

HEAVEN, EARTH, ME

Chapter 8

After Yasenia listened about the cultivation realms, she nodded thoughtfully. “The cultivation road is truly endless. What realm are you in, mom?”

Tatyana looked at her daughter playfully, seeing that there wasn't anybody around. She went near her daughter and asked with a smile, “Do you really want to know?”

Yasenia swallowed her saliva, and her tail disobediently wrapped around Tatyana's waist, bringing her to her lap.

When she was in Yasenia's lap, Tatyana felt the tail caressing her body as if she wanted to smear her scent. She lifted her head smilingly, and after licking her lips, she said a little huskily, “Make me say it then.”

Yasenia, having yesterday tasted the joys of kissing, was already at her limits. She dived forward and stole Tatyana's lips. Unlike yesterday she was rougher and had a sense of impatience while kissing. Tatyana started to bite and lick, and then she massaged Yasenia's soft breast making Yasenia moan.

Yasenia's moan almost made Tatyana's bones go soft. Not wanting to waste her chance, while Yasenia opened her mouth to moan, she dived in and sucked Yasenia's tongue out.

Yasenia felt the softness of Tatyana's tongue on hers and became even more excited. She engulfed Tatyana in a hug and used her long tongue to invade Tatyana's mouth, almost filling it. She started savoring her mouth, and one of her hands touched Tatyana's breast like she was doing with her.

Wanting to hear those heavenly moans again, Tatyana changed to the offensive while using one hand to massage one of her breasts, and with the other, she took the tip of her tail. When she felt the soft tail with her hand, she started to do up and down motions on the tail-tip.

Yasenia felt like lightning hit her and her nerves carried that electric current to her brain, making her moan “Guuh... Ta-Tatyana not the tail! Hyan!”

Seeing that it wasn't a real plea for her to stop and that she was slightly playing, Tatyana continued kissing without stopping her hand movements. Since nobody would come, she took her lips back from the kiss and moved the tip of the tail to her mouth.

Seeing this, Yasenia shuddered and swallowed her saliva, breathing hard she said, “Ta-Tatyana *gulp* you can't, I-”

Tatyana straddled her and silenced her with a kiss from above. Then she said, “Don't worry, love. This pleasure isn't something scary. Just let yourself go. I have already set up a sound concealing formation, and nobody will bother us now.”

Then she took the tip of her tail to her mouth and lightly licked the rounded end; Yasenia's waist would have jumped if she didn't have Tatyana straddling her lap right now. Then, Tatyana took in the tail tip until it touched her throat and stopped. She didn't want to give a lot of stimulation from the beginning since it was her first time.

Tatyana started to move her head up and down through the last 20cm of the tail; Yasenia's tail tip had a thickness of 4 cm in diameter, so she had to open her mouth a lot. After some minutes, she heard Yasenia speak through moans, “Aahn~ W-w-why does it feel so good!? Ohh! Tatyana, something is Aahn! coming... mmmm”

Tatyana passed her tongue over the tip, and feeling an opening that wasn't there before; she was surprised. However, she didn't stop. She accelerated her pace, and this time, she took the whole tail tip into her throat. Yasenia felt her tail entering a tight passage, and that previous sensation climbed up her spine. "I'm cumming!!!"

The thing Tatyana didn't expect was two things. First, the effect of the discharge, and second, not only did the tail tip discharge, but Yasenia's two other genitals also sprayed at the same time.

Yasenia just felt like her nerves exploded like fireworks. The sensation went from the tip of her tail to the base, climbed up her spine, and electrified her brain, making her eyes roll up with a throaty moan, "OOHHHH!!!"

Meanwhile, Tatyana was trying to drink everything of the extremely delicious nectar that was still spraying in her mouth and feeling slight pleasure just from the ingestion! 'W-why does it taste so good!? She still hasn't even started cultivating, and it tastes like this... wouldn't I get addicted when she becomes strong enough?'

Tatyana looked at the face of her daughter and smiled with satisfaction. Then she felt her lower garments completely wet and thought she was truly a pervert; she was flooded! But when Tatyana looked down, she saw not only hers but also Yasenia's body fluids staining their lower halves. She blinked and then looked at Yasenia, who was returning from her trip to the pleasure realm.

After two minutes, Yasenia returned from above the heavens to the mortal plane and looked at Tatyana with moist eyes and breathing roughly. "I... almost... fainted...."

Yasenia lowered her head and started devouring Tatyana's lips to express her happiness. Yasenia felt Tatyana shudder halfway through the kiss, so she

sneaked her hands inside the robes. She pinched her hardened red tips making that shudder a tremble. Tatyana clenched her legs around Yasenia's waist and then loosened a little.

After some minutes, Yasenia stopped kissing her and asked, "Do you want to continue? You didn't reach it, right?"

Tatyana's cheeks couldn't help but redden slightly, "I actually came while kissing right now."

Yasenia remembered the tremble and smiled, raining kisses while her long tail caressed her back. Then she picked Tatyana up from the butt and stood up. Tatyana crossed her legs around Yasenia's waist and went to the sofa on the side. After Yasenia laid Tatyana down, she said, "Let me do it this time."

Tatyana nodded but said, licking her lips, "Give me your tail. I really want to play with it."

Yasenia's cheeks reddened, but she sneaked her tail from below Tatyana's top, passed it through the valley between her breast, and let the tip in front of her mouth.

Tatyana arched an eyebrow but obediently opened her mouth. Yasenia felt a little impatient to feel that mouth again slammed her whole 20 cm inside her mouth, making Tatyana's throat bulge slightly. Yasenia felt those delicious pleasure waves again and moaned excitedly.

Then while moving her tail, she lowered Tatyana's wet garments and looked at the beautiful full lips. She lowered her face and started licking. Tatyana was feeling extremely pleased with Yasenia's tail inside her mouth, and suddenly a soft and slimy tongue began licking her privates. She felt that hot feeling in her navel and waves of pleasure, so she moaned while doing the tail job.

Yasenia continued to lick different parts of the lower lips, sometimes the little bump in the top, sometimes she dived in with her long tongue, and sometimes

she bit the outer lips. Tatyana's flavor spread in her mouth as she licked everything excitedly.

When she started to feel the contractions of the passage, she instinctively bit the clitoris very lightly, making Tatyana squirt. Tatyana jumped a little and moved her head upwards to bury everything she could of the tail inside her throat while moaning throatily.

The throat contractions and vibrations also sent Yasenia over the edge, and both of them came at the same time. After both finished cumming, Yasenia pulled her tail outside Tatyana's mouth, went up to kiss her, and combined their two flavors into one.

After a while, they relaxed from the orgasm, and Tatyana chuckled, "How was it, love? Did you like your first experience?"

Yasenia answered a little shy, "I really liked it..."

Then she said a little quietly, "Especially the feeling of your mouth."

Tatyana smiled gently and kissed her lightly. "Let us stop here today. Tomorrow we can do more if you want."

Yasenia nodded and asked cutely, "Bathe together with me?"

How could Tatyana deny her little treasure acting cutely like that? Tatyana nodded with a smile, and then she waved her hand, cleaning the mess and eliminating the intoxicating smell that Yasenia created during the intercourse. After that, she controlled the air around Yasenia so that her scent wouldn't spread as they went to the bath.

Secretly Tatyana was smiling triumphantly. 'Not only did Yasenia forget about her question, even YOU did! Ha!' (Author: 911, yes miss, the fourth wall has been destroyed, I need help!)

Yesenia's tail had two principal qualities, the first half, or the black scaled part, was like well-developed muscles, soft and smooth on the outside, but resilient and hard on the inside. When in combat state, the black scales became as hard as diamonds.

The second half, or the golden scaled part, was softer and more flexible than the black part. While in combat state, it was different from the black scaled part; the tail loses a little of that black-scaled part hardness and compensates it with outstanding flexibility.

Yasenia's tail tip had a 20cm length that could become different weapons: it could become like a spearhead, like a barbed tail-whip putting her scales upwards.

She could also make the scales flatten themselves enough to lengthen the tip to 40cm and make it slimmer, simulating a double-edged short sword.

Finally, she also has a cylindrical blunt state that deals tons of bludgeoning damage. She normally uses the cylindrical form because it gives the least number of problems when walking around.

After both of them took a relaxing bath, Yasenia put on her cultivation robes and went with her mother's arrangements. She went to the middle of a clearing outside the empire with her mother, Dr. Ava, Anna, Eva, Richard, Oliver, and some troops and maids.

Although it seemed excessive, Tatyana rather overprotects her, bringing excessive force than regretting it later.

Yasenia started walking out of the group of people with her tall frame and her seductive body. The red and gold cultivation robes waved with the soft wind, making her seem like a blood spirit, dangerous yet seductive. Her hips naturally sashayed, attracting the attention of the onlookers, and her long tail did slow S shapes as if inviting you to come over and catch it.

When Yasenia reached the center of the clearing, she closed her eyes and took a deep breath pronouncing her white mountains. After that, she looked towards the sky with a smile and said with a confident voice, “Come, this trial, I shall pass it easily.”

Rumble The skies darkened, and gray clouds could be seen above. However, something was different. When the clouds finished gathering, a phantom of two people appeared, sending pressure on everyone but Yasenia.

Yasenia looked at them and was surprised, not because of their strength, but because one of them had a golden tail and the other a black one! The female of the two figures said, “This is just our residual will, so don’t fear us, child.”

The male looked toward the female and said with an exasperated expression, “Who would have thought that instead of two, we would become one....”

Hearing the male mumble, the female laughed a little, “Well, like this, we will always be together in a sense, right?”

The male just shook his head. The female spoke seriously, “Child, now that a miracle like you has occurred and you have decided to tread the cultivation road, countless challenges will appear before you.”

Then with a confident smile, she continued, “But fear none, since you carry our inheritance; if you comprehend it, you will be able to reach heights like no other.”

The male then said, “We won’t tell you who we are; we won’t tell you the method of rousing the inheritance either. These things you must achieve yourself. Your tail is a legacy of the dragon race. The stronger you are, the more dragon traits you will awaken. Moreover, your tail has absorption abilities for natural energies, so your cultivation speed should be fast.”

Finally, they said simultaneously, “We will be watching every tribulation until you pass the mortal realms.”

Then their faces turned cold. “But don’t misunderstand; we won’t make it easier. Since tribulations are meant to temper you, we will strengthen them so that you always have a chance to die in them.”

Then the gray cloud changed to a bicolor cloud, with golden and silver lights dancing around. Yasenia cursed at herself because of the confident statement that she had said before. She truly slapped herself in the face. At the same time, the rest of the people were so anxious that they were preparing to jump right in if something happened.

Seeing this, the two phantoms created a dome so that no one could interrupt it. At this moment, even Tatyana, who has always been calm, frowned at the phantoms.

Yasenia prepared herself but then remembered something that the phantoms said ‘You can even use your tail to absorb energy’ So she put her tail above her head. The first bicolor lightning struck, carrying the energies of the Sun and Moon. It was as thin as a needle, but she was forced to her knees when it hit Yasenia with a *Bang!*. And that was after the tail absorbed 7/10 of the impact.

The second lightning struck! This one with twice the width of the previous one. *Bang!* Yasenia was knocked down, and the energies wreaked havoc inside her, wanting to destroy her inside out! She spat a mouthful of blood, and her healthy skin was a little charred; nonetheless, she didn’t shout in pain! The phantoms were a little surprised, for a person this young not screaming because of this pain is worthy of praise!.

Yasenia was a little anxious. ‘I can’t receive the last lighting passively. It will seriously kill me if I do that.’

She looked at the sky and calculated the timing of the descent of the final bolt. When it was about to strike, she used her tail and powerful legs to propel

herself to the lightning bolt! She spun midair, and with tremendous momentum, she struck the lightning bolt with her tail! *BANG!* the explosion shot her down to the ground like a bullet leaving a small crater and a motionless charred body.
