

## Heaven 50

### Chapter 50

After that mess with the fan club, the teachers finished ordering the first list. The disciples paid attention to the announcements, “In the fifth position, there is the “War maiden” team with 7860 points, Fourth we have the team “I will reach violet class!” with 8670 points.”

To everyone’s surprise, these two teams were made of indigo and blue-level disciples! “They are quite good.”

“To think that they reached fifth...”

“Why are some of the “I will reach the violet class nervous?”

“Huh... They must have gotten their points underhandedly...”

“Isn’t that Lucia in the “War Maiden” team? She is quite beautiful.”

There was an instant response from a nearby female cultivator, “But she isn’t even close to our goddess!”

The others nodded having seen the previous play, they didn’t want to mess with these... S.L.U.T’s

The teacher continued, “In the third position we have the Forest Fairy team with 8890 points.”

“Isn’t that miss Alysa’s team?”

“Yeah, as expected of her, even if she hasn’t advanced to inner disciple yet, she is quite strong.”

“I have been helped before by her, she is a very gentle girl!”

A nearby cultivator female cultivator spoke, “Our Celestial Goddess even smiled at her! She is super lucky!”

The others swallowed while thinking, ‘Aren’t her titles getting out of hand very fast?’

Alysa ground her teeth, ‘THIRD!? Who came before me!? I even robbed a lot of teams using sleeping poison and made sure to not kill a single cultivator.

The teacher coughed and continued, “The second position goes to the Molten sun team with 8900 points.”

“So close! A little more and miss Alysa would have been second!”

“Well, it is what it is, she must be quite upset.”

“It seems that they are another group from the violet class.”

“Hoh~ The leader is the other beauty that entered this year, I think she was called Ryuuji.”

A person came between them and said with a smile, “Our Supreme Celestial Goddess is also a recently entered cultivator! She is impressive!”

Some wanted to tell them that she hasn't even appeared on the list! But did they have the guts to do so? They did not!

The teacher's eyebrow twitched but she managed to maintain their expression. "And first is the Firmament team, lead by Cecile with an impressive 23595 points"

"23595 points!! What the hell did they do!? My team only has 3450 points!!"

"The difference between first and second is truly abysmal!"

"As expected of our Absolutely Supreme Celestial Dragon Goddess!"

"She is divine!"

"She is beautiful!"

"She is overwhelming! Like a phoenix among chicken!"

"Like a dragon among snakes!"

Angel nodded time and time again, 'They are worthy of being my Yasenia's fans, they only speak the truth!'

Yasenia didn't know whether to laugh or cry.

While they were speaking, the other list was ordered, this list was told fast, without letting the disciples discuss, "5th Furan 6 kills, 4th Marvin 6 kills, 3rd Hilda 7 kills, 2nd Lucia 7 kills, 1st Yasenia 128 kills"

Everyone turned silent. Then they exploded!

"Scum! No wonder they got so many points!"

"How can you kill so many people and walk here so arrogantly!?"

"Expel her!"

**\*BANG!\* \*BANG!\* \*BANG!\***

Those people were sent flying by a female fist! "WHO ARE YOU CALLING SCUM!"

"SHE CAN WALK ARROGANTLY HERE AND IN YOUR HOUSE!"

"DO YOU WANT ME TO EXPEL YOU FROM LIFE!"

"So what if she kills? She is above simple mortals! Giving their life to her is an honor!"

Then they heard Yasenia asking with a smile, "What are my rewards for placing first on both lists with such a big difference. I truly worked hard! Hahaha."

Of course, even the teachers didn't expect this number and they frowned. One of them who was at the Dantian Spiritualization realm released her aura towards Yasenia at a one-fifth of strength **\*BOOM!\*** Yasenia hastily pushed Angel and instantly felt as if a mountain was pressing on her shoulders. Her knees bent!

Everyone turned silent. However, they turned silent because Yaseenia's aura also unfurled  
"ROOOAAARRR!!"

Her draconic roar exploded as her legs and tail muscles were straining to maintain her standing. Even if Yaseenia's aura was incomparable to the teacher's, thanks to it and her body strength she didn't fall to her knees! Everyone was opening their mouth agape.

After roaring Yaseenia strained her neck muscles and lifted her head. She looked directly with an indifferent face at the teacher. Her pupils were thinned and the red inside her eyes started spreading.

The teacher was scared by that gaze so and loosened her pressure a little. However, realizing that she got scared by a junior and feeling humiliated, she gathered her spiritual pressure and send it full strength! This will with no doubt heavily injure Yaseenia!

A cold female voice resounded, "Enough." \*BANG!\*

Another aura crashed against the teacher's and broke it easily sending the teacher flying and coughing a mouthful of blood.

The people looked to the side and saw teacher Madeleine walking towards them. She sneered at that teacher and said, "Instead of showing your useless superiority towards my disciple, how about you start with the questioning? You even got scared by her gaze for a second. Are you truly a teacher of our academy? Useless."

That teacher was about to retort but was cut by Madeleine's freezing tone, "Stop causing a scene and get to work before I make you cough more than just blood!"

That teacher got scared and went to interrogate other students. Madeleine walked towards Yaseenia's side and lifted her hand while tip-toeing to pat her head. "Don't worry Yaseenia, I know there must be a reason. With me here, you will be able to explain yourself."

Yaseenia smiled gently and nodded, "Thank you Master"

Madeleine smiled and said, "That is what I'm here for! By the way, how did you become even more beautiful! Even I am getting tempted~"

Yaseenia rolled her eyes and directly said, "I ate a beauty pill."

Madeleine said stunned, "Do you want to kill with your charm instead of your strength?"

Madeleine looked down and said, "No wonder... I thought I saw it wrong but they are... Bigger."

Evelyn intervened excitedly, "Did you also notice? At this rate, instead of her face, I will have to speak to her ti-" \*Bang!\*

Evelyn looked at the clear blue sky and said from the ground, "It has been a while... Why did I miss this more than I would like to?"

Yaseenia and the others laughed. When Yaseenia's turn came, all the people looked at her. The teacher asked "Why did you kill these people? You killed 128 disciples, don't think that a simple expulsion will be your end so you better tell the truth!"

Yasenia said calmly, "Those 128 people were ordered by Alysa and Lucia to kill Angel, Cecile, and me. Thus, I killed them all, I will also kill Lucia and Alysa in a life and death battle after my interrogation."

All the people including Alysa and Lucia opened their eyes. Lucia, the silver-haired woman, screamed completely scared, "What kill!? I just wanted to scare you a bit and save you so that you will give me a message as compensation! I didn't want to hurt you, much less kill you!"

Yasenia looked with her half-red, half-golden eyes and said, "Swear it to the heavens. If not, I will kill you."

Yasenia saw Alysa about to speak so she cut her, "Alysa, you are not saving yourself no matter what you do or say so don't even open your filthy mouth. I don't want to even hear your sickening voice. You will die today, and that's that."

Alysa completely enraged was about to speak when \*Bam!\* A rock hit her mouth breaking some teeth. The strength of the rock whipped her head back and sent her flying!

Yasenia's slit eyes thinned and said coldly, "I said, shut up."

They looked towards Yasenia who had her tail in throwing motion and her fans swooned. Some were even fainting in excitement.

The teachers had tried to stop the rock, but an invisible pressure maintained them in place. They didn't even know where this gigantic pressure came from!

Yasenia turned towards Lucia and motioned her to speak. Lucia now completely frightened spoke with a stutter and tearing up a little "I, Lucia, s-swear to the heavens that I didn't want to \*Sob\* damage Yasenia or her c-companions. I, Lucia, only wanted a massage \*Sob\*"

Yasenia looked at the sky and seeing no reaction she held her forehead. Yasenia spoke with a sigh, "I will give you one, okay? Who would have thought... \*Sigh\* Didn't you think that sending so many people was... suspicious? How naive can a person get? Is Alysa an expert in finding these easily deceived people? Well, It doesn't matter..."

Yasenia looked at the crying girl and had a headache. She didn't want to kill, nor to expel her... Although she was part of the culprits... She doesn't want to become completely heartless... Moreover, different from that senior that was Andrea's fan, there wasn't a bet about leaving school already on board.

Furthermore, she didn't try to kill or damage her directly... A lighter comparison would be if someone tells you that they need a cleaver for cooking a meal for you, and then, it is used for killing instead of cooking! They are completely unrelated. Thus, Yasenia decided to spare Lucia.

Yasenia turned towards the teachers who were looking with complicated faces and said calmly, "Can I have the duel to the death here? I don't want her to be alive one more minute."

The teachers were about to deny it, but Madeleine said, "The headmistress says that unless Alysa is innocent this request is accepted."

The teachers were doubtful why the headmistress would involve herself with this, but they nodded nonetheless. In another part of the scene, Tatyana was looking from above with cold eyes, ‘Even if I can’t kill you directly, I can prepare a stage for my little treasure to slaughter you completely.’

The teachers looked toward Alysa who has already been healed by one teacher. Alysa secretly sneered thinking, ‘I can easily twist my words to not get caught, you are too naive!’

Some tears gathered in the corner of her eyes, and her expression turned sad. She opened her mouth to speak, but... Yassenia said first, “Swear, with these exact words “I, Alysa, swear to the heavens that I didn’t order people to kill my classmates named Yassenia and Cecile.” If you can swear that, I will forgive you.”

Alysa choked and gritted her teeth, her false tears dispersed in the wind, “Why should I swear what you say!? Do you think you own this place!?”

Yassenia sneered and said looking at the teachers, “Can I kill her already?”

The teachers weren’t stupid, they already knew where this was going so, although some of them were reluctant, they nodded. Alysa was completely surprised, her character broke and said with a shrill “Why did you nod!? I’m being framed by that disgusting vixen!”

One teacher said a little tired, “Then swear what Yassenia said.”

Alysa was completely stumped ‘Why isn’t this going as I planned!?’

Yassenia didn’t want to wait any longer so she ran toward her. Alysa was 500 meters away.

Alysa saw her running and became flustered, she prepared her defensive measures, “[Nature’s wall], [Wood reinforcement]”

In front of Alysa, roots started growing and then hardened. Yassenia continued her run looking indifferently at that wall. When she reached the 100 meters mark, Yassenia chanted calmly, “[Celestial coat]”

Her whole body got covered in the golden and silvery glow and her speed soared! Alysa was confident that the wall could stop her, so she wrapped herself in her energy coat, “[Flower coat]”

When Yassenia reached the 200 meters mark, she opened her charming lips again, “[Lingering star steps].”

Her speed increased again followed by a sonic boom. In that instant, she took out her giant sword, pointed at Alysa that was behind the root wall, and her voice echoed around, “[Sun Charge]”

Her sword tip created sun energy flames and ignited the whole sword length with golden radiance. Her legs inflated as she stomped the ground sinking it! In the next instant, she was already in front of the wood wall and smashed into it like a golden meteor! \*BOOOM!!\*

Yassenia didn’t even look back and stored her sword in her spatial ring, “Although I really wanted to torture you, my mother said that when you really want to kill someone, it doesn’t matter if they die in agony or die in an instant. They won’t be able to miraculously escape if they are dead.”

For the spectators, it was an extremely short yet impactful moment. They saw Yassenia start to run at absurd speed, however, she suddenly accelerated even more! After hearing, “[Sun Charge]” They only saw Yassenia transform into a destructive golden meteor followed by \*BOOM!\* and a flash of golden radiance!

After opening their eyes, they hastily looked at the aftermath. There was a giant scorched hole that passed through the wood wall and, on the other side, there was Alysa with a surprised expression and with half of her body destroyed! Everyone went crazy!

“W-What!? Isn’t Alysa a level nine cultivator!?”

“A monster! She smashed through her defenses as if they were paper!”

“KYAAAA! I WANT YOUR BABIES!”

“I WANT A DOZEN OF THEM!”

“General S.L.U.T. Did you catch her majestic form!? I will buy any photos for 100 credits!”

Evelyn of course answered, “Of course! Better, I managed to catch the photo when she stomped on the ground! You can easily see the bounce her breasts did!”

“I WILL PAY 200”

“200? Get in line then! I will pay 300!”

And the prizes escalated for the photo. Yasenia walked back and saw Evelyn doing something with a scammy smile and she laughed. ‘Truly my dear is mischievous, I will have to punish her when we reach home~’

Some teachers thought it was a pity, in their opinion, Alysa was a good child, but she had to aim for this woman. Worse, even if they wanted to help her, the headmistress has ordered them to stay put! These teachers were the ones deceived by Alysa’s created character. If it wasn’t for Tatyana, it was clear that Alysa would have been able to escape.

Yasenia turned towards Lucia and said smiling, “I will speak to you later about our meeting in my quarters. I will do that massage to you so don’t do something stupid again.”

Lucia blushed while nodding. ‘Kyaa!! She is so charming! M-maybe I can use this chance to become her friend? Joining that group also doesn’t seem bad...’
