Chapter 1521: Believe It Or Not

"How about... We try switching to women?"

The blonde guy got a solid kick from his boss. "Idiot! Don't try to get me into more trouble!"

The blonde groaned and used his arms to shield his head. "No, that's not what I meant! It might really be possible. Didn't you notice that she made all of us swallow the bomb but not the two girls? She looked so disinterested and was even disgusted towards the young men we got her. She probably doesn't like men!"

The big-sized guy touched his chin as he weighed the possibility. "Well, Boss, the kid's got a point this time..."

The boss clenched his teeth. "Nonsense..."

A beauty who liked girls instead of men? He would never believe it!

"Boss, let's try since we all might die anyway," the blonde mumbled.

The boss felt that his assumption was not reliable, so he refuted the idea.

At the same time, a female devil somewhere was looking for someone to play a shooting game with her because she was bored.

The henchmen obediently arranged the targets for her, fulfilling all her needs.

Ning Xi was casually spinning a gun around in her hand as she smiled at everyone. "Playing by myself is no fun at all. Let's do something interesting, alright? If anyone can best two out of three matches against me, I'll let him go!"

Everyone seemed to have found a ray of hope as she said this. They all looked at her direction.

"Really? As long as we win, then we can go? What if you break your promise?" Someone timidly voiced out his suspicions.

Ning Xi glanced at that person. "Believe me or not, it's up to you!"

"Uhh..." Everyone looked like they were about to cry.

The blonde's eyes lit up and he quickly ran over. "Then, I'll go first! I believe you'll keep your promise!"

Ning Xi waved her hand casually. "Sure."

The blonde whipped out his gun and took a deep breath before he aimed at the target.

At the same time, everyone around looked at the blonde nervously.

They knew that the blonde had pretty good marksmanship. If not, he would not have challenged her.

"I'll start now then!"

"Stop talking!"

"Yes, yes..."

The blonde pulled the trigger. Bang!

"9.2 points!" A skinny score recorder yelled.

Bang! The second shot. "9.5 points!"

Bang! The second shot. "10 points!"

"Oh! Marvelous!" The crowd cheered for him.

"What a hideous man! He's going to leave us behind!"

...

Among the cheering, there were triple loud, consecutive shots. Ning Xi had made three shots and all of them hit the bullseye.

Everyone was mind-blown.

"Go ahead," Ning Xi said without any expression.

"This can't be real..." Someone blurted out after a short silence.

After that, several other people challenged her out of frustration. In the end, all of them were defeated.

Finally, Ning Xi became impatient and she told the next challenger, "From now on, anyone who loses will tell me his bomb number."

Everyone dreaded whatever was coming next. Oh no, the female devil was going to start a killing spree!

The boss with tattoos could not just sit around anymore. If she kept this up, everyone was going to end up dead!

Chapter 1522: Can I Still Make It If I Castrate Myself Now?

"Oh, my great aunt, just what do we need to do to make you leave? Give us a price. Can we buy our lives?" Someone pleaded.

"Oh, then a hundred million per person!" Ning Xi announced.

That was daylight robbery! How cruel!

Everyone was speechless. They would rather die.

This situation was getting really out of hand.

The boss thought of whatever he could, but he had to accept that she was not leaving. He glared at the blonde. "I'll trust you this once! If it fails, without needing her to do anything, I'll kill you!"

He then made a call. "Hey, No more guys... Get me some girls! Of course, some pretty ones! Those that look clean and nice. Hurry!"

"Great aunt, please forgive me! Please forgive me!" A failed challenger fell on the floor with weak knees while the others trembled. The next person might be...

As Ning Xi was about to say something, a bunch of girls walked in.

The girls looked rather young. They were all around 20 years old, just the right age. Unlike the two skimpy-clothed girls from earlier, these girls dressed casually and looked like sweet, obedient girls. Most importantly, they were very cute and pretty. The man was still trembling before her.

Ah, pretty good...

Ning Xi's mood improved drastically after she saw the pretty girls. She waved a hand at the man who was begging for his life. "Well, I won't scare the girls by making you explode here for now."

So, she let him off.

What a sudden turn of events! The henchman could not believe it! He profusely expressed his gratitude then ran away.

The boss was speechless. Was the method actually working? It seemed to be darned effective!

After a short while...

The girls' eyes glittered in fear. At times, they even blushed. They started getting possessive over Ning Xi. All of them were pouring wine for her and feeding her fruits.

The boss remained silent.

The blonde bit on his fingernails. He was really jealous of Ning Xi's gentle attitude towards the girls. He lamented, "Oh, why am I not a girl?"

Someone mumbled, "If I go and tell her that I'm actually a woman and that I went for a sex reassignment surgery, would she believe me?"

Another person said something more unbelievable. "Can I still make it if I castrate myself now?" Losing his penis was better than losing his life...

Everyone else was speechless.

...

At the same time, Ning Xi did not know that things were going crazy outside.

At the Imperial First People Hospital, Feng Xiaoxiao was holding an apple and trying really hard to carve it into a bunny shape.

"Phew! I'm done. Enjoy it, Boss!" Feng Xiaoxiao passed him the apple. She was always hustling outside. Delicate tasks like these would kill her.

The man lying on the bed was looking at the direction of the entrance as if he was waiting for someone impatiently. He looked unfocused and fidgety. When he saw the apple in Feng Xiaoxiao's hand, he simply commented, "Ugly."

Chapter 1523: Historic Moment

Feng Xiaoxiao was speechless.

Her heart was shattered into pieces! How could he say the word "ugly" to a girl? He should not have done that even if he was commenting on the apple she peeled!

"Hey, I tried, okay? How is it ugly? It's so cute! Who carved this apple?" Feng Xiaoxiao saw a yellowish apple on the table. "This apple was carved really carefully. I mean, it's a piece of art by itself, but you didn't eat it either..."

The man then stared at her with a blizzard-like gaze.

Feng Xiaoxiao backed off with the apple still in her hand, looking innocent. "Is there something wrong?"

The door opened and Tang Ye came in. "Little Junior Sister was kidnapped by the Qing Xuan Gang."

Yun Shen and Feng Xiaoxiao's expressions changed.

In a few minutes, Feng Xiaoxiao calmed down. "Well, my woman's instincts told me that Meng Shiyi wouldn't be able to stand down, but I knew Little Junior Sister would be alright! Boss, you already told everyone in the industry. No one would dare to lay their hands on Little Junior Sister unless they aren't close to the core and didn't know about your orders. Still, she can easily handle those small fries by herself..."

Feng Xiaoxiao's prediction was correct. Even if Meng Shiyi were the daughter of the boss of the Qing Xuan Gang, she could not summon the main forces of the gang either. At most, she could only utilize a small section of them.

Yet, the man on the bed was not relaxed at all. In fact, he looked terrible as he got up from the bed and looked at Feng Xiaoxiao coldly. With a sarcastic tone, he said, "It's alright? It'd be alright if it were a year ago! Now, she's become a useless person after being with Lu Tingxiao!"

"Uhh..."

So what if she became useless now? So many women were longing to be spoiled like that! How unromantic! No wonder he can't find a girlfriend.

Just admit that you're worried about Little Junior Sister...

The man quickly put on his coat. Tang Ye frowned and blocked his path. "Satan, your wound hasn't recovered yet. You can't leave the bed."

Feng Xiaoxiao went along, "Right, right. I think Lu Tingxiao must've gone over already. We don't have to join them..."

Tang Ye pinched the space between his eyebrows and glared at Feng Xiaoxiao in silence.

Feng Xiaoxiao was confused. "What's wrong again?"

Because of Feng Xiaoxiao's words, Tang Ye knew there was no going back. He just looked at Yun Shen as he gathered 20 elites and headed towards the Qing Xuan Gang branch.

Just ten of his elites would be more than enough already, but not only did he gather 20. He even had Tang Ye and Feng Xiaoxiao with him, his two war machines.

When they reached the location where Ning Xi had been abducted, they met Lu Tingxiao and his people.

Feng Xiaoxiao looked at the chilly man leading the other group, then she looked at her own boss. "What a rare sight to behold. The Qing Xuan Gang must be very lucky, having these two people look them up today. This historic moment should be recorded in their gang's history..."

The troubled Shi Xiao was standing behind Lu Tingxiao.

Although he was Ning Xi's bodyguard, he was not remarkably effective at all. Ning Xi only brought him along to events with crowds to avoid people mistaking her for being arrogant.

Chapter 1524: A Happy Welcome

However, when Ning Xi was filming, he could not follow her. He would only stay in the car or keep an eye on her somewhere obscure. Thanks to the jaw-dropping martial skills of his lady boss, he was actually bored every day. He had no chance to redeem himself at all. At least Xiong Zhi was being ordered to protect the lady boss's cousin.

Ning Xi had gotten into trouble while he was thinking about how useless he was. It was way past her working schedule and she had not appeared yet. He realized that something was wrong but by the time he found out that his lady boss had been kidnapped, it was too late. At first, he wanted to save her all by himself to redeem himself but his boss found out about it too and was going to save her personally.

Not only that, what was the other group doing here?

Shi Xiao could not just stay idle anymore. He knew he would not be able to do anything further, so he offered, "Boss, I'll go and take a peek at what's happening inside!"

"Wait," Lu Tingxiao rejected Shixiao's request as he looked at the entrance carefully.

At the same time, Yun Shen was also looking at the tightly-sealed entrance, his cold gaze rendering everyone quiet.

Tang Ye frowned a little. "Something might go wrong. Everyone, be careful."

Feng Xiaoxiao was on high alert as well. "Something isn't right. Why isn't there anyone guarding the entrance? It's way too quiet... Where are the people? Are we sure that Little Junior Sister was brought here? Damn it! Could it something have happened to her!? How dare they!?"

...

In the hall, the boss was pouring some wine for Ning Xi regrettably.

It was a high-grade wine that he had been keeping for many years!

Money, beauties, rum... He had tried everything, yet the woman was enjoying herself and did not seem to have any intentions of leaving.

What made it worse was that while she was really gentle towards the girls, her attitude towards men was absolutely cruel! She was fooling around with them endlessly. They were about to go crazy!

The big-sized guy was looking up online about how to get on a girl's good side. After a while, he cried and went up to his boss, "Why's she not leaving yet?"

"Who am I supposed to ask?"

Suddenly, a henchman ran over, panting. He went up to his boss and gasped, "Boss! Outside... Outside..."

"What about outside?" The boss sounded angry.

"There are people! A lot of people... A lot... They seem to be here to rescue this woman..."

"Really?" The boss's eyes brightened up. He then gathered several of his men and they sneaked towards the entrance while Ning Xi was busy with the girls.

By the door, as everyone was worried about the strange situation and Ning Xi's safety...

The door creaked as it was opened from the inside.

Suddenly, everyone pointed their weapons towards the entrance.

The boss raised his hands up high. "No... Please calm down! I believe you guys are here to rescue great... To rescue Ms. Ning?"

They just stood by the entrance and did not move another inch. If they were too far away, it would trigger the alarm on Ning Xi's detonator.

"Let her go then!" Shi Xiao howled.

The boss knelt on the floor and cried with joy, "Rejoice! Rejoice! You guys are finally here!"

The people behind the boss were overjoyed. They quickly swung the door open wide. "Please come in! Everyone, please!"

Lu Tingxiao, Yun Shen, Tang Ye, and Feng Xiaoxiao did not know what to say.

Why were these people so ecstatic to the point that they were about to dance?

Chapter 1525: Feel The Sadness

Feng Xiaoxiao's mouth twitched in amusement. "Is it just me, or do these people look really happy?"

Could they be plotting something?

The boss of the branch finally got up after crying for a while. He looked like he was afraid that they might leave. "Everyone, I'm sorry for not being able to serve you better. Please come in quickly..."

What did he mean by that?

Things were really strange...

Oh, well, with their combination, they feared no tricks.

Since the both of them prioritized Ning Xi's safety, Yun Shen and Lu Tingxiao looked at each other. Then, they nodded and ordered their men to go in at the same time.

"This way!" The boss led them personally, his eyes still wet while the other members rushed into the hall in high spirits.

Out of the blue, many people came out. All of them looked at the group as if angels had just come to visit them. The atmosphere was oddly saturated with hope and joy.

Someone mumbled, "That's great... Someone's finally here to save us..."

Huh?

What had happened?

Yun Shen and Lu Tingxiao walked up front. Behind them was Feng Xiaoxiao, Tang Ye, Shi Xiao, and a group of fierce elites.

The situation was peculiar, so all of them were on high alert. When they were just a few steps away from the hall, their vigilance heightened to its peak.

Then, Lu Tingxiao and Yun Shen saw the girl, who had made them worry so much, sitting comfortably on a tiger pelt on a chair. A bunch of pretty girls was around her. One was massaging her shoulder, one was massaging her back, one was pouring her some wine, and some were fanning her. Some were even dancing for her.

On the other hand, the men were performing some street tricks such as shooting apples on top of each other's heads, crushing large bricks on top of their chest and so on. Some were even giving an entertaining show-and-tell performance...

How was this kidnapping? This was the conquering of a territory!

Everyone by the door was quiet.

The boss of the branch was worried when all of them stopped moving. "Everyone, please bring Ms. Ning away quickly! We really didn't hurt a strand of hair on her at all..."

She's the one who has been hurting us!

"We're too ignorant. We know our fault now. We wanted to let her go as soon as possible, but she didn't want to leave. We've tried everything, but we ran out of ideas..."

Please get this she-devil away from us!

The others were whimpering and agreeing to what their boss said. "We're just following orders. We didn't even lay a hand on Ms. Ning!"

"I haven't gotten married..."

"I'll surely do good from this point onwards..."

...

The guys were crying, making anyone who saw them surely feel the sorrow within them.

They were not to be blamed. Ning Xi had had her torturous ways with them, and she was undeniably an expert at psychological warfare. Their traumatic experience had reached their maximum at this point.

"So, so pitiful," Feng Xiaoxiao mumbled.

In the hall, people started streaming towards the entrance when they realized something odd was going on. Ning Xi raised her head and suddenly spat out some wine.

"What the heck!?"

Chapter 1526: The Situation Was Very Chaotic

Dearest darling...

And that Yun fellow...

Why had they come, even appearing at the same time?

Also, there was such a grandiose, majestic sight behind them. What was up with this epic troop formation?!

Ning Xi gulped hard. Uh, it seemed like... she had gone overboard!

"Hmph, rather free and unfettered, aren't you?" Yun Shen put on a fake smile as he looked at a certain someone who sat on her tiger pelt in a dictatorial manner. That gaze of hers appeared like she was about to murder someone.

Ning Xi ignored Yun Shen. Instead, she tossed the wine glass in her hand away, then quickly ran towards Lu Tingxiao.

The leader behind them faltered as he dashed over to catch the wine glass. Oh! This glass was an antique and was very expensive!

"My dearest darling!" Ning Xi snuggled into Lu Tingxiao's embrace like a young swallow that had returned to the forest. The expression on her little face looked like she had suffered terribly. "Oh, they bullied me..."

With a crash, the wine glass in the leader's hand had fallen to the ground and made an ear-piercing sound...

Not only him, even all of the small bandits on the side looked towards Ning Xi as if they had just seen a ghost.

What?! That was not what had happened!

One could not be that shameless...

"No! We didn't!"

"Injustice!"

"Great one, we're being accused!"

"How dare we bully the great aunt?!"

"Please, the two of you must distinguish right and wrong with acuity and give us justice!"

...

Suddenly, the wails in the hall started. Their expressions were way more tortured than Ning Xi's. They probably knew that Yun Shen and Lu Tingxiao called the shots, so all of them were asking the two of them to provide them justice.

The situation was very chaotic.

Yun Shen and Lu Tingxiao were speechless.

Lu Tingxiao looked at the girl in his embrace a little helplessly. "What's happening?"

Ning Xi sobbed and sniffled as she looked up at him. "My hair clip... Hair clip was broken by them..."

"What nonsense?" Yun Shen was a little agitated at the sight of Ning Xi fastening herself to Lu Tingxiao.

Ning Xi shot him a look. " You're nonsense! It's a present that my son gave me for my birthday! It's so important, yet they broke it by stepping on it!"

Everyone in the hall, including Yun Shen, had no words to utter.

Bloody hell... Was there a mistake? They had been tortured like this all because they had broken her hair clip?

The leader drew a deep breath and looked at the few people who were responsible for kidnapping Ning Xi earlier. "You lot, who stepped on Miss Ning's hair clip and broke it?"

The blonde, the tall, skinny guy, and the scar-faced driver all pretended to look innocent. The big-sized guy trembled like he had nothing to live for as he murmured, "I think it was me... But it was an accident!"

"Is this it?" At that juncture, Shi Xiao took out the broken hair clip from behind him.

He finally had a chance to perform, but he was not charging and breaking through the enemy lines. He had just unintentionally picked up a hair clip...

"That's the one!" Ning Xi quickly took it heartbreakingly. That murderous aura in her eyes was rising again.

A certain leader was afraid that this great aunt would flip again. He immediately went over to kick the big-sized guy. "Who asked your feet to be so careless?! You don't even know how to kidnap a person... Why did you step on the young lady's hair clip for no reason?! Are you sick in the head?!"

The big-sized guy was speechless. Who was the one sick in the head now?!

"Yes, yes, yes... Yes, I'm sick in the head... It's all my fault..."

Lu Tingxiao looked at the girl's pitiful expression and rubbed her head. "It's fine, it can be fixed. I'll get it fixed when we get home."

Chapter 1527: They Were Here To Rescue The Kidnappers...

"Mmm." Ning Xi nodded obediently. At the same time, she was relieved that she had avoided a catastrophe.

Suddenly, Yun Shen's voice reached her ears. "What's up with those girls?"

Why did he have to mention that? Gah!

Ning Xi almost wanted to kill him. She replied almost instantly, "That's none of your business! My darling hasn't even said anything yet!"

"You..."

Tang Ye coughed lightly and reminded her, "He's still injured."

Please take it easy on him, Little Junior Sister.

"What's up with the girls?" This time, it was Lu Tingxiao who asked.

It was such a rare moment that Yun Shen and Lu Tingxiao were on the same side. Yun Shen was so surprised that he looked at Lu Tingxiao.

This time, Ning Xi could not answer half-heartedly again.

She phrased her words carefully, "It's all their fault! They stooped so low and tried to win me over by seducing me! At first, they brought the guys, then it was the girls! Do you think I'm the kind of person who can be won over by such low tactics? Of course not! I'm just afraid the girls might be scared by their ferocious faces, so I chatted with them for a little and soothed their feelings..."

Everyone from the gang was rendered speechless.

Who was the ferocious one?! Compared to her, all of them were obedient little babies!

As Ning Xi was twisting her words, Yun Shen interrupted, "Soothing their feelings? You really had to let them sit on your thighs?"

Ning Xi could not find a comeback.

"What are you talking about?! Who's sitting on my thighs?!"

"If we hadn't come here in time, wouldn't someone already be sitting there?" He had caught a glimpse of a girl slowly inching closer to Ning Xi just now.

"I wouldn't let them do that even if you guys didn't come, alright? Do you think I'd be someone with such low integrity like you?" Ning Xi fumed.

The man continued to sneer, "We were thinking of ideas to rescue you outside, yet you were having fun in here. Are you making any sense? If we were here any later, you'd probably have a wife already!"

"You..."

Lu Tingxiao sighed and he stopped their argument. "Let's leave this place first."

The gang members nodded vigorously. All of them wished that they would leave as soon as possible!

The group left, which made the gang members cheer happily. They practically wanted to throw a party to celebrate their freedom.

At the entrance, Ning Xi saw Yun Shen looking pale and checking his wound from time to time. She frowned. "Why are you here when you're not even fully recovered yet?!"

Yun Shen's expression darkened. "What now? Are you worried that your partner will be sucked dry by me?"

Ning Xi was speechless. Could he be any worse?

Feng Xiaoxiao shook her head, thinking that her boss truly had very low EQ.

Little Junior Sister was just concerned about you!

"So, what are we doing here today?" Feng Xiaoxiao felt like she had been defeated over nothing.

"For a rescue," Shi Xiao said.

Mmm, to rescue the kidnappers. That's right.

...

At midnight, the white-haired man was looking out of the large window. "Before dawn, take over the Qing Xuan Gang."

His short instruction was about to cause a massive bloodbath in Imperial that night...

Tang Ye accepted his order. "Will do."

...

Inside a VIP room in a high-class club.

Things were getting wild in the room. Everyone was surrendering to their desires and having fun when suddenly there was a loud bam. The door was kicked open all of a sudden.

Chapter 1528: Bloodbath

A troop donning black suits surrounded the room.

"Who the heck are you guys to ruin my fun?! Prepare to defend your lives!" The man, who seemed to be the leader, spoke. He looked drunk.

As he finished his sentence, a cold gun was pointed at his forehead. "Pledge your allegiance to us, or die."

"You... Who are you people? Do you know who I am? I'm the boss of the White Tiger Section from the Qing Xuan Gang. I..."

The sound of a gunshot rang out in the night. A bloody hole appeared on the man's forehead and he fell to the ground. The gun was equipped with a silencer, so the sound was muffled but it packed enough impact to render everyone in the room pale.

"Murder..."

"Boss!"

"Oh no! They killed Wang Hu!"

...

"Anyone has any objections?" The shooter in the black suit looked at everyone in the room coldly.

No one uttered a word.

Another person in a black suit crossed out "White Tiger Section" on a piece of white paper...

"Next."

...

At the same time, many similar incidents happened all over Imperial. That night, a thick fog covered Imperial.

In the study room of a luxurious house by the hillside.

A person barged in as he slumped to the ground. "Boss, it's bad... Things are bad!"

"Why are you freaking out? What's wrong?"

"Just now, an unknown party invaded our bases in Imperial... Within just an hour, they've taken control of 11 branches..."

"What did you say?" Meng Zhenhuan stood up in fury and disbelief. "Who are they? How dare they?!"

"They were too quick. We still don't have a lead yet! But I seem to have seen a monogram of the letter 'S' on their outfit..."

"What?" Meng Zhenhuan's expression changed. "Are you sure?"

"I'm very sure! Boss, could it be... Are they from Satan?" The henchman shivered a little.

To have the ability and guts to raid their bases this quickly, he could not think of anyone else besides that man.

"Impossible." Meng Zhenhuan rejected his subordinate's guess.

They had met each other when that man entered Imperial. Even then, he had questioned his intentions too.

He did not seem to be interested in the underground powers in Imperial. They even said that they need not be concerned and could just carry on as usual.

Then, why would they suddenly do something like this?

"Then, did we offend someone lately?" The henchman looked confused.

"Wait, I'll make a call..." Meng Zhenhuan muttered to himself, then he called a number from his phone.

However, no one picked up.

Meng Zhenhuan was getting uneasy. He made another call.

It got through this time.

"Hi, Master Ye. I'm sorry for bothering you this late at night. My man told me that many of our branches were invaded and that the invaders seem to be from your organization."

"It's Satan's orders." A cold voice came through the phone.

Meng Zhenhuan could not immediately react to what he just heard. His face drained of all blood.

"What?! Why would Satan do this? Last time, he said..."

"About this, I suggest you find out about it on your own, Mr. Meng." The call was then hung up.

Chapter 1529: Stray Dog

Meng Zhenhuan was shocked when he heard what Tang Ye said.

What did he mean by finding out about it himself?

Could there be some issue with him? Did someone from his side offend that man?

How was that even possible!?

Meng Zhenhuan then made several other calls. In the end, he got a lead. One of the branch heads hinted to him to ask his daughter.

Ask Shiyi?

How would Shiyi know anything about this?

Meng Zhenhuan was confused, but he still asked her to come over.

"Father, what do you need me for at this time? Why did you disturb my beauty sleep!?" Meng Shiyi pouted impatiently.

"Let me ask you. What have you been up to recently?" Meng Zhenhuan asked in his deep voice.

"What else can I do? Filming, shopping, and facials..."

"Anything else?"

"Nothing!"

"Think properly!" Meng Zhenhuan slammed hard on the table.

Meng Shiyi was shocked by the sudden aggression. She tried to focus when she saw her father's terrible expression. "I really didn't do anything... Why are you being so fierce towards me?!"

"Did you offend anyone recently?"

"Father, what are you talking about? Who's worthy enough to make you use the word 'offend'?" Meng Shiyi said, full of pride.

Meng Zhenhuan seemed like he was about to erupt. He said in a stern voice, "Satan's people have been shutting our gang down. Do you know that they are coming right into our house soon?! Think about what you might've done that could have upset him! I've asked around and someone told me to ask you! Did you offend anyone?"

Meng Shiyi's expression changed. "Impossible! I just..."

"You just what?" Meng Zhenhuan realized something was up and he asked carefully.

Meng Shiyi gnawed on her lip. With a guilty conscience, she said, "I just gave a lesson to that vixen who seduced Bro Shen!"

Meng Zhenhuan slammed the table furiously. "That's probably it! Where is she?! Let her go! We might still have a chance for forgiveness if you go and apologize personally!"

As Meng Zhenhuan confronted his daughter, numerous people with blood all over them came in and reported bad news to him. More and more branches had been wiped out.

"Boss, the Green Dragon Section has fallen."

"Boss! Chang Chun City is controlled by them now!"

"Boss, Dong Ying City has turned their back on us..."

...

Meng Shiyi just stood in the middle of the room, watching these people coming in and going out, and the leaders of each branch asking her father what to do. She felt like she was in a dream.

Before this, she had still been a powerful lady. However, suddenly she was like an abandoned stray dog...

Meng Zhenhuan gave up talking to his daughter. He quickly investigated what had happened that day, then he summoned the people who were ordered to kidnap Ning Xi.

"Boss, the person is alright... She's alright! The great aunt isn't hurt at all! She's been rescued a long time ago! I just didn't tell you the truth to avoid blame from Miss..." The head of the small branch replied fearfully.

He was just a minor leader. His legs were shaking as it was his first time seeing so many bosses around him.

Meng Zhenyuan let out a sigh of relief when he found out that the girl was alright. He then asked, "She was rescued? Who rescued her?"

"I don't know who they are. I've never seen them before, but all of them looked like trouble... Oh right, there were two groups of people. One of the leaders looked pretty unique. He had white hair..."

"White hair?!" Meng Zhenhuan stood up suddenly.

Chapter 1530: Support Request Denied

Satan had gone to rescue her personally, which showed just how important this woman was to him, and Shiyi had kidnapped this woman.

"Who's that woman?" Meng Zhenhuan asked.

"She's just an artiste called Ning Xi..."

Meng Zhenhuan tumbled into his chair, his last strand of hope destroyed. "It's over... It's really over..."

"Father! She's just a mere artiste! So what!? And she's alright now, so why are you so nervous? Well, I could just go and apologize to Bro Shen!"

Meng Zhenhuan slapped Meng Shiyi's face. "Do you know who she is? She's Tang Xi! The Little Junior Sister of Tang Ye and Feng Xiaoxiao! Yun Shen's only woman! Some time ago, Yun Shen issued an order forbidding anyone to lay their hands on her! Didn't I warn you that you can do anything to any woman around Yun Shen besides her?!"

The minion, who had been tortured by Ning Xi earlier, was speechless at the moment.

What the heck?! So, that woman was the rumored Ning Xi...

Today, they would die of an unjust cause.

Meng Zhenhuan would never have expected that his own daughter would cause his downfall.

Meng Shiyi totally freaked out. "How would I know that she's Tang Xi?!"

Actually, she was just mad that her father had told her that. In addition to finding out that Yun Shen had rescued Ning Xi, her rationality went out of the window. She had ignored her father's warning and kidnapped Ning Xi, not knowing that it would cause such severe consequences.

"Boss, we need to come up with something right now!" One of his henchmen reminded.

The hundred-year-old organization was facing the fate of being annihilated overnight and everyone succumbed to their fear.

Meng Zhenhuan looked dreadful. "It might still be effective to apologize if it were someone else, but now, it's probably still useless even if I killed my daughter personally..."

He paused for a bit, then said, "Go! Someone get Lu Tingxiao! Our only chance left to survive is with the help of the Lu Corporation..."

The Qing Xuan Gang had been controlling the underground society in Imperial and numerous other places for a long time. Since the Lu Corporation was such a prominent group, they had several important connections. If the Qing Xuan Gang was annihilated, it meant that Imperial might be controlled by some other organization. The Lu Corporation would not just let them do as they pleased!

"Yes! I'll do that now!"

The subordinate left quickly.

Time passed by and the sun rose.

The subordinate who had gone to request for help came back.

"How did it go? What did Mr. Lu say?" Everyone looked at him in anticipation.

The person looked crushed. "Mr. Lu... Mr. Lu..."
