Chapter 37

They were about to continue when the clicks of high heels sounded. The ten or so people, plus the people around turned in one direction and froze completely. Like their brain could only register that person walking towards them with her sashaying movements.

Yasenia was wearing a completely black, sleeveless dress. The dress was open in the middle widely and covered just enough to not show her cherries, each time she took a step they seem to want to free themselves attracting the gaze of almost everyone present.

Her back had an opening for her black and golden tail that made it seem part of the dress and complimented the entire setup perfectly. The black skirt was long enough to reach her calves, however, it had an opening at the side that showed her perfect long legs and unblemished skin. The skirt was made of a very light material that easily moved with the wind giving her a seductive feeling.

Her black long hair was styled in a half-up half-down braid. With her 10 cm gold-colored high heels, she reached an impressive height of 197cm highlighting her presence like a phoenix among birds.

Yasenia had also put a little eye makeup to smoke her eyes and make her golden stare deeper and more charming. With a little bit of lipstick to make her lips glisten, she was as charming as a night sky full of stars and as seductive as a recently watered rose.

All of them cursed at Yasenia's mother for creating such a perfect specimen. Andrea thought 'Should I have put on my cultivation robes? I feel that I will have to beat up a lot of people today...'

Seeing their almost drooling state Yasenia smiled seductively and said a little deeply "Like what you see~"

Almost all of them nodded! Yasenia walked towards Andrea with her clicking high heels and said playfully, "That is a shame, I'm only theirs~" Signaling Angel, Andrea, Evelyn, and Cecile.

Cecile, Evelyn, Angel, and Andrea suddenly felt a lot of jealous stares aim their direction and they couldn't help stop their lips from raising, and sending a taunting glance at them.

A nearby redhead girl that was friends with Oliver said. "I understand why Angel and Andrea would behave like that... But why are you both reacting the same, Cecile! Evelyn!"

Cecile woke up from the stupor and returned to her deadpan state "You saw wrong."

They all shouted in their heads 'We! Did! Not!'

Evelyn on the other side smiled and said, "Hmph, I'm already in Yasenia's boat. Now, I'm a chosen one with the right to fondle her heavenly-!" *Bang! *

Evelyn thought while lying on the ground and looking at the clear blue sky 'Why am I still being slapped by her tail if I'm with her? Worse, why did I have expectations for her tail to slap me?'

If the rest heard her thoughts, they would probably facepalm, 'Isn't it because of the way you always focus all your words on her breast!? And what do you mean about expectations!?'

Yasenia went to Andrea's side and carried her sweet floral fragrance for Andrea to smell. She hugged Andrea's arm between her breast and she said with a coquettish smile, "Do we go now, darling? We have to reach the mortal city before lunch~"

Andrea didn't hold back and moved her head to kiss Yasenia not minding the stares around. Yasenia returned the kiss happily, after they separated Andrea said in her deep and clear voice "You are really beautiful today."

Yasenia's tail wagged and said "You are also very charming today darling~"

Angel took out a notepad and wrote, 'It wags when receiving compliments' then she closed it with a satisfied nod. You could see the letters "How to make Yasenia wag her tail Volume 1" on top of it.

After that, the two tall girls went to the mortal city. While walking around they completely ignored the stares and spoke with each other sweetly. They passed some shops and bought some little trinkets.

Yasenia also dragged Andrea to different food stalls and went to see some street spectacles. Right now they were watching a comedy spectacle and Yasenia was laughing while hugging Andrea's waist.

Andrea put an arm around her shoulders. She had a natural smile on her lips looking at the laughing woman by her side. For Andrea, her smile seemed to light up the surroundings and her melodious voice softened her heart.

Andrea couldn't help but fall into a daze and think, 'I'm truly lucky, not only is this woman beautiful, she has the same traits as me. She is also caring towards us, we all can sense that she truly doesn't like harems, she tries to have time alone with each of us, and takes care of not being overly affectionate with others in front of the rest... She is truly wonderful.'

Andrea saw Yasenia turn towards her with a smile and some tears around on the corners of her eyes because of laughter. Seeing such a charming expression Andrea lowered her head and kissed her.

Yasenia was surprised, but she didn't shy away. Yasenia really liked kissing Andrea, her strong arms would hug her over hers and she was always dominant in their kiss because of her height advantage which she loved.

After they separated Yasenia said with a gentle smile "Darling, I like you very much."

Andrea's heart rate quickened, and she continued kissing her while moving to a nearby hidden alley. Andrea pressed Yasenia against the wall and continued devouring her lips. She put one leg between Yasenia's legs, Yasenia lowered her waist and rubbed the leg with her core. "Uuh~ Andrea~ *Kiss*"

Yasenia lowered her hand to Andrea's crotch and started to feel her hardness, she started to compare them both between moans and kisses, "Not bad, aahn~, but this time fufufu I win~ *Kiss*"

Andrea said huskily "It doesn't matter, this hardness of mine will make you cry in pleasure anyways" Yasenia shuddered in anticipation.

Her tail disobediently started to caress below Andrea's hardness. Yasenia licked her lips and whispered seductively "I can make you feel both at the same time if you want darling~"

Andrea swallowed hard when a lot of scenarios flashed within her now colorful mind. She said with a hoarse voice “Let’s go to our room, no matter that it is still early.”

Yasenia smiled seductively, “So impatient~” However, she wasn’t less impatient herself!

After both reached the room *Bam!* Yasenia was slammed in the door and her dress was taken care of without breaking it while they were kissing. Yasenia helped her to take off her shirt and started unbuckling her belt. They moved from the door to the bed, and when they reached, they were already naked.

Andrea also had an 18cm respectable length, with the same girth as Yasenia. Yasenia laughed and put them side by side using her hands to pump them both at the same time. She lifted her golden eyes and looked at her light-green eyes “How do you feel darling, mmh~, Do you like this?”

Andrea hugged her and said breathing heavily “I like it Yasenia, continue my love.”

Yasenia continued rubbing both their members with her soft hands while kissing Andrea. When she felt Andrea’s member start to twitch she separated from the hug and let herself fall on her back without breaking eye contact.

When her back reached the bed both her breast and dick bounced making Andrea’s twitch at the stimulating sight. Yasenia opened her legs and presented her dripping vagina licking her lips “This is where your rod will live from today onwards, do you like it, darling~.”

Andrea pressed her onto the bed and positioned herself, “I will have to taste it to know, don’t you think?”

Yasenia licked Andrea’s lips, “Go ahead, I’m yours, darling.”

Andrea inserted herself in one thrust *PAH!* Yasenia moaned and her insides started wiggling around her hardness. Andrea didn’t expect this and almost came directly! “*Grunt* Yasenia, ohh... Your insides are amazing, mmmh~!”

Andrea pulled back and then she started pistoning hard! Andrea liked rough sex, so she didn’t hold back the speed of her waist. *PAH* *PAH* *PAH* Yasenia hugged Andrea and pressed her breast on Andrea’s. “Ahn, ahh, ahh, Andrea! Ohh, so good! Aahn!”

Andrea felt that Yasenia’s body was truly unjust! Not only her hardness is top-notch, but her insides are also top grade! It was warm, slimy, and the way it tightened was too stimulating.

Andrea kissed Yasenia and used one hand to pump Yasenia’s rod. Her waist movement didn’t stop and made Yasenia feel extremely good. “Yasenia, mh~, hold me with your tail.”

Yasenia did as she was told and held Andrea. Andrea used Yasenia’s tail to support herself while moving and used her now free hand to rub Yasenia’s clitoris! She was stimulating everything she could!

Yasenia moaned loudly “AHH, Andr- Ohhh, YES! MORE! OHH!”

Andrea truly couldn’t hold it, everything Yasenia did felt as if trying to squeeze you dry! Andrea spoke, “I’m Cumming!”

Yasenia also felt it coming so she said “AH! AH! AH! A little more darling! Pump my rod harder OHH! Like that! I’m cumming!! OHHHHH!!”

Andrea made her tip touch her cervix and creampie Yasenia with everything she had. Yasenia felt the energy inside her uterus and came from her dick, tail, and vagina. Andrea fell limp atop Yasenia, staining herself with Yasenia's release. Yasenia recovered first and said, "Darling... that was amazing~"

Andrea chuckled a little and said in her deep voice "I bet you aren't satisfied, little dragoness."

Yasenia smiled and made a little strength with her vagina tightening on the still hard dick inside of her, Andrea moaned. Yasenia whispered in Andrea's ear with a smile, "Darling, fuck me until you can't cum anymore, I can take it. Then I will fuck you until you fall unconscious from pleasure." Yasenia felt the thing inside of her twitch and her smile deepened.

Andrea did that, she turned Yasenia around and pressed her front on the bed. Then she started fucking her from behind. Although the focus normally is on her big breast, Yasenia's butt was also big, moreover, because of the tail weight, it was toned perfectly. Her back was also very beautifully toned, with the right amount of visible muscle.

Knowing the bottomless stamina of the dragoness, Andrea didn't dare hold back and after grabbing her waist she pounded her fast, deep, and rough. "Yasenia put your tail tip in my mouth Ahn~"

Yasenia excitedly moved her tail tip in front of her face and Andrea started sucking on it. Andrea freed one hand and leaning forward she took her dick with the free hand and continued her in that position.

Yasenia this time felt truly good. All her parts being caressed and being bred like that, some feelings of submission she had hidden since her last time with her mother surfaced and made her shout in ecstasy "AHH! AHH! OHHHH! MORE! MORE!"

Her insides instinctively started tightening, sucking, and wiggling making Andrea not able to hold it for more than three minutes! Andrea grunted and came inside of her again.

This time, however, because Yasenia entered her sex mode, Andrea felt as if the semen was being sucked out of her balls directly! Yasenia, feeling the energy inside her uterus again, started moaning in ecstasy and came from her three parts again.

Andrea felt extremely good just from the vaginal suction, but suddenly, the tip in her mouth started penetrating her throat deeply and the rod on her hand inflated and became warm. Both tips started spurting rope after rope of semen.

Andrea felt that delicious, thick, and warm liquid being pushed down her throat, and when it passed her throat, it started electrifying her brain. This, combined with the vaginal suction below, made Andrea's eyes roll up and cum harder! This time from both her sexes. She lost it so much that she was pissing herself.

After Yasenia finally came down from her orgasm, she remembered what she had just done and hastily turned her head back. She saw Andrea still grabbing her waist and spasming in pleasure, but nothing too big. She let out a sigh of relief.

Yasenia moved forward letting all the liquid inside her gush out and went to Andrea's mouth and kissed her directly. She didn't care about her cum staining her mouth.

She started to kiss her deeply with her long tongue, cleaning her mouth of her own discharge. She caressed her with her tail absorbing some overflowing energy and relaxing her nerves.

Andrea came down fast because of one reason. Her cultivation level was nearing the sixth level of the Mental nourishing realm. Her mind could take higher-level stimulation without problems, however, this time she almost fainted from pleasure...
