

HEAVEN, EARTH, ME

Chapter 9

Everyone looked toward the unmoving person on the crater anxiously. When they heard a light cough, the phantoms dispelled the dome, and the troops and maids went to battle formations surrounding the perimeter. Tatyana, Dr. Ava, Anna, and Eva appeared on Yasenia's side, and Tatyana said hastily, "Her injuries are bad. Use the prepared ointments and pills. Do not hold back using resources."

Then she turned toward the disappearing phantoms and sent a resentful look. 'If it weren't for them, she wouldn't have been so injured! This lightning bolt is at least fivefold the normal strength! The fact she is alive is already a miracle!'

Dr. Ava said, "everything is okay. We've already stabilized her; she should have most of her injuries healed by the time she wakes up."

Tatyana nodded and carried Yasenia to the battleship. Everyone was vigilant until they returned to the mansion; only then did they relax a little. One maid came and said, "Lady Tatyana, it seems that the dome covered the strange phenomenon. To the people of the Moon Empire, the only difference is that instead of the normal single lighting strike, three lightings struck Miss."

Tatyana nodded. "Good work, you can retire."

The maid bowed and retired. Tatyana looked at Yasenia's tail with a complicated expression. 'Draconic lineage, one of the strongest if not the strongest....'

Then she thought about the two seniors, 'Aren't they the owners of the ancient tomb? The text there said they were the Moon goddess and Sun-god of that

time... Why didn't they say anything to Yassenia? They should know that I know who they are.'

She massaged her temples a little. 'Should I use my fate reading techniques on Yassenia? I shouldn't. The only drawback of the fate energy is that disaster occurs whenever used on people deeply related to the user. I don't want to gamble with this... unless there is no other way, I will never use it on her.'

'Since the seniors said that she has their inheritance, they won't harm her outside proving if she is worthy... Moreover, they are residual wills, so they can't do anything. The dome was strong, but since they are extremely weakened, I should be able to break it if I use my whole power.'

'What a headache. I will just let nature take its course, and I won't tell her who those seniors are. Maybe this will push her to learn about them, and she will be able to discover new opportunities?' Tatyana thus decided not to tell who they were to her.

When Yassenia awoke, she felt extremely refreshed. As if energy filled her body. She looked to the side and saw Tatyana looking at her with a smile. Then Yassenia sat up, used her tail to bring Tatyana to her embrace, and said excitedly, "Mom, I made it! I thought I couldn't pass the last lightning bolt! If the seniors didn't speak about how my tail can absorb energy, I would have died for sure!"

Tatyana just sank herself in her embrace and took a deep breath, inhaling Yassenias sweet floral scent. Then she said, "Now you are a cultivator on the first level of the Opening realm. Let's create the most optimal pathways for your body and cultivate them little by little. With your body constitution and the traits of your tail, you should be able to advance your cultivation faster than I planned. Have you decided where to go after this?"

Yasenia thought and said, "I think I will try to aim for the Academy. With my constitution and attributes, I have high chances of entering there."

Tatyana's eyes flashed strangely for a moment, and then she answered calmly, "Sure, then you have nine months to breakthrough and one month to make the trip. Remember that the people admitted to the Academy are everything but normal, so don't be arrogant even if you pass the entrance test with flying colors."

Yasenia looked through the window and saw that it was still early, and the sky was dark. She looked down at the woman in her embrace, and she started to heat up. She used her tail to massage Tatyana's inner thighs and used one hand to lift her chin. Then she captured her lips in a slow and tantalizing motion.

When Tatyana felt her thighs caressed and her chin lifted, she got excited. After receiving the kiss for a while, she changed to offense and asked between kisses. "Yasenia, do you want to *Kiss*... do it to the end, or do we mph! Stop like yesterday."

Yasenia stopped kissing her mouth and started giving kisses to her chin and neck. Then, she slowly bit her earlobes, making Tatyana moan. Yasenia answered with a slightly hoarse and sexy voice. "I'm very hungry. What to do, Tatyana?"

Tatyana smiled and then said with a chuckle, "How about you taste me? I'm very delici-"

A hungry kiss silenced her, and she felt Yasenia untying her clothes. She also started to undo the nightgown that Yasenia had, and within one minute, both of them were in their birthday suits.

Tatyana could feel the pair of soft mounds pressing on hers and a hard thing poking her abdomen while the soft tail was caressing her everywhere.

Yasenia felt Tatyana's smooth and soft skin and couldn't help but lower herself little by little, kissing the neck, then the collarbone. Her kisses approached her breasts, went to one of them, and started kissing and licking the pinkish-red part.

Tatyana threw her head backward and moaned. Yasenia stopped there for a while, giving her two apples some well-deserved attention.

Yasenia continued her downward trip, and her tail curled around Tatyana's chest, using it to squeeze softly and caress them with her tip sending electric currents to Tatyana's brain.

When Yasenia reached the bare lower lips, seeing the glistening transparent liquid, she dove in and used her long tongue to savor every corner. Tatyana started to moan wildly. "Yasenia Ahn! Good, right there, mmmh~ try licking the little protrusion in the top, love...."

Yasenia, following her words, licked the little ball, and she felt Tatyana's hips jump. Seeing the big reaction, she started attacking there, licking, sucking, biting the outer lips softly, or using her long tongue to enter her secret entrance. This sent sparks to Tatyana's brain while her tail was caressing her spine. "Oh my heavens, mmmm... I'm reaching it, continue love, Ohh... YES!"

Yasenia felt a rush of liquid in her mouth, but she didn't separate. She opened her mouth and started swallowing everything, loving the taste. By the time Tatyana returned from her trip to the high heavens one minute later, she found herself in Yasenia's arms while she was being caressed and getting soft kisses on her face. Tatyana said, returning the short kisses, "Let's do it. I'm more than prepared, love."

Yasenia put her back on the bed and positioned herself above, she used one hand to aim herself, and the other was on the side of Tatyana's head. Then she slowly pushed. When the tip entered, both of them groaned in comfort.

Yasenia continued to push forward the tight passage, and when she felt like hitting a dead-end, she heard Tatyana making a high-pitched moan. Yasenia used her height advantage, wrapping her arms around Tatyana's head and sinking it into her big breast. Then she elevated Tatyana's hips a little with her legs for easy waist movement and finally used her long tail as support for her own body.

Tatyana felt the contrast of softness around her head and the hardness inside of her, making her feel pleasure waves coursing through her body like a hot tide. Tatyana naturally opened her long legs and put her arms around Yasenia's waist, feeling extremely comfortable.

Yasenia moved her waist. She reached everywhere inside her with long and slow strokes, and Tatyana couldn't stop her moans. "Love, aahn go faster mmh... I want you to make my brain turn to mush!"

Hearing that, Yasenia took back almost her whole length out, leaving only the tip inside, and used her legs to position Tatyana into the matting press position and started hammering with the weight of her whole body!

Pah! *Pah!* *Pah!*

Tatyana started screaming in ecstasy, "Yes! More, more MORE!"

But she didn't expect Yasenia's next move! Yasenia moved back a little and used her arms to support herself, leaving her tail free. Yasenia looked at Tatyana's ecstasy-filled face while she pounded her and became even more aroused. She aimed the tip at the other hole of Tatyana. Then she said, "Since you want to become stupid Ah! Ohh... don't blame me!"

Tatyana was about to ask but felt something poking her other hole, and her whole body trembled in anticipation. Then she felt the hard tip invading the other hole and moving in and out fast. The natural lubrication of the tail tip made the fast pace movement extremely easy and sent Tatyana above the

heavens! “Ahhhhh... Oh my- I’m cumming!! Yes, yes, YES! I’m cumming again ohh! OHHH!”

What followed was a crazy mating process in this position. After Tatyana orgasmed two more times, Yasenia couldn’t hold it anymore and lowered her face, stealing her mouth while painting her insides white. Both organs filled her holes, making Tatyana and Yasenia tremble with delight. “Mmmmmh!!” Both trembled in ecstasy, and after the orgasm, they let their body go limp.

When they both relaxed their pleasure-filled minds, Yasenia took both of her weapons out of Tatyana, letting the white sticky liquid gush out like a tide. Then without saying anything, she put Tatyana face down on the bed and positioned her dragon in her backdoor and her tail in her garden entrance. Then she slammed down, making both of them moan. “Oohhh... Tatyana, you are so tight! Mmmmh!”

Then, Yasenia moved her waist up and leaned forward, covering Tatyana with her body, and she started the fast piston movement like a crazed dragon!

Pah *Pah* *Pah*

Yasenia started gyrating her waist while pistoning, sending Tatyana to a new whole realm! “Oh... OHH! Love, you are doing it so good! YES! I love how ahn... you Ah! AH! Ohh! I can’t even speaaak!! I’m cumming again!!”

Yasenia felt Tatyana tightening crazily, and she couldn’t help but go over the edge again! Both of them moaned with a throaty sound, “OOOHHHH!!”

When Tatyana felt Yasenia stop her crazy creampie, she freed herself from under Yasenia and said while licking her lips, “Love, today you won’t only lose your male virginity~ I will take them all~.”

Then, she waved her hand, summoning a dildo! Not only would the girl wearing it feel as if it was their own, but when the girl reached a climax, she

would squirt from the tip of the member! During all her years, she has accumulated a ton of treasures, and this one is one of them.

Yasenia looked at the thing that was bigger than hers, with a big 25cm in length and 4.5cm in diameter. Then, she looked at Tatyana with a little bit of anticipation and fear. 'Can that monster enter? But a treasure won't only have a single function that is discharging the squirt from the tip, right?'

This time it was Tatyana who pushed Yasenia to the bed. Then she started kissing Yasenia and used her fingers to caress Yasenia's vagina. Yasenia started to moan, feeling her female sex being caressed. "Mmhh!.. I really like it, Ahn! That spot was good, Anh~ yes there, right there, mmm!"

Then Tatyana lowered her head until she could see Yasenia's slit and started to use her mouth to lick it while using her fingers to stretch her entrance little by little and her other hand to pump Yasenia's dick. Yasenia continued to moan, "Tatyana! Ohh, if you continue like that, I'm going to cum!!"

Tatyana waited until the last moment, and then... She stopped. Yasenia feeling her peak snatched away from her, was about to glare down when the mouth of Tatyana silenced her, delivering her own sweet taste to her mouth.

Yasenia felt the head of Tatyana's dick pressing her entrance and opening it. The sensation was completely different from doing it with her male part!

When penetrated, she felt waves of heat and pleasure invading her brain, making her almost scream, "Ahhh! Why does it-"

Tatyana felt Yasenia's tail caressing her back and used that moment to insert herself in one thrust reaching the cervix! Yasenia's eyes rolled up, and she opened her mouth with a guttural "OHHHH!!"

Yasenia directly came from her tail, dick, and vagina, spraying everywhere.

Tatyana felt the wild contractions and couldn't help but groan in comfort, thinking, 'Her contractions feel like she is massaging my whole length and trying to milk me dry! Oh my heavens, if she doesn't stop soon, I'm going to cum!'

Yasenia stained her breast with her own discharge and the back of Tatyana with the tip of her tail. The electrifying pleasure almost made her crazy! Tatyana didn't move. She just stayed fully inserted while hugging and kissing Yasenia on the cheek, the eyebrow, the ear, the nose. She was waiting for Yasenia to come back from her first female orgasm.

When Yasenia returned, she looked down at Tatyana and devoured her mouth, biting, licking, sucking. After two minutes of passionate kisses, Yasenia opened her mouth with a hoarse yet sexy voice. It was as if she was caressing your heart with her voice. "That was completely different from my male orgasm. I thought I was going to faint...."

Tatyana felt a tingling listening to her voice and almost cummed what she barely held. Then she chuckled gently and said, "I haven't started yet, love, prepare yourself because I'm not stopping until you faint!"

Yasenia opened her eyes and was about to protest when Tatyana put Yasenia's legs on Tatyana's shoulders and lifted her by the waist until she could penetrate her. Tatyana went to her knees and, *PAH* *PAH* *PAH* She started to piston extremely fast.

Yasenia started to moan wildly! "AHH! AHH! AAHHHH! OHHHH!!"

Tatyana continued without mercy for 30 seconds, and Yasenia started to cum like crazy! She shook her head and tried to form words only for moans to keep going out of her mouth "mmm~ I'm Ohhh! Going craz -Ahhh! Tatyanaaaaaa!"

Shortly after, Tatyana also cummed with a grunt, unable to hold it anymore, but she didn't stop the pistoning!

After some minutes, Yasenia was already spasming because of pleasure. As an act of revenge, with her last lucid thought, when Tatyana cummed she inserted the tail in one thrust in Tatyana's free hole and cummed inside, making Tatyana roll her eyes upwards and lean forward. "OOHHHH!!* Both of them shouted in pleasure, and Yasenia fell unconscious shortly afterward.

After recovering, Tatyana said while getting up from the bed with a loving smile, "Love, even if your constitution is strong, with my cultivation level, you won't be able to win for a while, fufufufu~."

Then she bit her lips and whispered, "But, that last attack was truly delicious. Good job~."

She picked up Yasenia in a princess hug and coiled her tail in one arm to not let it drag on the ground. Then, she went to the bath to clean herself and Yasenia.

There was zero chance of pregnancy for both because Tatyana was a complete woman, and her discharge couldn't make other girls pregnant. It was a law of the world. Putting that aside, a cultivator had extreme control of their body, so they wouldn't get pregnant if the female cultivator didn't want it.

Even if they want to, it isn't easy because there must be a balance in the Yin and Yang for the fertilized egg to develop. That is why the stronger the female cultivator, the lower chances of pregnancy. It is a way to maintain a natural balance. Imagine a person that can live more than 100 000 years getting pregnant as easily as a normal woman! That woman would give birth to thousands of children throughout her life!

After finishing the bath and tucking them both in the now clean bed, she thought. 'She came a ton from both the tail and her dick. Worse she just started cultivating. Her sexual stamina is as monstrous as expected. If I did what I did in the end to any other Opening realm cultivator... they would have

fainted in pleasure in ten seconds. Not only did she last five minutes, but she was also able to attack me deliciously at the end... As expected, I won't be able to keep her for myself when she grows up....'

She gave a soft kiss on her lips and chuckled. 'Well, I will keep you at least until you go to the Academy. I should explain things to her. Will she become angry if I say I want her to create a harem? She probably will... Who wouldn't become angry when their loved one tells them, "go have sex with others" ' Then she sighed, closed her eyes, and sank in Yaseenia's arms and her sweet intoxicating scent.
