Hey Girl You Deserve the World

Chapter 31

“No! No!” Jean shook her head, “I just feel that this is too violent, I… don’t like it.”

Jack stunned for a second at Jean’s words.

Quite a while…

“Good!” Jack agreed to her.

“Get off!” Jack coldly ordered Alex, and then cast a deep look at Bin beside him.

“Thank you, Jack Allison, thank you, Miss Jean!! Thank you, thank you…” Alex almost crawled out of the police station, and David followed him out without any delay.

Outside the police station…

“You… what are you going to do…”

There was no trace of blood on Alex’s face, and his whole body was trembling with horror, “Jack Allison said let me go! You can’t do it to me! Ah-“

A miserable scream, accompanied by a “click”, a sound of cracking bones.

Alex’s right hand was easily broken in David’s hand.

“You have to dare to vent the “exposed” a little bit about today’s things, it’s not this hand that is useless!!”

David shook off a cold word, then turned around and went into the police station.

Inside the police station-

Jean hurriedly jumped out of Jack's arms.

"Jack, thank you..."

She thanked him, her heart was grateful, but she was a little sorry. It seemed that she owed this man more and more.

Jack only glanced at her coolly, his expression was indifferent, without a word, got up, and walked out.

"Jack!"

Jean stopped him again.

Jack's footsteps stopped and looked back at her.

Jean's eyes didn't have any ripples.

"You...what is the relationship between you and Emma?" Jean plucked up the courage and asked him.

She doesn't know why, she seems to care about this issue.

Jack smiled evilly...

The eyes were cold, and he only said, "What is my relationship with her, does it have anything to do with you? Jean, you don't deserve to ask me a personal question!!"

After speaking, he left without turning his head.

Jean’s white lips were pressed tightly.

“Jean, what did you do!!!”

Kelly sullenly threw the newspaper in front of her, “You even dare to hit the security director, who will dare to use you in the future?!!!”

Jean only felt tired, she didn’t even bother to explain, she only apologized, “I’m sorry…”

“To be angry with you!”

Kelly sat down beside her and reduced the pressure in her heart a little bit, “The company says it will hide you in the snow for a while, you see what to do!”

Jean was stunned for a second, her expression a little bit astringent, “Alright! I also want to take a good rest during this time…”

She is, a little exhausted.

Kelly looked at the weak girl in front of her and sighed, “Sometimes I feel that you are not suitable for this circle!”

Jean put her head on the table, closed her eyes, and said nothing.

“Okay! You can take a good rest during this time! I’ll beg the company when the limelight is over.”

“En…” Jean nodded, smiled faintly, a little apologetic, “Thanks for your hard work, Kelly.”

“Okay! Go back and rest quickly! I will let Leo send you off.”

At three o’clock in the afternoon, Jean returned to her lonely home.

It’s been ten days since she divorced Mike, and the other person is no longer there, but the things haven’t had time to move away, so that every time Jean goes home, there will be an illusion as if he is still there.

Lying on the sofa, inexplicably, her eyes were red again.

“The password is correct.”

Suddenly, Jean on the sofa was surprised when the door lock rang.

In the next instant, Mike was seen coming in from outside, and beside him was…Emma!

“I’m here to move things.” Mike’s voice was extremely cold.

Emma only glanced at Jean mockingly, and then followed Mike upstairs, “Mike! You can get some important things! I will buy clothes for you when I come. It’s been washed by some people, I don’t like it.”

“Yep…”

Mike seemed to spoil her so much, as long as it was her words, he would listen.

Jean stood downstairs, staring at their backs stupidly, her hands falling on both sides of her body, her hands tightening.

Her heart trembled fiercely.

She doesn’t know if it is painful or angry because of that unwillingness.

Jean didn’t want to see them back and forth again, and went upstairs, preparing to go back to her room to sleep, but before she walked to the stairwell, she was stopped by Emma.

A bunch of photos was thrown on Jean's cheek, "Shameless!!"

This is the wedding photo of Jean and Mike.

The photo struck Jean's cheeks, painful.

But at this moment, she has no time to care so much, "Where did this photo come from?"

She... doesn't understand!!!

Their wedding photos have never been taken in small photos because Mike does not allow it! But now? Why are there so many small photos in Emma's hands? Did it come out of Mike's room?

"Jean, don't pretend it! Isn't this picture you hiding in the drawer of Mike?"

Emma sneered, "Do you think that Mike will love you like this? Will you be missed? Overpowering!!"

It's not like this!!!

This photo is not hers! It's Mike!!!

She is going to Mike to ask for clarity! Why? Why do you still keep their wedding photos secretly without loving her?!

Jean bent over to pick up the photos on the ground.

Of course, as soon as the little hand touched the photo, she was severely stepped on by a foot wearing sharp stilettos.

It's Emma.

“Hiss-” Jean exhaled in pain, and tears almost came out of her eyes, “Take your feet away!!”

It hurts!!!

Of course, as if she couldn’t hear Jean’s pain, Emma’s strength was a bit heavier, “Jean, I hate you since I first saw you!!”

The needle-like pain on the back of her hand made Jean sore her nose, “Emma, take your feet away!!”

Jean raised her head, her eyes were red, and she stared at the woman in front of her angrily.

However, Emma proudly raised her head and sneered in disdain, but the strength under her feet increased.

“What…”

Jean screamed in pain, and at that moment, she felt as if her hand was about to break.

Subconsciously, stretched out her hand, grabbed her leg, and pushed back.

Taking into account the child in Emma’s arms, Jean’s strength has been appropriately reduced, but before she could return to her senses, Emma’s whole body was leaning forward.

“Ah-” a scream…

“Bang bang bang -“

Emma rolled down the stairs.

“Emma!!!”

On the promenade, Mike's panic cry sounded.

And Jean squatted on the spot for a long time, her mind was abrupt.

His face was as white as a piece of paper.

What just happened?!

Did she push Emma downstairs?

Do not! Not…

Jean shook her head in a panic, "I didn't push her, it wasn't…"

She just pushed her back a while ago, her body couldn't possibly fall forward!!! What's more, her strength is not heavy…

"Mike, it hurts, it hurts…"

On the ground, Emma clutched her abdomen, screaming in pain, blood continuously poured out of her lower abdomen, dyeing Jean's eyes red.

"Getaway!!"

Mike ran down the corridor in a panic, and when she passed Jean, he pushed her away angrily and ran towards Emma downstairs.

"Mike, our child… the child… was killed by her, oooooh…"

"It hurts, it hurts…"

Emma paled, crying, crying painfully.

"Emma, don't be afraid, don't be afraid, I'll take you to the hospital…"

Mike picked up Emma who was covered in blood on the ground and ran out of the door frantically.

At that moment, she saw the resentment in Mike's eyes and the calculated smile at the corner of Emma's lips…

She was laughing!!!

Because no one would know that this child is a burden to her popularity!!!

Jean couldn't help shivering, shuddering all over.

Hospital…

"Mr. Blair, I'm sorry! Although Miss Emma was not badly hurt, the child… still failed to keep…"

"woo woo woo woo…"

The doctor's words caused the weak Emma on the bed to cry bitterly.

There were layers of bloodshot eyes in Mike's eyes.

With his eyes, he glared fiercely at the pale Jean.

"Jean, you femme-hearted woman!!"

Mike's hand clamped Jean's shoulder.

The force between the fingers is very heavy as if it were to be embedded in her shoulder blades.

“Not me!!”

Jean shook her head, very emotional, “I didn’t kill the child!!!”

She yelled at Mike who was out of control on the opposite side.

“I didn’t kill your children!! It was her, Emma, you, and you, who killed your children with your own hands!!!”

“Snapped…”

Mike raised his hand during the day and slapped Jean’s cheek neatly with a slap.

All of a sudden, she hurt…

She flinched.

Tears poured out wildly.

“You cruel servant!! Even if you want revenge, you can’t find an innocent kid to do it!!!” Mike roared at the sluggish Jean with red eyes.

Jean dropped her hands on both sides, clenching her fists involuntarily.

“Snapped…”

A slap on Mike’s face fiercely.

Suddenly…

Five fingerprints appeared.

This slap was given by Jean!

The palm of her hand is aching…

Tears are blurred.

For the first time, she beat Mike!!!

Everyone in the ward was shocked for a moment.

Mike was there and didn't move.

Jean turned around and walked towards Emma on the hospital bed…

Nothing…

She slapped Emma's pale face without hesitation.

Jean's tears, like rain, poured out from her eyes.

Her heart hurts, and her whole body twitches.

"Emma, to frame others, even her children can be brutally killed! You are not worthy of being a mother! I didn't slap this for myself, I gave you back for the child in your belly!!!"

After Jean finished speaking, she turned around… stepped out of the ward indifferently.

But at the moment when the door was closed, she couldn't help covering her mouth and crying bitterly.

But at this moment, she didn't know that the scene in the ward just now had been secretly recorded by the paparazzi.

The next day-

Overwhelming news and public opinion attacked her strongly.

In the newspaper, Jean was full of pictures of her hitting Mike and Emma.

The news content put Emma so weak, and Jean beat her sister out of jealousy, and even the child in her belly was brutally killed. The most annoying thing is that all of them are pointed the finger at Jean, and Emma is Mike's real fiancée, and the media even pointed out that her previous reports with Jack were just scandals.

Chapter 32

Suddenly, almost all netizens on the Internet began to complain about her "snake-hearted" woman and even shouted that she should be brought to justice.

"Jean, you have never been so hot like you are now!"

James, the head of the entertainment company, was holding the tablet, and angrily brushing the meager, "You are already on the meager hot topic now! Good job, Jean, you are really good!!!"

"Mr. James, don't do this! Jean also has her difficulties." Kelly was busy comforting her.

To tell the truth, Kelly felt that Jean's actions were a bit too aggressive in the previous fight against Alex, but she supported the "rapist" husband and "women" of Emma and Mike!

"There are difficulties? What is the use of telling me about them? Go and explain to these mobs! You go and tell them about your difficulties, you don't think they understand! Also, those you used to endorse in the image of a lady Goods, now everyone is boycotted by netizens, and every manufacturer is screaming to sue you! Now your sister wants to sue you for intentional harm, and the company can't stop it. Let's see how to deal with this stuff!!"

James's words shocked Kelly.

It seems that even she didn't expect things to deteriorate to this point.

On the side, Jean remained expressionless, sitting there with a pale face, without saying a word.

"Jean, since your debut, you have asked yourself how much benefit you have brought to the company. Look at these things you are making now. Every one of them is not trivial. The company has to wipe your ass for you. , Do you think a company will need such employees? I know, you have been observing your "fuck" and reluctant to wrong yourself a little bit, but shame is here, Jean, this circle has always been so muddy, you if you can't stand the unspoken rules here, you can quit! At least, we don't need a third-rate actor who is worthless!!!"

James's words pierced Jean's heart.

"Sorry, President James..."

Jean took a deep breath and stood up, her expression indifferent, as if she didn't have any extra expressions.

The pale lips were pursed, a little dry, and a long time, before she heard her dumbly continued, "These things...I will find a way to deal with them! I'm sorry, I made you and the company bother!!"

She bowed guiltily to James, then turned around and walked out of the company for a moment.

Kelly sighed as she looked at her sadly leaving back.

This girl, it's not easy to walk all the way...

Jean didn't expect that, as soon as she got out of the company, she was surrounded by a group of people.

These people are not reporters, but Emma's fans.

"She came out!!"

Someone yelled, and then a few burly men rushed to Jean in one step, smashing dozens of eggs on her without mercy.

"Jean, you shameless woman!! Why are you hitting Emma and apologize to her!!"

"Apologize publicly to her!!"

"Bang-bang-bang-"

The egg, like a rain forest, slammed Chao Jean's face crazy.

The egg blossoms spread, and the egg whites slid from the forehead to the cheeks, dispelling the faint rouge on her face...

So down!

She subconsciously covered her head with her hands, but her lips were kept tight, she stubbornly refused to say a word, let alone look at the hateful faces in the crowd.

"You femme-hearted woman! You still have Emma's child!!" A female fan yelled in the crowd.

"Beat her!! Say bad anger for Jean!!"

After a loud shout, someone rushed up, too late for Jean to return to her senses, and slapped her fragile with a slap.

This slap was not light.

So that her whole body couldn't help but sway.

Tears kept rolling in her eyes, but she stubbornly refused to drop a tear.

"Why are you hitting me!!!"

In the egg rainforest, Jean screamed angrily at the mob.

She's right!!! But can she tell this group of people here? Who would believe her? Who wants to believe her?!

"Slap..." A girl rushed over, slapped her severely, and kicked her.

Everyone turned a deaf ear to her screaming.

"What are you doing? What are you doing!!! Ah?" Finally, the company's security personnel discovered the strangeness here, and a group of people rushed over and broke the violent elements beating Jean away.

"Miss Jean, you go quickly!"

"Thank you..."

With tears in her tears, Jean thanked him in a low voice, nodded politely, and prepared to leave.

However, after inadvertently scanning the entertainment news on the screen on the wall, her steps suddenly froze.

On TV, it was Emma who was not someone else.

A press conference is like a TV drama with bitterness, and Emma is the heroine of this drama, and of course, she is also a screenwriter and director.

Going into battle with illness, her face is pale, tears are rippling…

“I only know that she has always loved Mike, but I never thought that she would suddenly fight me, or even push me downstairs…”

Emma cried…

Passionate.

“Bang…” The countless eggs smashed toward Jean again, and the insults continued.

But she still stood there, quietly looking at the ugly face on the screen.

Back of hand…

At the center, there is already a bruise, and there is still a lot of pain there.

That’s the pain that the ugly woman on the screen gave her!!!

But now, she is pointing at her…

Frame her as a murderer!!!

“The child is because she doesn’t have it. I don’t know what to do. I can only listen to Mike. After all, Jean is still my sister…”

Look! Emma started acting again!!! If she doesn’t get the actress award this year, is she too wronged?!

Mike Blair was also there at this press conference.

At this moment, he did not shy away from it and held Emma's hand tightly.

Jean's heart was ruthlessly "kneaded" to pieces...

When he married her before, he didn't want to make it public, but now it is Emma, but he can show his love in such a generous way!

Mike, do you really... love her so much?!

Tears shed...

Jean heard him say on TV, "I will not allow my children and my fiancée to suffer any harm! Miss Jean, if you are on the other side of the TV, then please listen carefully. I won't just leave things like that, even if you're just being "sexy", I think you should take the necessary responsibility for your willfulness! Sorry, I can't listen to Emma's words, I still follow my Personal opinion, because of your bad behavior, my child was killed. So, from now on, I will formally sue you!"

"Ah..."

Mike's voice was as cold as thousand-year-old ice, and it pierced Jean's heart, causing her to laugh ridiculously.

Tears flowed silently...

Eggs and tomatoes are like heavy rain, constantly slamming at her.

Pain...

My body hurts, but my heart hurts even more...

Hands, hanging on both sides...

The tampering gets tighter!!!

Mike, Emma…

Why, why do you have to “force” step by step on the path of absolute?

…

Jean turned around and walked out of the crowd…

“Killer!!”

“Jean, you devil!! You are going to jail sooner or later!!”

“…”

Behind her, the yelling voice haunted her like a fierce beast…

The steps under her feet were getting faster and faster until finally, she started to run wildly on the road…

Shouting with exhaustion, crying hysterically!!!

All passers-by regarded her as a madman, but only she knew that she was not a madman, but a fool, a foolish person who was played around by ugly people.

Rain…

The madness spread down and fell on her devastated.

She stood outside the big Iron Gate, slapping the door lock with all her strength, “Open the door!!! Jack, please open the door…”

The tears of despair shed like a flood.

At this moment, she was as devastated as a beggar abandoned by the world!!!

“Jack…”

In the rain and fog, Jean was desperate, yelling the man’s name!!!

Yes!!!

This man…can help her!!!

It can help her keep pace, and it can help her to put all the people who trample on her under their feet!!!

In a luxurious villa

Thomas Allison was sitting in front of the fireplace looking at the exquisite picture album in front of him, and the man who turned the book for him was his brother Jack.

“Brother.”

Finally, he couldn’t help but raise his head and look at his brother.

“The big cat has been barking outside for a long time…” Thomas Allison reminded him.

“What?” Jack curled the corners of his lips demonly, “Does her heartily?”

Big hand, caressed his head fondly, warning like a reminder, “Don’t worry about others, especially her.”

The tone was plain but inexplicably deterrent.

“I just think she is noisy.” Thomas Allison explained.

Jack picked up the corners of his mouth before he ordered David to the side, “Let Miss Jean go directly to the sixth floor to find me.”

“Yes!”

David nodded and went out.

“Sister, please come over and help the young master look through the book.” Jack gave a light command, patted Thomas’s head, “Brother will not accompany you.”

“Well, brother, go ahead and do your job!”

…

Sixth floor-

The lone figure stood by the window, the enchanting blue eyes grabbed the desolate figure in the rain, and the cool lips lifted deeply.

There are too many complicated feelings in that smile that is not a smile…

Like ridicule, like disdain, or the joy of victory!!!

Jean…

My fish, you finally got the bait!!!

…

Jean stood naked on the white Persian carpet.

The rain, glued with egg whites and tomato residues, poured over the top of the head…

Contaminated on her body, she was disappointed.

Tears, poked in the scarlet eyes… kept spinning, but she stubbornly refused to let them fall.

“Jack…”

Her fists fell on the sides, tampering tightly.

The little arm was still trembling, and she didn’t know if it was cold or angry!!!

Having known Jean for so many days, it was the first time he saw her so emotionally excited.

“Do those things you said before count?” She asked him dumbly, her voice trembling.

Jack was buried in the sofa, squinting his eyes lazily, so that he could look at the woman opposite in his spare time.

Thin lips, moved, the sword eyebrows raised slightly, and asked her in a puzzled way, “Did I say anything to you?”

His hand lazily supported his enchanting chin, and there was a cool chuckle between his lips.

“You said, let me be your woman!!”

Chapter 33

Jean’s eyes were covered in mist, and her vision became a little blurred.

In a daze, she seemed to see the ridiculous smile on his lips, “Miss Jean, I don’t remember what I said…”

He paused for a second, Jack smiled, and then turned to say, “I just remember, I told you to be Jack’s…bed, slave!!”

He bit the words ‘bed, slave’ very hard.

Jean’s tears flowed down helplessly…

The shoulders shivered fragilely…

Long time…

“Okay…” Her voice choked, already hoarse, “I promise you…”

The whole body was shaking constantly.

She no longer dared to raise her eyes to look at the man opposite.

At that moment, her heart completely turned to ashes, sank to the bottom of the sea…

Jack smiled wantonly, that smile was cold.

“I also have my conditions…”

Jean’s fists were clenched tightly, and her face was as pale as paper.

“Say!”.

“I want to be red!!” Jean raised her eyes, her firm water eyes met Jack’s unfathomable pair of eyes, “Jack, I want you to cheer me up! I will be a more popular star than Emma!!!”

This is her condition!!!

Moreover, she believed that this condition was just a matter of a flash of a finger for Allison Sect Young Master!!!

Jack condensed a smile…

Jean, it turns out that you are nothing but that!!!

“Great.”

He agreed to her and the agreement was formally established.

Jack folded his legs lazily, with his head tilted in his palms, and squinted at her who was dirty on the opposite side.

Jack said, “Take off your clothes…”

The plain tone, but extremely compelling, made Jean tremble all over.

Jack said, “Take off your clothes…”

The plain tone, but extremely compelling, made Jean tremble all over.

Seeing her motionless, Jack frowned slightly, and stood up lazily, “Miss Jean, your sincerity seems…”

“I take it off!!”

Jean shuddered and shouted.

Her shoulders were trembling, her wet hands trembling, bit by bit, she moved the buttons on his chest…

One after another…

The buttons were loosened, and the pink lace breasts-clothes gradually appeared.

The “sex” feeling of ‘still holding the half-hidden made the whole bedroom boil for a while.

Jack’s monster eyes are a bit sunken…

Jean closed her eyes resignedly.

He has to admit that this woman is extremely beautiful…

From the face, all the way to the toes, there was no flaw in it.

The blushing face of Jean, the “sex”-feeling collarbone, the slender waist is gripped, and the pink pants cover her shyness.

The slender legs are plump and delicate, and the white skin is full of seductive “flash” red, standing close together, shaking constantly with horror.

And such a delicate woman, like a lonely fallen leaf in the cold wind, was down and out, yet she exudes a charm that men can’t help but cherish.

For an instant, the air condensed…

The heat, immersed in the bedroom, made Jack unable to help but narrow his eyes.

“Come…”

He muttered and ordered her.

She beckoned to him lazily, staring at his eyes as hot as it would burn her.

Jean looked at him with misty eyes…

She hesitated for a while, bit her lip, and then moved towards him.

When half a meter away from him…

As soon as he probed his hand, he directly pulled the opposite her into his arms and sat down on his legs.

Let her…

Spread your legs apart and sit facing him.

“Don’t… don’t do this…”

Jean panicked.

The embarrassment is written on the face, and the cowardice is even stronger.

Because there was only a small amount of cover left, Jean was too embarrassed to look at him.

Jack turned a deaf ear to her embarrassment.

The big burning hands, intentionally or unintentionally, touched her white tender skin…

Jean was horrified for a second, her face suddenly pale…

Jean’s body squeezed, tears almost overflowed in her eyes, “I…I haven’t prepared…”

Jack snorted demon coolly, “This is not for you!! Bed/slave only obediently can bear it!!”

“Mmm…”

Jean opened her lips as if she wanted to say something, but before she could say her words, the man’s arrogant kiss had already rained on her.

In an instant, breathing started to become unsmooth…

The hot and humid kiss moved down from her trembling lips, past the tender neck, and continued to Jean's white and weak shoulders…

Following his kiss, Jean's delicate body trembled more and more to leave.

Until…

With his hand, he rudely tore off her pink breasts-clothes…

With a soft "hiss-", the clothes were torn in half.

Jack only felt tightness in his lower abdomen for no reason, every cell seemed to scream for her!!!

This feeling made him unexpected.

"What…"

Jean couldn't help but whisper…

Tears flowed down her delicate cheeks.

As if feeling her pain, Jack's lips and teeth became rougher, sucking her lips and tongue, and constantly torturing her.

At last…

Jean couldn't stand it and closed her eyes resigning.

She can only let him, tear her whole soul to pieces!!!

In her mind…

It was all the ugly faces of Mike and Emma!!!

She told herself unwillingly in her heart, Jean, the road was your choice!!!

So… don't cry, don't regret it!!!

…

Jack's scorching breath wandered wildly on every inch of her sensitive skin…

Every kiss almost made Jean dizzy under her.

Faced with such a passionate provocation-teasing, no matter how shy she was, she was about to be overwhelmed.

The petite body shuddered constantly, but it was no longer the embarrassment at first, but a kind of excitement that was difficult to suppress……

With her trembling little hand, she went to hold Jack's restless face, trying to stop the "lost" kiss.

However, the strength in the hands is not able to make any difference, so she can only let it go, bit by bit, attacking the city on her jerky body…

But suddenly…

"What…"

With Jean's roar, Jack already occupied her deeply without her preparation.

Let her sit on his lap…

Without a trace of seams, it swallowed up his huge searing heat!!!

Jean closed her eyebrows because of the pain, her forehead was already covered with a thin layer of sweat…

The little hands firmly grasped his sturdy arms, her lips had already been bitten by her teeth and almost lost her color.

“Pain…”

She finally couldn’t help but groan in pain, tears slipped from her eyes…

She never knew it turned out, for the first time, it hurts so much!!!

Not only the body hurts, but the heart also hurts more!!!

It seemed that the heart was torn apart fiercely along with the thin membrane.

The feeling of betraying the soul…

So awkward, but also so disgusting!!!

Jean, it turns out that you are nothing but that!!!

A few days ago, she told Emma so arrogantly that she disdains to rely on her body to be in power, but now?

Isn’t her current self reduced to such a sad point…

“The first time, it always hurts! Just bear with it, it will be better soon!!”

A low-pitched voice, still full of erotic factors, sounded above her head, and a faint tone comforted her.

Jack never knew…

It turns out that the taste of a woman can be so beautiful!!!

Woman, he hasn’t touched her, but, like her so tight that he can’t control himself, it’s the first time he has met…

Jean didn’t speak, just bit her red lips, letting the pain permeate her body a little bit…

Jack’s movements slowed down unconsciously, looking at the small face that was distorted by pain, he finally stopped the movement of his waist…

The faintly blue eyes, with the fireworks of desire, stared at her deeply.

Hot sweat, on their tightly attached, shed…

It was sticky, and there was a strong smell of lust, which was so ambiguous that Jean couldn’t help but blush, and she did not dare to look at him more.

At last…

Jack moved slightly as if testing something…

“Does it hurt?”

He muttered and asked her.

Jean narrowed her eyebrows slightly but did not answer.

Looking at her painful little face, Jack couldn’t help but chuckle.

His thin lips touched her pale red lips gently…

With a dumb voice, he smiled, “Don’t put on a painful look, it seems that my technique makes you very dissatisfied!”

Jack’s teasing words made Jean blush, but she felt that she was getting up faster and faster…

The strength is getting bigger and bigger…

Jean’s small hand, subconsciously climbed onto his sturdy shoulder…

Feeling the change in her body’s adaptation, Jack became more excited.

He has to admit that this woman has him, the taste of expectation!!!

Her body…

More like a poppy-like drug!!!

Knowing that he shouldn’t be too enamored, but he just couldn’t control himself…

Only crazy, want her!!!

Constantly trying to find happiness in her…

Again and again!!!

Chapter 34

He hugged her, moved from the sofa to the big bed…

In the end, the two fell into the charming bathtub together…

And he didn’t mean to give up yet.

Jack couldn’t bear to let her go until Jean whimpered and began to beg for mercy in a low pain.

In the bathtub…

She was like a ball of slime without any life, lying in his arms, her body no longer had any strength…

It is even difficult to speak!

He seems to be going too far…

However, she had already been eaten and “touched”, but she was still reluctant to let him taste.

With arms around her tightly, the hot and humid lips, still like a fire, kept chewing on her white neck…

The heavy gasp also foreshadows her desire and dissatisfaction!

This feeling made Jean in his arms a little panic…

“I…I really can’t…”

As if afraid that he would continue, Jean tremblingly said.

Jack picked up his head and gazed at her deeply, Jean’s lips rose slightly unconsciously.

It seems that tonight is exhausting her…

Jean is tired!!!

She has never been as tired as today!!!

The body is tired, the heart is more tired…

At this moment, she can only collapse in his arms, struggling, panting…

Bigmouth, big mouth!!!

She seemed to have just come off the battlefield, and her body was sore that she fell apart.

“Soaking in a hot bath will make you more comfortable…”

Jack comforted her with a dumb voice.

“Come on, get your hands up.”

He grabbed her hands and placed them on the edge of the tank, with her body facing him.

Jean was a little shy, “Jack, what are you doing?”

Then, as soon as she asked, she felt a pair of hot hands that had drifted away on her slender shoulders, constantly “kneading”…

Strong, just right!!!

Then, massage her…

From the shoulders to the waist…

Jean squeezed, but she couldn’t resist this comfortable feeling.

As if by magic, gradually, the soreness in the body seemed to be relieved by his hand…

“Jack…”

She lay on the edge of the tank, closing her eyes…

There were tears in her eyes.

In a low voice, murmured, “I still became like them…”

Her heart hurts!!!

Her words caused Jack to pause for a second, and then, in the next moment, he stretched out his hand to embrace her soft body.

“Sleep when you are tired!”

His tone is exceptionally gentle.

Let her fall asleep in his arms, soaking her painful body in warm water.

Because Jean was too tired, she finally fell asleep.

When Jean woke up, it turned out to be late at night.

Opening her eyes, what she saw was not Jack’s demon-cooled face, but a…unfamiliar handsome face.

The handsome eyebrows, the deep black eyes like ink, a pair of thin and evil lips under the straight nose peak, the ultimate beauty, but without losing a tough air.

Jean froze slightly, and she couldn’t help but relax for a while.

“Miss Jean, don’t be afraid, I am not a bad person.”

The man smiled, with a gentleman’s smile on his lips.

“My name is Jacob, Jack Allison’s exclusive doctor, and friend.” He introduced himself politely, “You suddenly have a high fever, so I am here to see you on the order of Jack.”

Does she have a high fever?

Jean “touched” her forehead, and the temperature was not low as expected, “Thank you.”

She showed her face, thanked him, her face was still pale.

“No thanks, I should.”

He smiled gracefully, and continued, “Let’s take a break! The high fever should be gone after a while. I won’t accompany you, for now, I have to report your situation to Jack Allison.”

“Okay.” Jean nodded, “I’m sorry to trouble you.”

“No.” He pursed his lips and smiled before exiting her room.

On the top of the building, in the “exposed” coffee shop-

From a distance, He saw Jack standing by the railing.

He leaned lazily in front of the railing, still casually dangling a cigarette in his hand.

The warm light of the pale yellow “color” poured down from his side, faintly covering it as if it gave him a golden “color” halo.

The beautiful and enchanting facial features become more mysterious and charming at this moment…

Undoubtedly, this man is beautiful…

It’s the kind, the beauty is at its extreme, even Jacob, as a man, has times when he is silly.

It’s just that behind such a handsome man, how much burden is carried…

Everyone knows that Allison Sect Young Master’s methods are so ruthless that every shouting person is frightened.

Some people say that when Jack Allison gets angry, Asia will tremble three times, but so far, his Allison Sect Young Master has been angry once…

That time, his brother Thomas was kidnapped by the Gang, the leader of the Asian underworld, because of the hatred of the rivers and lakes. As a result, that night…

It is rumored that all the affiliated stores of Gang were blood-bathed…

Rumor has it that the fire almost burned the entire Gang.

It is also rumored that the bloodshed from the gang that night almost stained the streets of Osaka, Japan…

Jack has always been so cruel and unrelenting towards people who hate!

And he is carrying a so-called, unshakable hatred!!!

It was this kind of hatred that made Jack unconsciously reveal an air of ice and desert all over his body, which always made people shudder.

“Jack Allison.”

Jacob approached him and took a sip of the still-hot coffee.

Jack glanced at him with demon-cool blue eyes, “How’s it going?”

He took a deep breath of the cigarette in his hand and asked him coolly.

“It’s okay, it’s just a bit of wind and cold.” He leaned back on the railing lazily and returned.

“En…” Jack let out a deep “groan”, expressing his understanding.

“Jack Allison, you and this lady whose surname is Glover…”

“Don’t say something that shouldn’t be said.” Jack interrupted him without waiting for him to finish.

His tone was still unhappy, but the sense of deterrence emanating from the inside out made people shudder.

But, Jacob is not someone else!

For Jack, it is more fear than fear.

“Jack Allison, I just hope you can think about Ava’s feelings a little bit, after all, she is your fiancée!”

While talking, Jacob lit a cigarette and smoked himself.

Jack chuckled, his blue eyes flickering, and he couldn’t see the expression in his eyes.

Jack squinted deeply, looking at Jacob who was aside, “Do you still love her?”

Jacob’s faint eyes froze for a while, and then shook his head for a while, “I don’t love anymore…”

He said calmly, “But I still hope she can be happy…”

Happy…

Ah! Jack laughed lightly, “Jacob, don’t always think of yourself as a saint, no one in this world can give anyone happiness!”

Jack’s words made him startled…

“Don’t you admire Ava?”

Jack frowned, “Is love and not love that important?”

He sighed lightly, “Love it!”

At least, he is willing to marry her!

At least, he is willing to spoil her!

At least, in his heart, that woman is the holiest and inviolable!

At least, in his heart, no woman in this world can be more important than her!!!

Isn’t that enough?

Jacob sighed leisurely, only hope that this smart man in front of him won’t be mistaken by his cleverness!

“Go back by yourself! I’ll go see her.”

Jack said suddenly, after speaking, he went downstairs.

Jean was lying on the bed, staring at the pale ceiling blankly.

Eye sockets, can’t help being moist again…

She was a little dizzy, and her body was a little tired, but unfortunately, she just couldn’t sleep.

In her mind, there are all scenes of the love between her and that man…

Jean never knew it was such a feeling, so painful, yet so exciting…

The thought that she even had under him for a moment, she felt ashamed and angry.

Suddenly, only the sound of the bedroom door rang.

Jean was stunned, and for a moment, she closed her eyes quickly, not daring to look at the black figure approaching her at the door.

For a while…

The soft bed seemed a bit sunken.

He sat down on the edge of her bed.

Yeah, Jean only felt a wicked heat pouring toward her nose…

Eyebrows jumped nervously twice.

“Jean, if you pretend to sleep, I kissed it.”

Jack’s enchanting voice sounded directly above Jean.

Jean was so scared that she opened her eyes without even thinking about it.

In the next instant, a wicked kiss swept towards her like a wave…

Thin lips, hot.

With her red and swollen lips, he seemed to swallow her alive.

“Umm…”

Jean struggled and vaguely accused the man of her, “Liar!!”

Jack smiled.

The big hand grabbed her restless little hand and smiled wickedly at her.

That smile…

Demonly, Jean was stunned for almost a second.

This man…

Beautiful as a stunner!!!

But, aren’t all beautiful men bad? Why is this man so wicked, yet he is so strong, even below…

It was so strong that she couldn’t resist it at all!!!

“I never said that I won’t kiss you unless you pretend to sleep!”

“…”

Rogue!!!

“Looking at me so obsessively, I would think…you still want…”

Jack’s evil voice was fascinated by the demon, making Jean’s heart tremble, but she quickly recovered and wanted to push him, “Jack, stop making trouble, I’ll be quick Worn out.”

Jean was ashamed and annoyed.

“Ding-Dong…”

Jack’s cell phone rang untimely.

He took the phone and took a look at it. It was a little surprising that it was Ava’s call.

Jack let go of Jean, did not hesitate, picked up the phone, and walked to the balcony of the bedroom.

“Ava, why did you call so late?”

In his mellow voice, there was an unconcealed favor.

Such sincere petting made Jean’s heart jump.

Eyes subconsciously followed him.

“Want to come back? What’s the matter? Unhappy living over there?”

Jack seemed to be particularly concerned about the girl on the phone.

“En! Well, you want to come back and I’ll pick you up…”

Jean retracted her gaze and stared at the ceiling blankly.

Blink, blink again.

The heart, inexplicably, a bit astringent.

Original…

Jack can also be so gentle and so flesh and blood…

She thought that he had always spoken the kind of high above, cold and cold, and taught people not to get close at will!

It turns out that this feeling depends on people!!!

Ava…

Who is she? Is she his girlfriend?

Thinking of this, Jean's heart gave a fierce chuckle, it was as if she had remembered something important.

During the day, she was so dazzled by anger and fear that she suddenly forgot about him having a girlfriend!!!

Jean panicked…

Does this mean that, like Emma, she became a despicable junior?!

Chapter 35

She hurriedly opened the quilt and wanted to get out of bed, but in the next moment, she was shocked by her naked-"naked" self.

"What are you going to do?"

Jack's low-pitched magnetic "sexual" voice was uploaded to the rooftop.

She doesn't know when he has hung up.

Jean's eyes were half-squinted, and she stared fiercely at his unconcealed sex, "Want to seduce me?"

Jean hurried to the bed in embarrassment and wrapped herself tightly in the quilt.

“I… Where are my clothes?”

“Throw it away!” Jack replied neither salty nor light, and the steps under his feet calmly stepped towards her.

“Throw it away?” Jean stared at the man in front of him with some resentment, “Why are you throwing away my clothes?”

“Dirty!”

“You can wash it if it’s dirty!”

This man, is it too wasteful?

“Why do you wrap yourself so tightly?”

Jack lifted his lips and asked her.

Jean’s small face flushed instantly, “That…what am I wearing?”

“Sister Maria will prepare it for you tomorrow.”

Tomorrow?!!!

“It must be tomorrow?”

“En!” Jack let out a deep “groan”, his eyes staring at her pink shoulder wanton, and the phoenix eyes getting hotter.

Jean was stared at by him, like a thorn on her back.

“Then… can you bring me a nightgown first?”

“But yes!” Jack nodded, then squinted at her, “but I have never had anything of a woman here, and a man’s nightgown…Well, it’s too big, I’m worried that you won’t be able to hold your snowball…”

“You…” Jean’s expression flushed with his “exposed” words, “Then you can’t let me just sleep in a quilt like this?”

“You don’t want to sleep in a quilt, you can do it!”

Jack laughed evilly.

“…” Jean was angry with him.

“Then you… can I borrow one of your shirts and wear them?”
Jean demanded in a low voice.

Jack stared at her eyes, tightening a circle…

In the next moment, he hooked his lips, “Okay!”

He promised her.

Jack randomly picked a shirt and threw it at her.

Jean grabbed the shirt and looked at the man sitting on the sofa opposite.

At this moment, he was lazily holding his glamorous charm with his right hand, and his faint blue eyes were glowing with scorching flame glue on her body so that he could watch her in time.

He didn’t have any intention to look away and avoid suspicion a little bit.

Hey…

Jean didn’t think she could persuade him to go out.

It seems there is no way!

Jean had to wrap her whole body tightly in a quilt.

Fortunately, this quilt is big enough!

She got into the dark bedding and began to dress.

Result…

Before the shirt had time to wrap up, Jean felt his eyes lit up…

“What…”

Jean screamed in fright, panicking and trying to wrap her shirt.

But the more anxious, the easier it is to “chaos”.

Jack’s enchanting eyes looked at her, “Jean, what are you shy of?!”

He encircled his chest, looked at her condescendingly, and saw her panic and embarrassment.

The bedding has been thrown on the carpet by him.

Jean’s face was flushed with embarrassment. Now she just wants to find a hole in the ground to bury herself.

Unexpectedly, Jack deceived her, with his arms on both sides of her tender body, his eyes hot, and looked at her red body-from top to bottom.

“Allison…Jack, you’re enough, don’t watch…”

Jean tried to dress in a panic and blocked his wanton look with shame.

The heat splashed on her cheeks, causing her heart to beat.

Jack stretched out his hand, picked her up, and sat down on his lap.

“What are you going to do!”

Jean guarded her chest defensively.

Jack looked at her embarrassed look amusedly, “Jean, you are enough! I haven’t seen any part of you, haven’t “touched”…”

“Enough is enough!!!”

Jean knew what else the man wanted to say and hurriedly interrupted his “blatant” words by raising her voice.

However, where does Jack follow her?

“Where is the one I haven’t touched or kissed?!”

“Rogue!!”

“I don’t mind being rogue again for you!!”

While talking, Jack’s hand rushed towards Jean’s chest.

“No!!” Jean was so nervous to protect her chest, but in the end, a man’s hand was one step faster than her.

It’s just that the man is not holding her chest, but the shirt on her chest.

Reached out and took it, he began to dress for her decently.

At that moment, Jean was stunned.

Even for a second, her heart throbbed with the man's behavior in front of her.

She, a little bit can't understand this man…

Why is he always good for her, sometimes bad, sometimes cold, and sometimes hot!

Jean stared at his enchanting face in a daze, until she felt her soft snow peak once again being caught by a hot big hand, and she suddenly recovered.

She knows this guy will not let her go so easily!!!

"Jack, stop making trouble…"

Jean struggled shyly in his arms and jumped off his lap.

Jack laughed instead of anger at her breaking free.

He was still sitting on the edge of the bed, squinting his phoenix eyes, and looked at the stunner in front of him evilly.

Really…

She has to admit that sometimes women wear clothes even more so than they are not. !

This faintly looming, half-hidden feeling of holding the pipa, is very charming, and for a while, Jack can't look away…

Jean was standing on the white Persian carpet with bare feet.

She seemed to be a little bit embarrassed. She stood there with a small head hanging down, her long hair scattered on her shoulders, concealing her cheeks that were still glowing red at the moment, and her shiny feet Because of embarrassment, she kept rubbing around.

It’s just that, at this moment, she doesn’t know how attractive she is…

Even if the shirt is big enough to block her sex…

But, after all, there is nothing underneath!

“This… it seems weirder…”

Jean was embarrassed and hurriedly carried her back, opened his wardrobe, and reached for his nightgown.

But don’t know…

This stretched out her hand and fished up the long shirt…

Then, “showing” the white and mellow “hip”, which kept shaking in front of Jack’s eyes.

“Jean!!”

At some point, Jack came forward, stretched out his hand, and fished her from behind into his arms.

“What…”

A second before Jean fell into his arms, she grabbed his huge nightgown.

Unexpectedly, her hips were held tightly by the man behind her.

“Allison…Jack, what are you doing!! Don’t be foolish…”

Jean was about to cry.

“Who asked you to lure me first-‘confuse’ me! Hmm?” Jack bit her earlobe like punishment, torturing her badly.

“I do not have…”

Jean answered him aggrievedly.

The little hand grabbed his restless big hand, but couldn’t remove him from her sensitive flower-“Pui”.

“No, Jack…please…”

Jack smiled evilly, “It’s not honest!!”

His lips and teeth kept gnawing on the back of her ears, “Your body is always much more honest than your little mouth!! So moist, you dare not say no?”

“…”

Forgive her!!!

Her body is very tired, but on the contrary, this man’s provocative skill is as perfect as a master, and it takes less than a quarter of an hour to turn her head over…

The whole person, even like a puddle of weak muddy water, was buried in his arms, letting him play…

However, Jack let her go after all!

Even though the lower abdomen was already rising as if it was about to erupt at any time, he still didn’t want her.

Because she is enough today…

He wanted to ask her to continue, lest her body could not bear it.

“Are you hungry?”

Jack hugged her and sat on the sofa and asked her.

It’s okay not to mention it, Jean feels a little hungry for a while.

Jack walked over to the telephone and pressed an internal number, “Sister Maria, let the kitchen prepare some food and come to my room.”

After ordering, he hung up the phone.

“Thank you…”

Jean lowered her head and thanked him in a low voice.

Jean, as if something was ringing again, she hurriedly said, “Jack, there is a question… I want to ask you.”

“Yep?”

Jack glanced at her.

“You… do you have a girlfriend?”

“No!”

Jack answered without hesitation.

Ava is not his girlfriend, but his fiancée!!!

The last time he went back to Japan, he was engaged to her, but on the night of the engagement, he suddenly saw her injured in the video, so he hurried back overnight.

For him to fly back overnight, does not mean that this woman has enough weight in his heart, but that this move is too important!

One step can’t be wrong!

“The girl on the phone just now…”

“Is this something you should be asking about?”

Before Jean could finish her words, she was interrupted by Jack abruptly.

Jack’s eyes stared at her, calm and quiet.

Of course, that sharp sense of deterrence still made Jean feel cold for a second.

“I didn’t mean to ask!”

Jean was a little embarrassed by her question, and she said, “I just don’t want to be a shameful third party! So it’s better to ask clearly.”

“Boom boom boom…”

Quill, the bedroom door was knocked.

“Master, it’s me!”

Sister Maria’s voice came in from outside the door.

“Come in!”

Jack gave a light command.

Sister Maria walked in with the prepared dishes.

“Master! Miss Glover!” Maria greeted respectfully.

“Sister Maria.” Jean responded politely, “So fast.”

“Knowing that you didn’t eat, the kitchen is always ready!” Sister Maria replied kindly while arrogant.

“Thank you…”

Jean thanks.

“This is what I should do for Jack’s wife! Okay, Master, Miss, there is nothing else to do, then I won’t disturb your meal.”

“Well, go down!”

Jack opened his lips and faintly responded.

For a time, there were only two of them left in the entire bedroom.

Jean didn’t plan to talk to him anymore, it was the business to fill up her stomach first.

To be honest, she was tired all day!

From being besieged by fans at the beginning, and then Mike to Jack later, really, all the things connected, tortured her miserably, now she almost has her chest against her back.

“Why not just hold a press conference to clarify everything?”

Jack asked her suddenly.

Jean held the chopsticks and froze for a second, and then continued to eat, “Clarify what?”

“You and Mike and Emma! You are holding the divorce certificate in your hand, is there anything you can’t tell? Or… you just want to put yourself in my bed?”

As Jack spoke, he narrowed his charming eyes deeply.

Jean put down the bowls and chopsticks in her hands, her movements were a bit heavy unconsciously.

She took a deep breath and tried to suppress the accumulated discomfort and pain in her heart. After a while, she turned her eyes to look at him, her eyes were as light as water, without the slightest emotional fluctuation.

Chapter 36

“Even if I clarify now, so what? Can I be popular? Do you think that a hidden marriage, deceiving the public, the audience can accept? Even if I clarify, I only have a half-chance to ruin her, but I have to take half Bet on the future! Is it worth it? Not worth it!”

What she wants is a 100 percent… chance!!!

One hundred percent, make yourself ready!

She only needs a chance, a chance to prove herself to all the audience!!!

Her words made Jack’s faint eyes sunken a little instantly.

He suddenly felt that his previous self-seemed to underestimate the woman in front of him…

The blue “color” deep eyes “shot” a few playful halos, staring at her with a firm face in front of her, “How do you want me to help you?”

Jean pursed her lips and seemed to think about it for a while. After a while, she said, “Now there are many manufacturers that I endorse want to sue me. I think you also know the reason…”

Having said that, Jean lowered her head and broke her fingers, which seemed a little hard to tell, but after all, she still said it.

“I hope you can help me fix them.”

She knew that these were just easy things for Jack.

But, this is a deal… after all, she is a little shameless.

Jack supported Mei Pang and stared at her intently, “Anything else?”

“There is also the matter of Mike, he threatened to sue me if it is just to sue me, I am not afraid of him, I am worried that he will do something inside!”

If a star is brought to court like this, it will be difficult for her to want to get ahead.

“That’s it?”

Jack raised his eyebrows and looked at Jean incredulously.

“En…” Jean nodded, “I’m sorry to trouble you.”

Jack curled his lips, “Jean, you are different from Emma!”

This is his conclusion.

He thought that this woman might ask him to give her the heroines of several dramas, such as the Allison Sect drama “Slaying the Wolf”, but she did not mention a word, which made him somewhat admired.

This woman, even if she sells her body to herself, her dignity is still there!

“Thank you…”

One sentence is different, it is already a compliment to her!

The next day-

Early in the morning, Jean tidied herself up, and Jack pushed the bedroom door open.

“Give…”

“What?” Jean suspiciously took the file in his hand, “The script of “Slaying the Wolf”?”

She was very surprised.

Jack lazily buried himself in the sofa, his arm supporting his enchanting face, “Is there any problem?”

Jean frowned, her red lips pressed tightly as if she was struggling.

After a while, she heard her say, “Actually, this is not what I want…”

She put the script aside.

What’s the point of something not obtained by strength?

With just a glance, Jack could see through her mind.

He raised his eyebrows faintly, and only said, “Don’t you want to prove your strength to the world? Jean, this is your chance to prove your strength! Don’t think that someone else’s role is strength, wrong! That’s not strength. , That is the charm, the charm of the body! Only those who get the role will perform

the role vividly and let the audience follow the character's emotions or joy or sorrow that is called strength! Now I give you, not charity, but opportunity, an opportunity for you to prove to everyone that you are better than Emma!!"

Jack's words made Jean shocked, and her heart trembled fiercely.

There was a certain belief in his eyes, staring at him in a daze.

Undoubtedly, his words are reasonable, and they strike her heart.

She was shaken by his words.

"Give me such an important role as the heroine, are you relieved?"

"I won't make fun of the movies I invested myself!"

"Thank you, Jack!!"

Jean picked up the script, got up, bowed halfway, and sincerely thanked him, "Thank you so much!"

Not thank him for giving her this role, but thank him for giving her such a chance, and thank him... for trusting her!!!

"I will work hard!"

Jack curled his lips and smiled casually.

He likes such a tough Jean, at least, more attractive than her vulnerable.

"Come, come here..."

He beckoned to her lazily and motioned for Jean to pass.

Jean hesitated for a moment and walked towards him.

Jack grabbed her in his arms and sat down on his lap.

“For you.”

Jack took a bunch of keys out and put them in her hand.

Jean looked at him puzzledly, “What is this?”

“International’s real estate, the fifth building, you will live there in the future.”

“But I…”

“You don’t have the right to refuse!!” Jack didn’t wait for her to finish, so he interrupted her words aggressively, “Or do you prefer to stay in the house before you?”

“No! I don’t want to live there either.”

At least, for the time being, she doesn’t want to.

There, after all, there are too many Mike figures! And also…

When she thought that Mike and Emma had been together at that home countless times, she didn’t want to take another step.

Perhaps, she still has to rely on time to wash away all this pain!

The house is a gift from her mother, so she will keep it forever, but it takes time to clean up…

Jean still took the key in her hand.

She now has nowhere to go, right?

“Thank you…”

She apologized, but she couldn't raise any interest at all.

"Move in tonight!"

"OK..."

She obediently agreed.

Jack's lips kept rubbing against her neck, "Good..."

As soon as Jean entered the company, she was hugged by Kelly, "Baby, what kind of magic did you do? God, you got everything done overnight!!!"

Yes!

When she got up in the morning, she heard that all her spokespersons had withdrawn the lawsuit, and even Emma, who was biting her, said in front of reporters that because of her sister's relationship, she finally decided not to take Jean to court.

The most important thing is that as soon as Kelly woke up, she received a call from the producer of "Slaying the Wolf" asking for a contract with her artist Jean, and the role turned out to be the heroine.

And what made her most happy was that her dignified first-line star, Emma, was just a female number two who she served as a foil!!!

Isn't this like a big pie falling from the sky?!

"Jean, what's the matter with you? How come you feel so stunned after such a good thing?"

Kelly looked at Jean with a worried face.

Jean smiled sadly and shrugged, “I sold myself last night…”

She is right, the clouds are light and the wind is light…

It’s just that those wet eyes betrayed her state of mind at the moment.

Her words also made Kelly stunned for half a second, her lips opened, and she looked at her almost incredulously.

Jean is still smiling, but her eyes are a little wet, “Why you are looking at me like this? Don’t look at me like this…”

Her voice became a little choked.

“You look at me like this will only make me sad…”

Finally, she couldn’t help but burst into tears.

Once, the things she has been insisting on, the things she has always looked down on, until the end…

She still fell…

“Baby…”

Kelly stretched out her hand and hugged her crying flower tightly into her arms.

At this moment, she didn’t know what to say.

Feeling sorry for her submission, but thankful for her submission…

Isn’t it? When there are shortcuts in this circle, why do you have to make yourself so hard?!

“Can you tell who that person is?” Kelly asked her.

“Jack…”

Jean didn’t hide anything.

But these three words made Kelly’s red lips shocked enough to fit an egg.

“God! Baby, you got the dignified young master of Allison Sect?! What a fate, how charming you are…”

The script that Emma got, the heroine was always empty, no one knew which mysterious actress the heroine was. It was not until the contract was signed that the entire crew knew that the heroine turned out to be Jean.

Jean who had just been exposed to the scandal!!!

When Emma got the cast, she blushed and her neck was thick. She took the script to talk to the director, “Director, why is her the heroine in the end?”

She couldn’t believe it, “Don’t I be more suitable for this role than her? In terms of popularity and word of mouth, how am I not better than her? Why is she playing such an important role?”

When Jean passed the door, she heard the words inside.

“Emma, this is what the producer meant, and we can’t help it! Come on, who wants to carry such an important scene on her? Hey, I’m still worried about smashing my sign!”

“Is it?”

Quill, a cool questioning sounded from outside.

It turned out to be Jack.

Probably it was so focused that Jean didn’t realize when Jack arrived at the door.

“Jack…Allison…”

Tommy didn’t expect Jack to appear suddenly, and even his tongue began to knot.

Jack was still lazily folding his legs and sat down on the sofa, while Jean still stood outside the door and did not enter.

“Director Tommy, should we let Director Alex come to film this scene?” Jack asked the pale white Tommy on the opposite side.

“No, no!! Jack Allison, don’t get me wrong, what I just said was to appease Miss Emma, don’t care, I didn’t mean that…”

“What about you? What do you mean?”

Jack stopped paying attention to Tommy, and turned his sharp eyes to Emma on the opposite side, and asked her coolly, with a cold tone.

Emma didn’t seem to expect Jack to be so indifferent to her, and she seemed to be unable to reach for a while.

“Jack Allison…”

She groaned in resentment, pinching her “butt” and trying to lean towards him.

“Leave me alone!!”

Jack frowned in disgust.

David stepped forward and blocked Emma, “Miss Emma, please don’t get close to Jack Allison anymore, just stand here and say something.”

David is always the most responsible bodyguard and the one who knows Jack best.

“You…”

Emma has never slumped like this before, and she glared at David with resentment, but she had no choice but to stand still and talk to the opposite Jack, “Jack Allison, are you complaining about my finance? I and him…”

“Miss Emma!!” Jack interrupted her words unhappily, and the corners of her lips were sneered, “I’m sorry, you are not my type that Allison likes at all! So, don’t waste my time letting me listen to your scandals! What’s the point?”

“…” Emma was blocked by Jack and couldn’t say a word.

Chapter 37

She was deflated, and finally said, “Why is Jean the heroine?”

“Do you have any opinion?”

“Yes! I have an opinion!!”

“If you have any comments, keep them for me!”

Jack’s overbearing tone cannot be ignored.

His eyes were cold enough to freeze everyone present.

Emma was also taken aback, but she heard Jack lazily say, “Jean is the heroine I chose. If you have any comments, please resign.”

After speaking, he stood up and walked outside the door.

Only the director of Petrochemical and Emma, who was flushed with anger, remained.

As soon as she came out, she ran into Jean standing there, her eyes still filled with deep emotion.

Jack only glanced at her faintly, did not speak, and led a group of bodyguards to leave.

“Jack…”

Jean stopped him.

Jack stopped, and Jean ran after him hurriedly.

Jack tilted his head to look at her.

The enchanting eyebrow lightly raised, “I try to avoid people, didn’t you mean it?”

Jean smiled gently, and lowered her eyes, “Um, you…”

She seemed a little ashamed to speak out.

Jack watched her in his spare time, “What are you?”

“Well, you… have an appointment for dinner today?”

Jack’s enchanting eyes narrowed teasingly, “What? Do you want to date me?”

“Huh? That…no, not…”

She just wanted to thank him for being so kind!

To be honest, when everyone hates her and refuses to accept her when there is such a firm force to support her, it really… feels beautiful!!!

Very happy!!!

“Then what do you want to do?” Jack circled his chest and looked at Jean who looked awkward.

He has to say, this woman…

That tangled little face is really… very beautiful!!!

The feeling of Porcelain, he wants to take a bite.

“I mean, if you don’t have a date, you can come to my place for dinner. Anyway, I can cook by myself! Of course, if you don’t have time, it’s fine.

“I’m free!!”

Jack didn’t wait for Jean to finish speaking, so he just grabbed her and said.

A faint smile appeared on the lips of the enchantment, “Wait for me at home obediently.”

“…”

Jean shook her head because of his unabashed smile…

But her cheeks were red because of his gentle “wait for me”.

The heart, at that moment, followed, obviously missing a beat…

When she recovered, Jack had already turned and left…

Only left, her face flushed, her heart beating faster, but she was in a very good mood, still standing, dazed.

Assistant Andrea helped her to go to the vegetable market to buy some vegetables.

Kelly looked at Jean suspiciously, “What are you doing? Are you ready to be a housewife again?”

“No.”

Jean shook her head and smiled faintly, “Just cook a few dishes to nourish her stomach.”

“That’s right, you lost a few calories recently.”

“Okay, I should go up!”

Kelly glanced at the luxurious real estate and nodded, “Okay, you go!”

“Goodbye.”

Looking at the back of Jean leaving, Kelly sighed lowly, not knowing whether her choice was right or wrong.

As soon as Jean entered the house, she went into the kitchen and started preparing food.

To be honest she was nervous.

After all, it was the first time to cook for Jack. Moreover, people like him would know it for granted, it was absolutely difficult to serve him.

“Call…”

Jean took a deep breath, trying to suppress her nervousness.

Until this moment, she felt a little bitter that she shouldn’t invite him to dinner.

“Jean, do you want to be grateful that it is the same for others to eat out! Just ask them to have a good meal? Why do you have to go home and make it yourself?”

Jean mumbled to herself while cooking.

“En! This seems to be more sincere!”

Jean asked and answered herself.

Stir-fried meat with peppers, freshly baked.

Jean took the chopsticks and put a piece into her mouth…

It smells good.

Yep! The taste is really good!

She hopes Jack can be satisfied!

But, inexplicably, when she thinks of Jack’s charming and handsome face, Jean feels that her dull heart these days seems to be happier.

The corners of the beautiful lips rose slightly unconsciously.

One dish after another, freshly baked.

“One two three four five six…”

Jean was wearing a skirt pocket, seriously counting the dishes on the table, “Six dishes, it should be enough to entertain him!”

It’s wasteful for two people to eat so much.

She raised her eyes and glanced at the quartz clock on the wall. The clock had already pointed to seven o’clock and he had not yet come.

Wait then!

Jean lay lazily on the sofa, watching the script while waiting.

She has to admit that “Slaying the Wolf” is a good film.

And this heroine is a woman who was born in the desert and has extremely strong “sexuality”. The personality charm exuded from the character impressed Jean.

Yeah, Jean recalled what the director said today…

Yes! The most important aspect of this drama is the charm of the protagonist. If she can’t perform the essence, then the drama will be ruined in her own hands.

And so…

Jean, you should do better!!!

“Tick Tick…”

Time, slipping away quietly…

The clock has already pointed to nine o’clock in the night…

The food on the table is already cold, and Jean still has an empty belly.

She asked him to come over for dinner. She can't stutter first, right?

Besides, she also knows that he is busy on weekdays, so she should wait!

At this moment, she was a little depressed, she had known that she should first ask him for a contact number.

And here…

Airport…

Ava dragged her luggage and walked out from the exit.

The girl has a gentle and quiet face, her black hair pouring down like a waterfall, scattered on her shoulders, so beautiful.

She wore a white dress and a pair of small floral high heels. She was beautifully dressed. There is no doubt that as soon as she walked out of it, she attracted the attention of many tourists.

It also made Jack recognize her at a glance.

Of course, she could also be in the middle of the crowd, and she could recognize him, Jack, at a glance.

Not because of anything else, but because the arrogance of this man who is as noble as a king is enough to dispel everyone and let people discover his existence at a glance.

"Jack…"

The girl dragged her luggage and happily greeted Jack not far away.

David took the lead and took the luggage from her first. “Ava, long time no see!”

“Brother David! Do you miss me?”

Ava coquettishly took David’s hand and walked towards Jack together, “What about you? Jack, do you miss me?”

Everyone, including David, who never smiled, laughed.

It seems that because of the girl’s appearance, everyone’s mood can’t help but get better.

Almost everyone here treats this girl as their sister!

“Jack, I want to kill you all…”

As Ava said, her small body got into Jack’s sturdy chest.

Jack smiled demonly, his eyes were full of pets, “Why did you come here suddenly? Don’t tell me in advance, if it wasn’t for Jasmine to call me and tell me, I don’t know you escaped!”

“Oh! Jasmine is a good woman! She said she should not complain!”

Ava pouted, feeling a little bit resentful, “Isn’t this what I want to give you a surprise!”

“Are you tired?” Jack lightly pecked a kiss on her cheek.

Ava smiled shyly, and hid her eyes, “Not tired…”

Moreover, the mood is particularly good!!!

“Okay! Let’s go home and rest!” Jack “rubbed” her black hair in an indulgent manner, took her hand, and walked to the parking lot.

“Have you eaten?” he asked her.

“No…” She sat opposite him and shook her head obediently.

“Hungry?”

“I’m almost hungry!” She “rubbed” her belly.

“How about you? Have you eaten yet?”

“It’s not too late…” Jack shook his head.

Jack, as if suddenly remembering something, the blue eyes flickered for a second.

If he remembers correctly, it seems that some woman invited him to dinner tonight!

He raised his hand and glanced at the watch on his wrist…

It’s almost ten o’clock!

Yep! She should have finished dinner long ago!

Therefore, he doesn’t need to care anymore!

“Jack, have you made an appointment?” Ava tilted her head and looked at him suspiciously.

Jack smiled faintly, “It’s already time, forget it, it doesn’t matter!”

Ava laughed, her small arm crossed his hand, and a head fell into his arms.

Embracing Ava, but inexplicably, Jean's delicate face will always come into his mind inappropriately, disturbing his heart and soul.

…

At night, eleven o'clock-

Ava has gone to sleep.

Jack is still busy in the study.

His gaze happened to fall on the script of "Slaying the Wolf", and the hand knocking on the keyboard gave a sudden pause.

In the next moment, come back and continue working.

Of course, after five minutes, it stopped again.

He was terribly upset.

Finally, he got up, picked up a coat at random and held it in his hand, picked up the car key on the table, and was ready to go out.

When passing the hall on the first floor, Jack was called by Thomas Allison.

"Brother…"

"Thomas?" Jack frowned and looked at him. "It's so late, why don't you sleep?"

"Can't sleep!"

The little guy shook his head, "Brother, do you want to go out so late?"

"En!" Jack "touched" his brother's head, "You go to bed obediently, brother will be back soon."

Thomas Allison blinked his big black eyes, tilted her head, looking at him, “Brother, are you going to find the big cat?”

Jack glanced at him and finally nodded, “Well, what’s the matter?”

He half bent and asked him.

The little guy shook his head seemingly lonely, “It’s okay…”

“Okay, go to bed if you’re okay! Brother is leaving…” Jack said he was about to go out.

“Brother!!”

Thomas Allison still stopped him.

Jack looked back at him.

“That…Does the big cat know about your engagement with Ava?”

Jack “fascinated” and squinted his eyes, his expression darkened a bit, “Thomas, you are so young, do you know too much?”

Thomas pursed his mouth, “Brother, anyway…I hope you make the big cat too sad…”

Thomas’s words made Jack startled slightly.

Jack’s eyebrows frowned, a little unhappy, “Thomas, do you like her?”

Jack’s tone is very bad.

“Yes! Although I like to bully big cats,…I also like her very much…”

Jack narrowed his eyes dangerously, “Why?”

“Do not know…”

Thomas Allison shook his head. He didn’t know why he liked her.

Obviously, Big Cat is so annoying and likes to tease him so much, but that’s how he likes her.

Probably, because no one in this world plays with him, and no one dares to tease him like her, of course…

In this world, no one treats him as a child except her!

So, he likes her! The reason is that simple!!!

“Thomas, you must not like her, you know?”

Jack seemed to care about this very much.

Chapter 38

“Why?”

“There are not so many whys! In short, you two are not allowed to meet again in the future!!”

Jack’s tone towards his younger brother has never been as fierce as this moment!

After speaking, he turned around and left the villa.

The hands that fell on both sides of the shoulders clenched unconsciously.

Jean, is your charm enough? It’s just a short contact that made Thomas fall in love with you…

He would never allow this kind of thing to happen!!!

Thomas Allison can rely on anyone and like anyone, but she is the only one, Jean, who can't!!!

There are no lights in the house.

The floor-to-ceiling windows did not even close the curtains, and the silver "color" moonlight poured down and "shot" into the room. If the whole hall was covered with a layer of silver "color" tulle, it would be fresh and elegant…

At that moment, Jack was not even willing to turn on the lights to break such a beautiful night scene.

At a glance, he saw Jean who was lying on the sofa, already asleep.

In her hand, she was holding the script of "Slaying the Wolf".

In the restaurant, on the table, all the dishes were lying there quietly, the two rice bowls were still empty, and they had not moved.

The enchanting eyebrows couldn't help but frown.

Hasn't this woman eaten yet?

He paced, towards her on the sofa, and walked over, the steps under his feet were involuntarily lighter.

As if feeling a little strange, Jean woke up from her sleep.

She opened her eyes and "kneaded" her wistful eyes, looking chaotically under the moonlight, this demon almost lost his dazzling face…

“Jack…”

She murmured like a dream.

At that moment, she seemed to remember the scene where they met for the first time…

It’s also such a moon “color”, such a night…

He stood there, too, distorted with charm…

Her lips couldn’t help but rose slightly…

Just like that, a “lost” smile made Jack have a moment of “swing” in his heart.

All actions are as if subconsciously…

He fooled past…

Without hesitation, thin lips, and deeply kissed her slightly opened red lips…

A heart-burning kiss, between the two “, fascinated” and “chaotic” people, began to entangle wildly…

Jack never knew that a kiss from a woman was enough to make him so crazy…

He kissed her, pressed her under his body, with hot and humid lips, skillfully opened her sweet sandalwood mouth, and began to frantically attack the city…

Sucking, gnawing, “licking”…

That kind of sometimes gentle and sometimes crazy kissing skills almost took away every inch of Jean’s breath, disturbing her, and her heart trance…

In the end, he could only be contented, nestled in her arms, catering to the deep kiss he suddenly dropped.

“Why did you come here now? Are you busy?”

While taking a break, Jean gasped and asked him.

The eyes were “confused”, the cheeks were flushed, and the lips were “colored” as if they were dyed with a thin layer of lip gloss. Jack couldn’t help but take another bite.

“En! A friend happened to come over and picked her up.”

Jack spoke lightly.

“You haven’t eaten yet?” Looking at the dining table, he asked her.

“How about you?”

Jack shook his head, “I haven’t had time.”

He has already eaten it.

Eat with Ava.

“Then I’m going to heat the food!” Jean said she was about to get up, but she was beaten and hugged before her feet could touch the ground.

“Jack…”

She called out shyly.

Jack didn’t answer, and hugged her directly into the restaurant, put her on the table, and sat down.

“I’m hungry…”

He looked at her, his eyes “blurred”…

“I’m going to hot dishes right away!” Jean was shy and hurried to serve food, but Jack held her little hand.

“Yep?”

Jean blinked at him sleepily.

But he still didn’t answer, Jack’s blue eyes became deeper and deeper, and the line of sight staring at her was glued to her body like a fire.

Fingers, following her little hand, crawling shallowly all the way…

Passing her wrist, passing her arm…

Every movement, so small, is like a bug, gnawing deeply at Jean’s heart…

Let her heart follow his actions involuntarily…

Trembling lightly!!!

“Jack…”

She couldn’t help screaming.

But when the last word fell, his **** thin lips, deeply covered her lips…

The hot and humid tongue seemed to burn her hot.

This kiss, he did not rush to go deep but quickly let go of her…

But a little bit across her thin chin, sensitive back of the ear…

“Lick”, gnaw…

Holding her earlobe, sucking, biting…

Feeling her in his arms, constantly and lightly trembling…

Big hands… can’t help but climb her towering snow peak…

Jack couldn’t help laughing when he touched the already hard-pretty little grape, and the scale of the spray between his lower abdomen became bigger and bigger!

“Little fairy, it seems that your body is really satisfied with me…”

He whispered wickedly, the hot tip of his tongue moistened her sensitive neck, and “licked” her clavicle…

In the end, her cheeks were buried in front of her sweet snow peak, feeling every bit of seductive power that belonged to him…

This woman, really, so crisp… even he can’t stand it anymore!!!

It’s terrible!!!

Jack couldn’t help but let out a low growl. In the next moment, she heard only a “hiss-“, and Jean’s home clothes were torn in two in his big hand in an instant.

This man is violent!!!

He likes to tear her clothes every time!

The torn clothes hung down on Jean’s **…

Jack's blood spurted even more with that weak appearance and her blushing face.

Staring at the two soft eyes on her chest, almost sparks...

The fascination eyes narrowed, and the next moment, the big hot hand was attached to her soft snowball, and he was gripping and rubbing hard and playing.

Jean was shaken by the sudden excitement...

"Jack..."

She gasped, resistingly grabbed his restless big hand, "No... Didn't you say it's better to eat first?"

Jack smiled, "I will eat you now...!"

His "explicit" words made Jean blush in an instant, but the next moment, she only felt cold in front of her...

The bra that bound to her own had been rudely swept away by him...

Two groups of crystal clear snowballs spurted out, and they bounced in front of Jack very seductively. At that moment, Jean clearly heard an excited gasp from Jack.

He deceived her and attacked her again...

The hot and damp lips and tongue neatly held the two pink powders on her chest-human little grapes...

"What..."

Jean couldn't help but uttered a soft "Ying", her body shivering constantly.

And Jack already stretched out his hand, rudely tore the little girl under her home clothes in half.

The blood “liquid” ran wildly in the blood vessels…

Every cell in the body is clamoring, want her, want her!!!

His lower abdomen was so painful that he was almost overwhelmed.

“Jean, you are a demon at all!! The little demon who caused crime!!”

He never knew that the taste of this woman could be so beautiful…

It was so beautiful that he was a little impatient!!!

Even if he was so anxious that he just wanted to save all the procedures, he would directly occupy her.

The man who suddenly became violent made Jean feel ashamed and panicked, but before she had time to speak, Jack suddenly stretched out her hand and fished her off the table.

Looking back, she was turned over by Jack.

He carried her and stood at the dining table…

His sturdy arms restrained her slender waist so that her pink buttocks were lifted, and she inherited her fiery heat…

Jean, who is completely new to this kind of thing, didn’t expect that he would suddenly make such a move…

“Jack, I…I can’t…”

She cats up, lying on the dining table, blushing, squinting, and looking at Jack beggarly.

At this moment, she doesn't know how tempting she is to be so lazy like a cat…

"Hey, relax, give yourself to me…"

Jack coaxed her with a dumb voice.

Fingers ran over her sensitive private parts, and the moist touch between the fingers made him lift his lips with satisfaction.

Her body has already prepared him…

"Good girl! You will beg me to ask you more…"

Jack coaxed her.

Jean only felt a huge scorching heat approaching her, and he couldn't wait for her to recover…

"What…"

She only felt that her waist sank, and in the next instant, he dashed towards her…

"What…"

Jean was squeezed away by the sudden hugeness and couldn't help but scream.

He is really big…

He was so big that she was almost jerky, unable to bear it.

What's more, this posture…

So Madden!!!

"Jack, I…ah…"

She is shy!!!

Really…

Unexpectedly, one day, she will bear herself under him in such a posture…

Therefore, she who is jerky, apart from the pain of being squeezed away, is shyer.

"Little fairy, call it out!!"

Jack hugged her small waist and dashed frantically…

Again and again…

Hot sweat sticks to his body, however, it seems like this, still unable to satisfy the general…

He stretched out his hand and lifted her trembling left leg to his waist. Only then did he begin to occupy her even more crazily…

"Ah…Jack, I…I can't bear it…"

Jean never knew that this kind of thing could make people…

Desperate!!!

That feeling, really, indescribable…

People are very shy, but on the contrary, they are so excited that she cannot bear it…

But she can’t bear it, but she seems to want more…

She is really about to cry…

How did that happen? How could she do this?

Jack hugged her hot “butt” and laughed out loud, “I said that you can’t bear it, but your small body seems to need me very much…”

Otherwise, she won’t cater to him excitedly.

Jean’s face is blushing.

Even if she is ashamed to admit…

But… Her body can’t fool anyone…

Seeing her shy and gloomy expression, Jack’s waist movement became more and more excited, and the speed became faster and faster…

Such a crazy collision caused Jean to breathe again and again, and she couldn’t help begging for mercy…

Terrible!!!

She is going to turn into soft mud under the torment of this man…

“What…”

Jean screamed excitedly…

Her legs trembled constantly because they couldn't match the ecstatic excitement.

Layers of attractive "tide" red appeared between the white and tender legs…

Feeling her excitement, Jack almost let himself gush out at that moment, but he endured…

Stopped, hugged her trembling delicate body, closely attached to her…

The two of them were shaking constantly…

Sweat, sweat…

Sticking to the hot skin of two people…

Chapter 39

Jean could only lie on the table for a while, panting and begging for mercy…

Of course, Jack did not intend to let her go like this.

Not waiting for her to rest, he peeped with his hand, then broke her "fashioned" body, and faced her.

Then, he picked her up and let her sit on the edge of the table…

"What…"

"Jack…"

Jean hugged his head helplessly, panting, yelling his name…

Jean's eyes were stained with mist…

“Lost” lied and confused…

But more is, weak…

Such a tempting her will only make Jack even crazier!!!

“Call me by name…”

He commanded while possessing it.

The fingers hooked her thin chin, the weird thin lips, and he rubbed her trembling red lips, bewitching her.

“Hey, Jean, call me…”

Jean…

Two words…

At that moment, it was easy to capture Jean’s heart!!!

She felt her heart, and she trembled fiercely…

There is a soft place that is sunken…

The eyes are hazier…

Sanity, even, a little trance.

“Call me…”

He coaxed her, the strength on his waist was a little heavier.

She provokes him now, constantly trembling, constantly breathing…

“Allison… Jack…”

She obediently called him.

“You are not allowed to call like this!” He ordered in a deep voice.

“…”

He has a lot of things!!!

Jean was a little bit resentful, and her little mouth pouted to express her dissatisfaction.

“Good, dear hot spot…”

“Jack…”

Jean yelled again obediently.

“Little villain!!”

Jack opened her lips and took a punishing bite on her red lips, “Call me Jack…”

Jean’s expression shook…

In the next moment, she opened her lips obediently, “Jack…”

“Obedient…”

The man on her became more and more excited.

“Scream a few more…”

“Jack…”

She climbed on his damp shoulders, calling his name again and again…

“Jack…”

“Jack…”

“What…”

With a roar of excitement…

Jaen’s fingernails are almost embedded in his arms…

The fingers are white, the small arms are red, trembling constantly…

Whole-body…soft as muddy water…

The wet and sticky feeling between the legs indicates…

The two reached the peak together…

Jean has never felt this kind of feeling…

The first time she tried, but by the way, there was no disgust…

She even felt so beautiful that she was a little greedy.

She kept complaining about herself in her heart, how could she be greedy for the taste of this man?

She cannot sink!!!

Jean told herself again and again in her heart!

As muddy, she was soft in his arms, motionless, and could only breathe non-stop, even speaking with difficulty.

Jack seemed to be particularly satisfied with her like this, and the corners of Jack's lips made a faint smile.

Fingers raised her chin, making her hazy water eyes meet his deep, burning blue eyes.

"Are you full?"

"..."

Where are you full!!!

Now she is completely on the front chest and back!

"Hungry..."

Hearing a single syllable overflowing from her red and swollen lips, Jack felt that blood began to run up his forehead again.

He stretched out his hand and squeezed her cheek, "I want to eat you in my belly!!"

Don't this little demon girl know that looking at him pitifully like this is very, very attractive?

"Order a takeaway! Don't let this dish get hot..."

Jack picked her up and left.

"Don't..." Jean shook her head stubbornly, "I take a rest, and I can eat it later! The takeaway food is not delicious! Besides, it took me a lot of thought to prepare these, and it would be wasteful not to eat. ."

Her words made Jack squint his charming eyes…

“It took a lot of thought to prepare for me?”

He seemed to have captured the point of the words.

Jean’s face blushed, “I just want to eat it anyway, so I made a few more dishes.”

She completely answered the question she was not asking.

“Okay!” Jack’s blue eyes flickered, picked her up, and walked into the hall, “Go to the hall to rest first, and then come back later.”

“En…” Jean nodded.

The two people rested for a while on the sofa in the hall.

Jack sat holding her in his arms, with his big hands falling on her soft snow peak subconsciously, and asked her, “Why haven’t you eaten so late?”

“I don’t know when you will come, I thought about waiting first, I didn’t expect to fall asleep soon.”

Jack frowned, “You don’t have my contact information?”

Jean shook her head innocently.

“Go! Get your phone!”

Jack squeezed her hips.

Jean squeezed shyly, jumped away from his arms, and obediently went to get the phone.

“Call me directly if you have something to do!”

Jack took her small mobile phone, and quickly danced on the keyboard with his wispy fingers, and entered a series of phone numbers into the phone.

Naming: Master.

Even he didn’t know why he wanted to give this woman his personal contact information.

Usually, the outsiders, including those in the past, are just the assistant’s phone calls, and she alone is his phone number.

Jack thought, probably, it’s really because she is special!

Yes! She is a very, very special existence to him!!!

Or…

On the bed, she was indeed a bed and companion that made him very satisfied!!!

At least, she is the first woman to make him so out of control!!!

He has to admit that he enjoys the feeling of this woman carrying love under him!

Even, he is almost obsessed with her body…

Even if two people are only two times!!!

“Right! Remember to take “medicine” tomorrow morning.”

Just because he was in a hurry, he forgot to bring a condom.

Of course, he didn't intend to bring things that got in the way.

What he said made Jean slightly startled for half a second, and then nodded, "Well, I know."

Although she heard that eating contraceptive "pill" is very harmful to the body, she has to take it too!

"I'm going to the kitchen first..."

"Yep..."

When Jean got up and went to the kitchen, when she passed the restaurant, she suddenly realized that there was still a mess in the restaurant.

Looking at the love oozing out of excitement on the ground-"liquid", Jean's cheek was hot.

She hurriedly pulled the paper towel to wipe the floor clean, and then took the mop over and mopped the floor cleanly several times before stopping.

When she thought of the blasting scene just now, Jean felt like her heart was about to pop out of her chest.

She has been married to Mike for so long and lived in the same roof for so long, but she has never done such an intimate thing.

Unexpectedly, in the end, her first time, she was given to Jack...

Unexpectedly, just as Jack said before, she still obediently sent herself into his arms!

After finishing everything, Jean turned around and went into the kitchen to heat all the cooling dishes.

Everything was done in less than ten minutes.

“Time to eat.”

She stood by the dining table and greeted Jack.

At this moment, she was holding two dishes in her hand.

She was also wrapped in an apron, and her long hair seemed to be used for cooking, so she had tied them up. Only the long hair was still lazily scattered on her forehead…

All the costumes are very casual, but Jack’s eyes are so beautiful and moving…

Jack’s eyes narrowed deeply.

Without the slightest concealment, he looked at the woman in front of him…

At that moment, he was inexplicable, there was a…

Feel like home!!!

It seems that there is a heroine in this house, waiting for him!!!

“What’s the matter?” Jean asked him with her head tilted when she noticed him.

Jack came back to his senses and shook his head, pretending to be casual, “It’s okay.”

Got up and walked towards her.

Looking at the dishes on the table, Jack felt a little hungry.

“Can you eat it?”

She looked at him critically.

Jean put the food on the table and pouted, “Seriously, I don’t know if it suits your appetite.”

He is the eldest master, this kind of home-cooked dish is hard to suit his appetite!

Jack didn’t say much, he sat down, picked up the chopsticks, and put a piece of meat into his mouth.

Faintly…

The delicious sensation flows along the lips and teeth and penetrates the throat…

Delicious!!!

The taste is even better!

He has to admit it!!!

“Is it yummy?”

Jean held her face and looked at him nervously.

Seeing his sexy thin lips close together, her heart jumped with tension.

She also didn’t know why she was so nervous, remembering that she was not so nervous when she was cooking for Mike for the first time that year!

“General!”

He stopped his chopsticks and looked at her in a flat tone.

But between the lips, there seemed to be a faint smile.

Jean pursed her mouth, her heart filled with a touch of loss.

She picked up the bowls and chopsticks, put a little bit, and put them in the bowl, “I made it very carefully, but you are used to that master-level craftsmanship. If you eat what I make, it is indeed not delicious. .”

Ok! She admitted that she was quite depressed when she heard his comments like this.

Jack saw the loss in her eyes, and after a while, she heard him groan, “But, it smells like a mother.”

After speaking, he took another piece of meat and put it in his mouth.

However, what he said made Jean a little dazed.

Holding the chopsticks, she paused, turning her head to look at him…

At this moment, he was lowering his eyebrows, seriously eating the rice in the bowl, and his every move was still graceful like a nobleman.

Mom…

This was the first time Jean heard him mention these two words.

Moreover, his expression… seemed to be a little lonely.

Her heart couldn’t help but rippled a bit…

Like her, will he miss his mother?

“Your mother…”

Jean seemed to want to care about something, but she seemed to be unable to ask.

“Died!”

As if knowing what Jean wanted to ask, Jack said faintly.

“She died when she was seventeen!”

His tone was calm as if he was telling an extremely ordinary thing…

It’s just that those faint eyes can’t hide the loneliness…

Jean’s heart hurts a bit.

She bit her chopsticks, smiled faintly, a little sad, “My mother is gone too…”

Therefore, both of them are children abandoned by their mothers!

Her words seemed to make Jack startled for a second…

In the next moment, Jack, handed her the already empty bowl, “Help me serve the meal.”

Jean came back to her senses and looked at him suspiciously, “Eat so fast…”

“Hello, wordy!!”

Jack expressed his dissatisfaction.

Jean didn’t say anything anymore and hurriedly got up to help him serve the meal. Looking at his empty rice bowl, she felt a little better in her mood unexpectedly.

As soon as she sat down, she could hear Jack ask her, “Do you often cook for Mike?”

Speaking of Mike, Jean’s face changed slightly.

Chapter 40

Although it was very inconspicuous, the subtle change still couldn’t escape Jack’s eyes.

He snorted coldly, angrily inexplicably, “It seems that you love that man!”

Right! Should be!

Jean didn’t deny it, only shook her head and answered his last question, “I rarely cook for him! He doesn’t look good.”

“No more cooking for any man in the future! Except me!”

Jack is very domineering.

“How is that possible?” Jean chuckled out without paying too much attention, “I’m going to remarry in the future, what should I do?”

Jack’s seductive eyes narrowed halfway, and a dangerous light came out.

It was a long time before she heard him say, “Even if you marry, you have to get my approval first!”

“…”

This guy is too domineering!

That night, Jack did not go back to his home but fell asleep on her side.

At night, Jean fell asleep in his arms.

It was awkward to feel a person suddenly beside her, but it was not annoying at all.

“Jack…”

Jean buried her in his arms and called him.

“En?” Jack didn’t open his eyes but answered her in a deep voice.

“Our… relationship like this… when can it end?”

Jack opened his eyes abruptly, his blue eyes filled with coldness, “Why? You were so anxious to end it just at the beginning? Is there such a cheap deal in this world? Or do you think your body is so valuable?”

Jack’s words made Jean pale.

“Don’t say that, I never thought about trading with my body, let alone how much my body is worth…”

She never thought that one day, she would make money by selling her body.

Ah…

If the mother in heaven knows, she will not forgive her, right?

However, now that she has already embarked on this path, she can’t go back again…

Jack’s cold fingers pressed her chin, trying to make her eyes meet his demon-cool pupil.

He sneered…

Fingers crossed her pink cheeks…

Whispered, “The time has come, I naturally let you go…”

It’s just a simple sentence, but it’s inexplicable. When she listened to Jack, she realized it was full of meaning…

The icy cold and ridicule in the eyes of the demon eyes made Jean dazed for half a second…

And his darkened eyes became more vague and mysterious, too mysterious for her to figure out.

“Kiss Me…”

Quill, he ordered her.

The magnetic “sexual” voice is like mellow wine, bewitching her body.

“Jean, take the initiative and kiss me!!”

His eyes gradually…deepened and hot.

Glue on her body, as if to swallow her again…

Jean bit her lip, her cheeks flushed, her eyes flickered when she looked at him, but she didn’t dare to cheat her to kiss him.

He seemed to be aware of her shyness, Jack got up and held her lips directly…

“Rotten wood can’t be carved!”

He did not forget to laugh at her.

Jean protested, “You think everyone is as experienced as you…”

“You don’t want to learn if you don’t have experience!!”

Jack squeezed her small face and greeted her again with a deep kiss…

One night, lingering…

One after another, wheezing and groaning sounded throughout the bedroom…

The clothes were scattered all over the place…

The charming atmosphere deeply enveloped the two closely entangled people.

…

Press conference…

Jean took the wedding photo of her and Mike and placed it under the lens of every reporter.

She didn’t plan to explain many things.

But the conversation between Tommy and her sister Emma that day remained in her mind like poison.

Yes! How can a bad star who has repeatedly reported scandals and been criticized by the audience be qualified as the heroine of such a blockbuster movie?

If such a star is allowed to act as the heroine of this movie, perhaps it will be as Tommy said, and the whole drama will be destroyed in her hands.

Therefore, Jean deliberated and decided to stand up.

Even if the company does not allow it in every possible way, it wants to protect Emma.

But when she thought of Jack's trust in her, she had greater determination.

In the face of all the media reporters, she took a leisurely look at all the wedding photos, and the time was written in the photos.

Two years ago.

"A few days ago, facing all the accusations that I was the murderer who killed Emma's child, here, I have something to say! First, her child did not die by my hands! Second, by whom the child died, I think Emma knows better than me! I don't want to bear this scapegoat, and I don't want to be accused of being a murderer! If someone deliberately slanders, I don't rule out taking legal measures. Come and solve it! I am innocent, and the police are always welcome to investigate!"

Having said that, Jean bowed deeply like all the media reporters sincerely and then continued to make statements.

"Everyone has seen the photos on the table. They are all the wedding photos of Mike and me. It was two years ago. They are printed on them. Of course, many people may doubt the authenticity of these photos, so, It's okay, I still welcome everyone to test, and I hope you will give me a test result! In these photos, there is no trace of PS. Two years ago, Mike and I were engaged. We took wedding photos to prepare to get married. The final result, why is this, I don't think I need to be too clear! Finally, I just want to tell everyone, I'm Jean Glover, not a junior! Even more, disdain to be anyone's junior! And, I don't know if Mike is also watching the TV, but I have something to tell you, by the way, tell the world…"

Jean smiled at this point…

Tenderly, dignified, and slowly said, “Mike, I don’t love you, Jean!! I have forgotten you…”

This is the conclusion of this conference.

At the press conference, Jean still lied!

She still didn’t reveal the fact that Emma and Mike had ever been married, just because she was blocking her, Emma also did not dare to reveal the history of her marriage to Mike.

Because it wasn’t Jean that would ruin her. Perhaps after the audience knew the real situation, they would sympathize with Jean more and increase her favorability, and Emma would be destroyed. Up!

Therefore, Emma can’t be so stupid!

And here…

Emma looked at Jean’s press conference, her face turned into pig liver “color” with anger.

“Mike, it’s all you! Why did you keep the photo to give her evidence?! It’s better now, and she started accusing me of being a junior!!!”

Emma complained unhappily at Mike who was concentrating on the documents.

Regarding Emma’s accusations and unhappiness, he seemed to have no thoughts at all.

However, after hearing Jean’s sentence…

When I don’t love you’, he suddenly picked up his head from the file.

His eyes were dumbfounded, and he looked straight at the coquettish face in the video…

Mike’s eyes became deeper and deeper…

Then,…

In the ice-cold, there seemed to be some unidentified loneliness…

“Mike, why did you say Jean was suddenly pointed by Jack Allison as the heroine of “Slaying the Wolf”?”

Emma thought for a second, and the next moment, her face turned pale, “Could it be that… she became Jack’s mistress??”

Emma’s words made Mike stunned for a second, and for the next instant, he only heard him say coldly, “Maybe!”

Emma covered her mouth in shock, and her heart was panicked.

If this is the case, isn’t she going to be played by Jean?

At this moment, Emma panicked completely…

But, soon, she put the panic down. Instead of being in a mess now, she might as well think more about how to deal with that woman!

Private racecourse-

After watching Jean’s press conference, Jack’s face has not been good.

Inexplicably, the pile of wedding photos that the woman held in her mind has been entrenched.

He would be particularly upset with her wedding photo with that man!!!

“Jack, what’s wrong with you? Are you in a bad mood?”

Sitting on horseback, buried in Jack’s arms, Ava raised her head and smiled, and asked Jack.

Jack came back to his senses, pursed his mysterious thin lips, and took a cool look at David on the side, “David, send Ava back first.”

“Jack, won’t you play with me?” Ava pouted in a loss.

“Hey, go back with David! Some customers will come over soon…” Jack said perfunctorily.

“Okay! Then I’m obedient!”

Ava raised her lips with a smile and obediently followed David to the parking lot.

Looking at the back of them leaving, Jack took out his mobile phone and dialed out with a cold face.

Here, Jean is still busy, and Kelly who listened to Jean shouted, “Jean, your phone…”

“Who called?” Jean was busy putting on makeup, and there was an interview to be conducted later.

“Master?!” Kelly stared suspiciously at Jean.

Jean was shocked, her cheeks flushed in the next instant, she got up hurriedly, took the phone from her hand in embarrassment, and walked to the locker room.

“Hey, this is Jean.”

“Come to see me at West Street Racecourse!”

Jack’s voice was very cold.

Jean guessed that this man seems to be in a bad mood today.

“But I’m busy now…”

“This is my order!!”

Jack’s tone is not acceptable.

“I still have an interview that is not over. There is about an hour left. When I’m done, I’ll come to you again!”

“Jean, right now, get me right now!!”

“…”

Jean found that she and this man had a complete communication barrier.

“I have something else, hang up first!”

As a result, before Jack came back to his senses, the other end hung up the phone.

“Toot toot…”

Jack seemed to be a little unbelievable for a while when the cold voice came over the phone.

“Shit!!”

He couldn’t help cursing, “Jean, dare to call me Jack, you are the first one!!”

He doesn’t know who she is, he gave this woman the ambition to be bold!!!

Jack didn’t chase the phone anymore, how could an arrogant man like him pursue a woman.

Soon, a client came to talk to him about the new project for the next season.

After half an hour, he still didn’t see the woman…

Fast, an hour passed…

Then, two hours passed…

The customer has left…

At this time, he saw a woman pulling her handbag and stepping on her delicate little high heels, hurriedly running towards him.

She seemed to be walking in a hurry, and she didn’t even have time to remove the heavy makeup on her face.

Jack sat idly in the rest pavilion of the racecourse, squinting, watching the woman approaching him to step by step.

At that moment, inexplicably, Jean felt a dangerous aura that was permeating the man’s surroundings.
