

## Heaven 48

### Chapter 48

After Yasenia fell asleep, Tatyana kept looking at her. The gentle moonlight gave her flawless skin a silvery tone. This made her features more gentle, like a goddess untainted by the mortal dust.

However, since they would leave the cloud forest tomorrow, Tatyana decided to get her Yasenium refill. Tatyana looked towards the tents and checked if everyone was sleeping.

After she confirmed it, without waking her up, she picked up the sleeping Yasenia in a princess carry. Tatyana moved towards a more remote place and took out a bed from her spatial ring. She laid Yasenia on top of it and put a concealing formation. Then she started her attack!

Yasenia was sleeping peacefully and suddenly, she felt someone kissing her. She groggily opened her eyes and saw her mother's red eyes. Confirming who it was, she closed her eyes again and started responding to the kiss languidly, "Mom \*kiss\* what are you \*Kiss\* doing?"

Tatyana put one hand on Yasenia's big breasts and the other on the base of her tail. She stimulated her by fondling her softness and the hand on the base of her tail went along its whole length slowly. Yasenia slid her tail through her palm and made it easier for Tatyana to caress her.

Tatyana stopped kissing Yasenia and moved towards her ear. She licked her earlobe and whispered seductively, "Don't you want to be emptied after so many months, love~"

Yasenia felt a rush of excitement and her sleepiness faded away. Her scent became more powerful and her body started heating up.

Yasenia hugged Tatyana on top of her and moved Tatyana's head so that she could capture her lips. She invaded deeply with her long tongue and enjoyed Tatyana's taste. Yasenia took off her robes and clothes and Tatyana did the same.

By the time Tatyana's hand reached the tail tip, both of them were kissing hungrily and completely naked. Tatyana grabbed the tip and started to move her hand up and down. The hand movements lit up Yasenia's pleasure nerves making her moan while kissing.

Tatyana summoned her dildo and put it on. Yasenia saw it and opened her legs wide. They stopped kissing and Tatyana positioned herself. While she rubbed her tip on Yasenia's flooded entrance, she used one hand and guided the tail tip to her backdoor. Tatyana licked her lips and said, "Today, I'm going to make you scream hoarse" Then she thrust her whole length in one motion \*PAH\* Yasenia moaned, "Aahn~"

Yasenia this time didn't control her body, her insides started squeezing, wiggling sucking, and tightening crazily! Tatyana moaned, 'Oh my god... She is milking me!'

When she was about to move her waist, the tail thrust upwards! "Oooh!! So deep! Yasenia that is not only the tip!!" Yasenia was thrusting further than the 20cm of tail-tip!

Tatyana grabbed her hips and started the pounding. She moved back her full length, and then thrust until she reached the second entrance. Her movements were speeding up until slapping noises were heard.

\*Pah\* \*Pah\* \*Pah\*

“Ah! Ah! Tatyana! Deeper! Aahn~”

Meanwhile, Yasenias tail was going up and down rapidly! Yasenias started to push harder and harder putting inside more off her tail! The width of her tail started widening and with each thrust she opened Tatyanas back hole wider! “AH! Oh! Yasenias you are going too deep!! OHH!”

Tatyana started squeezing the member inside her making Yasenias moan louder, without stopping her waist she took Yasenias legs and put them beside Yasenias head and she started hammering from above!

\*PAH\* \*PAH\* \*PAH\*

Yasenias started moaning harder and her tail movements became faster. She couldn't hold it anymore, her mother's deep thrusts were making her crazy, “Tatyana I'm Cumming already!!!”

Tatyana continued her waist movements and when she felt that Yasenias was about to cum, she took out her dick, pinched Yasenias clitoris, and put Yasenias penis in her mouth.

Yasenias felt her clitoris pinched, fireworks exploded in her head and she made her tail thrust almost 40cm inside Tatyana. She also felt her warm mouth and with both hands, she pushed Tatyanas head to penetrate her throat deeply. Yasenias came hard. “AAHHHH!!!”

Tatyanas mouth was flooded with Yasenias delicious cum and she swallowed it greedily. The cum going down her throat and filling her deepest parts sent electric currents to her brain and she squirted.

After Yasenias came, she didn't stop. She freed her legs, took out both her members, and pushed Tatyana on the bed face down. She took off Tatyanas dildo and aimed her rod at her butt hole. Then she slammed her waist on Tatyana so hard that she lifted Tatyanas upper body. “Ooohhh!!”

Feeling Tatyanas insides Yasenias became completely sex-crazed. She covered Tatyanas body with hers and bit her nape while she pressed her softness on her back. Her waist went up and she pounded Tatyana senseless.

\*BAM!\* \*BAM!\* \*BAM!\*

Tatyanas started screaming in pleasure as she felt being completely dominated by her daughter. “AH! AH! AH!!” She couldn't stop her moans!

Yasenias didn't seem to be satisfied, so she put her tail tip in Tatyanas flower entrance. When Yasenias raised her hips, she penetrated her with her tail in one thrust! Yasenias felt her tail hitting her end and she hammered down while the tail was fully inserted \*BAM!\*

Tatyana being completely filled in that thrust and then slammed from above directly squirted. “OOHHHH!!!!!!”

When Tatyana came her insides sucked and tightened on Yasenias making the dragoness cum with a growl while biting on her nape. She stayed fully inserted with both her weapons and filled both her holes completely.

Yasenias wasn't satisfied so she raised her hips again after cumming and without caring about the person below \*BAM!\* She slammed her waist downwards!

For the next half an hour, Yasenia didn't stop her waist for one second. She overflowed both of Tatyana's holes with her cum until her semen was splashing each time she lowered her waist. Tatyana was a moaning mess and was having orgasms almost every minute.

Yasenia finally stopped her relentless attacks. She unplugged both her rods. Without the rods holding it, the semen gushed out like a tide from both of Tatyana's holes.

Tatyana was twitching in pleasure, however, Tatyana put strength in her arms and stood up with her black hair covering her face. She has squirted almost 20 times in this half an hour. She was completely delighted!

Tatyana licked her lips with hearts in her eyes, "Love~ Now that you have made me scream so hard, If I don't return the favor, it would be bad manners, right?"

Yasenia had a bad premonition and swallowed hard. If she sees this to the end, she felt that something will change forever. "M-Mom, it was that I m-missed you a lot so I became e-excited. I w-want to walk t-tomorrow."

Tatyana answered, her smile widening, "Don't worry love, I will carry you~"

Tatyana put on a dildo again, but Yasenia's eyes opened terrified. "T-Those are at least 35cm! Do you want to kill your daughter!?"

However, Tatyana said with a domineering tone, as if commanding her mate, "On all fours!"

Yasenia felt her uterus throb in excitement due to her instincts and obeyed with a trembling body. Trembling, because of anticipation and terror of having that monster penetrating her.

Of course, Tatyana knew that this position was actually very stimulating for Yasenia, it was as if she was presenting herself to her mate. This is also the reason that she went crazy with Andrea before.

Tatyana looked at Yasenia's dripping female sex and smiled lewdly. Tatyana went behind, and knowing how to push her buttons she said "If you want for me to fill your uterus with my seed, Beg!"

Yasenia's female sex squirted a bit and her trembling became more apparent. She even started wiggling her tail and ass, trying to tempt her mate and her scent became overpowering. "P-Please give me y-your seed! Fill this daughter until she can't think straight!"

Tatyana's smile widened. She put the tip on her vagina and the size became apparent. The girth of that monster was bigger than her whole vagina. Tatyana knew that Yasenia could take it, but she penetrated slowly at the beginning, to be sure. Yasenia's lower lips spread widely showcasing impressive elasticity and electric sparks assaulted Yasenia's brain, "Aahn~, more, deeper! OHH!"

Then when the whole tip was inside, Tatyana mercilessly stabbed her giant penis until she reached her cervix. Yasenia's eyes rolled up and she reached an orgasm, "I'M CUMMING!"

Not only did she squirt, but her rod also spurted semen staining the sheets below. When Tatyana reached the cervix, Yasenia's insides spammed crazily trying to milk her. She was still sensitive because of Yasenia's previous pounding and discharged from her member. Yasenia felt the awaited discharge and moaned throatily, "OOHHHHHHH!!!"

Tatyana kept pushing against her cervix and she suddenly felt that it was opening and closing trying to put her absurd girth inside her deepest parts. Tatyana became delighted at Yasenia's neediness for her!

Tatyana hugged her from behind and used one hand to grope her big dangling breast and another to grab her penis, she then kept arousing her instincts, "That's right love! Your uterus is for me to use!"

Those words made Yasenia's insides do everything they could to put Tatyana's rod deeper in her.

When Tatyana felt the entrance loosening enough, she pulled out a bit and then plunged to the hilt! \*PAH\* Yasenia felt her cervix wide opening and her dick pushing against her final wall. She screamed in ecstasy, "AAHHHH!!!"

Tatyana pulled back, but Yasenia's cervix closed tightly as if she was afraid that she was going to pull out of her.

Tatyana's smile became sadistic and kept pulling out slowly. Yasenia tensed her muscles but she felt that her cervix was about to lose its grip! Tatyana aimed at this moment and she pushed her waist again! \*PAH\* Yasenia did a lewd smile and squirted.

Tatyana started pounding her fast. Being bred like that, the dragoness was becoming crazy. Tatyana didn't stop her waist and her hand started pumping Yasenia's rod. Then she used her other hand to guide the tail tip to her mouth and penetrated herself deeply in the throat.

With this amount of stimulation, Yasenia didn't last a single minute! Tatyana felt her insides spasm and her cervix tightened asking for something. Tatyana however, didn't give it to her, thus Yasenia came alone. "OHHH!!!" Tatyana didn't even stop while Yasenia came.

\*PAH\* \*PAH\* \*PAH\*

While the dragoness was cumming for the second time, her insides sucked strongly and Tatyana couldn't hold it. She released inside making Yasenia blabber in delight. Yasenia's arms have long given up and she was being pounded against the bed.

Yasenia could only slam her butt against Tatyana meeting her thrusts. Tatyana continued her assault for half an hour. Yasenia didn't even know her name anymore. She just kept meeting Tatyana's thrusts instinctively while having continuous orgasms.

After all of this, Tatyana felt Yasenia's dick inflate one last time in her hand. "ROOAR!!!" Yasenia roared and her tail and dick swelled up one last time spurting cum in a mind-blowing orgasm.

Yasenia's orgasm was so powerful that all her sexes sprayed simultaneously without pause until they were completely empty! Yasenia then fell on top of the stained sheets completely limp, even her tail fell.

Her body continued twitching while her waist and tail spasmed from time to time. Then, she fell asleep without caring for anything else.

Tatyana put her hand on her slightly bloated belly, and smiled in satisfaction, "My Yasenium is recharged~ But where does she hide this amount of liquid? She doesn't even have testicles like

other male dragons. She has at least cummed four liters of fluids between her vagina, penis, and tail!”

She used her spiritual sense to analyze her insides out of curiosity. Tatyana raised an eyebrow “Oh... It seems that her sexes are connected to an organ at the beginning of her tail. It seems that this organ is creating... a transparent liquid. It is creating more even now with the energy in her body... Doesn't this mean, that the stronger her cultivation level, the higher the fluid regeneration?”

Tatyana looked more closely, “This is the first time I see this type of organ in anyone... Moreover, she didn't have it when she left our mansion... I mean, Dr. Ava would have told me, right? This organ is even connected to the sweat glands!”

Her curiosity soared! “Let's see... Hoho~ her body can change the properties of the liquid with her energy. The semen is created by adding Yang energy, vaginal fluids by adding Yin energy, and her typical sweet-scented sweat is the transparent liquid directly secreted...”

Tatyana fed Yasenia something out of curiosity. She carried her towards a bath on the side and kept the bed in her ring. She cleaned the fainted Yasenia and herself in a bath while looking at the trip the food she fed her was doing.

The water she was using was the silver water from her spatial ring. She wanted to help her clean the impurities secreted by the beauty pill. This will perfect her even more, “The food is decomposing and transforming into energy while going through her intestines... These are the effects of the beauty pill. The energy is then carried through her meridians to that organ and... It is now being transformed into more of that liquid. Moreover, the natural regeneration of it is... A little worrying. The organ is already half refilled and not even 15 minutes have passed.”

Tatyana swallowed in anticipation, She will be a little hard to handle in the Dantian Spiritualization realm. Maybe I will have to do it with her for a week to make her completely satisfied? That will be fun fufufu~”

After the bath, she carried Yasenia to the camp, put her in a new clean bed, and laid beside her with her belly warm and completely full of Yasenia's nectar.

She continued looking at her little treasure with wonder in her eyes. Everything about her little treasure was new to Tatyana! She was absolutely delighted. She thought funnily, ‘My little treasure body is practically perfected for sexual intercourse and cultivation. Truly a “Miracle”‘
