do more than massaging~"

Some experienced girls couldn't help but swallow their saliva looking at the long and thick tail. Cecile looked at her and said with her typical deadpan expression "Only massage, nothing more."

Yasenia looked surprised at Cecile and said with a laugh "Okay, only massages." Then she stopped her massage, making Evelyn do a dissatisfied grunt.

Yasenia knocked her head saying "Have you forgotten where you are?" Evelyn looked around and her face become red with a puff. The rest laughed a little at her antics.

Oliver didn't manage to beat the violet class alumni but he was able to enter the indigo class in his second fight.

When he reached the stands where Yasenia was, he said a little depressed "Little sis I couldn't enter the violet class!" Yasenia sat him in front of her with her tail and massaged his shoulders and scalp only with her hands

Yasenia spoke soothingly, "Big bro, you are in the indigo class, the second-best class of one of the strongest powers in the sky continent. What are you sulking for? The people from the blue class and below will beat you up!"

Oliver thought about it and nodded “You are right little sis, I will work hard and catch up to the violet class!”

One nearby man said jokingly “Don’t think we will let you enter easily! We are also working hard to maintain this position!” The rest chuckled a little.

Like that the entrance exam ended. With only 5 people managing to enter the purple class, Yasenia, Evelyn, Gustav he was a boy with black hair and had death and dark attributes, Ryuuji a redhead girl that had magma and sun attributes, and finally a green-haired boy that had wood nature and water triple elements named Luke.

In a faraway place, an elegant woman with long raven black hair and with bright red eyes was walking towards a branch of the demonic sect and mumbled “Finally I found the sect that has been targeting my little treasure these recent years... To think that it is the sect created by her... Didn’t we part in good terms more than 1500 years ago?”

Then using energy in her voice, she said “Rita! Come out! Even if it is you, I will have to fight you this time if you did what I think!” In the distance, a woman appeared 1 km away from her (although it seems a lot, for people of their level this is a meager distance).

She was a petite woman, with only 140cm of height and a slim body, her face was extremely charming and thanks to her extremely profound cultivation techniques, she could elevate that charm manifold making anyone under the Unification realm unable to even resist a smile.

Then she used her sensual voice and arts as she spoke, like an oriole singing, extremely pleasant to the ears. “Tatyana~ I’m very happy that you came to visit my sect. Would you like to chat inside? Or... Maybe have a little fun? Hahaha”

It’s a shame for Rita that Tatyana didn’t even react to her spells. “Stop trying to seduce me, you know it won’t work.”

Then she smiled “Not to mention that I’m already taken and I won’t betray my little treasure.” Rita’s façade almost broke after hearing her affectionate tone.

Rita asked with her seductive smile, but on the inside, she was gnashing her teeth “Now that I think about it who is the father? To think that the high and mighty Tatyana would get pregnant... The man should be someone excellent right?” “Tell me so I can rip him apart and feed his soul to my dogs!”

Tatyana continued as if she didn’t listen “I am here today to get an explanation. Why did you attack my little darling during these years? Give me a good explanation...”

Then Tatyana’s aura exploded making space fabric around her tremble! “Or become part of my undead army”

Rita was pushed back 100 meters back by the pressure emitted by Tatyana’s aura! She opened her eyes and thought ‘Wait... is she serious? She will throw away all of our thousands of years of love for a person that hasn’t even been born 20 years ago! I refuse to believe it!’

Pushing her fear back down she said “fufufufu, will you really kill for such a little matter? I wanted... to test how much you loved your little daughter. the attacks weren’t even harsh! I have received a good tea that-”

She was interrupted by Tatyana “Was only your idea or there were other people involved? Tell me the truth, you know that if I want, nobody can lie in my presence without being discovered.”

Rita sneered on the inside ‘you think I’m the same as so many years ago? Let’s see if your so-called [Absolute true zone] works on me with my new technique’

“Okay, okay, relax! I was told by the head of the demonic sect that he wanted your daughter dead because you were his! Who would have thought that you will be so attached to a little unimportant girl”

Tatyana looked at her and calmly said “Rita, in truth I was going to forgive you if you were sincere and you didn’t play your usual games... But, since this is your choice... Don’t blame me for being ruthless!”

Rita was at first surprised that she was seen through, not even the demonic sect leader could see through her technique!

When she felt that Tatyana was serious, she spoke to the jade communicator. “We are under attack, all the people above Dantian transformation realm come to resist!” Tatyana didn’t stop her and let all of them group up.

In ten seconds more than one hundred cultivators appeared before her, all above the mortal realms! Rita said seriously “Tatyana, leave. This branch is stronger than a second-rate sect. Even you aren’t able to destroy a second-rate sect alone, not to mention us!”

Tatyana took out a bone-white guitar that seem to carry the laws of the world in it! With black strings and black runes all over! A peerless treasure! She smiled, then she said laughing “[Innate skill: Fate calling song]”

Tatyana started singing! While singing and playing the first verse, Tatyana starts to summon endless skeletons, banshees, and wraiths!

They attack fiercely at the cultivators, some skeletons were overpowering them, some of them wore dancing female clothes, and others with a skeletal drum! The guitar sound was empowering the army!

In the Prechorus, Tatyana summons female and male undead resembling living beings. All of them with different armors and weapons, they are her previous loves whom she killed herself!

And now they were the generals of her army! She looks smiling at the undead and some skeletons start clapping at the rhythm of the song!

In the chorus, Tatyana takes her [Death dragon bone sword] and starts fighting herself!

All of them dance, her army with her and her enemies with death! She attacks Rita and the drummers start hitting the drum on the song rhythm while the banshees sing with her, dealing sound damage everywhere!

After finishing the chorus, one-quarter of the cultivator are already dead while Rita is extremely damaged!

In the second verse, she takes her guitar again while laughing and continued the song! “HAHAHAHA YOUR LIVES ARE MINE TODAY” She continues by summoning skeletons with different attributes and traits similar to Yasenia’s!

With the Pre-chorus she calls the Commander of her whole army, a dragon-riding knight appears, he was also her first love!

The commander's presence strengthens everyone in the army and charges forwards like a tiger among sheep!

She saves her guitar again and joins the fray with her sword while dancing! This time she fights hand to hand with her first love who has already dismounted the 10km long giant bone dragon!

By the time this chorus ends only a third remain alive! and Rita has lost one arm and one eye! Her face was full of despair. But Tatyana didn't stop, while playing her guitar and walking sensually towards Rita she sang.

Then when she is near Rita, she takes out her sword and impales the completely weakened Rita to the ground! Then she sings the chorus with all her strength letting her army destroy everyone else!

Finally, she stops with a smile. All of the cultivators but Rita were dead! She looked down at Rita and caressed her cheek. "Love, we will be together from now on, don't be so sad."

Then she plunged her hand into her heart! Her charming red lips moved, "[Innate skill: Death phantom]"

The last thing that Rita said while dying was "How did you become...so...str...ong?" Tatyana smiled at her.
