

## Heaven 29

### Chapter 29

While Yasenia was nourishing Angel with her Yang energy, Yasenia felt Angel twitch every time she helped her circulate it. Yasenia finally understood what was happening.

Yasenia's Yang energy was actually very pure. Although she hadn't upgraded the quality since the beginning of her cultivation. Her base quality was actually very high.

So, when she cummed inside Angel, that energy invaded her meridians making her feel absolute bliss!

Moreover, her dual cultivation technique also elevates the pleasure that the partner. Combine all of this with this being Angel's first time, Yasenia's scent, and that recently reached orgasm and you would know how Angel felt.

Yasenia couldn't help but be a little anxious. She looked at the person who had regained her normal expression and said "Are you okay, baby? How do you feel?"

Angel looked at the charming person in front of her that has just sent her above the heavens with a dazed expression.

After she registered her concerned expression on her normally confident face, a warm current gushed into her heart. She said languidly "How do I feel? Absolutely fantastic, no wonder you said you needed a harem... Does all sex feel this good? I can't move my legs~"

Yasenia relaxed and sat with her back on the headboard and put Angel straddling her, she hugged her back and pulled her into her bosom, then she used her tail to massage her body slowly and help her circulate the energy. "I don't think so... Baby, remember that I told you that I had a way to make us stronger? Well, what I was talking about was a high-grade dual cultivation technique."

Angel let herself sink in that embrace and closing her eyes she said, completely relaxed "Is that why I felt so much pleasure at the end?"

Yasenia answered honestly "Not only because of that. Baby, when you orgasmed the first two times, it had nothing to do with the cultivation technique, only when I released inside you did the cultivation technique and my energy effects kick in."

Angel thought about it and nodded, then she said quietly with a blush "Can we do it again?"

Yasenia separated her slowly and gave her a slow kiss "As much as you want, baby."

Then she said teasingly "Your lover is a beast in bed, moreover..." she swished her tail in front of Angel's face and said "...I can also use this~" Angel swallowed and nodded.

Suddenly, Yasenia thought of a position that should normally be impossible and guided Angel into it. While Yasenia sat and she put Angel sideways and lowered her head in her lap. Then she positioned her so that she could suck her breast.

Yasenia spoke gently with one hand caressing Angel's head "Do you want to suck them, baby? I felt you licking them a little before"

Angel blushed at her tone and nodded her head. She really likes this 'motherly' Yasenia. She let herself be cradled by Yasenia and opened her mouth sucking on Yasenia's nipple making Yasenia let

out a comfortable sigh. Yasenia also felt her breast warping around her hardness, while Angel felt it twitch between them.

Meanwhile, Yasenia caressed her head with one hand and used the other to open her legs. Angel was a little doubtful but she felt really good with Yasenia's breast in her face and sucking her nipple. The heat from her member between her breasts was also relaxing her a lot.

Angel felt a hardness against her entrance and suddenly it clicked. Her heart rate rose and she felt anticipation build up.

Yasenia didn't stop her gentle caresses and at the same time, she used her tail-tip and penetrated Angel. Angel started moaning "Oh... Yasenia~ I love you Ahn~"

Yasenia answered gently while continuing her head pats and the movement of her tail. "I love you too baby, more than you think. Now be a good girl and relax. I'm here for you and I will always be."

Angel felt her heart, body, and mind, melting, be it in warmth, pleasure, or complete satisfaction. She felt really lucky to have Yasenia by her side.

Yasenia felt Angel's moans getting higher pitched and her insides tightening so she sped up her tail "Ah! Ahn, mmmh~."

Angel started to bite the nipple in her mouth expressing her satisfaction. Yasenia also started moaning. Angel felt that familiar feeling building up and said "Yasenia I'm cumming!!"

Yasenia felt the little spasms of Angel's insides and continued thrusting "Go ahead, baby."

Angel reached her orgasm "Aahhhn!!". Yasenia continued her thrusting for a while to extend her orgasm and then stopped without taking out her tail.

She lowered her face and lifted Angel a bit and kissed her gently "Let's continue in this position baby. If you want to change, tell me."

Angel felt the pampering from her tone and smiled blissfully. Like that she made Angel cum four more times while she came twice staining her insides and her breasts with her cum. Of course, every time Yasenia discharged, Angel would spasm in pleasure making extremely lewd faces and she would lick the delicious semen released from her penis.

Yasenia felt that Angel was already at the limits of her consciousness after her last orgasm, so she picked her up and lifted her by the butt, making Angel bury her head in her neck and wrap her legs around her waist.

Then she carried her to the bath. Meanwhile, Angel fell asleep peacefully secured in Yasenia's arms with a happy smile on her face.

Yasenia cleaned her, put her clothes on, and tucked her in bed. After that, she cleaned herself, put on her nightgown, and sat cross-legged beside the bed for a little while under the moonlight. Yasenia started absorbing Angel's yin energy and the energy of the moon.

Yasenia circulated Angel's primal Yin energy, which was only released when one lost their virginity. It was extremely potent and after a while, she felt something and "Bang!" Her cultivation actually rose to the seventh realm! The energy started enhancing her muscles and her strength exploded!

Moreover, with the help of the pure Yin energy, Yasenia managed to absorb the moonlight that was entering from the window! “Bang!” Her cultivation technique also broke through!

Her body shone with silver radiance and Yasenia reached the [Absorption of moonlight] realm. She unlocked four skills this time. [Crescent moon], [Full moon], [Wanning moon] and [Moonless night]

[Crescent moon] was a ranged technique that used horizontal strikes to create a crescent shape attack with the chilling moon energy. If used on a night with a Crescent moon, the horizontal strike will grow in width fivefold and in speed twofold.

[Full moon] This is a defensive technique, Yasenia must charge moon energy while using [Crescent moon] or [Wanning moon]. When charged Yasenia must thrust her sword on the ground and a silvery radiance will envelop Yasenia and her allies inside a dome. Those that aren't considered allies will be pushed out by the dome. If used on a night with a Full moon it will be able to block one attack no matter how strong.

[Wanning moon] Yasenia can coat her sword and cover it with the soft radiance of the moon. Every attack will do chilling frost damage slowing down your opponents with the moon energy. If used on a night with a waning moon the coating spreads to Yasenia's whole body and its strength of it becomes twofold.

[New moon] This is an auxiliary technique, Yasenia can create a zone swinging her sword horizontally in a complete circle, inside this domain, the Yin attributed allies and Yasenia herself will have the cost of their skills reduced by a 20%. If done on a night with a moonless sky, the zone will absorb the energy of the people inside and feed it to Yasenia and her allies.

After assimilating her skills, and reaching the seventh level, she felt completely refreshed. Yasenia looked at herself and saw that she was covered in frost.

She stood up and looked towards her sleeping Angel, seeing that she wasn't bothered she went to dip in hot water a bit. She didn't want to freeze her little Angel. Then she returned to the bed.

When she laid down, she felt Angel instinctively come closer to her and hug her. Yasenia felt her heart melting in a puddle, she slowly put her in Angel's favorite position, on top of her. After snuggling Angel between her arms she closed her eyes and slept peacefully.

The next day, when Angel woke up she opened her eyes groggily, feeling the familiar softness under her head she started rubbing her head in them like a satisfied cat.

Then she felt a faint soreness in her privates and this made the memories from yesterday night rush like a tide. ‘KYAAA!! D-D-Did I truly have sex in that position at the end!? S-So embarrassing!! How will I be able to look at Yasenia after this!?’

Angel looked up to the still sleeping person and become a little dazed, when Yasenia was asleep her face softened a lot and her facial features became gentle. ‘Whaa... she looks so good while she is sleeping...’

Then happiness came! ‘I finally had sex with Yasenia! Not only that... W-we dual cultivated, KYA!! I'm so happy!!’

Dual cultivating with someone was the most intimate action that someone can do with another cultivator.

This is because they exchange energies and from then on they will become very sensitive to the other person's energy.

This made it easier to track each other, so when someone is willing to dual cultivate with you instead of just sex, it means a lot.

Of course, there were methods to prevent this, and they were used regularly in sects that focused on dual cultivation, where disciples dual cultivate with a lot of partners at the same time.

Inside the Sky Continent, there were some dual cultivation sects. The most famous and strongest are the second-rate Spring flower sect and the demonic second-rate Poppy sect.

A demonic dual cultivation sect was actually one of the most abhorred because instead of growing stronger together, they consumed their partners.

Angel continued to lay down on Yasenia, completely limp, while she was looking at her sleeping face.

She was so comfortable, and with Yasenia's arms around her waist she felt so secure that she wanted to just spend the rest of her days like this.

After some minutes Yasenia woke up, she opened her golden slit eyes lazily and looked at her baby in her arms, only to see a lovestruck expression plastered on Angel's face.

Yasenia chuckled huskily and said with slight hoarseness and laziness in her voice "Good morning baby, do you feel any discomfort?"

Angel became even more limp listening to Yasenia and shook her head lazily she mewled softly "I feel heavenly~"

Yasenia smiled and caressed her head "It is time to prepare ourselves, baby, we have to go to class."

Angel whined "I don't wanna~" Then she asked cutely "Can we stay in bed?"

Yasenia raised her eyebrow and said "I don't mind... But don't expect me to do nothing to you..." Then she caressed Angel's privates with her tail tip making Angel shudder a little

Angel said with a red face "I-I wouldn't mind, but I'm feeling a little sore..."

Yasenia hearing that sat up while hugging her, helping Angel straddle her. Then she lowered her head to kiss Angel softly. After kissing her a little while she spoke "Let us go, baby, I truly won't be able to control myself."

Angel said a little timidly "Did I not please you enough yesterday?"

Yasenia's expression melted and lowered her head to kiss her little baby "I felt really good doing it. \*Kiss\* The problem is that I can go at it for a long time... \*Kiss\* It is not that I didn't feel pleasure, is that my stamina is abnormal."

Angel nodded happily while receiving the kisses, "I'm glad you felt good."

This resulted in another kissing attack, but this time Yasenia started to tickle her "Hahaha Yasenia! \*kiss\* stop it hahaha!" Both of them played for a while before preparing to go to class.
