Hey Girl You Deserve the World

Chapter 41

“The interview was scheduled long ago, so I can’t turn it off…”

She quickly explained.

“Go and remove the makeup first.”

Jack squinted lazily.

He didn’t like the look of her makeup, although she was equally beautiful and exquisite, she lacked the sense of reality that belonged to her.

She was supposed to be pure and delicate, not the feeling of heavy makeup.

“Great…”

Jean nodded obediently and walked to the lounge of the racecourse.

After coming out, she returned to the crystal clear.

Sure enough, this woman is not suitable for makeup…

Why does such fair and translucent skin have to be corroded by such chemicals?

“In front of me in the future, no makeup is allowed.”

Jack’s cold fingers hooked her chin and said coldly.

“Yep…”

Jean obediently agreed.

She doesn’t like makeup either.

Jack got up and walked into the racecourse…

The tall figure made a sharp leap, and the movements were extremely elegant, but it couldn’t hide the breath of the noble king…

In the next moment, he was already sitting firmly on the horseback.

Looking at her condescendingly, his eyes were biting, angry like a king.

“Come on!”

He gave a faint command.

Jean shook her head, “My high heels are not very convenient.”

“Take off your shoes.”

Jean looked up at him, feeling the anger in his expression, she couldn’t stand up to him anymore, so she obediently took off her high heels and put them aside.

Leaning over to the horse with bare feet.

As soon as Jean approached, she felt like her armpit was tight, and he didn’t wait for her to come back to her senses. She had already been caught by Jack, and she sat firmly on the horseback.

And, still, sitting facing him.

Jean was startled, her face was flushed, and her heartbeat was disordered.

“Scared me…”

She stroked her chest and sighed.

Jack's faint eyes looked straight at her…

Such blue eyes, like a fire…

A handful, sullen fire!!!

"Jean, you made me wait for two hours, how do you count?"

The demon's thin lips asked her with a cool light.

The slender legs were clamped on the horse's belly, and the horse started to run on the huge racecourse.

This sudden movement made Jean startled, and after a while, she calmed down and explained hurriedly, "I really can't go away."

"Is it?"

Jack snorted, and her slender jaw was raised with cold fingers, "Then find a way to compensate me!"

Her eyes…

Overflowing with "confusion", for a moment…
Jean was a little silly.

"How… how to make up…"

Jean was embarrassed, her cheeks hot.

Jack smiled slyly, "Meet, pay!"

As soon as the voice fell, his big hand went directly under her skirt wantonly.

“What…”

Jean’s face turned pale, “Jack, don’t be foolish! This is outside…”

“I’m used to it!”

He replied indifferently, “As long as I’m happy, I want you where I want you!”

“Don’t…”

Jean panicked to grab his big hand. However, before she could resist, she only felt a chill in her private-secret area, accompanied by a tearing sound…

Her dark purple “color” transparent silk stockings were rudely torn apart by Jack…

White and delicate skin is looming.

“You have no right to refuse me!!”

Jack’s domineering one hand placed his hands on her back.

The other hand eagerly pulled the cover under her body…

“Don’t do this, we will be seen!”

Jean was so anxious that tears were about to come out.

How could this man be so rude?!

“This is my chassis, no one can get in without my order!!”

“What…”

Jack's low voice has not yet finished speaking, but his scorching heat has already penetrated her body without hesitation…

Jean screamed in pain.

Never thought that one day, such a restrained self would have such a shameful love with a man outside…

The horse is still running wildly.

And the people on him, following the rhythm of running, are galloping non-stop.

It feels…

It was too exciting, so conservative Jean couldn't let go.

"Little fairy, relax…"

Jean bit her lip, almost crying, "Don't… I don't like this…"

Jack squinted his "lost" eyes and hugged her tightly in his arms, coaxing her, "Be obedient, learn to enjoy such beautiful things…"

No!!!

This is not good at all!!!

"Jack, okay? Let's not do it here…"

She grabbed his arm and begged him softly.

Seeing the pain on her cheek, he finally stopped the movement of his waist, but still did not get himself out of her body.

Only hold her, let her sit on him with her legs apart.

The demon's eyes sunken in, watching her coolly, "I saw your press conference today."

"Yep?"

Jean's complexion is reddish, and her fair and tender skin can be broken if it is stained by water mist.

"Misted" Jean's eyes glistened with water drops, looking at him dumbfounded.

"I saw your wedding photo with Mike!"

His tone was somewhat condensed.

"Yep?"

"Very close." He bit out three words dumbly.

"That's a wedding photo, of course…"

As a result, there was still time to finish what Jean said, and Jack started asking her frantically again.

His big icy hand supported her soft hips, and let her follow the strength of his arm to carry on his huge heat.

"Jack…"

The collision caused by the horse running, coupled with the physical impact of Jack, made the weak Jean unable to bear.

Jean was buried in his arms, trembling constantly, begging for mercy.

“Let me go, okay? Jack…”

“I hate your wedding photo with Mike!!” His voice was frosty.

Jean didn’t understand him, “Stop making trouble! You are not a kid anymore…”

She even dared to accuse him?!

Jack snapped a lip and bit her little shoulder directly with a strong force, “You bad woman!!”

The sudden pain in her shoulder made Jean realize that she seemed to have angered him, “Jack, don’t do this, I was wrong…The photo, I have burned it!! Really…”

There was nothing wrong, but she could only admit her mistake obediently.

Why? Because she is always no match for this man, right?

Like he wants her on horseback, what can she do? Her strength is incomparable to this man, she doesn’t even have the strength to struggle, he can only let her, if he wants to…

Sure enough, her confession slowed down Jack’s strength while possessing her…

“You are not allowed to take out your stuff with that man again!!!”

He even dared to declare it to the world!!!

Of course, there is one thing that satisfies him, that is…

She doesn’t love Mike anymore!!!

“No, he and I have nothing to take…”

“Obedient…”

Jack lightly printed a kiss on her lips…

The movement of the waist gradually became rapid…

Not far from the racecourse…

A plain white figure stood there dazedly…

In the beautiful eyes, there is a hazy mist…

Looking stupidly, on the racecourse, the twinkling twins…

Two people love each other, so intense!!!

They didn’t even notice her standing there!!!

Ah!!!

The corners of Ava’s gentle lips gave a sad sneer.

Jack, am I not your fiancée? Why, why would you rather touch other women outside than me?

Or, you…

Don’t love me at all?!!!

That woman… Does that make you care?

He was to be with the client, but it turned out to be with her..!

For this woman, even he is reluctant to accompany her…

Jack, are you the one who loves Ava the most when he loves Ava in the past?

In the case of…

Why would he be willing to do such a thing to hurt her?!

The hands that fell on both shoulders couldn't help but clench…

In the palm of her hand, a piece of ice was cold.

Finally, with tears in her eyes, she turned around…

Out of the racecourse proudly!

Jean, the new heroine of "Slaying the Wolf"…

Ah!

She sneered, and one day she will let you know…

The man she admires, not every woman is qualified to snatch!!!

Because of Jean's press conference, there was another uproar on the Internet.

But Jean has no intention of caring so much anymore!

As soon as the court drama she worked with Emma was over, she quickly entered the crew of "Slaying the Wolf".

At this time, Jean is still putting on makeup.

A pretty little face leaned towards her, “Huh? Is this Miss Jean? Wow, it’s so beautiful…”

It was Ava who was not talking.

“Miss Jean, can you help me sign a name?” She smiled harmlessly and handed her a small book and a pen.

Jean was flattered.

Seeing the cute and beautiful face in front of her, Jean couldn’t help but smile, and hurriedly reached out to take it, “Of course.”

“Thank you…”

Ava obediently thanked her.

On the side, Emma’s face was extremely ugly, but she still didn’t forget to sarcastically, “Oh, there will be fans in less than a day!”

“Come on, here you…” Jean handed the book back to Ava only after she could not hear Emma’s sour words.

“Being someone else’s “women” for Jack Allison is not the same! It takes a few days to directly climb into the position of the heroine! Ha! Jean, she must have worked hard while serving Jack Allison in bed Right!”

Emma’s words caused the two people on this site to change their expressions at the same time.

Jean couldn’t find a word of attack for her accusation.

Emma sneered and became more serious, “Finally admit that she is a stupid body!”

Jean smiled indifferently, “Sister, you should take care of yourself! The mud bodhisattva crosses the river, and it is hard to protect yourself, so why can she still have the mind to “worry” about other people’s things?”

It just so happened that after putting on makeup, Jean got up and was about to go out.

Ava hurriedly saw the opportunity to catch up, “Sister Jean, can we make friends?”

Jean turned her head to meet the harmless smiling face. She nodded, “Okay!”

Although she doesn’t know who she is, she should be a member of the crew if she can come backstage!

“Are you from our crew too?”

Jean couldn’t help but ask her curiously.

“I am not! But my fiancé is!”

Speaking of her fiancé, Ava’s beautiful cheeks “showed” an expression of admiration.

“Ah… That’s right! Sister Jean, was that you just… and Mike’s mistress?”

Ava asked her carefully.

Jean looked at her with a wary face.

Ava waved her hand hurriedly, “No, no! Sister Jean, I am not a reporter! You see, I have a work permit for our crew! I am not a reporter, I am just curious! It

was you who announced at the press conference. After taking the photo, Mike was your finance before, so I think about it, and I think she is the mistress of you!"

As Ava spoke, she didn't forget to shake the work permit on her neck.

Chapter 42

Indeed, she is the staff of their crew.

Jean smiled faintly, "Why are you interested in this?"

Having said this, Ava's eyes gradually dimmed, "Because I also encountered a mistress between my fiancé and me..."

Ava's words made Jean startled suddenly.

Of course, Ava smiled and said, "Sister Jean, if it were you, would you be someone else's junior?"

"Will not!"

Jean didn't even think about it, so she answered, "I won't be someone else's junior! That way, I would rather not love."

"Is it?"

Jean felt as if she could see a somewhat ridiculous expression in Ava's eyes.

She thought this must be her illusion.

"Sister Jean, although a vixen appeared next to my fiancé, I still believe that my fiancé will come back! He won't like that vixen! Because that woman is not what he likes at all! Uh... at best, For him, that woman is just a mistress, a bed, a companion!!"

Mistress"…

Bed partner…

The two harsh words made Jean's face stiff.

Isn't she the "wife" of Jack's lover, or the bed partner?!

Heart, slightly astringent…

"My fiancé is very kind to me!" Ava was still talking to her.

Jean found out that she liked talking about her fiancé.

"That man doesn't pet anyone, but he just spoils me with everything, lets me do everything, listens to me everything! Sister Jean, look, are our engagement rings beautiful? He designed and made them. That's it!"

Jean followed her words and cast a low eyebrow…

Beautiful!

Sunlight came in from the transparent window, and cast a "shot" on the bright diamond ring on her finger, showing a variety of colors.

That light, dazzling, made Jean so envious…

At that moment, she remembered Mike again…

Ah! Once upon a time, she wished that the man could carefully prepare a diamond ring for her, but even their wedding ring…the size was wrong!

The size is too big, it can easily slip from her fingers…

Just like her marriage!!!

Perhaps something that is not suitable for her is doomed, and it is always not suitable!

“Very beautiful.”

Jean couldn’t help but be praised.

She tilted her head again, glanced at the girl in front of her, couldn’t help but cared, “Who is your fiancé…?”

She looked around, as if there were no rich people in the entire crew of her age, right?!

Why does she say that her fiancé is rich? Because the diamond ring on her finger is very expensive.

“He!! He will come here later, and I will introduce you to him at that time! Ah… No, you should know him too! He is so powerful… hehe…”

“That’s it!” Jean laughed, “Then I look forward to who he is!”

“Quickly…”

Ava winked playfully at her.

“Jack Allison…”

Quill, she heard someone say hello respectfully.

Then, Jack’s enchanting black figure appeared in the theater as scheduled, and behind him were still neat rows of black bodyguards.

Jack’s gaze quickly glanced at the audience…

In the next instant, the line of sight fell on Jean’s body.

Then, his expression was stunned, his dizzying face seemed to be stiff for a while, but he quickly returned to nature.

The beautiful sword eyebrows are frowning.

Then, taking a step forward, came over to them without a rush.

Jean adjusted her emotions slightly, seeing him, inexplicably, still felt a little nervous.

“Why did you come here?”

Quill, Jack, who walked towards them, asked.

The tone is still plain, but he can feel the rare gentleness inside.

“Yep?”

Jean looked at him puzzled.

Would it be weird for him to come over? Isn’t this the crew of “Slaying the Wolf”?

Jean walked forward with a small step, but he walked over on the opposite side, bypassed her directly, and passed her…

Jean was shocked…

Then, she saw him and stood opposite Ava.

“Why don’t you tell me in advance when you come over?”

He stood condescendingly opposite Ava, lowered his eyebrows, and asked her.

The tone seemed a bit deterrent, but after all, it was not so cold.

And his behavior, as well as the shyness under Ava's eyes, even…shallowly proud…

Jean froze completely.

Her complexion was pale for a second!!!

The little hands hanging on her shoulders gradually became cold.

"Jack, people are so bored at home, that's why I came out to play!"

Ava held Jack's arm affectionately, acting like a baby.

However, Jack didn't have any disgust or resistance at all, letting her hold him.

Jean's heart trembled fiercely following the interaction between them…

Jack…

When everyone called Jack Allison Jack, only this girl intimately called him to be 'Jack…'

Her heart tightened, but there was still some bitter pain.

And so…

Is this man the girl's fiancé?

So…

She is between them, Miscellaneous?!!!

Is that what this girl said, vixen?!!!

“Ah… by the way! Jack, I just met my idol! Come, you should know each other?”

Ava took Jack’s hand and walked over to Jean.

“Sister Jean, it’s him, that’s my fiancé I just told you about! We got engaged only two weeks ago…how? Isn’t it amazing?!”

Ava proudly introduced her fiancé to Jean.

Jean’s face was a little stiff.

Looking at the opposite side, Jack’s eyes only found that his faint blue eyes still showed no ups and downs…

It seems that he has never been entangled with her!

It seems that the lingering between them is just a dream!

This man…

How can it be done so calmly!

“We know each other.”

Jack lightly opened his lips and replied lightly, naturally without the slightest fluctuation in his expression.

Jean’s expression is awkward to the extreme…

His lips opened as if he wanted to say something, but in the end, he couldn’t say anything.

“Okay, Ava, I will ask David to send you back…”

“Jack, I don’t want to go back! I’m so bored at home alone!” Ava acted like a baby and refused, “I want you to go home with me!”

“Ava, stop making trouble!”

“I want it!” Ava pouted, “I don’t care, I won’t go home if you don’t go home!”

Jack fixedly looked at her for a long time before saying, “Then you follow me and you are not allowed to go anywhere! You know?”

“Of course!!”

Ava turned to laugh, the harmless smile on her face was like a child who picked up candy, innocent.

Seeing Jean’s eyes, they are a little dazzling…

Then, they were right in front of her, arm in arm, and left together…

From the beginning to the end, Jack didn’t say a word to him, and he didn’t even glance at her!

At that moment, in Jean’s frustrated heart, there was a deep sourness and unexplained sadness coming to her heart.

All the feelings, like a sharp knife, with one knife, ruthlessly scratched her heart that was not healed…

“Puff…”

Behind her, Emma laughed mockingly.

Jean turned her head and saw her standing there, covering her mouth and laughing.

Emma proudly raised her head, stepped on seven-inch high-heeled shoes, and passed Jean with her chest tall. While twisting her hips, she said openly, “Oh, my fiancé is so beautiful!”

“Hey, what a pity, it turns out that Allison Jack has a fiancé! But some people are suffering. Every day they keep shouting that they don’t rely on selling their position. As a result… Heh! I didn’t sell myself! And, at the reporter In front of us, we declare to people all over the world that they disdain to do the third party, but what is the result? Haha! Some people can hit their own feet! In the end, they are no more than being someone else’s bed partner. It is pitiful and sad….”

After Emma finished speaking, she twisted her hips proudly and left.

Only Jean was standing in the corridor with her pale face, dazed…

Little, three!!!

**!!!

Bed, companion!!!

Three words and three identities have always been her most disdainful, but, just as Emma said, every identity has been interpreted by her!!!

Chest…

Tight.

The mist-filled her eyes…

There was a tingling in the throat.

However, she quickly adjusted her emotions and walked into the theater…

In her heart, she already has a new plan!

Inside the theater•

Everyone is ready to be in place.

Even Jack is already sitting on the screening stand.

And beside him, Ava was still sitting.

The two people seem to be whispering something…

Between the ears and temples, she saw Ava’s smiling face constantly flashing in front of Jean’s eyes.

She repeatedly wanted to keep her eyes off, but instead, the two of them were sitting directly opposite her!

She couldn’t escape from the ambiguous scene between them…

This is a showdown between Jean and Emma.

Until Emma’s whip fell mercilessly on Jean’s body…

She felt a pain in her waist, and she suddenly brought the dazed Jean back!

At that moment, she met Ava on the opposite side… and kissed him deeply… Jack!!!

Jean closed her eyes suddenly…

At that moment, she felt that it was not her waist that hurts, but her heart!!!

“Crack-Jean, what are you making!! You have to avoid this whip!!” The director shouted, and the paragraph ended.

“Sorry Sorry…”

Jean paled and hurriedly apologized.

On the opposite side, Jack’s enchanting eyes are a bit sunken…

The sight fell on Jean’s body, but it was full of meaning…

Jean seemed to feel his gaze on the other end, and couldn’t help but glanced at his head. Jack slammed into his evil eyes. The next moment, she hurriedly avoided and didn’t dare to look anymore. He glanced.

Only one eye contact made Ava’s face sinking.

And here…

“Jean, do you know how to act? If you can’t get into this role, don’t hold on to it!! This will only affect the entire crew!!!

Emma hurt Jean mercilessly.

Jean glanced at her, then turned to look in the opposite direction.

She pursed her lips and apologized politely, “I’m sorry, director, do it again, this time I will concentrate on it.”

She knew that she was wrong this time, so she didn’t want to say anything in the face of Emma’s accusation.

She adjusted her emotions as much as possible and let herself enter the role as soon as possible.

A few came down, and it went smoothly. When the midfielder was applying makeup, Kelly hurriedly opened her clothes to help her check her body, “Does that whip hurt you?”

“It doesn’t hurt.”

She shook her head, unable to lift any energy.

“Kelly, I’m fine! No need to check.”

She hurriedly put down her clothes.

Kelly sighed and looked at her, “Are you particularly concerned about the woman next to Allison Jack?”

Kelly’s words made Jean stunned, and instead, smiled, the smile on her lips was a bit far-fetched, “How could…”

She smiled and looked away, not looking at Kelly, pretending to be serious about dressing herself.

Chapter 43

Kelly sighed.

She has known Jean for so many years, and she can see the girl’s thoughts at a glance.

“Jean, you know a little bit about the rules of the circle! This kind of thing is like this, especially for a good man like Allison Jack, with beautiful women around him, you should have seen it through! If you were tempted by him, the

person who is injured in the end is you! So, if you don't want to make yourself too sad in the future, just keep your heart safe."

Kelly kindly advised her.

"Kelly, where did you think of it! I didn't mean that, and... in short, don't worry, I will protect myself!"

How could she love a man unsuspectingly after this trick by Allison Jack?

Of course not!!!

"That's good, you are a smart girl!"

"Ah... By the way! The actor of "Slaying the Wolf" has finally been decided." Kelly said, handing her the newly released cast list, "I didn't expect it to be Max."

"Max?"

That, international superstar, Max?

"I heard that this big superstar behaves badly on weekdays. I'm used to doing my way. I don't know if we will temper his temper when he joins our crew."

Jean suspiciously, "Didn't he develop in Japan?"

"En! he came back to China in the last few days! I heard that the crew finally invited him, and he didn't even sell Allison Jack's face at the time!"

Jean smiled softly, "It seems that his face is really big enough."

"Heh! I don't think the face is big enough, but the celebrity is big enough!" Kelly smiled, and then took the cast from her hand, "Okay! Hurry up and touch up the makeup! There is no time."

“OK…”

At night, return to the International Union City.

Jean didn’t turn on the light, she habitually nested her tired body into the soft sofa, opened her eyes, and looked at the pale ceiling dazedly by the moonlight.

Watch watch…

Inexplicably, tears are blurred.

Unexpectedly, in the end, she would still become someone else’s junior…

It felt like being slapped fiercely, her chest was so uncomfortable that she couldn’t find a point to vent.

She propped up her slumped body and walked upstairs to her room.

While packing things, she dialed the man’s phone…

At first, the first time, no one listened.

The second time, after thinking for a while, the other end answered the phone.

“Something?”

He didn’t say anything, just frantically asked her.

“En…” Jean replied, “Do you… have time to come over? I think we need to talk.”

“I am very busy.”

After Jack finished the three words, he didn't wait for Jean's response, and he hung up.

"Dududu..."

A series of busy sounds filled Jean's ears...

Cold...

Jean sat down on the sofa, frowning, very bored.

After thinking for a long time, she finally sent a text message to him...

"Let's end this absurd deal!"

The text message passed and there was no reply for a long time.

Jean waited for half an hour. Seeing that the other side seemed to have no intention of paying attention to her, she stopped waiting, just packed her things, and prepared to leave.

The things were just prepared, and the phone rang, "Jean, you are not allowed to go anywhere without my order!"

Overbearing!!!

His consistent style.

Jean sighed, did not return him, dragged her luggage, and went out.

However, as soon as she left the house, she saw a familiar Maybach driving into the community and finally stopped in front of her.

A long black figure stepped off the car.

Under the moonlight, the face of the demon was as cold as frost.

Jack stared at her as if to freeze her for life.

Jean bit her lip and stood there, looking at him quietly.

“David, take her luggage in!”

Jack heard a deep command.

“Yes!” David took the order and approached Jean to take the suitcase in her hand.

“I’m not going in anymore!” Jean was very persistent, putting the suitcase behind her.

Jack stared at her eyes, squinted halfway, and “shot” a dangerous aura from the deep eyes.

But he could only hear her, “Observe…”

It was a coaxing tone, but she was shuddering when he listened to Jean’s ears.

Jean took a deep breath, expressionless, and said solemnly, “Jack, let’s end this ridiculous deal.”

“End?”

Jack smiled.

Between Jack’s thin lips, there was a wanton forest cold.

“Jean, who gave you the right to say ‘end’?”

He asked her, his voice was cold, without a hint of temperature.

Imposing and bullying.

Jean's red lips opened awkwardly. After a while, she said, "Sorry, I insist..."

"Adhere to?"

Jack smiled faintly, and only glanced at David on the side, "Help her get the luggage in."

"Jack!!"

Jean yelled at him, her eyes darkened, but she was particularly stubborn, "Don't "force" me anymore! You know, my shameless person is!! Don't let me be the same as Emma!"

Jean's emotions were a little excited.

The hand holding the suitcase did not let it go.

"Little San?"

Jack's evil sword eyebrows were raised, and his legs stepped closer to the extremely stubborn woman opposite...

The slender fingers raised her slender jaw.

Fingertips, biting ice cold.

The strength between the fingers is also extremely heavy...

That appearance seemed to be pinched deeply into her blood.

"Jean, I'll tell you again, you...just my Jack's...**, that's it!!! You are not qualified yet!!"

Jack’s words made Jean pale.

There was humiliation, rushing to her chest, but it seemed that she couldn’t even find a word of refutation.

“So, don’t take yourself too seriously!” Jack left his hand indifferently, and added coldly, “Just you, it still can’t affect the relationship between me and Ava! So, give it to me obediently. Stay here!!”

“She already knows the relationship between us!” Jean held the suitcase’s hand tighter and tighter.

“So what if she knows?” Jack’s eyes didn’t make waves.

“She doesn’t care, what are you still hypocritical?” Jack squinted at her, and his cold figure deceived her a little bit. “Why? Could it be that you fell in love with me? You care about me and what happened between her?”

Jean was “forced” by him, and stepped back again and again.

Her eyes flashed a little panic, but she recovered quickly, “Jack, you think too much!!”

Jean put her hands against his chest, trying to distance herself a little bit from him, her eyes drifting but she didn’t dare to look at him, “I…I can’t fall in love with you…”

She “licked” and “licked” her lips. She only felt a bit dry in her throat and continued to add, “Whether I will affect the relationship between you and Ms. Ava or not, there is one thing I can be sure of. My presence will affect It hurts her emotions to her mood! This feeling…I know the best…”

In the end, her expression was unconsciously sad.

Looking at her lover and other women's "milk"-the feeling when they are in mingling, she thinks, she knows better than anyone!!!

She also knows the pain…

Someone needs to bear it!!!

"Sorry! This is my principle! The relationship between us can only end!"

She is extremely paranoid.

After taking a deep breath, she continued, "Thank you for those who helped me before. As for the heroine of "Breaking Wolf", if you think there is a more suitable candidate, I don't mind if you change! But, I still want to fight for myself, no matter what, I will do my best to play this role well because I like this character!"

Jean said, neither humble nor humble.

Jack's monster eyes are extremely cold…

"Are you sure you want to leave?"

"Yes!" She nodded, very persistent.

"Great."

Jack answered simply and neatly.

Jack's thin lips, wanton laugh…

"Let's go!" The corners of the evil charm's lips sneered, "I'm waiting for you, come back and beg me!!"

After Jack finished speaking, he turned around indifferently and walked to the car.

The bodyguards followed immediately.

“Wow…”

The door of the car was heavily closed, Jack’s enchanting face was hidden in the car, and then…

The car ran over quickly and disappeared in front of the villa…

Jean was stunned for a long time, looking at the car shadow that was going away, her mind was a little lost…

However, while failing, there is more anxiety.

His last words…

He has to make her worry!!!

But…

Jack, since I have made up my mind, I will never go back!!! Even if you “force” me out of this circle, I will never violate the principles I should have!!!

However, Jean was far from expecting that he would use such a despicable means to force her back…

Weekend…

Jean was hanging out in the store alone.

“Max, Max…”

In the supermarket, a girl was heard screaming.

Jean didn’t care too much, she still lowered her head and continued to focus on picking some daily necessities, and she was used to “sexually” pulling down the brim of her head a bit.

Just as she was about to put the nightgown in her hand in the cart, Jean saw a tall figure, rushing towards her…

Before she could return to her senses, she felt light on her head, and the hat flew into the hands of the tall man, and whatever it was, it was buckled on his head.

The nightgown in her hand was also snatched by him, and when she saw that the man in front of her was quickly wrapping the nightgown around her body…

And then…

The man suddenly held her face…

In the next moment, he was overbearing to press her on the shelf, it was a crazy kiss…

…

“Max…”

A group of girls swarmed by from the corridor, but they didn’t find a couple who was kissing passionately on the shelf.

Max didn’t even have time to see the look of the girl in front of him, and kissed her without hesitation, only to find that…

Her lips are a bit sweeter than he thought…

The fascinating eyes were half-opened, and they hooked their eyes, looking at the eyes that were as big as copper bells…

Thin lips, ambiguous, constantly rubbing against her lips…

Toss and turn, gnaw…

Until, Jean suddenly stretched out her hand in front of her, and pushed the prodigal son in front of her away.

Her eyes stared at the opposite man with sullen eyes. Only then did Jean have room to see the suddenly frivolous person in front of her…

It turned out to be a face that was so beautiful that it turned all beings upside down…

So familiar!!!

Even eyebrows, straight nose, thin lips slightly raised…

And, those eyes that are so enchanting that the girl can hardly look away!!!

Max!!!

Internationally popular superstar, the male protagonist of “Slaying the Wolf”, Ou Jean!!!

“Miss, thank you very much!”

With a happy smile, he took off the hat on his head and placed it on Jean’s head in a daze.

Seeing that she didn’t respond, he turned to say, “Why? Know me?”

The thin lips outline a dizzying smile, “My movie “fan”?”

Chapter 44

Seeing that she was still in a daze, Max guessed, smiled evilly, probed her hand again, took off her hat, and said, “To thank you for just helping me, so, sign a name for you!”

Pay attention to his words, to thank her, so she kindly ‘helped’ him sign a name!!!

It was like giving her a great reward!!!

But…

She is not his fan!!!

Jean returned to her senses. When his pen was about to draw her hat, she stretched out her hand and snatched the hat away, “You are not allowed to ‘chaotic’ painting on my hat!!”

Jean hurriedly hid her hat behind her, raised her head, and met his playful eyes sullenly, “I am not a fan of yours!!”

After speaking, he wiped the lips that he had just finalized with a little depression, “As an international superstar, would you be too shabby!”

Forget it! Just be bitten by a dog while walking on the road!!!

Max squinted teasingly, “Do you know I am the international superstar Max?”

This woman, knowing who he is, has such an arrogant attitude?!

Jean ignored him, just stretched out her hand, and faintly clicked on the huge shampoo poster on the shelf…

Above, it is Max's handsome and innocent face.

Looking at the handsome and beautiful self on the poster, Max lifted his lips triumphantly, but in the next instant, he saw that Jean had already pushed the cart away.

This woman did not put him, an international superstar, into her eyes at all!!!

Even, the attitude is more arrogant than him!!!

"Where did Max go? Why is he so fast?"

Jean, hearing the girls talking again, Max felt bad and hurried to the exit.

When passing by the cash register, he saw that Jean was just paying, and then he suddenly heard that she came to the store to buy essential items.

When he walked to the checkout counter, he took a box of "Du-Lex" and swiped it directly on the scanner of the lady at the checkout counter, then took a hundred and threw it into Jean's cart…

"The remaining money will be used as compensation for the kiss just now!"

After saying 'generously', before Jean understood what was going on, she saw his head up high and walked out of the store handsomely.

"…"

"Why is that person just now so like Max…"

The lady at the cash register murmured startled.

And Jean, looking at the one hundred in the cart, was so angry that she couldn't rush this hundred over and hit them in his face!!!

Could the value of her kiss be measured by this money?!!!

The point is, she still finds the leftover change after buying the **!!!

Jean stretched out her hand and threw the one hundred on the cash register, her expression a bit sullen.

The cashier quickly took it and gave the change to Jean.

Jean's face was also a bit bad, and she just said, "This money is not mine, you can keep it! Could you please help me check out?"

The lady at the cashier was stunned for a moment, nodded hurriedly, and took the money back before she started to help Jean settle the bill.

Three days later-

Jean received a call from Megan, "Jean, your dad is going to jail!!!"

"What?"

Jean didn't come back for a while.

"Auntie Megan, don't scare me…"

"Who scared you? Come back and see for yourself! Our house is about to be sealed off, why don't you come to help your dad!!"

Megan's tone was very bad, and she could feel very upset, "Jean, how much money do you have now? You take all your money back to your dad, or your dad must go to jail!!!"

So, to talk about it, just to let her take the money home.

“What the hell is going on?” Jean was anxious.

“Your dad’s company is in a deficit! All banks will suddenly draw capital. Your dad can’t afford the debt. Now he can only wait to go to jail!!!”

“Why… how could this be?” Jean’s voice trembled a bit, “Did Dad’s company run smoothly?”

Without them, the Glover would not have the current Blair, so she always felt that her father’s career was in full swing!

But what, in a blink of an eye…

“What’s going well! If it weren’t for Blair to support our family all the time, our family would have collapsed long ago! Although we supported Blair at that time, now Blair is prospering, and our family is not getting better day by day! With this, it’s hard for Blair to help! No matter what, you come back first!”

After Megan finished speaking, she hung up.

Jean didn’t think about it anymore, and she hurriedly packed her things and went home.

Upon returning home, Emma was already at home unexpectedly.

Glover’s house went up and down, inside and out, all covered with seals.

George Glover sat on the sofa with a bitter face. At that moment, Jean felt that her father was a lot older for a while.

His vicissitudes of life was covered with fine and dense wrinkles, and his sadness and sorrow were caught in it, making him look older and older.

“Dad…”

When Jean saw such a father, a burst of distress surged in her chest.

No matter what kind of holidays there were in the past, and no matter how much prejudice she had in her heart, he was always her father.

The emotion of blood thicker than water cannot be eliminated.

“Jean…”

When George Glover saw Jean at the door, he was overjoyed, “You kid! I thought you would never want our home again!!!”

“Dad, it’s all now, don’t say such things!”

Inexplicably, at that moment, Jean felt that her father loved her.

“Now our house is gone…” Father Glover almost burst into tears when he said it.

“Dad! Don’t be so pessimistic, it will get better.” Jean comforted her father.

“What’s so great!! Do you know who asked for the withdrawal! It’s Allison Jack!!! Jack!!” Emma said coldly.

Hearing this, Jean’s face turned pale.

“Why… how? Did you know that it was him?” Jean’s voice trembled.

“Allison Jack told me.”

Emma’s face is very bad.

“Jean, how much savings do you have, take it out to your dad to pay off the debt!!” Megan walked out of it and ordered sharply.

“What are you talking about!!” Father Glover’s expression was very ugly, and he said angrily at Megan, “How much money can she fight for outside by herself as a girl! Besides, we will use our daughter’s hard work. Do you want to give me her money, there is no door!!”

“I’m telling her money? Why are you talking so unscrupulous! I’m not doing it for me?” Megan flushed with anger.

“For me?” George Glover snorted coldly, “Can Jean’s money cover our huge loan? Even a fraction is not enough!! What do we want her money for? So it can be put into your private pocket? Megan, this wishful don’t count on the abacus!!”

“Dad…”

Jean was busy holding on to her emotionally excited father, “Stop arguing! If I can help you, It is obligatory!”

“Dad, Mom, stop arguing between you two!!” Emma came out annoyed to persuade him to fight, and said again, “I still have something to do with Allison Jack privately. I’ll go talk to him and see if I can get him out of the internet. .”

“Really?” Father Glover seemed to see some hope, and a pair of dim eyes lit up instantly.

At that moment, Jean’s heart couldn’t help but hurt…

Seeing the look of expectation in her father’s eyes, she felt more guilt in her heart.

She knew that this man was just to “force” her back…

However, she never expected that he would use such a despicable method!!!

“I have never understood why Allison Jack wanted to make an effort to embarrass us!! We have never had a holiday with him!!”

Father Glover sighed in a low voice.

Emma glared at Jean ferociously, “Then you have to ask your, this good daughter!!”

Jean turned pale, “Sister, what are you talking about!”

“Jean?” George Glover curled his eyebrows and looked at Jean in confusion.

“Dad! It’s okay…” Jean shook her head hurriedly.

She didn’t want to struggle too much with this issue, and even more, did not want her father to know that she had sold her body for work!!!

“Dad! Let me talk to Allison Jack first!! There should be no problem.” Emma said and walked to the entrance.

“Okay, daughter, you can be more careful.” George Glover still worriedly exhorted.

“It’s okay! Dad, don’t worry!”

Emma left proudly.

Jean stared at her left-back, but her heart was still hanging in her throat.

Sister, can you ask that man?

She will not forget the cold words that the man left before leaving…

“I’m waiting for you, come back and beg me!!”

It turned out that he had already planned every step!!!

If she can, she hopes that her sister can move that man…

Knowing that this kind of hope is faint, but she is still hoping.

“Jean, come, come to the study with Dad…”

George Glover stood up.

“Oh, good.”

Jean helps keep up with her father’s slightly staggering footsteps.

Seeing his father’s body that looked a little rickety because of tiredness, inexplicably, tears began to roll in her eyes unconsciously.

In case…

If the previous scene hadn’t happened in this home, they would still be as beautiful as before…

…

“Dad, what do you want me to do?”

As soon as Jean entered the study, she closed the door and asked her father.

“Jean, Dad has always wanted to tell you a lot…” George Glover took his daughter and sat down on the sofa.

He sighed, then continued, “I know, Mike and Emma have been complaining about your dad! Hey…it’s something to blame, it’s something to blame! Your father made the daughter so ignorant! I also blame our inability!!”

“Dad, why did you say this suddenly?”

When mentioning those things in the past, Jean felt a little uncomfortable in her heart, but she only said, “Dad, all the things in the past are gone, I forgot!”

“How could you forget it? You kid, just like your mother…”

Speaking of her mother, Jean couldn’t help but freeze with her hand in front of him.

“Forget it, don’t mention her! Don’t mention it…”

At that moment, Jean sees a hurtful emotion in her father’s eyes.

Yes, it is injured!!!

He seems to have suffered, some kind of emotional trauma…

“Jean! I’m sorry about Mike! Dad has already taught Emma a lot about her behavior, but… Dad really couldn’t stop them from being together at the time!! Because Dad’s Company has been attached to the Blair since then! Without the support of Blair, the feared company would not be able to resist! Unexpectedly, in the end, the Allison Jack would suddenly “plugin”…”

George Glover’s face was full of vicissitudes, “Dad knows that your happiness and interests should not be measured, but…how many people will be unemployed without a company, and Dad has no other way!!”

“Dad, don’t say it! I understand! I understand both! Besides, this kind of thing has nothing to do with you at all!”

Jean felt a little sad when she heard what her father said.

Chapter 45

“Jean, although Emma has done these things that are sorry to you, I hope you don’t care too much!”

“Dad! Don’t worry, I know how to deal with the matter between my sister and me! Don’t worry about it, I won’t worry about anything.”

“That’s good, that’s good…”

Father Glover nodded, and he seemed to be thinking of something again before asking, “This Allison Jack, do you know him?”

The words of her father made Jean startled for a while, then nodded, “Well! He is the producer of the new movie.”

“So…” Father Glover nodded clearly, then shook his head, “I don’t understand, why he wants to deal with our Glover!”

“Dad! Don’t worry about this first, maybe Sister can handle it!”

Jean comforted her father.

George Glover sighed lowly, “The mall is like a battlefield! Maybe it’s because your dad used to commit too many sins, now it’s someone else’s turn to deal with me!”

While he was talking, he seemed to be remembering something again, and muttered to himself, “Creating evil! Maybe, this is what God came to make me pay back the evil debt seven years ago! That’s good, good… ”

Jean couldn’t understand a word from her father.

“Dad, what are you talking about?”

“Nothing!” Glover George came back to his senses and shook his head hurriedly, “Jean, Dad is tired, and you want to take a break, go out first!”

“Okay, then you should rest first and call me if you have something to do.”

“Go-Go!”

George Glover waved to Jean, motioning her to leave.

Allison-

Among the many buildings, there is an ingenious French courtyard…

The towering evergreen trees line up in rows, adding a sense of freshness to the elegant courtyard.

The fragrance of golden osmanthus, the refreshing taste fills the heart, and it is very smooth.

After bypassing the sweet-scented osmanthus forest, followed by the fiery red maple leaf forest, walked into the forest along the trail, and stepped forward with the falling maple leaves…

Until she saw the retro Gothic building.

At that moment, Emma had to sigh the glory of Allison Sect!!!

This is just an office building, but it is so chic and luxurious.

“Allison Jack, Miss Glover wants to see you outside!”

David knocked on the door and shouted outside the office.

Jack flipped through the hand of the document and gave a sudden pause.

His eyes were a little sunken, and a sneering smile appeared between his thin lips.

Jean, I knew this before, so why bother?!

He closed the papers in his hand, got up, and groaned, “Let her in!”

“Yes!”

…

Quickly, the office door was pushed open.

“Miss Glover, please inside.” David gestured to Emma to enter the door.

“Thank you!” Emma thanked him politely.

However, in a word, Jack, who was standing in front of the French window, suddenly turned around.

The secluded eyes shrank sharply for a few moments, and Bing Han gathered in the bottom of his eyes as if to freeze the woman opposite.

“How could it be you?”

He thought it was Jean!!!

“Jack Allison…”

Emma “showed” a flattering smile.

“Get out!”

Jack's tone was harsh enough to frostbite people.

The sudden two words shocked Emma.

After a while, she came back to her senses, but still "licked" and greeted him with a smile, "Allison Jack, what made you so angry?"

Jack looked at her coldly, with ridicule in his eyes, watching her indifferently as she twisted her hips and leaned towards him.

Between the lips, the sarcasm grew stronger…

This woman, many times, in his eyes, is like a cheap female!!!

He even touched her, it was dirty!!!

"Allison Glover, why are you embarrassing our Glover suddenly? Did your ignorant girl offend you?!"

Emma clung to him without knowing any shame.

Jack concealed the anger in his heart, squinted his glamorous eyes, and looked at the woman in front of him with fun, "Tell me, what do you want? Please let me spare your Glover?"

Emma smiled more openly when she heard Jack's blunt words.

Perhaps, this man is not certain that he can speak for her.

"Allison Jack, I know, your big net worth doesn't care about the things of our Glover! Can you see if there are a lot of adults, raise your hands a little, let go of our dad! I know, you are a businessman and never do it. No good deal! Look at… my body… do you like it?"

Emma said, she grabbed Jack's hand and rubbed her breasts teasingly.

The eye-catching eyes were full of “muzzling” colors, seducing the good-looking man in front of her.

Ah!!!

She could save her father, climb onto this man’s bed, hook him up, and kill two birds with one stone, she would be an idiot who missed such an excellent opportunity!!!

As long as she can climb on Jack’s bed, it would be nothing to do with Jean!

So what is she still worth?!!!

In the face of Emma’s temptation-“Confusion”, Jack didn’t even mean to refuse…

Big hands, “kneading” her soft breasts fiercely.

Five fingers squeezed heavily, causing Emma to groan exaggeratedly.

How to seduce a man, she is more proficient than Jean!!!

“Allison, my body is more attractive than Jean…”

Emma smiled, “I can serve you well! So, let me serve you!!”

As she said, she stretched out her hand to untie Jack’s tie under the collar and the shirt buttons…

One, another…

Fingers with red nails kept drifting in front of Jack’s chest, skillfully stroking, teasing…

And the other hand…

He was very bold, touching his great dragon-head through her trousers…

Of course, the next moment, her face turned pale.

It was only when she was injured that under him, there was no reaction at all to him!!!

At that moment, Emma even doubted that this man didn't he, didn't lift it at all?!!!

Of course, she didn't have time to withdraw her hand in the future, but she was firmly grasped by a big cold hand.

"Ah, it hurts…"

She whispered in pain, her face pale.

Jack smiled condensed, throwing away her hand indifferently, and mockingly said, "Just like you, you are also worthy to seduce-lead me??"

Jack's words instantly turned Emma's "color" into a pig liver "color".

Of course, she recovered very quickly.

In the next second, she was not afraid of death, and she clung to Jack again, "Allison Jack, Jean is qualified to serve you, why can't I? My body is better than her!! I serve men! The technique is better than her!! How can you know my taste if you don't try, Allison Jack!!"

With that, her red lips rushed towards Jack's earlobe.

Yes! She is going to fight it out today!

Her purpose is to climb onto Jack's bed, and then let him linger on her taste!!!

As a result, before she had time to touch Jack's skin, a cold gun was accurately aligned on her lips.

"Allison…Allison Jack, don't… don't "chaos"…"

Emma was trembling with fright and even started to tremble when she spoke.

Her complexion was so white that there was no trace of blood, and her body kept falling because of panic, "Allison…Allison Jack, please, yes, sorry…I didn't mean it!!"

Jack's enchanting eyes, like fire in hell, stared at her coldly.

In the bottom of his eyes, there is that chilling fierceness…

His gun pointed directly at her lips.

There was a sneer between lips.

"Emma, is your body clean with Jean?"

He questioned her darkly, and continued, "Is there any tightness with her under you?"

"None! Why do you serve this young master?! The broken shoes that other men have used are also worthy for me to wear?"

Emma's face was pale because of his short words.

"Me…"

Emma seemed to want to say something but was coldly interrupted by Jack.

"Let Jean beg me!! And, get out!!!"

As he said, he resolutely pulled the board and loaded…

“Three…”

“Two…”

“What…”

Hearing Jack’s countdown, Emma on the ground seemed to be mad, her eyes dizzy, she hurriedly got up from the ground, crawled around, fled away, and went out of Jack’s office…

Then, in one breath, rushed out of the entire Allison mansion.

The clothes hung on the body are still scattered and there is no time to arrange them.

“David, come in!!”

Jack gave a cold command inside.

David pushed the door in, “Allison Jack, I am here.”

“Why you let her in!”

Jack’s tone was too cold to freeze him.

“Sorry!! It was my mistake.”

David bowed his head and apologized solemnly.

Jack's mysterious eyes narrowed dangerously, and he asked him casually, "How many years have you been with me?"

"Back to Allison Jack, it's been five years."

David's answer was neither humble nor overbearing, but his forehead was already sweating.

"Five years..."

Jack seemed to murmur, half a moment, and then slowly said, "Five years, have you know my sex?"

"Yes..." David was silent.

Allison Jack's "sex", he knows better than anyone!!!

David took out the gun and pointed it at his right hand...

"Boom..."

A cold gunshot exploded throughout the office.

"Allison Jack?"

David never expected that the gun in his hand would be shot down by Jack.

His marksmanship has always been accurate without any deviation!!!

"Give you another chance!!"

Jack only said coldly, "I will remember it later, there is no next time!"

Allowing that kind of woman to come in will only spoil his mood!!!

“Yes!! Thank you, Allison Jack!!”

“Go out…”

When going out, David sighed with relief.

He knew Allison Jack’s temper that his “sexuality” was hot and cold, and even elusive, but he was sincere in his heart to obey this man, and he was more grateful…

Back then, without him, perhaps the current self would have fallen into the hands of such a mafia long ago and would have been broken into pieces!!!

Therefore, even if Allison Jack wants his life, he will not hesitate!!!

When Emma returned home, her entire face was as white as a piece of thin paper, and the frightened group would not even dare to ask a question.

Fortunately, Jean was better at understanding the form, and hurried to meet Emma, “Sister, what’s wrong? Is something wrong? Are you okay? He… didn’t do anything to you?”

“Go ask him yourself!! Don’t be so pretentious to care about me!! It’s not for you, our whole family won’t be like this!!”

Emma rushed the anger in her heart towards Jean.

“Emma, how do you say these things!! What’s the matter with Jean!!” Father George hurriedly shouted.

“What does it matter to her?” Emma stretched out her hand and pointed her nose directly, “You have to ask her yourself about this matter!! Dad, ask her, what is her relationship with that Allison Sect Young Master!! Also, when I just went to talk to him, he even pointed at me with a gun and called the name, so she must ask him, Jean!!”

Chapter 46

“Also, when I just went to talk to him, he even pointed at me with a gun and called the name, so he must ask Jean to beg him!!”

To be honest, Emma was more jealous of this matter!!!

She was jealous of Jean’s specialness in Jack’s heart, and she was jealous that Jean could easily climb onto that excellent man’s bed!!!

Emma’s words shocked Glover George, and then turned to look at Jean, “Jean, what’s the matter with you?”

Jean’s complexion was so white that there was no blood.

Red lips moved awkwardly, after a long time, before she said, “Dad, I… will figure out a solution to this matter…”

“What can you do? Isn’t it accompany him to bed?”

Emma sneered at her.

Her words made the faces of Jean and Glover George stiff at the same time.

“Do you want Dad to go to jail, or do you want to give him his life?!!!”

Jean yelled at Emma, her face extremely bad.

Emma was stunned for several seconds when she yelled.

“Jean, is it true that what your sister said?” Glover George’s tone was very serious, questioning Jean.

Jean bit her lip, her face was a little pale, but she didn’t show the slightest panic.

“Dad, don’t think about it, Allison Jack and I are both grown-ups. We will have a sense of measure in the affairs between us! Don’t worry!”

Jean calmly comforted her father.

“Since Allison Jack called to see me…” Jean took a deep breath, “Dad, I’ll meet him first.”

“No way!!”

Glover George yelled, “Jean, you are not allowed to go anywhere!!”

“Dad!!!”

Jean looked at her old father, “Dad, leave it to me!!”

“No!! This is my fault, I can’t let you take it for me!!”

Glover George grabbed Jean’s arm with great force, and blue veins burst out on the back of his hand.

It can be seen that he is very emotional.

“Dad, don’t be like this…”

The more this happened, the more uncomfortable Jean felt.

“Dad, listen to me, my relationship with Jack is not that simple. If you leave this to me, I can surely settle it! You believe me, the whole thing started because of me, so, I should take this responsibility…”

Jean broke off her father’s nails, one by one…

“Jean, Dad doesn’t want you to go!!”

Glover George's brown eyes were bloodshot.

"Dad! Trust me, I will be fine, and we will all be fine…"

After Jean choked up, she turned around and went out of the hallway. She only confessed to Emma, "Take care of Dad!"

Then, she left without turning her head.

Standing in the hall, Glover George almost burst into tears, "What evil did I do!!"

"Dad, don't be like this…" Emma hurried over to comfort her emotional father.

"Emma, tell dad, what is the relationship between Jean and that Allison Jack?" Glover George grabbed Emma's hand and was very excited.

"Dad, that, I just said it 'random', don't take it seriously! They have nothing to do with each other, at most they are only a couple…"

That's it!!!

Emma would say this, one is to worry about her father's body, and the other is for their company.

After all, Jack has spoken, maybe she is the only one who asks him, Jean, so at this time, she can only help her and hide her father.

"Just like this?"

"Really!!" Emma nodded definitely.

Even if Glover George was a little skeptical, he didn't say much.

This somewhat relieved Emma.

Of course, in her heart, there is more jealousy and hatred for her half-sister!!!

Allison-

“Boom boom boom…”

The door of the office was knocked, and David’s voice was heard outside.

“Allison Jack, Miss Jean is here.”

“Let her in.”

Only a deep “groan” was heard inside, and he faintly returned.

“Yes.”

“Miss Glover, please inside.”

“Thank you…”

This time, it was the voice he was familiar with.

Soft, gentle, like warm water…

They are just two superficial words, but they can easily pick up his heartstrings.

Jean pushed in.

In front of the floor-to-ceiling windows, a tall figure stood by the window.

Outside the window, a golden “color” halo, lazily flowing in through the glass window, sifted on him, pacing him with a cold temperament a few afterglows, to the point that it looked softer, but added a bit of mystery Gas.

“Allison Jack…”

Jean took a deep breath and called to him.

Jack looked at the charming eyes outside the window, tightening a circle…

The lips, a confident chuckle…

She finally came!!!

Jack turned around and stared at her coolly, the faint smile still appeared between his thin lips.

“Miss Glover, long time no see…”

Jean pulled the corners of her lips far-fetched, “We only saw each other three days ago.”

And so…

In these three days, this girl didn’t think about herself at all?!

“Oh…”

Jack responded unhurriedly, with a strange tone, but reached out his hand, smoked a cigarette at the table, and lit it lazily.

Take a faint sip…

His posture is still that elegant and noble.

Seeing that he didn’t mean to break the topic, Jean had to throw the words out by herself.

“Allison Jack, please raise your hands and let go of my father!”

She asked sincerely, bowing her head slightly.

Jack smiled wickedly, staring at her with some sarcasm, “Why?”

Jean took a deep breath, “You are upset with me, just come at me! Don’t touch my family!!!”

Jack smiled coldly, “Jean, since you didn’t come to beg me, please go out! I’m very busy!”

What he meant was, not willing to compromise!

Yeah, who is she? How can his decision be easily compromised?

Jean pressed her lips tightly, her face paled, and she said, “Is there no turning point?”

“It’s all up to you if there is a turnaround!” Jack replied very easily.

Eyes swept across the courtyard outside, took a faint sip of the long smoke in his hand, and said, “Jean, I’ll give you three minutes to consider. After three minutes, even if you kneel and beg me, there will be no more Chance! Three minutes later, you will wait to see your father go to jail!”

“Jack, then I will hate you!!” Jean shouted angrily towards his lonely back.

Jack lifted his lips indifferently, “There are too many people in this world who hate me, not too many of you!”

As he said, he raised his hand to check the time and said indifferently, “Two minutes and twenty-three seconds.”

Jean’s small hand holding the handbag tightened and tight, “Why? Jack, why do you have to tie me around? You don’t lack the so-called ‘bed slave’ at all! Let me go! Please…”

“The last two minutes…”

Her tone was very weak, and he didn’t even turn around to look at Jean behind him.

He took a faint sip of the cigarette in his hand, and spit out circles of “blurred” smoke, covering his enchanting face, giving the mysterious him even more concealed air.

Jean bit her lip and stood there stubbornly, refusing to lower her head, but she did not dare to leave.

The two people were so stalemated.

“Jack, I don’t want to be like this…”

She shook her head feebly, her eyes were completely helpless…

Why, why does everyone have to “force” her into the corner?

Once, she even thought that Jack was different from other people, but the closer you get to him, the more dangerous you find this man…

“One minute…”

Jack reminded lightly.

Jean’s face became paler, and her eyes were a bit wet and “tide”, “Jack, let my dad go!!”

“Condition!!”

Jack turned around abruptly, his charming eyes shrank in a circle, staring at Jean’s delicate body, angrily.

Jean shook her head, the mist-filled…

What she didn't want, she didn't want to be a spoiler of other people's love, and even more, she didn't want to be the mistress and bed partner of a man who has a fiancée!!!

Of course…

Does she have another choice?

Does she watch your old father go to prison? Did they watch Glover's career fall like this?

She can't do it!!!

"Thirty seconds…"

"Twenty-nine…"

As he counted down in a cold voice, Jean shook her little hand holding her bag more and more…

The palm is getting colder…

"Ten…"

"Nine…"

"Eight…"

"…"

The countdown sounded into Jean's ears as if a sharp knife was severely cut on her heart, torturing her frantically.

Until…

“Three…”

“Two…”

“Good!! I promise you!!”

With a loud shout, Jean choked and continued to repeat, “Jack, I promise you, okay? What do you say, I promise you… Please, let my dad go!”

Jean begged him dumbly, tears in her eyes…

Her face was pale with a hint of despair.

In the end, after struggling for so long, she still sold herself…

Yes! How could she be so stupid? With this strength, how can she compete with such a powerful man?!

Jean fell to the floor feebly, never felt that she was so helpless…

Jack’s fascinating lips made a wanton smile, and his slender legs stepped closer to her.

Squatting on his haughty body, coldly looking at the weak woman in front of him…

Fingers, cold, raised her chin, sneered, “Jean, I knew this before, why bother?”

“…”

Jean bit her lip and said nothing.

Water eyes turned away, unwilling to look at his aggressive face.

But he was overbearing, smashing her coquettish face to meet his own biting eyes.

He said, “Want me to let Glover George go?”

“Yes…” Jean answered him.

“Good!” Jack laughed, “It’s just that your previous attitude made me very dissatisfied…”

Jack’s words caused Jean to be stunned for a second, and a bit of anger and panic appeared in her eyes, “You…what do you want?”

Jack stood up and looked at her condescendingly, “Do you know what your sister said to me when she came to me?”

Jean frowned suspiciously, pursed her lips, and said nothing.

Jack smiled demonly, “She said, her bed skills are better than you, and her skill at serving men is better than you! I recognize this more…”

Jean’s frowning eyebrows grew deeper.

“You said if I let her be my bed partner, will she refuse?”

Jack’s eyes “showed” a weird light.

Jean’s cheeks instantly turned into a pale piece of paper, “Jack, you can’t do this! You can’t be like this…”

She shook her head, then shook her head…

Water mist, “mistakes” her eyes…

If she is asked to ‘serve’ a man with a woman like Emma, she feels…

She will go crazy!!!

Chapter 47

Jack smiled wickedly, and said softly, “Look, it scares you…”

“Come on, get up!”

He shuddered, becoming gentler.

“As long as you listen to me obediently, I don’t have to be thirsty enough to need that kind of woman to serve! Of course, your technique… also needs a little improvement!”

His words made Jean shudder.

At that moment, she less and less understood the dangerous man in front of her!!!

What is she thinking in her heart? What is she calculating again?

Why does he embarrass her like this? Why does he treat her like this?!

Why, but still stubbornly tied herself to his side?!!!

“Take off your clothes…”

He said swiftly.

The voice was cold and there was a faint smile in his eyes.

That kind of smile seemed to contain too much ridicule.

“Jack, I…”

“Obedient…”

Looking at her pale and helpless face, Jack wanted her heart even more.

Sometimes, he felt that this woman was like drugs…

Once occupying her body, he will start, crazy miss!!!

Even in the days when she was away, he would miss her crazy taste…

“Do you think Jack is here to come and leave as long as you want? You should always have some bitter fruit to remember “sex”!”

Jack smiled evilly…

Jean panicked, “You…what do you want to do?”

“Take off your clothes!!”

“I’ll finish dealing with my father’s affairs first…” Jean stubbornly refused.

“Jean, don’t use your “sex” character to challenge my endurance!!”

At that moment, Jean saw the blue veins beating above his handsome eyebrows.

She knew that once this man got angry, then the world would be out of control…

And her father would be played with this man in front of her…

Unknown!!!

“Okay, I take it off…”

Jean tremblingly responded…

Reach out, one by one, to remove the clothes from her body…

Standing in front of him with a bare fair body and a sad sneer on the corner of her lips, “Jack, is this enough?”

Isn’t she just to humiliate herself?

Jack’s enchanting eyes shrank severely a few times…

In the blue eyes, obvious flames are jumping crazily…

He beckoned to her lazily, “Come here…”

His voice is dumb, extremely magnetic, like a low-pull piano sound.

Jean froze for half a second, then walked slowly towards him…

At that moment, she felt…

The air is so cold as to swallow her!!!

Is this world just a cannibal world…

Isn’t it true that the humble and weak people will always succumb to these superior people?!!!

“Help my kneel “lick”!!”

She approached, he ordered quickly.

The four words made Jean startled, her eyes shrank dramatically, staring at the man in front of her in disbelief.

“Good…” Jack laughed wickedly…

“Don’t challenge my endurance anymore, I only need a phone call to instantly make your family… torn apart!!”

“Jack…”

Jean gritted her teeth and stared at him, her eyes flashed, “Do you have to be so unrelenting?”

Jack took out his mobile phone and said coolly, “This time, I will give you three seconds to consider…”

As the words fell, tears poured out of Jean’s eyes like spring water…

Why…

Why should she use her relatives as collateral?!!!

If her father has something short and long because of her, how can she go on with peace of mind in this life?

When she thinks of the words her father said to her in the study, Jean’s chest becomes more and more stuffy…

How could she look at her father and walk into prison?

And… Even if she refuses this time, what about next time? Will Jack let her go easily? Will she give her a choice?

Will not!!! She didn’t even know that next time, he would find someone next to her to start!!!

And so…

After all, Jean slowly knelt her delicate body… in front of him…

At that moment, she never felt as humiliated as she was at this moment!!!

Tears…

Unstoppable flowing…

She never felt so useless for a moment!!!

Jack…

Does she have to make the image in her heart look as unbearable as Mike's?!

Jack smiled satisfied with her submission.

Her little cat can claw anyone, but if she is restless in front of him, she must be punished!

If she doesn't teach it, how can she tame it in the future?!

He stared at her, becoming hot, and gentle…

Hands, attached to her little head, muttered, coaxing her, "Help me unzip the zipper…"

He taught her step by step.

With tears in her eyes, Jean trembling little hand went to help him unzip the zipper…

Action, cautiously…

Just when she touched his pants, she could feel the collapse of his lower body…

Jean was startled and couldn't help taking a breath…

"Take it out!" He continued to command, the deeper the smile between his lips.

He has to admit that seeing such a pure and innocent her will make him feel better…

Even if the deadwood is difficult to carve, he seems to be quite a patient to teach her this course!

"I…I dare not…"

Jean shook her head, with a weak expression on her face, panic writing "Chaos" under her eyes, she raised her head and looked at him helplessly.

And he, with his burning eyes, directly met her water pupil, smiled lightly, "Take it out, hold it…"

"No, I don't want it! Don't…"

This is too scary!!!

Jean panicked.

However, Jack's patience is really good, "Observe, this is just a necessary process for love between men and women!"

He knew that for a conservative woman like her to show off her high spirits, it might take ten minutes!

He thought, ten minutes later, he estimated that she was either suffocated to death or vented automatically, so he still took the initiative to come here with ease.

“Mmm…”

The sudden hugeness in her mouth made Jean unable to calm down for a while.

It feels uncomfortable at all…

She was embarrassed and only wanted to escape, but every day, the big hand on the back of her head seemed to have “feel” her mind, and he held her hand without any reduction in strength.

So that she couldn’t escape…

“Hiss…”

Hearing a gasp from above his head, Jack’s beautiful sword eyebrow trembled…

It seems excited, but also painful…

He smiled angrily, “Jean, open your mouth…”

“Mmm…” Jean wanted to say something, but she couldn’t open her mouth.

OMG…

Is this guy trying to stop her?

Jean’s painful tears flowed, but she had to listen to him and then opened her small mouth as wide as possible to adapt to his size…

“Don’t use your teeth, it will hurt it!”

Jack frowned and coaxed her softly.

Jean was very scared, and her mouth was too small compared to his. Her movements became a little clumsy.

Jack's jerky movements made her gasp with excitement, and the slight pain that was rubbed against her teeth made her even more nervous.

"Right, that is it…"

"Good job…"

Jack praised her in a dumb voice, but he couldn't help grasping her soft snow peak with his hands, playing with it wantonly, and fucking…

This is the feeling he wants!!!

Jerky, simple…

And it's not, like Emma, unclean, girl!!!

With Jack's encouragement, Jean felt that she was about to suffocate.

However, she could only hear a shout outside, "Mr. Blair, you can't go in!!"

"Go away!!"

Outside the door, it turned out to be…Mike?!!!

Jean was shocked, and her naked body shuddered suddenly…

Jack's eyes with Mike shrank sharply…

In the next moment, he took off his coat and hurriedly wrapped her up.

At the moment the door was pushed open, Jean's lips didn't even have time to withdraw from the man's…

At the door…

Mike stood there, looking at Jean, who was kneeling inside, helping Jack love to “lick”. For a moment, he was in a daze…

The indifferent black eyes shrank a few times…

Dense fog filled the eyes…

At that moment, no one knew what he was thinking about…

Hands, hanging down on both sides of the body, clenched, loosened, and clenched again…

Staring at Jean on the ground, he was so bitter that he was going to lose her life.

Jean never expected that this would happen…

She knelt there, her face was so pale that she had lost any blood, and her body was still trembling…

She doesn’t know if it’s because of fear or panic…

Tears kept streaming out of the eyes…

Her hand, a little, a little tamper…

Her humble, her humiliation…

But by the way, she has to be hit by this man!!!

Why!!! Why is this…

“Mike, who let you in!!!”

Jack's "color" is hard to see the extreme…

Of course, the corners of the demon's lips were filled with a cold sneer.

If…

Without instructions from Jack, the moment he opened the door and entered, he was shot and killed by David!!!

So, at this moment…

Jack designed it carefully!!!

He just wanted to punish the misbehaved woman in front of him…

In the same way, he wants her to witness Mike, this woman's humble attitude…

Also, tell Mike, this woman is the plaything of Jack, so no one can touch it!!!

Jack didn't wait for Mike to come back to his senses. He picked up Jean who was wrapped in his clothes under his feet and walked gracefully to the office restroom.

She could only hear him say, "Something is waiting outside."

Jean nestled in his arms, biting her lips tightly, without saying a word.

However, the body is still trembling…

Her heart hurts, a little numb!!!

Mike…

That, the man she used to love with her life…

That, the man who had a short marriage with her…

But now, it happens to be such a situation…

Jean thought of the scene just now, but her tears couldn't help but blur again…

It's just that she never knew that next, what was waiting for her was a deeper and heavier humiliation!!!

Jack put Jean on the soft big bed.

Jean mistakenly thought that he might go out to see Mike, but never expected that he bullied her over without hesitation…

The huge figure directly overwhelms her naked body…

"Ah…" Jean was taken aback, her little hand pressed against his strong chest vigilantly, "Jack, don't do this… Mike is still outside waiting for you!"

"You don't need to "worry" for him!!"

Chapter 48

Jack took off her little hand domineeringly, "Let's do the business first!"

"No…no!! I don't want…"

Jean struggled hard, tears in her eyes, she kept spinning.

She knows, does it here…

It will be heard by Mike outside!!!

She doesn't want it!!! She doesn't want to…

Although she always said that she didn't care that he was born during the day, but when she came to this point, her heart was not sad, it was false.

She didn't want to be seen by Mike…

"Remember, do you want to, never let you go!!!"

Jack snorted coldly, but while talking, he quickly removed the extra clothes on her body.

Seriously, he couldn't do it in the face of her such an attractive carcass, don't want her!

What's more, there is still a man standing outside, waiting to listen to this good show!!!

Jean, let the man you like, listen to, how excited is Mike you are under me!!!

Jack's big hands, "kneading" her abundance, domineering sex…

The hot and humid lips and tongue are even more provocative-grabbing her tender pink grapes, absorbing the taste that belongs to her heartily…

"Open your legs…"

He muttered and ordered her.

Big hands, so domineering enough to grab her white and tender legs, they broke apart rudely…

In the next moment, there was a look on the waist…

“What…”

Jean screamed in pain…

Between the forehead, cold sweat shook…

The little face was squeezed into a ball from the sudden pain…

“Pain…”

This bastard!!!

She didn’t even have a chance to relax her mind, so she was so ruthlessly occupied!!!

“To beat…”

Jack leaned on her body, his voice dumb, coaxing her.

Yes! Facing her attractive body, he has no patience to let her adapt to him anymore, so…

He can only forcefully enter her body!!!

“Relax…”

His fingers squeezed her “butt” teasingly, and then stroked her sensitive flower-“Pui”, coaxing her, “Hey, open your legs and let me go in again. some…”

“Don’t…”

Jean’s hand clasped her shoulders tightly, but she stubbornly refused to spread her legs, “Jack, what I don’t want to do! Don’t “force” me…”

Hearing her words, Jack's eyes shrank severely a few times…

In the next instant, he sprinted fiercely from his waist and began to rush away in her body madly regardless of her pain…

This is a warning!

What's more, a punishment!!!

If she violates Jack's heart, she must be prepared to be punished!!!

Pain…

It hurts!!!

Cold sweat dripped down to Jean's forehead…

Below, the pain made her convulse all over…

The good-looking face is even more distorted because of the pain…

Such rough treatment made her body, even, more painful than the first time…

It made her unable to bear it even more!!!

However, she was stubborn, biting her lip, and she didn't want to say a word…

Because she didn't want to be heard by people outside!!!

Such a shame, such an unbearable voice, she didn't want to pass into that man's ears…

However, her mind has never escaped the eyes of Jack in front of her.

The monster eyes, “shooting” out a cool cold light…

“Call it out…”

He ordered her, “Jean, leave it to me…”

He seemed to coax her…

Don’t…

Jean bit her lip stubbornly, unwilling to say a word.

The movement of Jack’s waist suddenly slowed down…

This action made Jean startled slightly…

Of course, before she could return to her senses, she felt that she had been picked up by him. In the next moment, Jean felt a chill in her back…

Tender body, pressed by him on the cold wall…

Her legs were wrapped around his sturdy waist domineeringly…

In the next instant, in the face of Jean’s resistance, Jack once again, defenselessly, stepped into her body.

He has to admit that this kind of collision is more exciting than just before…

If she says, it was painful just now, but now, this is still pumping with rhythm-“plugging” but Jean feels a little bit of joy…

Lower body, getting wetter…

She can feel that her body is becoming more and more “flush” and more and more excited…

Even the beginning, uncontrolled, will follow his rhythm and begin to the rhythm.

Her reaction caused Jack to curl his lips with satisfaction…

“Little fairy, be obedient, follow me by feeling…”

“Jack, you shouldn’t treat me like this…”

Jean slumped on the wall, her legs separated, her misty eyes half-open, adding a bit of enchanting temperament…

Her eyes were “blurred”, and she looked at him helplessly, eyes full of pain…

But she was stunned by what can’t be concealed, excited…

“Call it out…”

His finger provocatively stroked her sensitive and “tide”-wet bottom…

“What…”

Jean couldn’t help screaming excitedly by the sudden stimulation.

“Yes, Jean, that’s it…”

“I like you like this… Call it out! Good…”

Following Jack’s teasing words, the movements of his waist began to become crazy…

The moist feeling between the two people irritated each other crazily…

That terrible collision made Jean no longer able to restrain her, and she groaned out of control.

The sweet voice echoed in the whole lounge…

But it also passed through that layer of the wall, directly into Mike's ears.

That one after another wheezing, and moaning…

Like a knife, it was cut on Mike's chest, and there was still some, so painful.

So, he is still a step late, isn't he?

Their deal is still reached!!!

Jean, sold herself for her father…

And he hoped that he could help them…

Fair enough!!!

Mike got up and walked out…

Of course, the steps underfoot are so difficult every step…

At that moment, he seemed to be a little bit painful even breathing!

He thought, did Jean feel this way when she saw him in bed with Emma?!

In the lounge…

Jean was hugged tightly by Jack and slammed crazy…

"What…"

With a low growl…

The figure trembled suddenly, a scorching heat, instantly overflowed…

Jack climbed on top of her, panting nonstop.

And Jean was still panting because of the sudden pleasure just now, and she was shuddering…

The whole body is soft as if the whole person has been emptied of soul, and can only be nestled in his arms for a while, motionless…

Let it be, he who has climbed to a high point is still grinding her soft snow peak…

“So tired…”

Jean couldn’t help but sigh…

Jack smiled wickedly, and in the next instant, her jaw was raised, and her red lips were tightly held by the burning lips…

This is, today’s first kiss!

Burning hot heart, as if to burn her off!

Kissed her, heart and soul, trance…

Jean’s body trembled, so soft that she almost fell to the ground, but at the last moment, she was caught by his strong arms…

He finally let go of her lips.

“See if you will be good in the future…”

He smiled and scolded her, his words seemed to be a little bit pampered.

But Jean knew that this man was nothing more than a plaything to relieve his boredom!!!

Jack hugged her and walked to the big bed.

“Don’t think about anything, get a good night’s sleep…”

He helped Jean cover the quilt, but when he saw her flushed lower body, his eyes shrank sharply…

Just now, it seems that he gave her to fuck.

Jean closed her eyes as she listened to him, really wanting nothing…

However, when her eyes closed, she thought of Mike again…

Ah!

Her heart, she couldn’t help but hurt for a second…

It turns out that she still cares so much about the man’s opinion of herself!!!

Jean, don’t be silly! How are you he doesn’t care at all! So, why bother with so much?

Why bother to make yourself so painful?

But unfortunately, the more comforting oneself, the more painful the heart…

Tears, like spring water, gushing out wildly…

Dyed on the thin eyelashes, trembling, moist, extraordinarily pitiful.

Jack looked at her condescendingly…

The eyes are getting deeper…

Seeing her tears, he even felt distressed?!!!

He got up, ready to dress…

His arm was suddenly caught by the woman on the bed.

He turned around…

As soon as he turned around, she ran into her tearful eyes…

Somewhere in her heart, it seemed to be hit hard…

He stretched out his hand and gently wiped away the tears for her…

She asked him, “Will you help me solve my dad’s matter?”

“Of course!”

Jack stroked her face, “Be good, take a good night’s sleep, after waking up, everything is normal…”

Tears…

Jean’s eyes popped out…

She closed her eyes lightly, not daring to take another look at the charming face on the opposite side.

……

She, once again, sold herself!!!

And, be the most disgusting person!

The mistress of others' love and marriage!!!

Jack got up and dressed elegantly…

Every action is so noble, like a king, hard to get close to.

Jack went out.

"He's gone?"

Standing in front of the French window, he asked David.

"Yes!"

"En…" Jack let out a deep "groan", and his eyes grew deeper and deeper as he looked into the distance.

"That's right…" He thought something, and ordered, "Send someone to Doctor to get a "medicine"! I will tell him what "medicine" is later."

"Yes!" David nodded and left.

As for, what kind of "medicine" is it?

It was the "medicine" that helped Jean apply the wound below…

The self just now must have tossed her hard enough, as if she had shed a lot of blood…

Of course, there are also "drugs" to avoid pregnancy!!!

When he lingered with her, he always forgot to wear a condom, but he had to admit that he didn't like the feeling of wearing that kind of thing.

And it was the first time he met a woman without a condom!

But he has been deeply “fascinated” by her taste…

“Infatuated” fell in love with this kind of “milk”-blending, not separated from one another…

However, this woman can never be pregnant with Jack’s child…

She is not worthy at all!!!

……

Quickly, his men took the “medicine” back.

Jean on the bed was already asleep.

“Well…”

In her light sleep, she seemed to feel a little, and she groaned unpleasantly, her legs struggled to close, but Jack stopped it.

Looking at her tender flower-“Pui”, Jack’s mysterious eyes shrank dramatically…

Something was shocking…

The blood clot, solidified, cracked some skin.

“Well…”

The feeling of cold, pain and pain caused Jean in her dream to open her eyes in a daze…

As soon as she saw herself with her legs separated, Jean stared at him defensively, twisting her body and fleeing.

“Do not move!!”

He gave an order, “Where are you going?”

“What are you…what?” Jean blinked a pair of watery eyes and looked at him weakly.

“Applying “medicine”.”

Chapter 49

Apply “medicine”? Jean’s small face flushed instantly, “No need! I’ll do it myself.”

“Don’t move!” He emphasized again, watching her teasingly, “Oh, lie down for me.”

Jean frowned before she wanted to resist, but she couldn’t resist him with her strength.

Her legs were arrogantly separated, and the other hand, already holding a cotton swab, peeked into her privacy again…

“Hiss…”

Jean exhaled in pain, with more shyness on her cheeks.

This kind of thing is terrible!!!

“It hurts?” Jack asked her with an eyebrow.

“Of course.” Jean curled her lips she was still sullen at his brutality just now.

“See if you will be good next time…”

Jack looked up at her head and sighed carefully between her injured legs…

It doesn’t matter to him, but he confuses Jean…

The whole person, for an instant, froze on the bed, not daring to move, and her cheeks were flushed like a ripe red apple…

This man, unexpectedly…

This is simply subverting all her thoughts!!!

Jack got up and looked at her extremely pink cheeks, his faintly blue eyes sunk a little…

The flame, dyed in the eyes, jumped quickly…

He couldn’t help but deceived himself towards her who was flushed and extremely shy…

“Does it hurt?”

The damp and hot breath, with evil charm, splashed on Jean’s hot cheeks.

His voice is dumb, like the mellow aroma of wine…

Teach people, don’t drink and get drunk.

“No…It doesn’t hurt anymore…” Jean looked at him “bewildered”, and her little hand protruded subconsciously, pressing against his chest, trying to maintain the safest distance from him.

Jack threw the cotton swab away, grabbed her small hand with his big hand, and clasped it on his palm…

His snort took a deep breath between her neck…

The faint fragrance penetrated through and passed into the depths of his heart…

A kind of strange “fascination”, flowing past…

But his lower body felt the protrusion of a hard object…

To him, it seems to be not enough!!!

“Allison… Jack, don’t be like this…”

Jean resisted him.

From his eyes, she seemed to be able to see some of his thoughts.

Of course, Jack’s lips struck her once again…

Hot and humid kiss, domineering and arrogant…

His hand grabbed her neck with great force, forcing her to accept his rough and lingering kiss…

The ambiguous silver thread cuts between the lips of two people…

His kiss is tight, lingering, and even stronger and crazy…

That feeling, as if to swallow the petite person in his arms!

She doesn’t know how long this kiss lasted…

Jack let her go until Jean had begun to gasp hard.

“Jack, I’m so tired…”

Being tossed by him is exhausted!

Jack squeezed her little nose as if spoiled, “Be obedient…”

His attitude is like treating his pet in captivity!

There was a wry smile in Jean’s heart.

In her opinion, she is just a tool for him to vent his desires!

“I want to go back and see my dad!”

Jean said swiftly.

Jack stared at her for a second, then said, “Okay! You go back! I’ll let David see you.”

Jean thought for a while, and finally nodded, “Okay.”

Before leaving, Jack handed her the key, “You will wait for me at home tomorrow.”

Jack hoped that a bunch of keys, her heart hurts…

The eyes are moist, and finally, nodding…

Reach out, take it, obediently, “Okay…”

Does she have the right to say ‘no’ to such a man who can control her world?

Not.

……

Sitting in the car, Jean’s heart was messy.

Unexpectedly, after turning around, she eventually became Jack’s bed companion.

Sighed, a little bit lamented, but more helpless.

Her eyes swept outside the window…

Of course, when she left the door of the house, she saw that lovely face…

Ava!!!

Jack’s current fiancée…

The heart shrank fiercely, it hurts her, and even had difficulty breathing.

She saw the girl, standing there, staring at her in the car with that kind of extremely cold eyes!

That kind of eyes seems to be too rich…

Not reconciled!!!

Just like her before!

At that moment, she seemed to be on Ava’s body and saw herself in pain.

Jean quickly put aside her eyes, did not dare to look at her more…

The more she looks at her, the more she feels sad…

Also, more guilt!

She is a person who made a mistake after all!!!

Back home, all the seals were removed.

Everything at home returned to normal.

Megan gave Jean a good look at this meeting, “Hey, it seems that Jean is still quite capable! Let’s have dinner at home! I’ll let Uncle Jaxon cook some good dishes!”

It is rare for Jean to see Megan’s attitude, but she is a little flattered.

“Okay, thank Aunt Megan.”

Jean didn’t agree because Megan’s attitude eased, but wanted to get together with her elderly father more.

To be honest, after experiencing these things, her feelings for her father seemed to be inexplicably deepened, and she always felt that there might be his unspeakable suffering in him.

Emma glared at Jean jealously, and sarcastically said, “You are so charming! Jean, why does Allison Jack listen to you so much? Wouldn’t you have anything to do with him? Your business?”

Glover George’s old face pulled down in an instant, and looked at Jean with a serious face, “Jean, tell your dad what the hell Allison Jack wants to do? What is your relationship with him?”

“Dad! Just like what my sister said, because my charm is greater than the average person’s, so he is willing to sell his face to me! Of course, people like Allison Jack, definitely not everyone will give face! Just like a sister asking Him, hasn’t she eaten a closed door? So ah, dad, don’t worry about it. There should

always be such a relationship between Allison Jack and me before he would let us go!"

Jean smiled softly and talked.

However, every word and every sentence went straight to Emma.

If she remembers correctly, some women have reminded her that many things depend not on strength but charm!!!

Emma turned red with anger because of her words, so she wanted to reply, and heard her mother calling her, "Emma, call Mike to go home for dinner."

"Oh..."

Emma only then took off her edge, and when she thought of Mike, she smiled triumphantly.

Sure enough, just as she expected, the woman's face appeared pale that made her happy.

Even though, such a different "color" only exists for a second...

"Dad, I... I suddenly remembered that I still have something urgent to deal with, so I won't eat here!"

At this moment, Jean just wants to escape!!!

It's not that she is afraid to see the lingering relationship between Mike and Emma, but...

After the humiliating scene just now, she no longer knew how she was going to face that man!

So, she just wanted to escape him, far away.

“Didn’t you just agree to my mother? Why did you say you want to leave?” Emma leaned over to Jean and sneered, “Why? Scared?”

She saw the panic in Jean’s eyes.

“Dad, mom…”

Jean didn’t have time to leave, and there was a low voice at the door.

“Mike?”

Emma was overjoyed, and the whole person was like a puddle of soft mud, greeted the opposite daytime.

“I was just about to call you and ask you to come and eat! Do you know that all the crises in our family have been resolved! Do you want to know who resolved it?”

Emma laughed sneeringly, “It’s amazing! It was Allison Jack who asked to solve it!”

Emma’s words made Jean pale…

It also made the look in Mike’s eyes a bit bitter.

His eyes fell on the woman who was a little flustered on the opposite side…

Look at her straight that looks like he wants to see her deeply…

At this moment, Jean panicked completely…

The small hand holding the handbag can’t hold back tight and tight.

In the palm, layers of sweat…

She thought that he would tell all the scenes he saw today!

“Is it?”

Mike lifted his lips, seemingly a bit ridiculous, but in the end, he didn’t say anything, only said meaningfully, “It’s amazing.”

Then, there is no more text.

His reaction made Jean a long sigh of relief…

After dinner…

“Jean, just like Emma and others, live here tonight!” Glover George asked Jean to stay, “How long have you not been back to live in this house? Dad is thinking about it…”

Jean wanted to refuse. She was very unwilling to live under the same roof with Emma but seeing her father’s nostalgic look, Jean couldn’t bear to refuse.

In the end, she chose to agree.

“Great!”

Late at night…

The phone rang, it turned out to be Jack’s call.

“Where?”

He asked her, as if caring about her every move.

“Still at home,” Jean answered honestly.

“Yep…”

At the other end, the man groaned, and then fell into silence.

It seems that the person on the other side cannot find the topic at all.

Jean thought if there is nothing to say, why call her?

Jack didn’t know why he wanted to call her, so he wanted to hear her voice inexplicably.

“Are you looking for me?”

Jean felt embarrassed in this way, so she asked him actively.

Jack was stunned for half a second before he heard him reply, “No.”

“…”

“Uh, that, I’m going to take a shower, so I hang up first…” Jean “licked” her astringent lips before she said.

“No!”

Jack said sternly, with a domineering tone, and he couldn’t let his beak.

Jean was speechless.

“Speak to me…”

What?

Jean was completely stunned by him

And here, Jack lazily leaned on the guardrail, looking at the lonely night view outside the window, feeling a burst of emptiness in his heart…

Tonight, just inexplicably, he wants to hear her voice…

He found that the closer he got to this woman, the more empty he would appear after separation.

“Then what do you want me to say?” Jean found out that she could do nothing with him.

“Everything is fine, I’m listening.”

Jean, what can she say? This is not storytelling.

But, can he refuse?

“Or, let me tell you a story!”

Is this woman coaxing him like a three-year-old “hairy” child?

But, he just wants to hear her talk, so if she loves to tell stories, tell stories!

“Good!” He agreed.

Jean brewed for a while and thought for a long time before asking him, “Lyla’s daughter, have you ever heard of it?”

“What is this?” Jack raised his eyebrows, “I haven’t heard of it.”

Chapter 50

His hand was lazily holding that enchanting face, while the other hand, holding the phone, a casual smile between his lips, his cool eyes looked at the scenery outside…

Jean felt that his mood was a little better.

On the other end, she heard her beautiful voice, “Legend has it that there is a beautiful and kind mermaid in the Sea Kingdom. Once a handsome prince came on the sea, and the prince suddenly encountered danger but was rescued by the kind mermaid. From then on, the mermaid fell deeply in love with this handsome prince from the land. To pursue a happy love, the beautiful mermaid did not hesitate to endure huge pain, took off the shape of the fish, and even traded with the witch’s human form with her most beautiful singing voice but she didn’t expect that the prince was married to another human girl after he went ashore. Later, the witch told the beautiful mermaid that as long as she kills the prince and keeps the prince’s blood in her lap, then she can return to the sea and live her carefree life again, but the kind-hearted mermaid refused…For the happiness of the prince, she plunged into the sea and finally turned into a pile of shadowless bubbles… ”

And this story has a pseudonym called “The Bubble Princess”.

The story ended, and on the other end, Jack was silent.

Perhaps, Jean at that time never thought that one day…

She will also be like the mermaid princess in the story. When she abandons everything to be with her beloved and turn herself into another person for him, she will suffer a big turn-over…

When everything becomes just a ridiculous joke…

Jean thought, maybe at that moment, only Bubble Princess understood her pain the most, right?

Of course, these are all things…

“This is the end?”

That end, Jack asked.

“En! That’s it.” Jean nodded.

Jack lazily said, “Your voice is very nice…”

“…”

So, the story she just told is nothing like it? Is this man just to hear her voice?!

“What happened to you today?”

Jean always feels something is wrong with him.

“Nothing.” Jack shook his head.

Today, it’s just the death anniversary of his parents’.

Every day, he would feel very lonely…

“Jack, so you are here alone?”

Quill, there was a sweet voice on the phone…

It’s Ava.

That voice, like a sharp blade, hit Jean’s heart directly.

Inexplicably, her heart suddenly tightened…

She heard Jack say, “I have something to do, hang up first.”

“Toot toot…”

The cold mechanical sound filled Jean’s ears…

Inexplicably, her heart suddenly became a little hollow…

Hand, holding the phone, felt a little cold.

However, in Jean’s heart, she knew better than anyone that the risk factor of the man on the other end of the phone was dozens of times, even hundreds of times, higher than that of Mike.

Therefore, she must not sink her heart in…

As soon as Jean hung up the phone, the door was pushed open.

It was an accident, it turned out to be Mike.

He stood at the door and closed the door easily.

Jean stood by the bed in a daze, looking at him…

Looking at him, she suddenly felt funny…

This world is chaotic.

Once, when she returned to this house, he was living in the same room with her as Mike, but now, when he comes back, he has already slept on her sister’s bed…

How ridiculous, and how ironic.

Jean smiled lightly, “Brother-in-law, what can you do with me?”

Her sudden address made Mike slightly startled.

His face became a little difficult to look like, “Don’t call me that.”

Jean wasn’t in the mood to care about his temper, but said, “You have something to do with me? Let’s go out if I’m fine! I am going to take a bath and sleep.”

“Jean, you surprised me!!”

Mike’s words were all ridicule.

“It turns out that this is your true face. It seems that I underestimated your ability.”

Jean snorted coldly and did not answer his words.

If it hadn’t been for them to “force” her into such a blind spot, how could she crash into Jack’s hands?

Now, what right does he have to stand opposite her and say these ridicules to her!!!

“Jean…”

Mike approached her step by step…

There seemed to spark in the bottom of his eyes, and Jean’s eyes were so cold that Jean frowned.

A dangerous atmosphere filled the room…

“It looks like you have a pretty good lip service!!”

Mike grabbed her chin and forced her to open her lips.

“Since you can kneel and ‘lick’ for Allison Jack, then it seems you be able to serve me comfortably!!”

“Asshole, let me go!!!”

Jean struggled, and the little hand broke his big hand, her heart was completely replaced by anger, “Mike, you are not as good as a beast!!! What qualifications do you have to say such a thing? Let me serve you? Dream!”

“Dream?”

Mike sneered, and the hand holding her jaw became tighter and tighter…

“Jean, are you not afraid that I will shake out what I saw today?” He squinted his eyes and looked at her darkly.

Jean held his cold arm and sneered, “Shake as you like! The moment you see me again, I don’t think I will let you go easily!”

“Jean, you have a long bone!!”

“Yeah!! Thank you and Emma for this!!!”

“Then I see when you are going to be persistent!!”

Mike grabbed her and threw her on the bed. In the next instant, the bastard started to untie his belt.

“Mike, you must not die!! My sister wants to know that you look like madness, she must not spare you!!”

“She can’t spare it, it must be you!!”

Mike sneered before he wanted to take out his high-spirited things, and Jean took the opportunity to get up and run, but she didn't expect that this bastard had already "feel" her mind.

As soon as she stretched out her hand, he brought her back and pressed her on the bed again.

"It's not that easy to run!"

Mike laughed a bit ferociously…

Thinking of the scene between this woman and Jack in the daytime, he wanted to break her into pieces.

Jean, is this the so-called love in your mouth?

It turns out that the love you gave is just so vulnerable!!!

"Asshole!!! Let me go!!!"

Jean opened her mouth and bit his arm, "Help!!! Help…"

She yelled, struggled desperately, and stubbornly resisted. At that moment, she had never been disgusted with this man like this one!!!

"Mike, you really…make me sick!!"

"Jean, you are in my heart, and it's not much better!!"

Mike's sullen eyes shrank sharply, and the next moment, the whole person invaded towards her.

"If you dare to touch me, Jack will never let you go!!!" Jean yelled.

Mike pressed her on his body, and was about to send a huge hard object into her mouth, sneered, “Jean, what you tell him, then not only me, but you are the one who is finished!! Say it! You may also add your sister, your father, and everything about your entire Glover…Look, who of us is more playful!!”

Mike “exposed” a hideous face.

“Beast!!!” Jean struggled frantically before reaching out to beat him, but unexpectedly, she was firmly imprisoned by his big hand.

And that disgusting thing from him is going to be stuffed into her mouth…

At that moment, Jean’s tears of humiliation were about to well out of her eyes!

Even if she was forced by Jack, she did not feel as humiliated or nauseous as at this moment!!!

“Mike, I hate you!!!”

“What are you doing!!”

Jean’s door was suddenly open, and Emma stood outside the door.

At this moment, she stared at a pair of fiery eyes, staring at them who were overly ambiguous on the bed…

She saw that her fiancée took out the huge hard thing and was about to put it into Jean’s mouth…

And at that moment, Jean, who was tense, breathed a sigh of relief…

Finally, she can get rid of this demon!!!

Emma stood there, her face changed from red to white, and from white to red…

On the other hand, Mike on Jean's body only tilted his head, looking at Emma at the door, his eyebrows frowned as if dissatisfied…

After a while, she came down from Jean lazily.

At that moment, Jean was disgusting from the heart of this man…

In the past, what kind of eyesight did she has to see such a jerk and beast!!!

No, maybe he was a beast and spoiled the beast!!!

Emma rushed over, raised her hand, and was about to draw her face towards Jean…

Just when Jean was about to capture her, she didn't expect that one hand would come faster than her…

Well, it turned out to be Mike!!!

Jean stared at this man in disbelief…

Shocked, this bastard would help her stop this crazy woman!!! She is not dreaming, is she?!

"What you do?"

Emma glared at her man in disbelief.

"It's not her fault." Mike said indifferently, and added, "I forced her!"

"Mike, you… do you know what you are talking about?!!!"

Emma stared at the man in front of her sullenly, her hand trembling unceasingly.

Jean’s astonishment slowly eased. To be honest, she is really happy to see this situation.

Ah! It turns out that they will have such a day!

Dog bites a dog, is that the case?

Jean applauded in her heart!

“Emma, don’t think that I don’t know what you did in front of Jack!!” Mike’s expression was extremely cold.

“Don’t you always want to climb on Jack’s bed? What’s wrong? He doesn’t look down on it? Why? Because you are not a virgin? Because you were played by me?”

Mike said in a cold voice, step by step “close” to Emma.

At this moment, Jean began to wonder if there is any love between the two opposing people…

If there is love, why, the two of them can be so aggressive.

If there is no love, why did he do such a stubborn thing with this woman back then, and even give birth to a child?

Ah! Maybe they are not loveless, but ruthless!!!

“Mike!!!”

Emma was extremely angry.

Jean snorted coldly.

It seems that this woman discovered the true face of this man!

“Emma, you shouldn’t have come in just now! You should let me play this woman fiercely! That way, Jack will abandon her like a rag! Even if he doesn’t like you, But this woman can also be kicked away by Jack! Wouldn’t it be in your arms?”

Mike suggested her.

And here, Jean’s face became paler and paler because of his words…

At that moment, she regretted that she should have rushed out when Emma rushed in!!!

So, now it’s too late…

“Where do you want to go?” Jean’s arm was grabbed by Emma’s sharp hand.

“Let go of me!! You two demons!!”

Jean never knew that people could be scary to such an extent!!!
