

Heaven 45

Chapter 45

After being kicked out by Angel, Oliver and Gustav went from aroused to completely confused. They shook their heads, stood up, and started looking around.

Meanwhile, inside the cave, Yasenia's moans continued caressing their hearing sense making them hot just with her voice. Cecile stood up and left the cave hastily with a blush. 'If I stay inside I will jump at her... To make me feel like this just from her voice... When we become one, will I lose my mind?' Her blush deepened and her mouth became dry thinking about it.

On the other side, Evelyn was wondering if she should stay or leave. To be honest, she wouldn't mind doing it here, moreover, her heart was beating extremely fast!

Of the three of them, Angel was the one who couldn't hold it anymore. She had her switch flipped since Yasenia started moaning and her underwear was already completely damp. Angel looked at Evelyn, then at Yasenia, and went outside to say, "Do not enter until we are out!"

When she returned, under the stupefied gaze of Evelyn, she set up a sound concealment formation. Then, she started undressing. Evelyn's gaze followed Angel's clothes and locked onto the big pair of white, bouncy mountains. However, even if she had the thought to move and fondle them, she was too shy! 'Why do I become shy in these scenarios!?'

Angel approached the dazed Yasenia and lowered her mouth to her ear, she said in a spoiled tone, "Yasenia~ I want to do it~"

Yasenia reacted after hearing Angel's voice, her body moved and some clarity returned, 'The effects are bigger than I thought!'

Yasenia looked to the side while disrobing and seeing Evelyn, she spoke hoarsely, "Evelyn, I don't want to Ahn~, do it with you, Ohh... for the first time because of a pill Aahn~, leave please mmm~"

Evelyn stuttered and said with a completely red face, "I d-don't mind, I w-was thinking o-of advancing our relationship when returning anyway..."

Yasenia looked at her and spoke with a completely sultry voice that made Evelyn and Angel whimper, "Don't regret it, dear~"

Yasenia stood up, she has been healed completely thanks to the pill. Angel looked down at the bulge that the rock-hard member made and her sex throbbed. Angel has completely disrobed already and drops of the glistening liquid were falling from her sex.

Yasenia looked at Evelyn and sultrily asked, "Want to see first? Want to go first? Or both at the same time?"

Evelyn responded timidly, "I want to s-see first"

Yasenia smiled seductively, "What a perverted girl~ come near when you want to join~"

Then she walked towards the fidgeting Angel and let her robes fall, showing her naked glory.

Evelyn looked down and saw that big and proud weapon, she swallowed, 'Can that thing even enter down there?'

Yasenia picked up Angel while standing and started kissing her. When Angel wrapped her legs around her waist, Yasenia moved her hand and felt her garden with it, “Yasenia~ Hyan! I’m already prepared, mmh~.”

Yasenia put her arms below her knees lifting her legs and her hands grabbed Angel’s butt. She positioned her above her member and looked at the red-faced Angel, “Today I will go rough, baby. If you are overwhelmed tell me.”

Angel was about to nod when Yasenia lowered her thrusting inside and directly reaching the cervix Angel threw her head backward and shouted because of the pleasure, “AHHH!!!”

Yasenia didn’t stop. Holding her by her little butt, Yasenia lifted her until only her tip remained inside and lowered her. “AH! AH! AH! Yasenia~ Oooohh!”

Evelyn looked at the savage way that Yasenia was penetrating Angel and their breasts bouncing up and down making her heartbeat go astray. The ecstasy-filled face of Angel and her moans made her whimper in anticipation.

Yasenia moved Angel fast and wanting more stimulation for herself, she moved her tail to Angel’s mouth. Angel even delirious of pleasure recognized that musky sweet scent so she opened her mouth and the tail invaded her mouth until it almost touched her throat. “Mmm *slurp* mmmh!!”

Yasenia felt her contractions and wanting to reach her orgasm faster she pushed her tail down Angel’s throat. When Angel came her throat vibrated and her garden started to spasm. “MMMMPH!”

Yasenia was able to reach it thanks to that after pumping her waist three more times!

PAH *PAH* *PAH*

“I’m cumming!” Yasenia creampie her insides and pushed her cum down her throat directly. The electrifying feeling of Yasenia’s cum going down her throat and filling her uterus made her pleasure nerves explode. Angel’s eyes rolled up and her legs straightened while she squirted heavily splashing her juices against Yasenia’s navel.

Evelyn saw all of it and was at the side trembling in anticipation. She was looking at the ruined face of Angel and noticing her pleasure spasm.

Yasenia took out her members and everything gushed out of Angel. Yasenia started kissing her and caressing her with her tail to relax Angel. After that, she put her down to let her rest and looked toward Evelyn. Evelyn flinched

Yasenia spoke while walking towards her with her sashaying full hips and glistening erect member “Now is your turn dear~”

Evelyn swallowed dryly, she has already undressed during Angel’s pounding. Yasenia looked at Evelyn’s eyes that were full of expectation and hugged her, assaulting her with her potent sweet scent.

Then she asked huskily in whispering to her ear “Dear, do you want me to be rough?”

Yasenia felt the girl between her arms tremble, she lifted her chin and smirked, “Dear, do you know the result of your actions?”

Evelyn was a little confused until... *Slap* a hand slapped her butt. She felt a wave of slight pain accompanied by a tingling feeling, a moan escaped her mouth. Yasenia’s hand stayed on her butt groping it and caressing the recently slapped cheek.

Yasenia asked while caressing Evelyn’s butt, “Are you...a good girl or a bad girl? Hmmm~” *Slap* Evelyn felt that tingling feeling again and moaned “nnhg~”

Her face became red as she weighed her options. One of the reasons Evelyn liked Yasenia was because of her dominant character. Although she normally does dirty jokes and the like. She is, at the moment of the truth, extremely shy. The opposite of Angel, who normally blushes easily, but when she acts, she does it decisively.

After feeling those two tingling slaps, and the soft caressing afterward, she stuttered, “I-I am a b-b-bad girl.”

Evelyn couldn’t believe her own words! Yasenia smiled and took out a bed from her spatial ring. She sat and put Evelyn’s chest on her lap. Evelyn felt Yasenia’s soft thighs and looking at the side she could see the proud dragon pointing at the heavens, she swallowed again.

Yasenia asked more gently this time. “Are you sure Dear? Don’t answer me, just nod or shake your head”

Evelyn thought a little more and nodded shyly. What followed was... *Slap!* “Truly, my dear is a bad girl *Slap* she wants this kind of *Slap* treatment~”

Evelyn couldn’t control her voice from leaking. “*Slap* Ahn~ *Slap* Ahn~”

Yasenia put her tail in front of her mouth and said in a commanding voice, “Since you are this perverted, and also you get excited because of this, you will have to pleasure me. The better I feel, the worse my punishment!” *SLAP!*

That last slap was harder than the previous ones and made liquid spurt from her vagina because of stimulation. Evelyn wanted to feel those so she put her tail inside her mouth. Yasenia moved her tail and ordered. “Move your tongue! *Slap!* You still haven’t eaten, right? Then, I will feed you twice with my milk~*Slap!* ”

Evelyn felt her core getting wetter and with the now sweet-tasting tail in her mouth, she started sucking and licking like she saw Angel before. *SLAP!* *Moan* After that slap, Yasenia’s hand slid a little in her crack and caressed it until she reached the little bell. Evelyn trembled in pleasure and another spurt of liquid gushed out. Yasenia lifted her hand again and when Evelyn tried to use her throat her hand lowered again *SLAP!*

Angel recovered at this time and saw this scene. She stood approached. Angel sat on the side of Evelyn’s head and she hugged Yasenia from the side. Angel lowered her head to put the dragoness free rod in her mouth. Yasenia moaned from the double blowjob. “You both are Ahn! doing great!”

Evelyn now had the giant tits of Angel hitting her shoulders because of the girl’s up and down movements and a front seat of Angel’s lower lips which had some white smears dripping from the

entrance. Moreover, Angel was opening her legs, as if wanting to show her what will happen to her shortly.

Yasenia moved one hand to Angel's flower and started ravaging it mercilessly with two of her long fingers. Yasenia put the heart and ring fingers inside, hooked them upwards, and started to move them fast.

Then, she stopped her slaps and did the same with Evelyn, but only stimulated the clitoris, lower lips, and a little of her entrance. She wanted to take her virginity with her rod, not her fingers.

Yasenia controlled their orgasm until she felt herself reaching it. Then she accelerated the rubbing on Evelyn and the squelching on Angel. Yasenia grunted, "I'm cumming!"

The three of them came at the same time. Yasenia filled both their mouths with her delicious nectar. Evelyn felt for the first time the electrifying feeling of having Yasenia cum down her throat and her orgasm was so strong that her trembles became spasm and she pissed herself.

After feeling both of them stop trembling a little, Yasenia took both her members out, and picked both of them up. She laid on the bed with one hand to support each of them and put their heads on her shoulders. For a minute she waited for them to come back.

She didn't mind Evelyn's reaction because she also has been there. It still happens to Angel and Andrea from time to time when she wants them to have big orgasms.

For the curious, Andrea and Yasenia does it from their vaginal urethra.

Angel came back faster and started kissing Yasenia. She really liked kissing her after the big orgasms, the feeling of the afterglow and her kiss felt truly heavenly for her. She also feels extremely loved because of how gently Yasenia kisses them in those moments. As if saying that she loves them dearly.

Yasenia turned towards Evelyn and put her on top of her like she normally does with Angel. Yasenia lifted her by the butt and in the same motion started to kiss her slowly, without using the tongue, extremely gently, "I love you, Evelyn. *Kiss* Did you like what we did? Did anything feel uncomfortable?"

Evelyn melted in that embrace and kiss. She responded with a mewling voice, "I liked it very much~ *kiss* I felt really good~"

Evelyn was kissing Yasenia with half-closed eyes, almost purring in comfort. Yasenia smiled lovingly and spoke looking at her violet eyes, "I'm going to take your purity normally. Relax, dear, you just have to feel good."

Yasenia put Evelyn's back on the bed and continued gently, "Let your body relax, dear, yes like that. I will do the rest."

Evelyn nodded lovingly and started rubbing herself on Yasenia like a cat.

Angel stood up and started cleaning herself. She knew that the effect of the pill will be controlled after one more time, so she will leave them alone for this. There were also people waiting outside... Moreover, she was full of Yasenia's warm nectar inside her belly and uterus.

Evelyn felt super comfortable in the previous position and asked shyly, “Can we do it like we were before?”

Yasenia stopped her movements and answered after chuckling, “Of course dear, anything you want. In bed and outside of it, I’m yours, dear. Whatever you want, we will do.”

Evelyn blushed and smiled happily, she whispered “I love you, Yasenia.”

Yasenia smiled and repositioned themselves to Angel’s sleeping posture. Yasenia pushed her head with her tail into her breasts, surrounding her with her softness. She liked burying their face in her breasts, they will always start sniffing her and sometimes even licking her cleavage making her feel very comfortable.

Evelyn felt being pressed like that and started taking deep breaths. Evelyn hugged her and felt Yasenia raise her hips with her hands while her tail was pushing her head in her breast. Next, she felt a hard thing poking at her entrance.

She felt it spread it slowly: Then the wide head started rubbing her walls and advanced. When her head pushed against her purity wall, she heard Yasenia whisper, “I love you, dear.” And then a little bit of pain came when she broke that wall.

Evelyn hugged Yasenia tighter and hot waves of pleasure assaulted her senses when Yasenia kept penetrating her until she reached her end. When Yasenia reached Evelyn’s end, a zap of electricity struck her brain. This made her insides clench and a moan to escape her mouth. “Aahn~”

Yasenia’s hand guided Evelyn’s movements doing long and slow thrusts, she was opening her tight vagina and accommodating it to her girth. Moans of comfort escaped Evelyn with each thrust, the scent and softness were incredibly stimulating. Moreover, the long and slow thrusts scratched every spot inside her.

She truly felt... Making love. She liked this feeling so much more than the previous play. But it is also true that the pleasure the other gives is also fantastic.

She liked both, she liked Yasenia more and more. She thought ‘So sex can be also like this? So... comfortable, warm, as if pleasuring my heart, instead of my brain.’

Evelyn mewled with each thrust “Aahn~ mmm, nnhg~ so comfortable~ Aahn~”

Yasenia smiled. She quickened her thrust a little. They couldn’t be here like in the Academy, although she wanted to make love like this for a while... There were dangers outside and they couldn’t take much more time.

Evelyn started to feel more pleasure. And her insides started tightening, asking for something. Yasenia felt it reach fast this time. “Dear, when I cum inside *grunt* the pleasure will be too much Ah! Ah! mmh~, but don’t worry. I’m here, just let yourself go, mmm~, don’t resist.”

“Ah! Ah! En, I will, Ahn! Trust you! Ooh!”

Yasenia accelerated her own waist and started piercing upwards fast. Evelyn felt that feeling from before coming again but stronger. After a few more thrusts, Evelyn felt the member inside of her inflate. Then, when Yasenia grunted she felt her insides being filled with something warm.

An electric current climbed from her lower body to her brain and her nerves exploded with pleasure! “OOOHHHH!!!!”

Evelyn's whole body spasmed and her world exploded in white. She squirted heavily and drool leaked from her mouth. Yasenia stopped cumming after some ropes and hugged the trembling girl.

She massaged her, slowly kissing her drooling, and opened mouth. Yasenia inserted her long tongue and brought her down little by little. Her tail controlled the amount of pleasure she received.

Evelyn came back from high up in the sky and her body went limp. Feeling the deep and slow kisses and her caresses she sighed with a content smile, "That felt way too good. I felt my brain flashing white and a world of pleasure arrived. You are incredible Yasenia~"

Yasenia chuckled and said, "Let's go dear. They are waiting."

Evelyn nodded shyly. "Thank you for accepting me into your family Yasenia, I'm super happy"
Yasenia smiled gently and lowered her head to kiss her.
