

Heaven 61

Chapter 61

After these two months of cultivation, Yasenia was also close to a breakthrough, but passing from one realm to another, needed a lot of energy, so she was still gathering it.

After going to cash the things from her last mission, Yasenia was strolling around and saw Cecile speaking with some girls. To hear what they were talking about, she approached stealthily. The girl said with a red face, “C-Cecile, I love y-you! Go o-out with me!”

Yasenia stopped, hid, and almost laughed out loud. ‘They confessed at my sweetheart? This will be funny~.’

During these months, when Cecile was with Yasenia, she would show a more expressive face, and with her smiles from time to time... Her fanbase also skyrocketed with her cultivation speed!

She has been confessed to by women and men alike since then. Yasenia suddenly remembered her conversation with Madeleine.

One month ago, when she was alone, Madeleine approached and asked, “Yasenia, what would you do if Cecile left you? Become a couple with another man or another woman?”

Yasenia stopped what she was doing and looked up. Instead of anger, she felt crushing sadness. Thinking the worst, she asked back with a trembling voice, “W-why do y-you ask? D-did Cecile *Sob* tell you anything?”

Madeleine sighed in relief on the inside. She truly didn’t want Yasenia to become like those possessive beast-humans who killed every person approaching their mate.

She wanted to test her more, but with her cultivation level, she could see as clear as a day that instead of faulting the man or woman stealing Cecile, she first was trying to see if she did something wrong.

Madeleine continued, “Why are you crying? I saw her buy something for someone, and I was curious about your response to that kind of thing. There isn’t anything like her leaving you.”

Yasenia looked suspicious, and after understanding it was a kind of test, anger rushed like a tide, and she blew up. “Cecile is my marked mate! She is the second most important person in my life! Do you think I would be happy or something!? If you don’t give me a reasonable explanation, you will lose your disciple today!”

Madeleine knew she angered her, so she took out a present to coax her. Yasenia almost short-circuited, then she shouted, “Do you think a present will coax me!?”

However, when she looked down, she saw a pair of archery gloves of the heaven grade. Her eyes shined like the midday Sun! She snatched them and said, “Forgiven!”

Then she ran towards the inner sect and Cecile’s new class. Madeleine was stunned and then laughed, “Thankfully, she isn’t like those... How did the headmistress call herself? Yandere? Well, she didn’t show a trace of killing intent...” Then she left.

Yasenia, who didn't hear Madeleine's last words, still didn't know Madeleine's motives fully. 'I mean, how would a person feel when their loved one leaves them? Angry and saddened, completely so, if you don't feel that way, you didn't love that person enough.'

Yasenia came back to the present when she heard Cecile's voice. It was an arctic voice. Even Yasenia got chills while listening. "Are your eyes for decoration? Can't you see that I love Yasenia with all my heart?"

Cecile looked at the spectators and said with a mocking sneer, "I was in this academy for more than a year, and nobody said anything to me. Now that I'm with Yasenia, you come here and confess to me? Have your brains degraded so much that you think I would say yes and abandon the love of my life? The next time someone confesses, I will get physical, so scram before I lose my patience!"

That girl ran away crying, and everyone else left with a little haste in their steps. When nobody was left, Cecile wanted to see Yasenia, so she sensed Yasenia's position through their connection. Yasenia felt Cecile searching for her and stepped out in her seductive cultivation robes.

Yasenia walked seductively towards Cecile and asked while laughing, "Are you having love problems, girl?"

Cecile raised an eyebrow and decided to comply. In her deadpan expression and with a monotonous voice, she said, "Yes, my lover is abandoning me, and people are confessing now that they feel I'm free. What should I do?"

Yasenia reached her side and hugged her, "Since that useless person can't satisfy you...." She licked her ear and growled softly, making Cecile almost go limp, "...How about I do it?"

"I can't. I love her so much- *Moan*." Cecile responded weakly, giving in little by little to her assaulter's pleasurable stimulation.

Her assaulter grabbed her breast, hugging her from behind. "Girl, can't you feel it? Your body is much more honest. How about you let your desires out."

Cecile and her assaulter have already moved to a place without people and put a concealing formation. They started kissing, and Cecile was pushed against the wall.

Yasenia lifted her short skirt and took out her dragon. She then put Cecile's legs upwards, using her elasticity to bend her, and raised Cecile's garments showing Cecile's entrance.

Cecile was already wet, and the assaulter didn't miss the chance. "You are so wet, and you still say you love her? Such a naughty girl~."

Cecile felt her rod opening her passage and thrust inside making her moan. Yasenia felt Cecile's insides, and while moving her waist, she started licking and nibbling on her lips while growling softly.

Those actions completely turned on Cecile. She loved how Yasenia growled in comfort while making love with her.

They keep at it for 15 minutes until Yasenia shot three times inside her. Yasenia kissed Cecile one more time and went to her knees, putting Cecile's thighs on her shoulders.

Yasenia then licked and sucked Cecile clean, not minding her own fluids. Feeling her tongue and suction clean her insides made Cecile's eyes roll upwards, and she orgasmed again. Yasenia drank it all, leaving Cecile's core clean.

After that little play, they went towards the meeting point and arrived on time. Cecile was hugging Yasenia's arm with a small smile all the way there.

Angel dove into Yasenia's embrace when they met and buried her head in her breasts. Then, she took a deep breath, which was followed by a blush. "Yasenia~ Y-Your scent is...."

Yasenia coughed but didn't hide it. "A little escapade with Cecile, is it that bad?"

Angel didn't lift her head and took a deep breath again; then, she slurred, "Your smell is heavenly~."

Yasenia laughed and said, "Not that baby. I am asking if it smells a lot!"

Angel blushed and said, "A little...." However, she continued, a little flustered, "B-But you don't need to bathe... I m-mean!"

Yasenia just took her head and pushed it between her breasts. Angel, thus, transformed into octopus-Angel.

Evelyn closed up, sniffed the air, then hugged her arm. Like the others, she loved her sweet floral scent. "Not that bad. I don't think you should bathe or anything.

Andrea even closed up and hugged Yasenia from behind. She sniffed a little and said, "don't worry, it will disappear while walking around, let's go get registered, or we will be late."

Yasenia said with a coy smile, "So domineering Darling~ As I like you the most~."

Andrea laughed in her deep and clear voice. "Are you sure it's not the other way around?"

Yasenia raised her head and bit Andrea's chin. She said in a breathy voice, "Don't you fill me full every day, Darling? Who is the dominant one, Hmmm~."

Andrea felt something rising and had to take a deep breath to relax it. However, it wasn't working because the dragoness was rubbing it with her soft butt!

Evelyn looked at Angel and shyly asked Yasenia, "Yasenia, can I bury myself like Angel later?"

Yasenia said while patting her head, "Dear, we do all those things at night. Do you think you need permission for that? You can even rub them if you want!"

Evelyn nodded and pressed her little breasts on Yasenia's arm. Yasenia liberated her arm and put it above Evelyn and Angel's shoulder, squishing her two little dears. They walked forward with Cecile and Andrea before them.

When they reached the gathering spot, they received a lot of gazes, especially Yasenia, whose cultivation robes were revealing and had a voluptuous body.

Some classmates came to their side and started a conversation with them. A boy said, "I say Yaseenia, how are you advancing your cultivation so fast? I know that dual cultivation is normally faster than normal cultivation, but the foundation is weaker. You, on the other side, have both speed and foundation. Are you sure you don't have any advice to help us?"

Yaseenia released Angel and Evelyn and shook her head, "I truly do just dual and normal cultivation. If anything helps, it should be...."

She looked at her swishing tail. Everyone looked at it. One man asked dubiously, "Is being half-beast that powerful? I don't want to offend you, Yaseenia, but in my home, I have a beast woman as a slave..." Seeing that Yaseenia didn't react badly, he continued. "...She started cultivation four years ago, and she has just reached the Body Modification realm. She is quite average."

Yaseenia was curious. "Which type of beast-human? I haven't seen other than myself around. I was starting to think that I am the only one!"

The guy responded with a little blush, "She is a catkin. She is very loving and cute, especially her purring and tail."

Yaseenia raised an eyebrow teasingly. "I finally know why I feel a gaze on my tail all the time! Hahaha."

The others also laughed. The guy blushed and asked a little shy, "Can I touch it?"

Yaseenia frowned a little and looked at her lovers questioningly. The four shrugged, so Yaseenia said, "Today is special. All of you that had curiosity might go ahead... But don't touch too much. Our tails are normally only touched by our lovers! Since I will surely advance to the Mental Nourishing realm during this tournament, It will be my parting gift to all of my splendid classmates!"

Some of them chuckled and stepped forward. Of course, some people jokingly did some tricks... And they contributed to the tail-slapping Dao practice. After they had a good time, the registration hour came, and they registered without any problems. Then they went home.

They also received interesting news that the demonic sects will participate in this tournament. Their leaders will also participate in the rule creation, so the rules would probably be ruthless. Moreover, demonic cultivators are normally crazy, and their cultivation methods are also quite destructive.

The reason that they haven't been eradicated is that the demonic side is very strong! They can take you by surprise with their uncommon attacks, and even if they are a lot weaker, they can kill you easily. If combat becomes to the death... It will be harsh.

Yaseenia looked at them and said, "I won't stop you from participating. You are not flower bases; you are strong cultivators. However, I don't want any of you to risk your lives for stupid reasons like honor or righteousness. Surrendering is not for cowards, but for smart people that know their limits."

All four of them nodded. Yaseenia's face was cold as she said, "This time, if the rules don't forbid killing... Kill! Use lethal attacks and make the opponent surrender or die."

Feeling the merciless aura around Yaseenia, they nodded seriously again. They don't want to die, much less make the dragoness before them disappointed!

Yasenia smiled happily, “Tonight, I will have to make all of you faint as a reward!” Four gulps followed.

Yasenia was, of course, a dragoness of her word! Today Evelyn has taken Angel’s position after asking permission from the spoiled little baby.

When Evelyn woke up, she felt her body surrounded by softness. Her head was on a silky, elastic, and soft pillow. Better, Yasenia’s scent enveloped her senses, and Yasenia’s arms secured her protectively. ‘No wonder Angel was so reluctant to give up this position. I woke up in heaven... ‘

Yasenia spoke softly with a hoarse voice from having just woken up, “Dear, you have to wake up~.”

Evelyn’s body went limp and transformed into Angel 2.0... “I don’t want to~ Your heavenly tits are too comfortable not to live with my head sunk in them.” ...With Evelyn strokes.

Yasenia laughed, which made Evelyn’s head bounce a little. She lifted her head, looked at the marvelous naked artworks, and said, “They are big even when you are on your back. I think as an avid breast lover; I rate them Yasenia/10.”

Yasenia let her speak her things because they were the two alone, and she didn’t mind. “Dear~ Do you want to suck on this?”

Yasenia used her hand to present her nipple. Evelyn swallowed and threw her head to them. When she started sucking and fondling, a tail made its way into her garden entrance and thrust inside!

Evelyn bit the nipple because of pleasure, drawing a moan from Yasenia. Yasenia thrust for five minutes and filled her insides, making Evelyn squirt three times in these five minutes. Yasenia lifted her by her little but and kissed her. They cleaned up and went down to the others.

After the morning cultivation and breakfast, they went to their respective classes. Five days passed, and the day to leave for the tournament arrived. These five days have been lonely because Yasenia didn’t have her lovers in class. They have advanced to the inner sect.

After today’s class, Yasenia went with Madeleine to the ship that would send them. However, what was strange was that she was in a room for only two people and Angel, Andrea, Evelyn, and Cecile were in a four-person room near hers... Moreover, she didn’t know who her roommate was...

Chapter 62

Yasenia boarded the ship and went towards her room. Once there, she waited patiently until she heard knocks on the door. Yasenia stood up and opened it.

On the other side of the door was a beautiful and elegant woman with two piercing blood-red eyes. Yasenia was about to shout in happiness when that woman jumped on her and kissed her.

Yasenia caught her and closed the door with her tail, then both of them started entangling. Tatyana touched Yasenia’s body and made her more aroused by the second. Yasenia felt the heat spreading around her body, so she took off her garments.

In no time, both were naked. Yasenia didn't wait anymore, and while Tatyana massaged her breasts, she pinned her down and penetrated her flower. Tatyana moaned, and Yasenia quickly moved her waist without holding anything back.

Pah *Pah* *Pah*

Wanting more stimulation, Yasenia moved her tail and invaded her other entrance. Tatyana's leg went around Yasenia's waist as Yasenia's every thrust had more strength behind it.

Tatyana wanted to speak, but her daughter was pounding her as if she wanted to reach her deepest part, and only moans escaped her mouth. Yasenia thrust, thrust, and thrust until she felt the inner entrance loosening. Then she slammed strongly, forcefully opening it, and entered her deepest part. Yasenia directly came inside. "Mmmmmph!!!"

Tatyana's eyes rolled up in pleasure as her daughter filled her insides directly, and she expertly milked every drop with her inner muscle control. Yasenia didn't move from that position and continued filling her while her throat involuntarily growled in comfort, and her kisses became softer.

Tatyana has seen her do this growling action before, but it didn't happen much during sex... Tatyana separated and asked while receiving kisses from her daughter everywhere on her face, "Love, have you marked someone?"

Yasenia stopped her kisses but didn't move from her position. She continued pinning down Tatyana below her and rotated her waist scrapping her insides. Yasenia looked at Tatyana's eyes and nodded a little guiltily. She wanted to mark Tatyana the most, but no matter how she made love with her, it didn't happen...

Tatyana caressed her cheek with a gentle smile and said, "Congratulations, little treasure! Who was it?"

Yasenia was surprised, "Aren't you sad it wasn't you? To be honest, I wanted mom to become my [Soulmate], but... I wasn't able to mark you..."

Tatyana laughed happily at her confession, then she said. "Love, I'm your mother. I can't become your mate. I knew this from the beginning, so don't worry."

Yasenia was stunned, "You can't? Why? This doesn't appear in any book.... I even researched if it was possible to mark someone voluntarily, but there wasn't anything in the academy library... Except for some shady rituals."

Tatyana felt very comfortable with Yasenia's movements, so she reciprocated by tensing and tightening her insides on Yasenia's hardness. Yasenia moaned and felt her pleasure receptors lit up.

Tatyana smirked, and while stimulating her, she said. "Little treasure, this is more of an... Instinct, sadly, the beast-person can't choose their marked mate. Because of this, there have been plenty of tragedies within the beast people of the high-level bloodline."

Yasenia's eyes rolled up, and she couldn't endure it anymore; Tatyana's expert inner movements made her cum in just one minute. Tatyana also felt her nerves lighting up and squirted with her.

After the orgasm, Yasenia did slow and long thrusts. Now that she knew the reason, she was happy that it wasn't that she didn't love her mother enough. Yasenia buried her face in the crook of Tatyana's neck and started nibbling and growling softly without stopping her slow thrusts.

Tatyana didn't stop her stimulation and continued speaking while receiving her thrusts, "Little treasure, you having found your mate so young is good and bad" *PAH*

"Aahn~ you don't like it being a bad thing?"

PAH Yasenia did another hard thrust, "Mmmh~ don't worry, love. Do you think that mommy will let you suffer more than necessary?"

As an answer, Yasenia's tail wagged, sending those undulations inside Tatyana and her thrusts became faster. These movements made Tatyana reach another orgasm. "Aaahn~"

Tatyana used her orgasm to stimulate Yasenia, and Yasenia felt her orgasm building up. Yasenia was so happy that her thrust became extremely fast. When she came, she said something that made Tatyana lose control, "Get pregnant!"

With one thrust, she reached the wall of her uterus and released fertile semen inside her. Tatyana's brain exploded in euphoric bliss when Yasenia tried to inseminate her, "OOHHH!!!!"

She squirted the hardest she did in thousands of Years! Her insides clamped Yasenia's member, squeezing it and stimulating her without control, while Tatyana spasmed in pleasure!

Yasenia's pleasure level soared, and she hugged Tatyana with all her strength. The stimulation Tatyana gave her made it impossible for Yasenia to stop cumming, and she couldn't come down from her orgasm.

Then, Tatyana's uterus started inflating because of the amount of fertile semen Yasenia was discharging inside, and her cervix clamped Yasenia's head, not letting a single drop outside.

Tatyana couldn't control her body and continued milking Yasenia. However, this made all of Yasenia's pleasure nerves in her rod and tail continue to send pleasure waves to her brain "ROAAAARR!!!!"

She couldn't stop the pleasure waves, and even her vagina was spraying like a broken faucet!

Yasenia's body was spasming while she clawed Tatyana's back and bit Tatyana's neck, but the soft indestructible skin didn't even damage! Tatyana had forgotten herself in bliss, and the person above her couldn't take this kind of stimulation!

Yasenia felt that her brain was about to melt with pleasure; the nerves were literally dying and she wasn't even moaning anymore! She was spasming while continuing her discharge until she couldn't even spurt a single more rope of cum or squirt.

Tatyana returned to her senses and looked at the spasming girl on top of her. Yasenia was twitching and, with her eyes completely rolled back in pleasure. Her tears couldn't stop, and even her nose was dripping with transparent liquid. On both sides of her open mouth, there was drool falling. It wasn't a pretty face.

Tatyana's eyes widened in fright! She was so happy about her impregnation attempt that she had forgotten herself! She hastily loosened her insides and pulled out both her members without spilling a single drop.

Tatyana took out one treasure pill and gave it to her. It was a [Mind reinforcement] pill, and it will make a cultivator in the mortal realms triple their mental strength.

Yasenia was in true danger right now. She couldn't care less about not helping her too much right now.

However, the word precious was an understatement for this kind of pill. The materials are extremely rare, and the success rate to create them is extremely low. Tatyana could buy a whole third-rate guild with that single pill! Moreover, ingesting this pill made it almost guaranteed that the cultivator would be a powerhouse in the future.

Tatyana also decided on this pill because it was the best time to take it before breaking into the Mental Nourishing realm; since she was going to help anyways, she would give the best she had.

With this pill and the previous spiritual breakthrough, Yasenia now has the mental prowess of a level six Mental nourishing cultivator, and she had yet to enter the realm!

The thing about the Mental Nourishing realm is that it multiplies the cultivator's mental strength. That is why the initial mental strength is one of the most important things when entering this realm.

Angel and the others have also taken some pills they bought with the resources they got from the missions. Better yet, dual cultivating with Yasenia was also strengthening for the mind.

Tatyana massaged Yasenia's back, tail, and scalp stimulating her pill absorption rate. She analyzed her nerves and saw them healing and getting stronger. Tatyana was sweating buckets, 'To think I almost made my own daughter stupid. But who releases fertile semen so suddenly?'

During the next ten minutes of massages, the pill recovered Yasenia's mind, and she came down from the constant pleasure she was feeling.

Her face returned to normal, still tear-stained but normal. Yasenia spoke, and her voice was weak and completely hoarse from Roaring of pleasure, "What happened?" She didn't remember the last minutes clearly.

Tatyana sighed in relief. "Thankfully, you had that spiritual breakthrough before; if you didn't...."

With her belly still inflated, Tatyana took Yasenia into her arms and pushed her head into her bosom with care. "Don't speak, love. I was so happy when you tried to impregnate me that I couldn't control my body for a moment there. I almost lost you...."

Yasenia was still groggy, but she heard Tatyana apologize and didn't like it. With her hoarse voice, she said, "Don't apologize... It wasn't your fault... I should have... told you... before..."

Yasenia fell asleep mid-sentence. Tatyana gave her a soft kiss, took her in a princess hug, carried her to the bath, and cleaned her. She groomed her thoroughly, without forgetting her tail. Then, after lying Yasenia on the bed, Tatyana went to the bathroom and bathed. She looked down and saw her slightly bloated belly.

Tatyana laughed a little sadly, “Alas, love, you can’t make me pregnant until you pass the mortal realms, and perhaps a little more... No matter how much you try... Your Yang energy is... Too weak.”

Then she used her body constitution [Death devouring seer] and absorbed everything. Her belly returned to normal, and her insides were free of Yasenias’s seed. Tatyana had a small cheerless smile as she thought, ‘Such a pity...’

After cleaning, she returned to the bed and hugged her daughter. “However, little treasure, the fact that you tried already makes me feel over the moon~ I love you, little treasure.” Then, after one last kiss, Tatyana closed her eyes and meditated.

Yasenia woke up feeling sore in her privates, but at the same time, she felt her thoughts run with extreme clarity. She more or less remembered what happened just now, and she was aroused and scared!

The scaroused dragoness couldn’t help but realize that those pieces of advice in the Academy about not dual cultivating with people with much higher cultivation level were quite... Life-saving.

Even if she herself can make her partners feel much pleasure, the worst the girl will get is an addiction to her sexual prowess and some slight mental damage. She is so careful because she doesn’t want this to happen.

This time, however, she was truly almost killed! ‘Actually... It wouldn’t be bad to feel that overwhelming pleasure again- Degenerate! Even if it is your dear mom, you shouldn’t risk your life mating!...’

Yasenia put on a strange face and thought, ‘...Or should I?’

Tatyana has been watching her expression change ten times per second, and thanks to her fate attribute, she more or less understood her thoughts. She almost laughed out loud at her internal struggle.

Tatyana whispered sultrily, “Don’t worry, love. I will always suck you dry fufufu~.”

Yasenia felt all her senses tingling and turned her face to kiss her. The door suddenly opened, revealing a confused and worried Cecile.

Cecile looked at the door that opened by itself and said, “I didn’t open it.”

She looked inside and saw Tatyana and Yasenia kissing. She sighed in relief. ‘I thought she was in danger. Her mental state was truly a mess before. I even felt our connection weakening for a moment, as if she was going to...’

Cecile stopped her dangerous thoughts and frowned, ‘However, there was a formation, and I couldn’t do anything but wait at the door all this time. Even the teachers couldn’t open it! It must have been mother-in-law’s formation.’

Tatyana looked at Cecile and said with a smile, “You are her mate? I thought it would be the petite and big-breasted girl~.”

Cecile nodded and bowed. She entered inside and the door closed by itself. Cecile looked at the completely lethargic Yasenia and asked, concerned, “Did something happen? I felt our connection weakening before.”

Yasenia didn't hide it and spoke about it. Cecile was stunned. She turned towards Tatyana and said, "Although I can understand the joy of being filled with her fertile seed... Control yourself, mother-in-law!"

Mother and daughter laughed, and Cecile also smiled a little. 'All that matters is that she is healthy. With mother-in-law around, nothing bad will happen.'

Chapter 63

After Cecile arrived, the rest didn't take much to also come to Yasenia's room. By the time Yasenia and Tatyana sat on the bed, all of them were present. Andrea presented herself to Tatyana. "I'm Andrea, and I'm Yasenia's partner. It is a pleasure to meet you, mother-in-law."

Tatyana nodded and looked towards her crotch with a raised eyebrow, "You are also like my daughter... To tell you the truth, humans like you are... rare is an understatement. You are the fourth human with these characteristics I met in my long life!"

Yasenia said, surprised, "Mom aren't you super o-"

Yasenia felt a chill climb up her spine and changed her words. "...Extremely experienced in life? Only four people! That is very little!"

Tatyana smiled, and Yasenia was sweating cold, 'You told me you are more than 100 000 years old! What are you but ol-.' Another shudder traveled her spine, so she directly shut down her brain.

Tatyana nodded and continued with a smile. "In beast-humans, it is a lot less rare to have the two sexes... But in humans, it is completely abnormal to have the two sexes functional. If they are not functional... they are just deformities and nothing more, so I don't count them. Andrea can get pregnant or impregnate girls without a problem. That is what makes her rare."

Yasenia raised an eyebrow. "Oh... Then I will be able to get pregnant?"

Andrea looked at Yasenia, and even with her tanned skin, one could see that she was blushing in happiness. 'She doesn't mind getting pregnant with my child!!'

Andrea stepped forwards and hugged her beautiful dragoness. "I love you, Yasenia."

Yasenia didn't understand this reaction, but she liked being hugged by Andrea a lot, so she buried herself in her embrace. As a reward, Yasenia gave a kiss on her chin and smiled with a wagging tail, melting Andrea's heart a little more.

Andrea's reaction was caused mainly by her insecurities. Her previous experiences due to her body have caused insecurities to grow in her. For Andrea, having Yasenia was already a blessing, but she didn't know that Yasenia didn't mind getting pregnant with her child, making her delighted.

Thanks to this statement, Andrea's heart demon took a big hit and was on the verge of disappearing.

Tatyana continued, "Beast-humans, although they have less fertility than humans, unlike humans, all of them can start the cultivation path thanks to their strong bodies. All of you have seen Yasenia's absurd physical prowess. The rest of the beast humans also take traits of the beast they resemble."

The others nodded thoughtfully, but Evelyn frowned, "Are you telling us that beast humans have monstrous strength like Yasenia? How can we even win then? In my opinion, within the same level,

Yasenia is practically peerless. Fighting to the death against someone with Yasenia's strength..." Evelyn and the others felt chills going up against their spine, imagining the scenario.

Tatyana laughed and said proudly, "I have to say that Yasenia is very strong even among the beast humans, but there are people that aren't that far from her. However, beast-humans' mental strength and intelligence are a lot smaller."

They looked at Yasenia, then at Tatyana, then at Yasenia again, and for the first time, they doubted her words. 'I haven't seen someone more perceptive than her. Are you calling me stupid to my face indirectly!?'

Tatyana could read their faces like an open book and laughed, "Don't put Yasenia as a standard for beast-humans. My daughter is the best! I won't tell you the reason, but Yasenia is a little... Special."

The other four nodded in sync, and Yasenia rolled her eyes in a charming motion.

After seeing that eye roll, Angel clapped and said, "Even her eye-roll is beautifully done!"

Yasenia's eyes started rolling so hard that she almost took off.

After getting some laughs, Tatyana finished saying, "If you ever fight a beast human...."

She put a mischievous smile, "Provoke them, taunt them, insult them and their ancestors. Their rage will make them a little stronger but a lot more... beastly. After that, it is the same as fighting with a beast of the same rank, but with human size."

Yasenia asked, "Should we humiliate someone like that? I don't want my dears to get into trouble."

Tatyana said, "Don't worry, there aren't any beast human families with enough power on this continent. Humans control these five continents."

Yasenia and the others nodded. Angel bragged again, "Yasenia not only doesn't become more beastly when angry, she even becomes calmer and sexier the angrier she is! As expected, my Yasenia is the best!"

Yasenia eye-rolled like a plane turbine, and with the constant spinning motion, she directly flew away.

The next week in the boat was normal. Except for the first day when Yasenia was tired because of the action with Tatyana, she cultivated with them and slept with them at night. Tatyana also disappeared from time to time, but she always returned at night.

Thanks to these seven days of cultivation, they managed to make the last push and advance their cultivation realms.

Angel and Evelyn reached the second level of the Mental nourishing realm.

Cecile was more than halfway into the third.

Andrea was in the seventh level, almost reaching the eighth.

Yasenia was still in the half-step of the Body Modification realm.

While lying on the bed, Tatyana inserted herself between Cecile and Yasenia. It seems that not even mommy Tatyana can take Yasenia's baby spot! Thus, when Angel woke up on top of Yasenia, even when her mother was there, her smile was so wide during that day that she ended up with hurting cheeks even if she was a cultivator.

The flying battleship arrived at the city where the tournament would be held. They were on the ship's deck and looking toward it. Yasenia saw a big mountain in the middle surrounded by many buildings creating a gigantic city.

In the mountain area, there were big, luxurious estates. Tatyana said they were the houses of the most prominent families in this city. The higher on the mountain, the better the position.

Moreover, the main streets ranged from 100m to 200m in width! Everything was... big. However, seeing the number of people, carriages, beasts, and other vehicles... If they hadn't built it this way, there would have been people jams instead of carriage jams.

Tatyana spoke, "Welcome to Challenger City. This enormous city is on the neutral ground between the demonic territory and the righteous territory. It is a commercial center for both sides, and there are all types of trades here. Yasenia, you will be seeing a lot of beast people... Well, beast-people slaves."

Yasenia nodded casually, "I don't see a difference between human and beast-people. Moreover, my lovers are human; you don't have to worry, mom. I will not act like those righteous heroes and try to change something impossible to change. I'm more curious than anything."

Tatyana nodded happily, and the rest took note of her words.

They stopped at the docks, and the almost 500 students put themselves on lines and got flanked by the teachers. Yasenia and the rest didn't move from Tatyana's side, and no teacher was worried because the headmistress was here personally.

The teachers' actions confirmed to Yasenia that her mother was part of the Academy. She didn't know exactly which position yet, but it wasn't low.

Of course, only the teachers and some knowledgeable students knew about Tatyana's identity, and none had the guts to spill it. Tatyana hasn't told Yasenia because she wanted Yasenia to discover it herself! She was eager to see her daughter's dumbfounded face. It was also harder because her name as the headmistress is Katherine!

With Tatyana around, they reached the inn without problems and got into their rooms. The room distribution was the same for the six as it was in the battleship; a double room on one side for Yasenia and Tatyana and a four-person room next to them for the others.

Knowing that they still had three days until the tournament, Yasenia wanted to explore the city, so she asked her mother. Her mother obviously accepted.

Are you asking about the responsibilities of being the headmistress? What was that? Can't you see that my daughter is wagging her tail while asking me something!?

So the six of them went to tour the city. Yasenia couldn't help her curiosity and asked, "Mom can we see the slave traders? I want to see the business."

Tatyana didn't have any opinions and guided them toward one of the slave traders. The street was filled with slave houses of different qualities. They entered a medium quality one.

They saw various doors inside the slave house in a very big hall. There were receptionists at the side and some counters to ask questions. There was a place where the slaves and masters were signing contracts.

After asking, they went through the biggest door to another hall. In this hall, there were a lot of entries, and each entry had a tag on top of them. Then, they separated to find the "Beast Slave" door.

Tatyana and Yassenia walked together as Yassenia read the tags outloud.

"Sex slave."

"House slave."

"Combat slave."

"Toilet slave."

Yassenia stopped and reread that last one. She looked at that door for a while, and unable to understand, she asked Tatyana, "What's with this one?"

Tatyana stopped looking at her daughter's seductive face for a nanosecond, enough time to read the entrance text, and continued looking at her daughter.

Tatyana answered, "They are used to clean toilets, not as toilets... Well, not all of them."

Yassenia looked with a strange face at that door, "Little treasure, there are very crazy people in this world, me one of them."

Yassenia nodded, "No matter how crazy you are, I love you the same, mom."

Yassenia smiled seductively and said, "Moreover, where can I find another person to milk me dry?"

Tatyana blushed and said coquettishly, "Seeing your mother as nothing more than a cum milker! I'm going to blush!"

Yassenia laughed at her acting. She saw the others return with strange faces and asked, excited, "Say the name!"

Angel said, "Blood slave."

Tatyana answered, "The ones that buy them use their blood for rituals and similar things."

Cecile said, "Food slave."

Tatyana said, "They are either good cooks or good to be cooked."

The rest choked. "That doesn't make it clear! In what way are they cooked!?"

Andrea said, "Poison slave."

Tatyana continued, "Very straightforward. An alchemist buys them to test their poisons or venoms on them. Some of them secrete poison or venom."

Evelyn said with a completely weirded-out face, “Broom slave.”

All of them looked at her bewildered. Tatyana looked at Evelyn and said, “That... Is new.”

Evelyn answered the unasked question, “I asked, and they are used as brooms. Like... Literally.”

The rest decided not to dive deeper into the mysteries of the slave-house and searched for what they came here for. Finally, they found the “Beast salve” door.

A woman exited the door when they reached. She was a very beautiful woman with some luxurious clothes, her back straight and her chin raised. That woman looked at the side, and her sight locked onto Yasenias. ‘S-S-So beautiful! Is she a new addition? I want her!’

Proud as a peacock, she advanced toward them. Tatyana looked at that woman and calculated the conversation pattern of young masters, extrapolated it to young mistresses, and added the targeted girls’ personality traits, the place they are, and their appearance.

In one second, she had already simulated in her mind the whole conversation. She reached one conclusion, ‘Oh... She dies.’

That woman spoke arrogantly, “I see that you have come to sell that beast-human. I want her! She will be a fine slave for this young mistress!”

Evelyn and Andrea were indifferent and continued conversation with Yasenias. Cecile’s and Angel’s faces became as freezing as 1000-year-old ice. While the first two love Yasenias, they tend to ignore dumb people like this.

On the other side, to Cecile and Angel, Yasenias was their reverse scale. You could insult both of them all you want, and you won’t receive any big reaction from them. Aim for Yasenias and...

Angel spat, “Can’t your dog eyes see that she is with us? Are those ears to feed the pigs too? Can’t you listen to our conversation before opening that filthy mouth that what it eats only transforms into a waste of spent food? Even being near you is making the air smell foul! SCRAM!”

Yasenias was impressed at her baby’s sharp mouth, ‘She looks so cute! I want to kiss her cheeks! Will I disrupt something if I do that?’

That woman’s face became red, then green, then blue, then purple, and finally red again, and she screamed, “HOW CAN YOU SAY SOMETHING LIKE THAT!? Do you have any idea who I am!? My fath- ”

SLAP!

A tail-slap landed on her cheek masterfully, making her spin three and a half times without being sent flying and making her fall.

Evelyn commented, “Your tail-slapping is becoming an Art! Masterful use of your tail! Better, she is not even damaged!”

Yasenias spoke while hugging Angel from behind, “This rainbow woman screamed at my baby! That slap was deserving!”

The people looking at the side thought, ‘Didn’t she just insult almost her nine generations and back!? What do you mean deserving!?’

The woman stood up, undamaged on the surface, but her pride was cracked everywhere. “You! Filthy beast-woman, I was thinking of honoring you by making you my sex slave, now you will be lucky if I make you become my-”

*Bang! *

This time a blunt arrow hit her head, sending her flying and spinning backward until she hit the wall with a loud bang.

The air around Cecile was so cold that snowflakes were appearing. “You want to bed MY dragoness? Courting death is an understatement! You are blatantly asking for it!”

Chapter 64

Yasenia saw that Cecile was placing another arrow on the bow, so she walked with Angel toward her. When she reached Cecile’s side, Yasenia included her in her hug, and she asked the two of them gently, “Are you going to kill her? You know she doesn’t deserve it, right? This was just a misunderstanding that escalated because of her arrogant manners.”

Angel nodded. “She doesn’t deserve it....” Cecile continued Angel’s sentence, “...But we are going to kill her anyway if she spouts any more nonsense.”

Yasenia nodded, “As long as you know that she doesn’t deserve death for something so small, I don’t care what you do. I don’t want you, girls, to kill for these matters. They will become more troublesome later....”

Angel blinked and asked, “Weren’t you asking us this because you didn’t want us to kill her?”

Yasenia looked strangely at her baby, “Baby, we are cultivators; death is in every corner. What nonsense about not killing? Didn’t I tell you already? If there is an enemy, then kill! However, that woman isn’t our enemy... Yet.”

Tatyana at the side said with a smile while her eyes glowed with reddish light, “But little treasure, she deserves death, a painful one at that. You have to teach correctly to your lovers! She insulted you, so her only outcome is death.”

Yasenia gave Tatyana a peck on the lips and patted her head, “En, I know that you are too far gone. Don’t worry, I love you no matter how you are.”

Tatyana smiled, receiving her caresses, but she still didn’t understand, ‘If someone insults my little treasure, how can they not deserve the most agonizing of deaths? Well, it doesn’t matter... She will die anyway.’

That nameless Young mistress stood up and said, “You lowlives! My father is the head of the Tang family! The ones that are courting death are all of you! Guards, give me that beast woman right away and beat the others to death!”

Until now, the ten guards at the side didn’t interfere because there was no danger to their miss. Even the arrow Cecile fired was blunt; she will have a little swelling at most. The guard captain sighed and said to Yasenia, “Don’t get us wrong, miss; we can’t disobey orders. Can you come with us? We are all in the Dantian Spiritualization realm. You are really no match for us. I’m even at the half-step of the realm. I think I can disarm you even if you try to summon something from your ring.”

Yasenia smiled calmly, petting Tatyana with her tail, Cecile with one hand, and Angel with the other “Leave before my caresses can’t hold them anymore. Only your miss is going to die. You are my senior, so I don’t want to disrespect you. Moreover, you still haven’t done anything; I can still save you. Give one more step... And you will die.”

The guards looked at those three, and although they couldn’t see the cultivation of the black-haired woman, to be so submissive towards the dragon-woman, she shouldn’t be much stronger... The guard captain said, “Catch them! Be careful with-”

Well, they took one step forward and stopped. The excited spectators waiting for the upcoming show became confused, ‘Why aren’t they moving?’

Yasenia, on the other side, felt her tail separate slightly from Tatyana’s head and then touch her head again, so she knew what had happened. ‘If it weren’t because my tail was touching her head, I wouldn’t even have realized mom moved. It was an instant. Fast doesn’t make her justice.’

One spectator spoke, “What happened?”

Another one said, “Maybe they received another order mentally?”

One high-level cultivator said doubtfully, “I think I saw the red-eyed woman crouch a little. But she returned to her position the next moment...”

Even the young mistress looked doubtful, “What are you doing!? I said catch them!”

Tatyana spoke calmly, “You know... I wouldn’t have meddled if it was between juniors. They can play all they want, and we, seniors, should just watch from the sides. However, to attack a junior in the Body Modification realm with a group of Dantian Spiritualization realm cultivators... Did you really think that I wouldn’t attack?”

When she stopped speaking, all of the guards, including the captain, dismantled like a bloody brick house. *Splat* *Splat* *Splat* *Splat*

Some spectators screamed, and that Young mistress became as pale as a sheet, and then she puked. When she stopped vomiting, she looked toward Tatyana and said, trembling with fear, “I, uh, this, m-misunderstanding, I d-didn’t know about *Sob* y-your excellencies, please spare-”

A laser shot forward and pierced her forehead. The staff around were about to stop that laser, but they felt a mountain-like pressure on their shoulders and couldn’t save that miss. They all looked with fear at those red smilingly eyes and lowered their heads, almost pissing their pants in fear.

After the attack, a silvery voice said, “Trying to enslave Yasenia, death was the only outcome from the beginning.”

The owner of the slave house arrived shortly after. She thought that the young mistress would get away like always! Who would have thought that she finally kicked Iron!

She put on a professional smile and said, “Esteemed guests, what are you searching for in my humble shop?”

Yasenia looked at her and said with a smile, “I haven’t seen any other beast-humans while growing up, so I wanted to enter the beast-human slave room.”

Yasenia saw that her face was struggling and said, “Don’t worry about me trying to save them or similar things. We are only here just to look around. Can we enter and see around? If we really can’t, or you don’t trust us, we will leave to another slave house.”

The owner was a cultivator inside the transcendence realm. Therefore, she could feel the sincerity in her words. She relaxed a lot and smiled after nodding. “Thankfully, you aren’t one of those self-righteous people who don’t know anything and try to do the ‘right thing’.”

She looked at Tatyana and chuckled, “Moreover, I don’t think I would be able to do anything against you, senior.”

She guided them personally and apologized, “I’m sorry for not interfering earlier. To tell you the truth, I can’t offend the Tang family; I have some debts with them, and I normally let that girl do whatever she wants. Well, now she is dead *sigh*.”

She shook her head and continued looking at Tatyana. “I know that this might offend you, senior, but the Tang’s family connections run deep in this city. Moreover, their estate is almost at the top of the mountain. They have some strong cultivators.”

Tatyana nodded and said, “Don’t worry, we will take full responsibility for these actions. The slave house will have no hand in anything. Just continue doing your business as if this event didn’t happen.”

The owner nodded thankfully. They would have long ago banned that girl if it wasn’t because of that debt.

They entered the room, or more appropriately, the hall. It had a marble floor and decorations on the walls, and the ceiling was quite tall. It was a big space, and many people were walking around.

Yasenia looked around. However, contrary to what she expected, there weren’t jails or cages; the beast humans had normal clothes and were all in good health. Each had their place, and, on their side, there was a jade.

These jades had general information about them. If the customers were interested, they would talk directly with the beast-human. Then, the beast human would converse and state their services and prices with a natural smile.

If one were to ignore the collar on their neck and beast traits, they would look like any other person around. At least, Yasenia couldn’t sense a single ounce of unhappiness coming from the beast humans she was observing.

Some beast humans looked at the group of beauties that entered, and some were starry-eyed, especially when they saw Yasenia; some even started blushing. One of the bravest lizard girls approached.

She had 180cm in height, and the color of her hair, scales, and eyes was purple. She had a one-meter-long scaled tail, which was thinner than Yasenia’s. Unlike Yasenia, she had scales on her neck and up her cheeks. She also had some over her hands.

Her voice was quite cute, as she said shyly. “Miss, can you buy me? I can become your most trusted maid or anything, and I c-can even change my contract to work as a sex slave for you!”

Yasenia burst into laughter, finding her adorable. The beast-humans looking at Yasenia blushed even more, and their tails wagged seeing her laugh. ‘S-So beautiful!’

Cecile’s lips twitched in annoyance at all the gazes directed toward Yasenia, but she held it in. The others, however, were amused.

“I know Yasenia is beautiful, but why the exaggerated reaction? I can see some of them entering in heat...” Angel said while looking at a male cat-beast-man. One could see the bulge down there and his fidgeting body.

Tatyana laughed and asked, “What do you think of Yasenia’s scent?”

Angel said instantly starry-eyed, “The best scent in the world! I love burying myself in her and smelling her aroma!”

Yasenia laughed and hugged her from behind while her tail wagged happily. Yasenia didn’t know that this sent even more poor beast-humans into heat!

The owner was also curious, and she also sniffed a little around Yasenia. She was surprised when she smelled the sweet floral scent. She listened to Tatyana, “I’ve already told you that beast-humans rely more on instinct, right? If her scent can affect humans so much... Even the owner feels more pleasant, right?”

The owner nodded. Tatyana said, “Imagine the effect on these people!”

All of them realized! Andrea laughed and said, “So... If we let her alone here and liberate the beast humans, Will they cleanly eat Yasenia? Or the dragoness will be able to fight back? Hmmm, I’m tempted to see that “battle,” It would be legendary!”

Angel’s thoughts started wandering, and her cheeks became redder by the second. Yasenia smiled helplessly. ‘My dears are perverts!’

Seeing people gathering, normal humans and beasts approached the place, only to be awestruck by the group’s beauty, especially Yasenia’s and Tatyana’s.

Evelyn looked around and asked the owner, “Are there cow people? I want to see them! Yasenia, let’s see them! I want to pair you against a formidable pair of-!” *Bang!*

The tail-slap landed on her forehead, and Evelyn did three backflips in place, perfectly landing on her feet again. Everyone looked stupefied at that perfect tail control.

“Impressive! To think that it was possible to hit someone like that.”

“Kyaa! Her tail is so perfect! Look at those colors, and form, and elasticity, and strength!”

“Buy me, buy me, I can be anything you want, even a Broom slave! I don’t care!”

Yasenia massaged her forehead. And Evelyn said excitedly, “That was awesome! Again, do it again!”

Who was Yasenia to deny her dear’s request? *Bang!* This time, she did four backflips. Everyone clapped, and even the more taciturn males started promoting themselves.

Cecile's annoyance reached a degree that she spoke aloud, "I'm her marked mate! Step back, you horny people!"

The beast-human gazes locked onto Cecile. They were so absorbed looking at Yassenia that the rest of the world faded in the back!

It was only now that they discovered Cecile's presence. That lizard girl was surprised. "Wait... Marked Mate!"

And suddenly, all of the reptile humans kneeled to Yassenia. "We are sorry for offending her excellency!"

This time, it was the humans' turn to become stupefied. Even Yassenia was stumped. She looked at her mother with a, *I won't be able to sleep unless you explain this to me* face.

Chapter 65

After seeing her begging expression, Tatyana decided to clear their doubts. "Do you remember how only high-level bloodlines can mark their mates?"

The others nodded, "Those with high-level bloodline are treated like superior beast-humans by them, so, in their culture, Yassenia is like royalty. Of course, they don't go kneeling in the streets like they are doing now. However, they are respectful toward higher-level beast humans. The reason they are kneeling is that they are slaves. Therefore they see themselves like your subjects."

The owner's eyes shined, looking at Yassenia. "Say, miss, do you want to work here? Not as a slave, of course. You could be one of the administrators! We could make a better slave house for the beast humans with your high position between them! Some of them would even come to us voluntarily!"

Yassenia thought about it seriously. However, she shook her head. She first turned towards them and said, "Rise, I'm not any kind of royalty. My biological mother is her, a human. I don't have beast human ancestry; thus, I should not be revered like you are doing."

Tatyana smiled wryly, 'You shouldn't have said that little treasure...'

After Yassenia stopped speaking, the kneeling beast humans that were about to rise threw their bodies to the floor and plastered themselves on the ground. Moreover, the ones that were standing also kneeled! Stupefying almost everyone. They shouted in a chorus, "We are honored to present ourselves to a new [Progenitor Queen]! We hope your lineage extends to eternity and beyond!"

Tatyana shook her head and looked at Yassenia. Yassenia had one of the weirdest expressions she had seen her make since birth, almost making her burst into laughter. Yassenia, her lovers, and most humans present turned toward Tatyana. Yassenia commanded, "Explain."

Tatyana said to her dismayed daughter, "Since you are born from a human, doesn't this make you the first of your bloodline species? Therefore, you are a progenitor. Moreover, you are of the highest level of bloodlines. That is why they added the Queen to your title."

Evelyn asked curiously, "You just said beast-humans born from humans. Is it possible to have a beast-human child even when the parents are completely human?"

Tatyana nodded, "I will explain a little more about this later, but know that it is possible."

Yassenia asked her mother, "My bloodline name is [Celestial firmament Dragon]. There aren't any more of these?"

Tatyana smiled mischievously, “You are the first of your bloodline Yaseenia. There are [Firmament Dragons] and [Celestial dragons], but the combined and strengthened bloodline... There isn’t anywhere. At least not that I know. The seniors from you know where also told you, right? You are a miracle!”

Yaseenia asked with a wagging tail, sending many customers into deep thought. “Then, since my bloodline is so strong, will our children be powerful?”

Tatyana laughed and nodded, “Our children will be mighty! That is for sure.”

Yaseenia smiled happily, and her tail wagging speed accelerated, confirming some of the customer’s deep thoughts. ‘I have to buy a beast-human and marry her/him. Can you imagine my little daughter or son wagging their tails toward me? Decided!’

That lizard girl looked up in adoration, “Pure Dragon Bloodline!” She turned toward the owner and struggled to speak up.

The owner was playing with her auburn curly hair, thinking. ‘I already knew about Progenitors, but not progenitor queens/kings... This is new.’

The lizard girl steeled herself and asked. “Owner, can we follow her? We want to serve the new Progenitor Queen!”

The owner raised her curved eyebrow and was about to answer when Yaseenia cut them off, “I don’t want followers now. I’m weak, young, and inexperienced. Furthermore, I don’t have either influence or time to manage all of you. When I’m stronger... I will see what I do, but I want to concentrate on strengthening myself first.”

The owner won’t let a chance like this slip! She looked toward Tatyana and said eagerly, “senior, anything you want, call this one! I know I’m being shameless, but I want to stay on the good side of the mother of such a powerful girl! I mean, I’m sure I will be able to get tons of benefits from you!”

The people around looked at the 100% honest woman, speechless.

Tatyana never said no to a new working hand (Even if she wasn’t the one who had to do the checking work, integration work, administration work, or...) “I don’t have slave treads under me... Well, we can expand the business. Moreover, you seem to treat your slaves rather well.”

The owner didn’t lie and said, “Well, not by much. This slave house is a little better than average. The thing we do that other houses doesn’t is rescue slaves from weak dark slave houses and carry them here. ”

The owner said thoughtfully, “Then unless carrying a punishment, most of them are in the slave door they want. At least in Champion city, the ambient you saw when you entered was the normal situation.”

The beast humans rose to their feet while they were talking.

The customers at the side nodded, confirming the owner’s words. One man said, “It is true. I normally buy slaves in other places to work as my temporary servants because I move a lot. I can say with certainty that unless you are in the demonic territory, the treatment of slaves is normally like this. Of course, punishment varies greatly from one slave house to another.”

All the beast-humans had already stood up and confirmed their words. The owner shrugged and looked at the beast humans with her brown eyes and smiled slightly. "Buying normal food and clothes is truly not expensive, and the prices for their contracts are more than enough to make a profit and give them a small salary. If they behave and win money for you, why treat them bad?"

The lizard girl, who was trying very hard to join the group, spoke. "Senior, what the owner said is correct. I myself was forced into sex slavery in the past, but since I came here, I've been with two masters as a normal maid, and neither were abusive nor forced me into anything."

That lizard girl was very grateful and hugged the owner. "Our contracts normally last for a specific time, and then we return here. To be honest, I fell more like a worker than a slave."

The other beast humans nodded and bowed to apologize to the other customers for the ruckus they created. Then they started speaking with the customers. Some of them were even giving discounts!

The owner chuckled and patted the lizard girl's head. She asked, "Well, will you buy this cutie? She seems very eager. Moreover, those two customers are quite pleased with her. They described her as determined, responsible, and hard-working."

The lizard girl blushed at her compliments and looked with expectations towards them.

Tatyana shook her head. "No, we won't. I'm here because of my daughter's curiosity."

She gave her card to the owner, and the owner looked at the card. Her eyes widened, and she choked hard. She was about to kowtow when a suffocating pressure stopped her movements. The owner smiled stiffly, with fear coloring her eyes, and said, "H-H-Happy cooperation!"

Tatyana smiled broadly and nodded. "I hope we can get along well, and you don't play games in the future, miss Gilda." The owner nodded like a woodpecker.

Yasenia confirmed that her mother was some kind of big shot, but she didn't know the specifics yet. The others were also curious but didn't ask. They stayed for a while and spoke with some beast-humans, asking how the contract works and how they live when they are not working. It was an interesting conversation.

Moreover, with the eagerness that the beast-humans explained (Promoted themselves) to Yasenia, it was quite amusing for them.

Out of curiosity, they also visited the sex slaves. The place where the sex slaves were, was interesting. There was different furniture around, and the sex slaves were doing seductive poses while lying down on them, some were standing in very revealing clothes. There were even some rooms at the side. Yasenia asked Gilda, "What are those rooms for?"

Gilda answered, "Some slaves give a test of their skills if the customer pays upfront. Those rooms are for that service."

Yasenia raised her eyebrow, "That is quite a nice addition. I bet you can avoid a lot of troubles because of them."

Gilda nodded, "It is quite a new addition, we only implemented it 120 years ago. It was purposed by one of the veteran sex slaves here... Oh, look, she is right there."

They followed their gaze, and they saw a white-haired voluptuous fox girl. She was lying on a red sofa, highlighting her white fur. She had her robe opened, showing a large expanse of her skin and even one of her nipples. Her core was hidden with her white tail, tempting the viewer.

Yasenia and the others approached. Yasenia was curious at why someone would enter the sex slave trade, so she asked, "Miss, why did you enter this trade?"

"Why did I put myself here?" She laughed charmingly and sent her pheromones towards Yasenia. Yasenia felt a very slight tingling, but she ignored it.

"That is because I really like the pleasures of sex. Moreover, we are paid extremely well, and the security measures work most of the time~."

She stood up seductively, and her robe was completely open in the middle; she was quite tall, 176cm. She neared Yasenia, step by step. Angel was about to move between them when, strangely, Cecile stopped her.

The fox girl plastered her body against Yasenia's, making their breasts squish against each other, and said charmingly. "We are like workers in a brothel, but you get to keep us for a while instead of one night. Some even find love because we are loyal to that customer until he or she returns us to the slave house~ Do you want to become my owner~? I'm veery skilled~."

Yasenia took her chin with a smile and her waist with the other arms. She pushed the fox girl closer, and she closed the distance between their faces, almost kissing each other.

'This dragon girl is so soft~ I want to be bought by her~.'

Yasenia released her scent without holding anything up when they were completely plastered. The fox girl smelled her sweet floral scent, and her pleasure nerves lit up, making her moan. She looked at her golden slit eyes, and her cheeks dyed in an alluring red while her body trembled. 'W-What is this!? I-I can't think straight~.'

Yasenia approached her fox ear and whispered, "You are late, beauty..." She caressed her neck and continued with a breathier voice, "...I'm already taken~."

The fox girl's face blushed deeply, and her tail was wagging at impressive speeds! "I c-can give you a, *moan* try of my mmm! Services freely~ *moan*."

Yasenia smirked, separated their bodies, turned, and caressed her cheek with her tail-tip while leaving. "I'm sorry beautiful, but I'm not interested~."

The poor fox-girl was left entranced while looking at Yasenia's back, with one hand rubbing her core and sniffing the air.

When the others were about to ask why she did that, Yasenia said, "I think I did well in having human partners. I wouldn't know if a beast-human loves me or my bloodline... I can even make an expert in sexual arts behave like that just releasing my scent..."

Andrea and Cecile hugged her from behind and the front. Cecile said, "Yasenia, I'm sure that your scent also affects us. Moreover... Those actions would arouse anyone...."

Yasenia released the same level of scent and waited for their reactions. Andrea and Cecile sniffed her, and their smiles became wider, but they didn't lose themselves.

Yasenia smiled and let herself be hugged, "I know, but it isn't to the extent it does with beast humans. That fox-girl was in the third level of the Mental Nourishing realm. Yet look at what happened to her. Moreover, my scent when mating is even stronger... Wouldn't I fry her nerves with pleasure if I did it with her?"

Tatyana chuckled and said, "Little treasure, although you are not wrong, and what you are worried about is actually right... What you did to that fox girl would end the same no matter who you do it with. I think that way of testing your theory was... A little flawed. Hahaha."

Yasenia blushed a little, "Was it that bad?"

The others nodded, and Gilda said, smiling, "That fox-girl has always been very playful. This time she shot herself in the foot! Hahaha."

Evelyn said proudly, "If our most beautiful flower wants to charm someone, she can do it easily with her beautiful and giant pair of ti-" *Bang! *

Evelyn flew to the side, making the owner stupefied. Gilda decided not to comment.

Evelyn stood up and frowned, making Yasenia a little concerned. 'Did I hit her too hard?'

Yasenia was about to ask when Evelyn said, "Why did I feel pleasure from that tail slap? Did her breast attribute evolve-" *Bang!*

Yasenia shook her head. 'I didn't hit her too hard, but too soft!'

Chapter 66

After their tour inside the slave house, they decided to leave after bidding goodbye to the owner.

The owner, Gilda, watched them leave and muttered, "Who would have thought... That the Death Empress would have a child... Well, I rather not tell anybody. I don't want to become part of her undead army...."

She turned and entered back inside, "Her daughter is also as monstrous as her... 20-year-old half-step Body-modification realm. Moreover, she will be able to breakthrough in some days... A 20-year old Mental Nourishing cultivator? Terrible, completely abnormal. Some people haven't even started cultivating at that age!"

The owner walked inside her office and suddenly said, "Can't I pay my debt just advising the Tang family to not mess with the dragon-girl? It will be a tremendous favor if they listen to me.... The oath said until I pay them back, this could free me from the debt... Let's try."

She took out a communication jade and spoke through it, "Don't mess with the people that killed your daughter. They are not someone your Tang family can offend!"

With that, she cut the message. She felt the oath inside her heart undoing and disappearing. Her smile became as beautiful as a flower. "Finally free! It seems I can finally expand my business without being stopped by them!"

She called to another communication jade, which was given to her by Tatyana, and connected with someone. Gilda heard a beautiful female voice, "Who is calling?"

Gilda spoke respectfully, "I'm an owner of a slave house, my name is Gilda, and my business is in Champion city. Her majesty, Death Empress, told me to call you because she wanted to expand...."

She heard a *tsk* and a grumbling voice, "That madwoman sending all the trouble my way again... Wasn't enough with the aftermath of what she did in the Nature Queendom? She always overworks us, and she went playing who knows where... I also have to..."

Gilda's enthusiasm thinned the longer she listened to the woman pouring her heart into a stranger. She asked, "Can I not become part of this...?"

The woman on the other side stopped her ramblings and ordered, "No, I need more helping hands. You won't escape! I will send the death knights if you try to escape! More people will suffer with me!! HAHAHAHAaha. Burn! The world shall burn!!! HAHAHAHAHA."

Gilda, knowing where this was going, was already crying! 'I just escaped from the Tang family, and now this! How can I escape this time!? I want to be free! This time my sanity is on the line!!'

Will Gilda be able to escape? Only time will- "No, of course, she won't! She is working for me now!"

Meanwhile, near the top of the mountain, in a very big mansion, and inside the most luxurious study room, a man with heroic features and short black hair listened to one message jade with a frosty expression "The young miss has been killed in the slave house! All her guards have also been killed. A black-haired woman killed the guards, and a petite blonde woman killed the miss. We have the details of their description in base. That black-haired woman is..."

Tang Guo, the patriarch of the Tang family, became completely enraged. He continued listening to everything and took out another communication jade. Seeing that it was from that slave house owner, he crushed it in his rage. "No matter what excuses you put, I will kill you after I'm done with these pests! With her death, all my initial plans went down the drain!" *BANG!* He crushed the heaven-grade table with one hit!

Yasenia and the rest walked around the city a little more. There was even a child that tried to steal after bumping into them. However, Yasenia caught him with her tail, took her money back, and threw him to the side after giving him one silver coin. She didn't even bother to speak to him.

Outside the Academy, the currency was divided into coins.

Normally, they are metals without cultivation value. They are iron, copper, silver, and gold. Above the gold coins, there are purple crystal coins. Crystal coins are the highest coin type because cultivators can use them.

The exchange rate between them is one thousand to one, iron being the cheapest. There are also different coins, like a 100 iron coin, a 20 silver coin, etc.

Yasenia was looking at stalls around when she saw an old man with some tattered goods and thought, 'What the hell... Who would buy any of them?'

She curiously approached the old man, and the rest followed. Tatyana looked at that man with a raised eyebrow and spoke, "Are you trying to replicate the wise old man cultivation world cliché?"

The old man, being caught, stiffened! ‘How does she know!? But, she is wrong if she thinks I’m a replica!’

Yasenia and the others looked without knowing what was happening. Seeing that Tatyana had more to say, they just watched from the side. Tatyana sneered, “Old man, you choose the wrong world! These things work with Qi. In this world, we use energy! Your super-ultra rare and powerful cultivation resources are useless here!”

The old man opened his eyes, surprised, and stepped back. His white beard trembled as he rambled. “That is impossible! I’m the tattered old man on the side of the road with tattered goods that are actually strong! My treasures are always the best! They can’t be useless!”

Tatyana looked with pity at him. “This time... You failed! Disappear before you receive more humiliation!”

However, Tatyana didn’t manage to convince the old man! He took out some of the treasures. “What about this broken bell! It is a supreme treasure that can tame beasts or kill them with just a single ring! It can also attract divine beasts and has the inheritance of the god of beasts!”

Tatyana looked disgusted. “That thrash item works with mana! Moreover, god of beasts? The strength of the hidden inheritance is only Transcendence level!”

He felt a hit to his heart, but he didn’t give up! The old man took out another one! “What about this tattered cultivation scroll! It is the legendary technique of a super-powerful war god! It will even give his inheritance once you master the technique and guide you toward his secret tomb!”

Tatyana shook her head, “This technique needs a physical Dantian! In our world, our dantian spiritualizes while entering the fifth realm!”

The old man staggered and coughed blood. “Sinner! How can a dantian spiritualize! The dantian is always three inches below the navel!”

Yasenia and the others were wide-eyed, looking at those items. ‘These tattered things are super powerful treasures!?’

Yasenia couldn’t hold it anymore and asked, “What the hell are you doing selling these things like a beggar on the corner of a street!?”

Tatyana and the old man looked at her confused and spoke simultaneously, “Isn’t this normal? It happens a lot!”

Yasenia directly coughed up blood and fainted.

The old man left after a battle with Tatyana, saddened at his first failure... “This world is cursed. How can my cliché not work!? They don’t use Qi, their dantian spiritualizes, what the hell is happening in this world...” The author was also crying on the side because he couldn’t give Yasenia another free power-up!

Well, although that thing happened, the rest of the day was quite normal. They weren’t stopped by anybody else and relaxedly explored some parts of the city.

When they returned to the inn, they all went towards the four people’s room because it was bigger. They sat on the two sofas, enough for the six of them.

On one couch, they were Tatyana, Angel, and then Yasenya.

On the other, there were Cecile, Evelyn, and then Andrea.

Yasenya looked at the pensive Tatyana and asked. "What are you thinking about, mom?"

Tatyana answered, "Should I give you an overpowered item to compensate for your lost opportunity?"

Yasenya was confused again. "What lost opportunity?"

Tatyana changed the topic. "This time, the demonic side is also participating. I think that Yasenya told you what to do. However, I will add one thing. The difference between the righteous and demonic sides is only one. One side does taboo things secretly and the other openly."

Evelyn asked, "Then, are the demonic and righteous sides similar?"

Tatyana thought a little and shook her head, "The righteous side is still not that corrupted. No matter how snake-like the righteous side is, they aren't close to what the demonic side does. Demonic cultivators are worse than righteous cultivators. That is the truth."

Tatyana spoke calmly, "What I wanted to tell you with this is not to have mercy or be naive. Do not take sides."

She looked at them and said, "This is for the five of you. Remember, if seniors try to touch you, I'm your backer. Your only enemies are the juniors, do not care about anything else while battling."

Tatyana's aura became chilling. "Even if they are the Emperor's sons, show no mercy! Kill if you have to Kill! I will take care of the rest."

All of them smiled and nodded. Angel timidly hugged Tatyana and said shyly, "Thank you, mother-in-law."

Tatyana kissed her forehead and said gently, "Didn't I tell all of you to call me Tatyana?"

Angel blushed at that kiss and hugged Tatyana a little stronger. Yasenya laughed and squished Angel between Tatyana and herself. She kissed Tatyana on the lips and asked, without stopping sandwiching Angel, "Mom, can you tell me your identity?"

Tatyana smiled and said, "Nope. You have to discover it yourself~."

Yasenya shook her head in disappointment. She looked down at Angel, who was trembling and breathing hard, and Yasenya smiled mischievously. "Mom, do you want to do something more with my baby and me?"

The others raised their eyebrow and looked at Angel. Angel flinched, and her body heated up.

Tatyana looked down at the blushing girl and smirked. "Sure~ How about I accompany you with one girl each night?"

The others also flinched, and their thoughts started becoming colorful.

Yasenya smiled and looked at the others who had blushing faces, "I bet they want to be eaten by mother and daughter~ Aren't they completely perverts, mom?"

Tatyana put on a sadistic smile and looked at the others. "Complete degenerates, they want to taste the mother and daughter at the same time. Truly sinful~."

Tatyana stood up and carried a stiffened Angel toward one bedroom.

Yasenia followed and looked back, saying seductively, "Eagerly wait for tomorrow night~ Who would be the lucky one? It depends on today's performance~." Then she closed the door.

The three girls outside were left with thoughts about whether to give their all tonight. Andrea muttered, "It must be an interesting experience..."

Evelyn looked at her and stuttered, "B-But it is v-very immoral, m-mother and daughter? I, umm..."

"That is what makes it good!" Said Andrea, leaving a speechless Evelyn.

When Yasenia entered the room, she almost laughed. Angel sat in Tatyana's lap stiffly and with a red face while Tatyana hugged her from behind. Tatyana asked Yasenia, "How do you want to do it?"

Yasenia walked toward her baby and crouched in front of her. She said gently, "Baby, what do you want to do. Here, there are only the three of us. You can make any demands. We won't judge you."

Her drumming heart calmed down a little, hearing her gentle tone. She stuttered and said with a mumbling voice, "I w-want to p-pressed between, and, umm... Same, both, hug, uhh...." The poor baby couldn't speak properly!

Yasenia, however, understood her baby. She closed the distance and kissed her softly. Tatyana knew that Yasenia spoiled this little girl to the heavens, so she followed suit. She massaged Angel's scalp while giving little kisses on top of her head.

Angel's nervousness disappeared little by little. The massage and the tender kisses made her melt in their embrace. Yasenia stopped after five minutes and asked her melted baby, "Do you like Tatyana, baby?"

Angel responded honestly. While looking at Tatyana shyly, she reclined back and said, "I like Tatyana too. I think both of you are fantastic."

Mother and daughter smiled and said simultaneously, "Then, today, we will spoil you a ton~."

Yasenia stood up and undressed, while Tatyana put Angel on the bed and also undressed.

Angel looked at the naked two perfect bodies before her and almost had nasal bleeding. While Yasenia was very voluptuous and tall, Tatyana had what someone calls a perfect figure.

She had a rounded and perky pair of C cups that could perfectly fit a hand, a slim waist, and a round butt; her legs were neither thick nor thin, and her garden was bare and beautiful. Her skin was on the whiter side but flawless nonetheless. This coupled with her elegant face and red eyes... 'N-No wonder Y-Yasenia is so beautiful...'

Angel's gaze was locked on Tatyana, who took out a toy of a similar size to Yasenia's and put it on. Now In front of Angel were two perfect women with two towering members that she knew well where they would go. She could feel herself getting wet extremely fast.

After Yasenia disrobed, she walked slowly, sashaying her hips and making her voluptuous body jiggle. When she reached Angel's side, she leaned forward, making Angel's gaze focus on her big dangling breasts. Angel gulped, and Yasenia disrobed her gently.

Yasenia took off her clothes gently, and when she disrobed her completely, she pressed her soft body on Angel's and kissed her softly. Angel returned the kiss eagerly, and Yasenia picked her up. She sat on the bed and put Angel straddling her. Then, she continued her caresses, making Angel wound her arms around Yasenia's neck.

Tatyana arrived behind Angel and also pressed her body on Angel's. She kissed her neck and moved one hand to Angel's lower lips, caressing her core. Therefore, Angel's pleasure receptors went haywire with the two goddess-level women caressing her whole body. When Tatyana's soft fingers grazed her clitoris, Angel came hard with her mouth still on Yasenia's. "MMMMPH!!!"

Mother and daughter felt her trembling, and Yasenia separated from Angel, burying her in her softness. After Yasenia separated, Tatyana and Yasenia kissed each other and hugged, squishing Angel, who was relishing in the afterglow of the orgasm.

Tatyana and Yasenia grabbed each other members and pumped them with their hands, using the leaking precum to lubricate the other person.

When Angel returned from the orgasm, she was completely buried in softness and surrounded by their scent. She looked up and saw a lewd kiss between them. This made her extremely heated.

Tatyana and Yasenia separated and looked down with a seductive smile. Yasenia spoke, deepening her voice, "Are you prepared, baby? We will begin with this position~."

Angel lowered her head, buried it between Yasenia's breasts, and hugged her. However, she opened her legs wider, making the access to her two entrances easier for them.

Yasenia lifted Angel by the butt until her tip touched her entrance and left her other hole easier for Tatyana to enter. Then, Tatyana and Yasenia positioned, thrust in slowly using their recently lubricated members, and opened her widely, "Ohh! oh my heavens! Aahn! mmm!"

Angel felt the two members invading her, and thinking whose they were; she came strongly when Tatyana and Yasenia reached her end. "I'm Cumming!!"

Feeling the new orgasm, they stopped moving and kissed each other again. Tatyana said, "Let's spoil your baby *kiss* more often. I like this kind of sex."

Yasenia continued kissing her and said, "Sure, *Kiss* Anything my baby wants, she will get it. Especially in bed~*kiss*."

Yasenia used her tail and penetrated Tatyana's rear entrance making her moan. Tatyana looked at Yasenia questioningly, and Yasenia licked her lips, "Although I know you like this, if you don't cum, where is the fun~?"

Yasenia changed Angel's position. She lifted her by the legs and positioned herself on her knees. Tatyana followed suit, and now they were squishing Angel between them in that position. This way, they could move their waist easier and reach deeper inside her.

They felt the trembling stop, so they pulled their waist back until only the two heads were inside and pushed slowly inside. Angel moaned and licked Yasenia's cleavage, delirious with pleasure.

They continued doing this kind of slow strokes, rotating their waist, scraping Angel's insides, making Angel moan crazily. Yasenia didn't forget to move her tail, making Tatyana love each second of this session. With this kind of stimulation, Angel was having an orgasm almost every two minutes.

Yasenias wanted to cum with her baby, so she sped up her tail inside Tatyana, making their pleasure soar. Tatyana knew what Yasenia wished to do, so she let the pleasure invade her senses and stimulated Yasenia's tail.

Angel felt her orgasm reach again and bit Yasenia's breast while she shouted, "I'm cumming again!!!"

This time Tatyana and Yasenia also came inside, grunting in pleasure. Angel felt Yasenia's cum folding her uterus, and her pleasure nerves exploded. Moreover, Tatyana's squirt filled her back entrance, making her eyes roll up and squirt powerfully with a throaty moan, "OOHHHHH!!!!"

Yasenias wanted to feel a little more pleasure, so she unplugged Angel and laid her on the bed. While Angel returned from her trip, she pushed Tatyana onto the bed and impaled herself. Tatyana moaned when she felt this now-familiar entrance massaging her whole length. Yasenia asked while growling slightly. "Mom, do me roughly for a while, please~."

Tatyana didn't need to be told twice! She picked her full butt cheeks and lifted Yasenia, then while moving her waist upwards, she lowered Yasenia's *Pah*.

Yasenias wanted Angel to see her go crazy, so, to provoke Tatyana a little, she said something she shouldn't in a spoiled tone she also shouldn't! "Mommy, I want more~."

Something inside Tatyana snapped. She pushed Yasenia face down on the bed and changed her toy to a much bigger one, from 20cm to 30cm! Tatyana aimed herself from behind, and she hilted the whole length in one thrust *PAH*

Yasenias felt her labia open widely as Tatyana's massive member invaded her insides mercilessly. It reached her cervix and pushed against it. Then, the thrust spread it wide, making Tatyana's member enter her deepest part. Yasenia's eyes rolled up, and she moaned, "OHHH!!!!"

Tatyana picked up Yasenia's arms and pounded her strongly from behind. Yasenia's body bounced lewdly as Tatyana slammed on her, dominating her completely. She couldn't help but moan crazily.

Angel returned after a while and heard Yasenia moaning crazily. She looked at the side, only to see Tatyana dominating Yasenia strongly. The way Yasenia's body bounced made her entrance twitch as she gulped and watched the show.

She looked at Yasenia's face filled with ecstasy and Tatyana's sadistic smile and started to touch herself.

Tatyana looked at the side and motioned Angel to approach without stopping her waist. Angel went to her side, blushing. Tatyana asked without stopping her waist, "Angel, Do you want to Ohh! dominate Yasenia with me for a while? Aaahn~ Little treasure, you are tightening so good!" Angel blushed and nodded.

Tatyana took another of her dildos and passed it to Angel. Tatyana flipped Yasenia and laid on the bed, changing their position to the cowgirl position. Then, she thrust upward strongly, making Yasenia shout in pleasure as her breasts bounced with each thrust.

Angel blushed as she saw her favorite breasts bounce in that manner and swallowed hard.

Angel crawled and positioned herself behind Yasenia. Tatyana lowered Yasenia's upper body and invaded her mouth. When Yasenia was delirious with pleasure, Tatyana used her hands to open Yasenia's buttocks.

When Yasenia felt something poking, she looked back. She saw what her baby was about to do, and Yasenia became even more excited. Seeing that Angel was having a problem aiming because her waist bounced, she stopped her waist and let Tatyana do the moving simplifying Angel's access.

Angel grabbed Yasenia's waist and penetrated her in one go. Yasenia's insides started clenching on her and made Angel moan in return. Then she started moving her waist quickly. Yasenia said, "Good baby! You are doing good! Faster, go faster! Ah! mmmh~ That's it, deeper put more strength Aahn~ so good! Ah! Ah! Ah!"

Hearing Yasenia moan because of her thrusts, Angel became excited and moved as fast as possible.

PAH *PAH* *PAH*

Yasenia passed her tail through the sheets and sent it to Tatyana's mouth, Tatyana opened widely, and the tail tip thrust inside her throat directly. Yasenia, now stimulated like this, smiled lewdly as her baby and her mother were pounding her. Yasenia reached orgasm fast, "I'm cumming!!" Her three sexes sprayed.

Tatyana swallowed that delicious nectar, and together with the spasms of Yasenia's vagina, she also came. Angel felt Yasenia's insides trying to milk her and couldn't hold against this kind of stimulation, so she entered an orgasm again. Yasenia was filled and moaned in ecstasy.

After her orgasm, Yasenia took out their members and turned toward her baby. She kissed the twitching Angel and said, "You did so good~ Now my front, baby." She put herself on her knees with her legs opened, showing her leaking entrance below her mighty member, "Here, baby, all yours~."

Angel swallowed and approached on her knees. Yasenia whispered sultrily, "Use my mom's fluids to lubricate and enter me, baby." Angel blushed and penetrated upwards strongly. Then she hugged Yasenia, and because of their height difference, her face was between her breast. "Yasenia~ it feels so good inside you~."

Yasenia smiled tenderly and helped Angel, moving her waist. Feeling her warm insides, Angel also started thrusting as fast as she could, and she was feeling heavenly.

Tatyana went behind Angel and penetrated Angel in the back entrance, making the little girl moan in ecstasy. Tatyana helped Angel's waist with her thrusts, and Angel became sex-crazed with the double stimulation. She was hugging Yasenia and breathing her scent deeply while thrusting in.

This went on for ten more minutes until Angel could no longer move. Angel was buried within their embrace while being petted by both, with her front filled by Tatyana's member and her rear filled by

Yasenia's member. Angel spoke a little hoarsely, feeling both members twitching inside. "I... Can't... anymore...."

Yasenia kissed the top of her head and said, "Don't worry, baby. We aren't going to move anymore. Don't you feel comfortable like this?"

Angel mewled and hugged Tatyana stronger, "Heavenly~ But I'm... tired..."

Yasenia said gently, "Sleep, baby. We don't go anywhere until you sleep."

Angel buried her face in Tatyana's breasts and relaxed. Tatyana chuckled. "I know now why you want to spoil her. Her reactions are adorable."

Yasenia chuckled and asked, "Can you bathe her mom? I have to go to the others."

Tatyana smiled. "Of course, your baby has to be clean to sleep on her dragoness mattress, right?"

Yasenia nodded and said, "It seems that mom has been enlightened!"

They both laughed and kissed a little while unsheathing from Angel. Yasenia lowered her head and kissed her now sleeping baby. Then she went out.

Tatyana took Angel to the bath and cleaned her. While cleaning her, Angel opened her eyes, and seeing Tatyana bathing her; she blushed in happiness. Tatyana asked, "Did you like it, Angel?"

Angel was very tired, so her tone was like a soft mewl. "Loved it~."

Tatyana laughed and carried her to bed. She said, "I'm going to Yasenia after she does her round with the three of them, then we will return here. Sleep Angel, tomorrow you will wake up on top of Yasenia like always."

Angel smiled sweetly and closed her eyes. Tatyana petted her for a while and stood up. 'Angel is adorable... Should I prepare a gift for each of them? I should... I will give them tools for their professions. Even if I don't help them in cultivation, I can help them in that aspect, right? Moreover, Angel is in the path of formations, like me. I can give her my old tools....'

The next morning, all of them woke up. Angel woke up the last one. She took a deep breath, and that intoxicating sweet floral smell entered her nostrils. Angel smiled and opened her eyes; she saw those perfect big white breasts with beautiful pink tips.

Then, she turned her head upwards, squishing the softness below her head, and saw Yasenia looking at her with a gentle smile. She felt Yasenia's hands on her butt and pushed her upwards; Angel eagerly opened her mouth and kissed Yasenia lovingly. 'Perfect morning~.'

The others had long woken up, so they were alone. Yasenia penetrated her with her tail and started thrusting inside with the lubricated tail. Angel let herself limp and moaned while kissing. Then, she felt Yasenia filling her insides and trembled in pleasure.

Angel spoke, completely melted, "Good morning~ Yasenia~."

"Good morning, baby." Yasenia kissed her again and carried her in a princess hug to the bath without separating their mouths. Yasenia bathed Angel without doing anything lewd. Then, they went down.

The others saw Yaseenia come down in her cultivation robes with the clingy Angel on her arms and her head buried in Yaseenia's neck. Evelyn was about to greet them when Yaseenia spoke, "Dear, tonight is your turn~ Prepare yourself~."

Evelyn swallowed and nodded with an expectant face. Yaseenia asked Tatyana after sitting herself with Angel in the same position. "Is there something to do today from the academy's side, mom?"

Tatyana shook her head. "Today and tomorrow are completely free. The next day, all the participants will gather and showed to the public. The day after that, the elimination rounds will begin."

Yaseenia nodded and started spoon-feeding Angel her breakfast. Angel accepted everything lovingly, and she would kiss Yaseenia's neck from time to time when she finished the food in her mouth.

Tatyana said, "I was thinking of giving each of you tools for the side profession. I have some of them in my ring, accumulated from my years. Although I won't help any of you to strengthen, giving you this should help you indirectly."

The other people's eyes shined. Tatyana continued. "After the first elimination round, I will also train you a bit. I want to see how you do before I give any advice."

Yaseenia looked at the eager girls and said, "Want to go out together? I was thinking of going to the side profession shops today. Although my talent in professions is lacking... Thanks to mom, I actually am very knowledgeable about them. I can become your assistant during the process, meaning I won't do alchemy or the rest; I will assist you in preparing the ingredients and giving advice with theoretical knowledge in the process... What do you think?"

Chapter 68

Tatyana nodded, "This is actually something high-level masters get, a capable assistant. The assistants know more about the theory and give suggestions to the master. Only with this combination did most of the best treasures come to be."

However, Andrea frowned, "Yaseenia, I'm happy that you want to help us... But wouldn't this be too much for you? Not only do you dual cultivate with all of us, you cook for us, make the bed, bathe us after our sessions, train with us... Yaseenia, do you even have time for yourself?"

Yaseenia continued feeding Angel as she said, "My normal cultivation technique has hit a bottleneck. I can't even comprehend where to start for the [Connection with the Celestial bodies] realm; I can use that time to learn about this. Moreover, I don't find it bothersome. It is my joy to take care of each of you."

Angel looked up while munching the breakfast, and Yaseenia smiled at her tenderly. "Isn't that right, baby?"

Angel smiled sweetly as she hugged Yaseenia, making Yaseenia laugh and kiss her forehead. The rest smiled at her, but Evelyn said, concerned, "Wouldn't this slow down your cultivation? You could use that time to at least absorb energy."

Yaseenia shook her head. "Trust me; it will not. The energy I receive from dual cultivating with all of you and the twilight hours is more than enough. Moreover... I rather slow down my cultivation a little bit if that means that I will be able to help all of you in the future. Like my mom said, 'Slow down, look around.'"

Yasenia smiled as she said, "I rather enjoy the road than blindly charge forward, missing on your progress and growth. My road isn't lonely; I have a beautiful family threading it with me. I... don't want to run ahead, alone."

Cecile said, "I will study with you. I also have free time, and It will come in handy to know these things."

Yasenia nodded and fed another spoon to Angel, who nodded while munching as if supporting her. Yasenia found her adorable, so she gave her a peck. After breakfast, they put on their robes and walked outside.

Cecile was in her typical white and blue cultivation robes, and Evelyn with purple ones.

Andrea wore normal blue cultivation robes, highlighting her tall figure.

Tatyana wore a normal black dress, which was, in truth, transcendent ranked wear.

Angel wore female white cultivation robes with a long skirt with golden and black eastern dragons sewn on it, a little awkwardly, but they were there.

It was a gift from Yasenia on their first date, which made her squeal in delight at that time.

Yasenia was also trying to create robes for the others, but she has been busy lately. She has Evelyn's almost done and Andrea's and Cecile's half-done. She didn't mind that she was very unskilled at sewing. Moreover, she was doing it when she didn't know what to do and relaxed her enough to call it meditation.

Finally, Yasenia wore her seductive cultivation robes. It was like normal cultivators and an alluring demoness walking around. She was sticking out like a sore thumb.

While walking on the streets, Yasenia said with a chuckle, "Will we meet another Young master today? Or will we meet with retaliation from the Tang family?"

While walking, Andrea held Yasenia's hand, and Evelyn hugged Yasenia's other arm. Tatyana, Cecile, and Angel walked behind them while Angel played with Yasenia's tail. She had it semi-hardened so that she didn't feel any pleasure from it.

Andrea, holding her hand, said, "It doesn't matter. With Tatyana here, they are bound to fail terribly if they are seniors, and I do not fear those of the same level."

Angel nodded, raising the tail she held, and said, "With Tatyana and Yasenia, I'm not afraid!"

Yasenia laughed and wagged her tail, making Angel's arm sway back and forth. Evelyn teased Angel, "Did Angel become a fan of Tatyana after yesterday~ hmm?"

Angel blushed and hit Evelyn's back with Yasenia's tail, "You will also be like me tomorrow. Hmph, Tatyana bully Evelyn tonight!"

Tatyana laughed at their antics and said, "Sure~ I heard from Yasenia that you like bullying, Evelyn. You will have double the fun today~."

Evelyn blushed and glomped herself in Yasenia's embrace, saying with a whine. "Angel and Tatyana are bullying me~."

Yasenia used her now free arm and buried her in her softness. “Don’t worry, dear, I will take her bullying tonight while we do it gently... Oh~ What a good play!”

Yasenia whispered to Evelyn, “Look forward to tonight, dear~.”

Tatyana smirked, and Evelyn heated up, feeling the pair of breasts surrounding her head and thinking of that situation.

Yasenia chuckled and liberated Evelyn. She put Andrea’s arm over her shoulder and walked while hugging Andrea’s waist with one arm and holding Evelyn’s hand.

They reached a tool shop and entered. Yasenia separated and started looking around with Tatyana. She saw a nice tool to peel herbs and extract their essence. ‘Evelyn is missing one of these, right? It will be my present for her! To reward her for entering the indigo alchemy class before entering the inner disciples!’

She approached and reached for it and grabbed it. However, another man also grabbed it from the other side a second later. Yasenia spoke calmly, “I took it first. This is for an important person. Can you take a step back and give it to me, sir?”

The man was about to scold her when he saw a woman taller than him by almost a full head. His sight first met her open cleavage, and he almost couldn’t look up at her face. However, her mellow and slightly deep sensual voice attracted his attention.

The most charming face he had ever seen entered his sight when he looked up. She was calmly looking at him with a natural yet seductive smile on her lips, and those golden-red slit eyes charmed his soul away.

The man thought of something and quickly pulled the object into his hand. Yasenia’s calm smile almost broke when the man literally snatched the herb refiner out of her hand.

The man spoke, “Sure, I will give it to you.”

Yasenia raised an eyebrow, surprised. ‘Didn’t he just snatch it?’

The others also came to see that man and stopped beside Tatyana, who had stars in her eyes ‘Another cliché!’

The man continued, “I will even pay for it. You just have to accompany me to drink something at night, nothing more.”

Cecile almost sent an arrow to his head. ‘Why does everyone want to have sex with MY dragoness!’

Yasenia was about to speak when she felt a cold air current from the side. She looked towards Cecile and almost laughed. ‘Becoming my mate... Was it really beneficial? Poor sweetheart, everyone wants to take me away from her!’

Feeling playful, she looked with a sad expression that shouted, ‘He is bullying me!’ Toward Cecile and even let her tail drop sadly.

Cecile felt something snap in her brain, and the others almost charged forward to beat him up. Cecile spoke with as much warmth as a rock would have on the moon. “Pig, can’t any of you,

influential second-generation, think with your brains instead of your dicks? Not to mention that I'm her mate, and I would not let you touch her. Could you, in the infinitely low possibility that you piqued her interest, last even a minute in bed? I'm no healer, but I can tell that you have Yang deficiency from ten continents away!"

A spectator asked, "What is Yang deficiency?"

Another one responded, "In short, they have had too much sex, and now they can't last in bed more than one shot, and it is very hard to get it up for them."

The first spectator said, "Thanks, buddy. Basically, she is calling him impotent, right?"

The other tapped her shoulder. "Yes, brother, no problem, I got you."

Therefore, the man's face became red, then green, then blue, then purple, and finally red again. Yasenia was impressed, 'Is this a hereditary skill from those noble families?'

The man shouted, "YOU WHORE! DO YOU KNOW WHO MY GRANDFATHER-"

SLAP

Yasenia's tail made a rising slap and spun him in place as if he were doing backflips six times until he fell.

Evelyn praised, "It is truly becoming an Art! The tail lash perfectly transferred the momentum to his head and made him spin backward without hurting him except for his fall! Impressive, this Champion city is honing Yasenia's skills to a new whole realm!"

Yasenia said, "This rainbow man shouted at my sweetheart! He deserved that slap!"

Some spectators watching all this had a sense of Deja Vu while thinking, 'Wasn't the frosty one that insulted him to his ancestors and back!? How is it deserved!?'

One of them hit his fist on his palm and said, "These girls were yesterday in the salve house!" The others were enlightened and nodded.

The man stood up and shouted, "Guards! I want this woman on my bed tonight!"

Yasenia looked toward the guards; pitying them, she advised, "I know you are doing your work, but I truly don't recommend you listen to him; you will die! Even if you are as guilty as your young master for not stopping his debauchery until now, you haven't done anything to us yet!"

The guard captain saw that she spoke sincerely and asked, "You aren't even in the Mental nourishing realm. Who can kill us?"

Yasenia's eyes sparkled and looked toward Tatyana, "Woah! A not-so-stupid person! Mommy, can you see this!? He didn't jump to conclusions and ordered to attack like the previous one!"

Tatyana nodded and spoke, impressed. "Not bad. Do you want to work for me? I can use people with brains like you."

The captain felt that his veins were about to pop! The young master ordered again, "You fools, do you think you can trick my guards! My father, the head of the Long family, has especially prepared them for me! His youngest son!"

Yasenia said, "My mother can kill all of you without moving from her standing place, and I bet she can do the same with his father... I really don't recommend you attack us."

Some spectators that were in the slave house yesterday nodded. "She is telling the truth."

"That black-haired woman is scarily strong."

The guard captain started sweating with nervousness! 'Damn brat, he almost got me killed!'

The captain decided to advise him, "Young master, let's return. It is just one herb refining tool. We can get a better one tomorrow at the auction. Moreover, you have some women waiting for you at home. It isn't worth it to risk yourself like this."

The young master was, however, blinded by rage. He has never been this humiliated in his life! "You women are always eager to crawl under my crotch! Now you humiliate me like this!? I will remember this!"

He turned and left. However, a tall, voluptuous body appeared before him, and a mellow and charming voice asked him, "Did I tell you that I would let you leave?"

The guard captain knew where this was going and tried to stop her... Thankfully with words, therefore, he just got stopped by Tatyana's aura.

Yasenia said, "You know... My mother has spoken to me a lot about... People like you. You are spoiled so much by your seniors that you think you are some kinds of big shot that can do whatever they want."

Yasenia sighed as she said, "Sadly, for the most part, it is true. However, unluckily for you and luckily for many females, today you met me."

Before he said anything, Yasenia curled her tail around his neck and lifted him, "I won't go out of my way to find and kill scum like you. You use sex as a tool just to feel good, which is inherently not wrong... However, when you force people who don't want to have sex with you into it... How would you feel if I went to your house and forced myself on your mother?"

The man's eyes bulged in rage, looking at Yasenia with hatred, and he tried to move his hand to summon something from his spatial ring. However, Yasenia uncoiled her tail from his neck for a second, cut the hand with the spatial ring, and recoiled around his neck, choking his shout of pain.

This happened in an instant without letting him touch the ground!

Yasenia, now sure that he couldn't make any bullshit escape tactics, asked, tilting her head, "Why don't you go to a brothel? Are the women there as accessories? Aren't you rich? You can even buy a sex slave who will, for the most part, be glad you picked them for sex and do almost anything you ask! Better, they are completely loyal!"

The man started kicking Yasenia or scratching her tail, but the only things that were damaged were his hand and feet! Yasenia continued speaking calmly, "Of course, I'm not speaking this to reform you. You are going to die."

Yasenia turned towards the spectating crowd and said, smiling. "I'm asking these questions to the other people like you who are watching this. Can your cum-addled brains think that far? Aren't you rich? Even if you are spoiled, you aren't an imbecile, right?"

The Young master's struggles were growing weaker, and Yasenias didn't even have a single hair out of place. Yasenias looked toward the dying person and said, "You will be able to... For the most part, get away with everything you do. Your influence and guards guarantee it. However..."

Yasenias changed her tail to the barbed tail, and all the scales destroyed his neck, making blood splash. Then, she put strength, and his neck snapped with a *Crunch*. "... How many of you had intentions towards me? I know that more than half of you, even many females, thought of speaking to this thrash to take your turn with me. Now I ask, do you dare?"

Chapter 69

Seeing the body still hanging on her tail because of the scales buried in the flesh, they thought, Do they dare? They do not! Who dares put a hand on this demoness!?

Yasenias sneered and said, "You do not, right? You may find another person like me the next time you do something stupid like this. Please put this in your mind; he died because of one herb refiner. A stupid and unworthy way to die."

Yasenias loosened her tail, and the body fell on the floor, making blood splash, "If he behaved, he would have lived thousands of years, not thirty."

Then she grabbed his ring. She looked through it and saw a ton of money, more than 10000 crystal coins. She glomped every single one into her ring.

There wasn't anything interesting apart from that; only some earth-level treasures, some earth-level techniques, many pills, for legal and illegal things, and the contracts of the slaves he owned. To be sure, Yasenias approached Tatyana and asked.

Tatyana looked over and saw a pair of yellow pills inside a decorated base. "Hum... You lucked out, little treasure; [Light Enhancing Pill], these are good for Angel and Evelyn. They will reinforce their light element, and it even has a very small chance to mutate it and become a stronger variant of their attributes! Besides these two pills... The rest is quite useless for any of you. You all have better quality resources. You can sell all of it and make some more coins."

Yasenias's tail started to wag in happiness, and her smile widened. Angel and Evelyn felt warm and fuzzy, knowing that she could become so happy when she found something for them. Yasenias said, "What are you waiting for then? Give it to them! They can eat them tonight!"

Tatyana laughed and did as she said. Tatyana also had many of them, but she truly didn't want to do anything too beneficial to upgrade their battle strength. What they get is what they will use! That treasure pill she gave Yasenias was an exception.

After all that commotion, Yasenias bought the herb refiner and gave it to Evelyn. Evelyn had a wide smile on her face and kissed Yasenias as thanks. Yasenias looked at the others and laughed. "Don't worry. I didn't find anything good apart from this. Moreover... Sweetheart! I gave you heaven-grade archery gloves, don't put that face!"

Cecile blushed, 'Is it that bad that I want presents from my dragoness?'

Yasenias and the rest continued their buying spree without using too much money. They want to participate in tomorrow's Auction with their recently... Earned money! Stolen? What do you mean? The soul that owned it is already far away and won't need any of that.

Yasenia luckily was able to find a good pair of forging pincers for Andrea. Andrea gave her a passionate kiss in the shop as thanks. Of course, Yasenia was happy to receive her darling's domineering kisses, and her tail showed it clearly!

Yasenia didn't find anything for her baby because she knew Tatyana's tools would be much better. She didn't want her baby using worse quality tools because she gave them.

Meanwhile, in a mansion on the mountain, a handsome blonde middle-aged man was speaking with another one. The other had dark hair and eyes, with a stern face. The blonde man was trying to convince him of something. "We will benefit more on their side! So what if they are a little weaker? Their resources and secret arts are stronger! With their help, we will be able to make that final step we couldn't!"

The other man snorted and answered in a deep voice, "I told you that going against them is quite stupid. We have wealth, status, resources, and land to train our juniors. Aren't we in a superior position? Why do you want to climb higher, even if our ancestor is still alive? How many years do they have to live? 1000? Maybe 3000. It is very little time to train someone up to their level.

They were about to continue the discussion when someone hastily opened the door. The man with black hair said, "It better be something important! I'm in the middle of an important discussion. Speak!"

The guard that entered knelt and said, "Patriarch Long, the little young master has been killed in the middle of the streets. The guards are outside and have already related the story to this one. The killer is a dragon girl. The reason is--"

"Who dares insult the Long family like this!? Do I need to tell you that those bastards who dare disrespect us must be killed!? Send some assassins!"

The man said, "Patriarch Long, even if you have to take the life of this one, let this one speak until the end, or calamity may strike."

Patriarch Long hummed and nodded, "Say it then, if it isn't as important as you say, kill yourself."

Then the man spoke, "The dragon-girl is a companion of the person who killed Patriarch Tang's youngest miss, the senior with them isn't normal, she could stop the guards with a single stare, so we can deduce that their position isn't low. Worse of all is that, in both cases, they didn't act out of turn. We may lose our house face if we act rampantly."

Patriarch Long nodded and said, "Dismissed, good job."

After that man left, Patriarch Long turned toward the blonde man and sighed, "Is this the workings of fate? I may as well join you, Patriarch Tang."

The blonde man, Patriarch Tang, smirked and said, "Who would have thought... Sometimes coincidences are scary~."

Meanwhile, the rest of the day passed uneventfully for our group, and they decided to return home.

When they were returning, Cecile and Yassenia were walking in the back. Cecile spoke, whispering, “Yassenia... umm, can I not have sex with you and Tatyana simultaneously? I only want to have sex with you... Umm, am I being selfish?”

Yassenia lowered her head and kissed Cecile strongly, “This makes me happy, Cecile. Not everything has to be shared. It was just a suggestion, whether you accept it or not, I will always respect your decision. Moreover, having my sweetheart all for myself makes me extremely happy.”

Cecile smiled happily and nodded. Tatyana looked back and made eye contact with Cecile. In praise, she raised a thumb, “Speaking about your honest feelings, good job! Honesty is what keeps a relationship going~.”

Cecile nodded, and the others didn’t have any problem. Andrea was even anticipatory, with a little bit of nervousness, about more people joining. Yassenia looked at Andrea from the periphery of her vision and smirked, ‘Wait for a little more, darling. I’m going to smash that pesky heart demon of yours into pieces~. No one of my dears should have a single heart demon!’

Yassenia thought about Tatyana, and her smirk turned a little joyless, ‘Sadly, I won’t be able to do anything for mom... Hers can be considered Heart demon kings...’

Tatyana slowed down and reached Yassenia’s side; then, she took her free hand. She didn’t say anything and just kept walking. Tatyana’s cold hand was like a refreshing breeze for Yassenia. Yassenia looked at her mother, who was always looking over her, and smiled tenderly, “I love you, mom.”

Tatyana chuckled and tightened her hand. They kept talking on their way back, enjoying the busy streets and eating some street snacks from time to time. Yassenia asked Tatyana through a mental link that Tatyana opened. “Mom, I feel like I don’t need the fifth partner... Should I keep looking for one?”

Tatyana answered, “Little treasure if you keep that spot open, you won’t ever relax. You will always look at people like potential partners, don’t rush it. However, don’t close your heart. I know that you are satisfied right now, but a fifth girl will make you complete. Moreover, the longer you wait, the harder it will be for you and for them to accept a new family member.”

Yassenia nodded but had a strange expression. Cecile realized and asked, “Is something wrong, Yassenia?”

Yassenia looked at the sky and thought about how to answer that question, ‘Is there something wrong? There truly isn’t... I think this is the first time I won’t be completely open with them...’

Yassenia looked at them and smiled gently, “Don’t worry, I was thinking about our future. I will speak about this after I order my thoughts.”

The others nodded understandingly, and Angel said, holding a caramel apple with one hand, “Don’t worry, Yassenia! I’m sure you will be able to solve it!”

Yassenia chuckled and picked her up. Angel wound one arm around Yassenia’s neck and smiled happily, Yassenia said, “If my baby says it, how can it be wrong, right?”

Angel nodded while munching the apple, and Yassenia rained kisses on her bulging cheeks.

Evelyn said, “Yasenia, you are keen and discerning, so I normally do not worry. However, if you struggle a lot, remember that we are here. We are always ready to listen and give you advice.”

Andrea followed, “Not only advice, you better tell us before you make an important decision, or we aren’t afraid of spanking your butt! The same way you like to take care of us, we also like doing it with you.”

Yasenia blushed a little and nodded shyly. She said softly, “I love you. I will always take care of you.”

Evelyn and Tatyana had already taken a string of photos capturing her shy confession. Then they high-fived each other, saying simultaneously, “Good catch.”

Yasenia and the others laughed. After they reached the inn, Yasenia made a sumptuous dinner. They ate eagerly since today Yasenia made everyone’s favorite dishes! Yasenia saw that Evelyn was getting nervous as the dinner advanced, so she went to her side and put her on her lap. She hugged her from behind and continued speaking with Andrea about blacksmithing while feeding Evelyn the stake she made for her.

Evelyn relaxed in her embrace while being fed and rested her head on that pair of soft mounds. Evelyn even saw her long tail moving and petting Angel, who was about to pout. Evelyn smiled and completely relaxed, ‘How can we not love her if she is always this attentive toward us?’

After Yasenia felt Evelyn relax, she lowered her head and kissed her head. “Ready, dear? Don’t worry, just enjoy it like always. We won’t do anything you won’t like. I promise.”

Evelyn lifted her head and looked at those warm golden eyes. She smiled and said, “Don’t worry, Yasenia, I trust you.”

When they ended the dinner, Yasenia made Evelyn straddle her. Then, she stood up, picked her up from her little butt, and carried her to the room, giving her little kisses. Evelyn put her legs around her waist and returned the tap kisses, entranced. Tatyana followed after saying goodnight to the rest.

Yasenia entered the bedroom and carried her to the bathroom. Yasenia picked up the toothbrush and said, “open your mouth, dear.”

Evelyn obeyed, and Yasenia carefully cleaned her, supporting Evelyn with one arm and tail. After cleaning her mouth and her own, she carried Evelyn to the bed, kissing her. Evelyn was already in the mood, thanks to Yasenia’s care. Yasenia undressed fast without stopping her actions towards Evelyn.

Yasenia had already had a conversation with Tatyana before and wanted to see Evelyn’s reaction while they did their play. If they saw even a trace of her being uncomfortable, they would stop. So, Yasenia began their little play.

Chapter 70

Yasenia didn’t stop kissing Evelyn and let Evelyn caress her body as she liked. Yasenia moved one hand to Evelyn’s little breast, and the other slid across her skin toward her flower. Evelyn moved her hands and sank them in Yasenia’s softness, letting her hard pink tips between her fingers. ‘I love this feeling of my hand sinking in her~ her body is so soft, smooth, and attractive.’

Yasenia's hand reached her core, massaged Evelyn's every fold, and used her long, beautiful fingers to penetrate her, stimulating her gently. Yasenia spoke with a deep and sensual voice. "Dear, I love you *kiss* Today, let's do it gently. I want to make love with you."

Evelyn had already forgotten about Tatyana, and she spoke. "Mmh, okay, Ahn~ I like your gentle side, Ah! A lot~."

Yasenia took out her hand and covered Evelyn's petite body with hers, leaving her completely under her. With Yasenia's big breasts so close to her face, Evelyn moved and caught her nipple with her mouth. Yasenia moaned and said with a breathy voice, "My dear loves my breasts so much~ I'm very happy~ Do they taste good, dear?"

As she spoke, Yasenia aimed and penetrated her slowly. Evelyn felt her pleasure climbing to the top fast and sucked strongly as her big member opened her insides. Yasenia lowered her upper body, resting her breast on her face and covering her completely. Evelyn licked, bit, and sucked as Yasenia reached the cervix and slowly moved her waist, scraping her insides.

Yasenia continued thrusting. She made Evelyn cum in two minutes in that position. Then, Yasenia lifted her upper body and looked down at Evelyn gently. Evelyn looked at the smiling Yasenia, filled with warmth for the dragoness.

Suddenly Yasenia was pulled up by someone that said, "You are having fun with your wife! How about you include me?"

Evelyn saw Yasenia's face changing as she exclaimed, "What are you doing? This wasn't the plan! We are making love to Evelyn today!"

Tatyana sneered and used her cultivation to lock Evelyn, making her unable to move from her laid-back and opened-legged position. Tatyana pulled Yasenia's hair and made her stand on her knees, looking in Evelyn's direction.

"How about I show Evelyn how much of a nympho you truly are!"

Tatyana put her ring finger and middle finger inside Yasenia's flower and started pleasuring her roughly. Yasenia moaned as she said, "Hyan! Tatyana Ah! AH! Stop! I want to make Evelyn feel good! Not this!!"

Evelyn looked at Tatyana's hand squelching on Yasenia's core, making her liquid splash on top of her, and her heartbeat rose.

Tatyana didn't listen to Yasenia, and when she felt her insides spasming, she loosened her hand on her hair and pulled one of her nipples enough for the whole breast to deform. Yasenia's eyes rolled up as she shouted, "I'm cumming!!"

Yasenia cummed from her male and female sex, staining Evelyn's upper body with her cum. Evelyn tried to move to catch her cum, but Tatyana didn't let her, leaving her there breathing roughly.

As Yasenia cummed on top of her, Tatyana looked straight at Evelyn and sneered, "What, getting aroused because I made your lover scream in pleasure? Something you can't do? Degenerate, since you like that, how about this?"

Evelyn saw how Tatyana put Yasenia on all fours, facing her, and then, *Pah!* She heard flesh slapping against flesh as Yasenia's breasts bounced in front of her face.

Tatyana's waist didn't stop hitting Yasenia's plump butt as she said, "How about this, Evelyn? I'm molding Yasenia's insides as you can't even move! How does it feel hearing your lover scream of pleasure while another woman fucks her?"

PAH *PAH* *PAH*

Evelyn heard their waist slapping as she saw Yasenia bouncing in front of her. Yasenia looked at Evelyn sadly, but Evelyn could perfectly see the pleasure in her eyes. Evelyn felt her womb and entrance twitch and her heart rate accelerated.

Yasenia said bitterly, "Stop! Ah! Ah! AH! It wasn't Aaahn~ Supposed to be Like this!!! Ohhh!!!"

Evelyn was feeling herself getting wetter by the second. The rough pounding on the person that was normally her 'aggressor' combined with those giant breasts jumping with each rough thrust in front of her face made her hornier and hornier.

Tatyana clicked her tongue. "Tsk, Yasenia, look at your supposed lover. She is drooling down there while I pound you! How can someone get aroused with their loved one being pounded?"

Yasenia didn't answer because she was too busy moaning. Her face was morphing by the second in front of Evelyn into a lewder one.

Evelyn saw Yasenia's face loosen and her tongue getting out. With each rough thrust, Yasenia's face changed, and her mouth could only moan, "Ah! Ah! Ah! OHHH! I'm coming again!!!"

Yasenia's eyes rolled up, and her mouth opened, "OHHHH!!!!" Evelyn squirted a little and blushed red, seeing that face and hearing those indecent sounds.

Tatyana said with a disgusted voice, "Degenerate, seeing your lover being pounded and creamed before your eyes and you cum! Since you like it so much, how about she is inside of you while I fuck her!"

Without waiting for Evelyn's response, Tatyana pushed Yasenia forward and expertly made her penetrate the unmoving Evelyn.

Evelyn didn't expect this powerful thrust, and her pleasure nerves exploded. The still cumming Yasenia spurted some ropes of cum inside her, and Evelyn orgasmed directly. Tatyana laughed in ridicule, "Now, at least you are cumming for good enough reason!"

Yasenia spoke, looking down with tears (of pleasure) in her eyes. "Dear, don't worry, I will take her. You just have to feel me like you always do and feel-"

Tatyana moved back her waist and *PAH* Yasenia was cut off by that hard thrust and her face morphed into a lewd one again. "Ohhh!!!" Evelyn's insides clenched at that sight, and Tatyana started thrusting again with renewed vigor.

PAH *PAH* *PAH*

Evelyn felt the rough pounding through their connected genitals, and electric currents of pleasure zapped her brain. Yasenia tried to speak with a gentle smile while moans escaped her mouth "OH! Dear Ah! AH! Ah! I love Ah! You Ohh! No matter..." *PAH! * Yasenia's gentle smile turned into an orgasmic one "... OOOHHH!!!!" That last thrust penetrated her cervix, making her cum!

Evelyn felt Yasenia cum inside her because another woman roughly pounded her from behind and reached another orgasm. Yasenia took that chance when Evelyn wasn't paying attention to penetrate Tatyana's ass with her tail.

Tatyana, who was close after penetrating her daughter for so long, also came with that deep tail-penetration. Evelyn heard Yasenia shout, "I'm being filled!!!" Which elevated this sinful pleasure.

Then Tatyana ordered, slapping Yasenia's buttcheek, *SLAP* "Dragoness nymph, squat!"

Yasenia said while hugging the overheated Evelyn, "I don't want to leave my dear!"

Tatyana then smiled sadistically. "Then don't!"

Tatyana pulled her by the hair and forced Yasenia to stand up while holding Evelyn by her butt. Yasenia then lifted Evelyn's butt, and after aiming, she reinserted herself in Evelyn, making her waist fall. Evelyn moaned and put her legs around Yasenia's waist, burying her face between her breast.

Tatyana ordered, "Now squat!"

Yasenia squatted without unsheathing from Evelyn, surrounding Evelyn with her body. Tatyana laid between her legs and aimed at Yasenia, piercing upwards! *PAH!*

The penetration reached so deep that Evelyn felt it through their connected genitals. Evelyn's insides clenched, thinking about the pounding that her dear dragoness would receive next.

Now that Evelyn couldn't see her face since she was buried in her breasts, Yasenia smiled, feeling her dear's reaction through her member. 'I'm glad she likes it~.'

Yasenia nodded at Tatyana, and Tatyana started thrusting upwards. "How is it, even if she is hugging you, who is filling Yasenia? Why will Yasenia cum!? It won't be because of you, that is for sure!"

Evelyn's insides clenched even more, "Dear, Ahn~ I will take AH! everything she mmmh~ throws, don't worryyhhh!"

Yasenia's breasts bounced on her face, and Yasenia's member inside her also moved with Tatyana's thrusts. Evelyn couldn't hold this kind of stimulation and came again.

Yasenia's smile became a little sadistic. "Don't worry, dear, even if, Aahn~ I can't move, my tail Ah! Ah! Ohh... Can!"

Then Yasenia used her tail and pierced Evelyn's butt; Evelyn trembled in pleasure and bit the breast in front of her face strongly while her orgasm extended.

Yasenia started doing things that a mortal would not be able to do. Yasenia started squatting to penetrate herself while holding Evelyn a little in the air and then, standing up enough not to unplug Tatyana from her, thrusting into Evelyn with her dick. She also didn't forget to move her tail in and out of her butt.

Yasenia started doing these motions sending Tatyana and Evelyn to heaven. After five minutes of extreme pleasure for Evelyn, Yasenia came inside both her holes when Tatyana discharged inside of her.

Evelyn directly spasmed in pleasure and moaned throatily. “OHH!!!”

After cumming, Yasenia stood up, and Tatyana followed. Evelyn was still delirious because of her orgasm. Yasenia pulled Evelyn’s head from her breast and kissed Evelyn’s open and drooling mouth. When Evelyn recovered from the orgasm, she moved again while standing, this time thrusting gently. Yasenia kissed Evelyn slowly and asked, “How was it? Did you like it?”

Evelyn nodded and hugged Yasenia’s neck, burying her face in it. Yasenia was treating her like a fragile treasure, and she loved each second of it. Tatyana went to Evelyn’s back and hugged her. Then she inserted herself slowly too. While standing, Mother and Daughter moved gently inside of her.

Tatyana spoke to her ear, “Evelyn, you did very well.” She kissed Evelyn gently on her nape and continued, “Did my pressure make you uncomfortable?”

Evelyn shook her head. This was the part that Evelyn liked the most, the aftercare. No matter how much she enjoyed when Yasenia was rough with her, the gentle Yasenia afterward was her favorite part of the night.

Yasenia and Tatyana moved Evelyn to bed, and after making Evelyn lay on Yasenia, Tatyana covered her from above, sandwiching her in the middle. Then, mother and daughter penetrated her. They continued their slow and loving sex, kissing Evelyn from time to time and petting her. They spoke to her before cumming and only grunting in pleasure as if their loud moans could hurt her.

Evelyn felt so loved during the next 20 minutes by both of them that she almost cried in happiness when they finished. She could feel the love from Yasenia and care from Tatyana.

After bringing Evelyn to orgasm one last time, Yasenia looked gently at her and spoke softly at the groggy Evelyn, “Sleep dear, we are by your side. *kiss*.”

Yasenia hugged Evelyn and sat up, cradling her. She passed her hand on her damp blue hair and kissed the sleeping Evelyn softly, on the cheek, on the forehead, on her closed eyes, and on her nose. Evelyn smiled sweetly and whispered, “I love... you....”

And she fell asleep. Yasenia stopped her actions and spoke with her gaze still on her dear’s face, “Thanks, mom, that was very good.”

Tatyana laughed softly. “To these kind of people, even if they like being treated roughly, the most important part is the aftercare. Show them that you love them dearly.”

Tatyana kissed Yasenia, who answered by whispering, “I know, in truth, I don’t like rough play or this stealing play a lot, but I know my dear likes it. That is why I’m always trying to be soft, even on the rough treatment. They are my treasures.”

Tatyana nodded and smirked, “I, on the other side, liked this session more than the one with Angel. To be honest... I like this mother-daughter combo attacks to your lovers, hahaha.”

Yasenia also laughed, “If they don’t mind, I also like having mom with me in these. The sessions are very pleasurable and interesting~ Moreover, pampering my dears with mom feels very nice~.”

Yasenia smiled mischievously as she said, “And I think we make a nice team. We sent my baby and my dear far into the pleasure realm~.”

Tatyana chuckled and said, “Go, love. I will bathe Evelyn and put her to bed. You are going to let her sleep on you tonight, right?”

Yasenia nodded, “I was planning on that. I will speak with my baby; I’m sure she won’t mind. My dear deserves pampering after our play.”

Yasenia stood up and gave one last kiss to Tatyana and Evelyn, then left.

Tatyana bathed Evelyn, who didn’t wake up even when she cleaned her and put her on the bed. She went out and waited to have her turn alone with Yasenia. She has been milking Yasenia dry every night since she was with her and didn’t intend to stop.

The next morning, Evelyn woke up with a soft and smooth pillow. After taking a deep breath, the sweet floral scent made her presence known, pleasantly invading her olfactory sense. Then, Evelyn opened her eyes and saw a perfect breast in front of her; she realized that she was on top of Yasenia!

Evelyn looked around, and they were alone on the bed. Evelyn then looked up and saw the sleeping face of Yasenia. She didn’t stop her tears of happiness. ‘She was worried because of their little play? Truly stupidly lovable, how can I not love you so much if you are like this?’

Yasenia felt something wet on her chest and woke up with a start looking down. When she saw Evelyn crying, she panicked. “What happened, dear? Do you feel bad? Was yesterday too much? Don’t worry, dear-”

Evelyn silenced the panicking dragoness with a deep and loving kiss. “I love you, my stupidly lovable dragoness. With all my heart.”
