Chapter 34

Angel didn't know if she should tell her about Yesenia's two weapons (her tail and male sex). 'Is Yasenia keeping it from them on purpose? I don't think so but to be sure...'

Cecile saw these changes of expression and was confused. 'Why did she go from embarrassed to confused?'

Angel decided not to talk about her male sex but... With a blushing face she said "Cecile, Yasenia can use her tail during intercourse. It is very soft and..." "She couldn't speak anymore!"

Cecile's imagination started to run wild and a faint blush appeared on her stoic face. 'She can... isn't it too big...? If Angel can take it then, I should be ab-... What Am I thinking!?'

Angel for the first time saw Cecile blush and put on an embarrassed expression and was enchanted. 'What to do... I want to pinch her red cheeks!'

Meanwhile, Yasenia and Evelyn were walking toward the registration place. Seeing her struggling face and unable to speak her mind, Yasenia stopped and took her hand. "W-What are you doing?"

Yasenia didn't answer and started to drag her to a hidden place. When they reached a hidden bench, Yasenia set up a concealing formation and sat.

Yasenia curled her tail around Evelyn and lifted her onto her lap. She wrapped one arm around her waist and pressed her back on her bosom. At the same time, the other hand started patting her while the tail just stayed around Evelyn's waist

Yasenia didn't speak, she just stayed like that petting her head with one hand and using the other to secure her better giving a protective embrace. Evelyn wanted to speak but, the warmth and the sense of security Yasenia gave her was too comforting.

She couldn't help but feel the tears gather in her eyes she said a little frustrated "If you are like this... *Sob* How can someone resist?"

Yasenia answered gently, "Why resist? Evelyn, I will repeat myself as much as needed until all of you understands what I mean. The only thing I can't fulfill is giving any of you loyalty. However, I will always be crystal clear with all of you. No matter what you ask me unless it involves the privacy of another one of you, I am going to speak about it."

Evelyn closed her eyes and felt Yasenia's warm and soft body pressing on her back. She took a deep breath and that sweet floral fragrance invaded her senses relaxing her messed up feelings. Evelyn just let herself sink into this comforting feeling for a while.

After staying like that for a moment Evelyn opened her eyes and started speaking, "This was told to me by a relative and confirmed by my mother... My mother is a darkness and ice attributed cultivator. My father, on the other hand, was lightning and magma attributed. Me being light and lighting attribute is strange."

"Before I was born they were together like a normal cultivation couple. My mother, however, wanted more power because they almost had a big accident.

Since she has a Yin attributed constitution, she searched for dual cultivation technique... ”

Evelyn frowned the more she spoke, “She didn’t have much lust because of her extreme Yin nature, so she thought that it wouldn’t affect her much.”

Yasenia massaged between her brows and Evelyn let her expression relax, “After getting a dual cultivation technique that she found on a secret realm exploration, they started using it. My father, however, after some years, couldn’t keep up with her growing libido. Seeing that my father couldn’t keep up with her when before, he had more than enough stamina, she wanted to stop using it.”

Evelyn smiled bitterly, “But it seems that the ecstasy that the technique brought her was addicting... My mother after some talking with my father, finally convinced my father to let her start a harem.”

Yasenia finally knew where this was going. Yasenia uncoiled her tail and turned Evelyn around and put Evelyn’s legs on her sides, and her little butt in her lap, making Evelyn straddle her. She ended by hugging Evelyn back with both her arms. “Continue dear, I’m here” Evelyn hugged her back and buried her face in her neck.

Evelyn continued speaking in that position, “Thankfully, my mother finally become pregnant with my father’s child, so he thought that this will help her somewhat stop what she was doing. You know how difficult is for higher-level cultivators to get pregnant so, they weren’t avoiding it, they never took precautions. That child that she got pregnant with is me.”

“This, however, didn’t stop my mother. She started gathering some men... My father was of course furious, he wanted to argue that she should wait for me to be born before doing anything, but she didn’t wait. She told my father that she won’t hurt the child, so he shouldn’t bother. So... “Evelyn started to choke up a bit.

Yasenia felt that Evelyn was facing her heart demons, so she kissed her on the cheek as encouragement and coiled her tail around both pressing Evelyn more on her. “Almost there dear, get this out of your chest. I’m here for you, dear.”

Evelyn continued with a brittle voice. “This resulted in a fight, n-not a v-verbal one *Sob* and because my father d-didn’t want to *Sob* harm me, he held back and got *Sob* crippled by my mother and her new partners.”

Evelyn said while sobbing “T-that is why I h-hate harems. B-but I *sob* love you so m-much and, I don’t know what to dooo!!”

Yasenia hugged her tighter while she was crying and said “Dear, I won’t let something like that happen. My dual cultivation technique doesn’t have addicting components. My mother has already analyzed it. Moreover, if you decide to start a relationship with me, you will become my treasure.”

Yasenia separated a bit and looked in those teary violet eyes with her golden ones and continued a little teasingly “And you know that dragons are very protective of their treasures. Don’t worry dear. Follow what your heart says. Let it out. ”

Evelyn looked at those golden eyes and couldn’t hold her growing feeling, she started crying again feeling very emotional “Waaah! I love youuu! I want to be with youuu!”

Yasenia hugged her again and smiled. She lifted her chin and kissed her lips softly. Yasenia started kissing all her face. She kissed her lips, the corner of them, she went up and kissed her cheeks. She kissed her tears away, she kissed her sadness away... One kiss after another, only leaving the loving dragoness in Evelyn's eyes.

Evelyn thought with determination, 'I won't care about this anymore, they are things that passed even before I was born... I will look forward to my future with Yasenia! Moreover, I will put effort myself to prevent any like that from happening!'

Evelyn felt like some chains that were around her crack and suddenly... *Bang!* Something inside Evelyn broke through! She had the same spiritual breakthrough that Yasenia had!

Yasenia smiled pridefully and said with a soft voice, "Congratulations dear, you killed your heart demons when you dominated your fears and broke through."

Evelyn opened her eyes widely and then she cried harder while hugging her tighter "Waaaaah!! I love you so muuuuch!"

Yasenia didn't know whether to laugh or cry at her new crying burst. She just hugged her until she stopped crying without stopping her caresses.

After finishing crying Evelyn cleaned her face and then looked up shyly, "So now I'm your partner?"

Yasenia chuckled a little and nodded, Evelyn's smile became wider, and proclaimed proudly, "To think that I will be one of the chosen ones to be able to fondle these heavenly big tits!"

Yasenia rolled her eyes, 'If she can joke like always, she should be fine.'

Then she thought about it and asked smiling, "Do you want to fondle them, dear?"

Evelyn blushed and looked down at that pair of melons in front of her. Yasenia raised an eyebrow, 'is she the type that her mouth is strong, but when the time comes, she doesn't dare? She is like... The opposite of Angel hahaha.'

Taking into account Evelyn's new trait, Yasenia's teasing soul awakened! She kissed the top of her head and said huskily "What's wrong dear? Do you want me to guide you? Are you sure you don't want to sink your hands in my softness?"

Evelyn felt her heartbeat quicken and her nose get itchy. She stuttered "I-I, uh, we can leave it f-for-"

Yasenia took her hands and guided them making Evelyn stop her blabbering. Her eyes seem to lock on her hands. From below her robes, around her waist, Yasenia let them caress her smooth skin and raised them little by little.

Evelyn was looking as if she could see through the clothes. How her hands reached inside her robes and went up to her softness. Evelyn's hands reached those two mounds and her fingers sank in them without making any effort. Feeling this, she squeezed instinctively. Yasenia didn't hold back her moan "Ahn~"

Evelyn felt her body tingling listening to her voice. Evelyn started to fondle them, sinking her delicate hands on them. She grabbed and then loosened, pushed, and then let the elasticity push her

hands outwards. Each time she touched the hard part it sent an electric current through her fingers and she also heard her heavenly moans.

Yasenia loosened her hands and hugged Evelyn with her arms and tail letting her do whatever she wanted. Yasenia lowered her head and started licking her earlobe slowly and gently while letting the natural moans escape her throat. She spoke with her heart-caressing, husky voice, "Ahn~ Evelyn dear, do you like them~?"

Evelyn who had her face buried in Yasenia's neck started trembling in pleasure just from her voice and sensual licks. The scent and having her back caressed was also increasing that burning feeling inside of her. Evelyn could also feel her inner garments getting wetter by the second.

Yasenia continued biting and licking her earlobe softly while moaning, "Mmm~ Dear, continue like that nnhg~ you are doing it so well Ah!"

Evelyn could feel hot waves of pleasure invading her nerves each time she moaned. Yasenia just continued caressing her back, pressing with her fingers, and licking her ear. Evelyn spoke with a trembling voice, "Y-Yasenia, I-I feel something c-coming."

Yasenia was surprised but she didn't stop. She whispered with a deeper voice, making her sensory pleasure rise, "Don't hold it back dear, let it all out, Mmm~ I'm here with you, I won't let anything bad happen, aahn~"

Evelyn let that raising feeling invade her, and said "Y-Yasenia I feel like I-I-I'm about to r-release..."

Yasenia continued her low sexy whispers, "Let it out dear, feel my softness, smell my scent. I'm yours, dear, let everything out... Like that dear, you are doing good~."

Evelyn felt the wave turn up a notch and when the feeling was about to explode she saw Yasenia moving her head and she captured her lips, invading her mouth! The soft tongue messing up her mouth did it for Evelyn "MMMMPH!"

Yasenia felt a hot liquid spraying on her waist and the trembling Evelyn in her arms. She held her more tightly and whispered tenderly, "Good job dear, I'm here, *kiss* I'm here *kiss*"

After 30 seconds Evelyn finally ended her sensory orgasm and became limp. She relished in the afterglow. She now felt in heaven, she felt so light and free, like all her chains around her disappeared. She looked up with her dazed violet eyes. She saw Yasenia looking at her with an extremely gentle expression and the warm feelings flooded her body, heart, and soul.

Evelyn raised her head and kissed Yasenia, then she said with a beautiful smile "I love you Yasenia."

Yasenia's smile deepened and said "I love you too, dear. I will take care of you from now on." Then she gently kissed her again.
