

Hidden Billionaire Chapter 157 - Accompany to the End -

C157 Accompany to the End

"Do you really think you can destroy our company with this kind of method?" Wu Tian's tone became colder.

He had come here with good faith to reconcile, but he was disappointed by the attitude of others.

"This is just a small trick of mine." Zhao Changfeng slowly clenched his fists and said with a ferocious look, "I have a hundred ways to destroy you."

"Boss Zhao, right now, you are trapped in the siege. You always feel that you are the strongest while ignoring the existence of others."

"It's not your turn to teach me a lesson." Zhao Changfeng shook his hand and impatiently shouted, "I don't welcome you here, please leave."

"Boss Zhao, like I said, I hope we can reconcile with each other."

"You really want to reconcile with me?"

"Right."

"That's simple. As long as you find that girl surnamed Cheng to accompany me, I'll reconcile with you." Zhao Changfeng gritted his teeth and raised this condition.

Cheng Yuanyuan was also the reason why they had fallen out.

"I shouldn't have come looking for you." Wu Tian disdainfully smiled and was extremely disappointed with Zhao Changfeng's face.

Wu Tian didn't expect him to not change his mind. He still wanted to get Cheng Yuanyuan even now. He was really shameless.

"Alright, then I'll change the conditions." Zhao Changfeng changed his tone and made a request: "As long as you kneel down and apologize to me, I will let you go."

Previously, this brat had caused him to lose a lot of face, but now, he needed to use this method to regain it back.

"It's impossible for me to kneel down even if I were to die." Wu Tian refused decisively. He wouldn't kneel even if his head was under a knife.

"Since you're so stubborn, then there's nothing to say."

"In other words, Boss Zhao is determined to fight with me?"

"No, not me." Zhao Changfeng shook his finger and said in a cold tone, "I stepped on you."

"Since that's the case, I shall accompany you to the end." After saying that, Wu Tian turned around and walked out of the office.

If he knew earlier, he wouldn't have come to find Zhao Changfeng.

From the looks of it, the old thing had already hardened his heart to defeat him. Right now, there was no other way out, so he could only face the difficulties head-on.

Before he left the room, he heard Zhao Changfeng's cold voice, "Brat, there will be a day when I will make you kneel on the floor and beg for your life. You beg me to let you live."

"This day will never come." Wu Tian quickly left without looking back.

It seemed like his fight with Zhao Changfeng was inevitable.

Zhao Changfeng had the Huafeng Group behind him. A giant consortium was more terrifying than any opponent they had met before.

However, he would not admit defeat. No matter how strong his opponent was, he would not retreat.

When he walked out of the company, he took out his phone and dialed Loong Yun's number.

After the call connected, he heard Loong Yun's robotic voice from his phone, "Young Master, what instructions do you have for me?"

"Have you heard of Huafeng Group?" Wu Tian didn't answer right away, but asked her in the phone.

"I've heard that the Luzhou is one of the top ten consortia. Their industry is all over the city and they have a lot of monopoly assets."

"With our power in Wu Family, how long will it take for us to destroy Huafeng Group?"

"This ..." Loong Yun's voice paused for a few seconds, then she couldn't help but ask: "Young Master, why did you eliminate the Huafeng Group?"

"When you meet a wild beast in the mountains who wants to eat you, you will either be eaten or killed." Wu Tian gave such a euphemistic explanation.

Regarding the grudge between him and Zhao Changfeng, he didn't say it explicitly, and only used this analogy to illustrate the current situation between him and Huafeng Group.

"Huafeng Group is a large corporation, with our Wu Family's strength and influence, to eliminate them, we would need three days." Loong Yun replied coldly.

"Alright, then you go and make the arrangements. I want to make the Huafeng Group disappear."

"This is a very important matter. I need to ask the old mister for help."

"You still need grandpa's permission?"

"Right."

"Then forget it." Wu Tian thought for a moment and decisively made a decision.

"Huafeng Group does not require the appearance of the family. I'll think of a way to deal with it myself."

Every time he encountered a roadblock, he would let the clan take care of it. This way, he would definitely make his grandfather look down on him.

He decided that this time, he would personally deal with Zhao Changfeng and Huafeng Group, not relying on his family's influence. This would be a form of training and growth for him.

"Young Master, do you really want to use your own strength to contend against the Huafeng Group?" There was a hint of worry in Loong Yun's voice.

"Right."

"Young master, it's not that I'm looking down on you, but with your current strength, fighting against the Huafeng Group is no different from striking a stone with an egg."

"Huafeng Group is just like a huge rock. Although I can't break it by myself, I can find a lever to lift it up." Wu Tian gave an analogy.

"But ..."

"Alright, you don't need to bother yourself with this matter." Wu Tian hung up after saying that.

After making this call, he turned around and dialed Lee Mu's number. He instructed the person on his phone, "Have someone investigate the Huafeng Group and Zhao Changfeng's details, the more detailed the better."

After hanging up the phone, he wandered around the streets.

Although he looked calm, he was actually a bit anxious.

He had only just grown up and hadn't even grown up in the business world yet. This was the first time he had used his own strength to fight against a giant like this. He could not help but feel anxious.

If he were to face him head on, he definitely wouldn't be able to do so. He had to find a shortcut. He wanted to find a way to defeat his opponent from the side.

Just as he was thinking about fighting against Huafeng Group and was secretly vexed over it, he accidentally bumped into a girl.

The girl was wearing a miniskirt and dressed very stylishly. She was knocked over and almost fell down.

"Sorry, are you alright?" Wu Tian quickly reached out his hand to support the girl's arm and apologized.

"Don't touch me." The girl in the short skirt pushed Wu Tian away impatiently. She angrily scolded, "Why are you so blind when walking? Are you blind?"

"Can you talk properly?" Wu Tian knew he was in the wrong if he bumped into someone, and he already took the initiative to apologize. He didn't expect this little girl in front of him to open her mouth and scold him.

He was already in a bad mood, but after being scolded by this little girl, he immediately became infuriated.

"I'm just not going to speak properly and call you blind, what's wrong?" The girl in the short skirt was instead even more arrogant.

This kind of girl, when he looked at her, she was like a spoiled, spoiled girl with her charming voice.

"That's right, I'm blind." After Wu Tian said this, he charged towards the girl's chest again.

He planned to teach this girl a lesson and see if she would still dare to be so arrogant in the future.

"It hurts, it hurts ..."

The girl in the short skirt held her chest as she gasped from the pain. Her tears almost rolled down her face.

After a long moment of pain, like a crazed female tiger, she shouted, "Little bastard, you dare hit my chest!"

"Sorry, I'm blind. I can't see anything." After Wu Tian said this, he charged towards the girl's chest again.

"Pain ..."

The girl screamed in pain as tears rolled down her cheeks.

A certain part of her body had been struck twice in succession. This sort of pain was difficult for an ordinary person to understand.

She endured the pain and shouted angrily, "Bastard! Bastard! You obviously hit me on purpose!"

"I didn't mean to. I'm really blind." After Wu Tian said this, he prepared to charge over.

Hidden Billionaire Chapter 158 - Where Did This Young Lady Come From? -

C158 Where Did This Young Lady Come From?

The young girl in a short skirt was so frightened that she covered her body and retreated. At the same time, she couldn't help but threaten, "Bastard, you dare to hit me. You took advantage of me. Do you know who I am?"

"I don't know."

"Let me tell you, I'm the Young Miss of Huang Family, Huang Shanshan."

"Who cares who you are, as long as you don't provoke me." Wu Tian raised his head and smiled, swaggering as he prepared to leave.

To tell the truth, he had seen a lot of these unruly and domineering young mistresses, and they were naturally lacking in education.

"Bastard, you still want to leave after bumping into me?" Huang Shanshan put her hands on her hips and ran over angrily to block Wu Tian.

She had never been humiliated like this before, but now that she was hit by a little brat, she naturally wouldn't let it go.

"Do you want me to stay the night?" Wu Tian joked with a mischievous smile.

"You, you, you ..."

Huang Shanshan was so angry that the corner of her mouth twitched for a long time before she scolded, "You are a damn scoundrel, a scoundrel."

"I don't want to waste my breath on you, quickly get out of the way." Wu Tian waved his hand impatiently. He didn't want to waste any more time with this girl.

"I won't."

"Get out of the way."

"I won't." Huang Shanshan put her hands on her hips to block the attack. She looked as if she would rather die than get out of the way.

"Really?"

"I won't let you go even if I die."

"Then don't blame me for being impolite." After Wu Tian said this, he picked Huang Shanshan up from the ground.

It scared Huang Shanshan so much that she yelled while slapping Wu Tian on the shoulder, "Bastard, animal, beast, pervert, what are you trying to do, hurry... Let me go."
"

"I think you're wet trash." Wu Tian carried Huang Shanshan and walked over, throwing her into a yellow trash can.

A foul stench assaulted her nostrils, almost causing her to faint.

Huang Shanshan retched for a while before shouting, "Bastard, get me out of here!"

"I think you look like trash because you stayed in the trash can." Wu Tian clapped his hands, turned around and quickly left.

He had walked far away when he heard Huang Shanshan curse, "Bastard! Bastard! You and I are irreconcilable! I'll kill you!"

Wu Tian turned a deaf ear to these curses as he walked towards the other side of the street, leaving Huang Shanshan vomiting non-stop in the trash can.

He walked along the street for around fifty minutes before he reached his home. When he remembered that Uncle Fugui was still waiting for him at Huafeng Group, he quickly made a call.

After returning home, Wu Tian didn't go anywhere else. He just stayed in his study and read alone.

When he finished a book on economics, he looked up to find Loong Yun standing not far from him.

This woman was as motionless as a block of wood. Those who didn't know her better would think that she was a sculpture.

Wu Tian put down the book in his hands and asked curiously, "Secretary Loong, when did you come in?"

"Ten minutes ago." Loong Yun replied with an expressionless face.

"Why aren't you acting like a log?" Wu Tian patted his chest and said jokingly, "Luckily it's daytime. If it was nighttime, I would have been scared to death by you."

"Young Master is scared too?"

"Who wouldn't be afraid?"

"Young master dares to contend against Huafeng Group, this kind of courage cannot be compared to ordinary people." Loong Yun's expression was still cold and proud.

Wu Tian seemed to understand the hidden meaning behind her words: "You're mocking me, you think I'm deliberately trying to show off?"

"I don't dare."

"Remember, you are only my secretary. In the future, remember to knock on the door. Don't casually come into my room without my permission." Wu Tian ordered while carrying his young master's weight.

"Alright."

"Do you have any business with me?"

"I still feel that the risk is too great. With young master's current strength, it's not enough to contend against Huafeng Group."

"I know what I'm doing."

"I need to report this to Old Master. After all, this is an important matter, so I'll call Old Master right now." Having said so, Loong Yun turned around and walked out of the study room.

"Wait!"

Wu Tian rolled his eyes a few times and quickly called out to Loong Yun. He instructed: "Call grandpa from the study room, turn on the voice amplifying device."

"Young Master wants to eavesdrop on my conversation with Old Master?"

"Stop with the nonsense. Just pretend that I don't exist. Hurry up and hit me." Wu Tian mainly wanted to hear his grandpa's opinion on this matter.

"Alright!"

After Loong Yun answered, she took out her cell phone and dialed Wu Zhihe's number in front of Wu Tian and turned on the hands-free phone.

After the call connected, Wu Zhihe's impatient voice came from inside: "If you have anything to say, just say it!"

"Mr Wu, this time Young Master wants to go against Huafeng Group, but he only wants to rely on his own strength and does not want to borrow the strength of his clan." Loong Yun spoke concisely into the phone.

Wu Zhihe's voice came after a few seconds of immersing himself on the other end of the phone, "That brat's wings are hard now. He wants to break away from the family's embrace and fly higher."

"Mr Wu, I called to ask for your opinion."

"Since that stinky brat wants to deal with Huafeng Group himself, then let him do it."

"Huafeng Group is one of the top ten major consortia of Luzhou, their strength should not be underestimated. With young master's current individual strength, I'm afraid that he cannot even compete with Huafeng Group." Loong Yun spoke her worries into the phone.

"It's a good thing that this kid dares to challenge us, I believe in him." On the other end of the phone, Wu Zhihe's tone carried a hint of gratification.

"But ..."

"Alright." Wu Zhihe interrupted him impatiently and said in a deep voice, "Let Tian do it first. If he doesn't handle it well, then we'll help him."

After saying that, Wu Zhihe hung up.

Loong Yun stared blankly at her phone for a few seconds. Then, she slowly raised her head to look at Wu Tian. "Did you hear Old Master's words?"

"Looks like grandpa really trusts me." Wu Tian couldn't help but feel happy after hearing his grandpa's previous conversation.

"But I'm still worried ..."

"Wait." Wu Tian looked at Loong Yun with that scrutinizing gaze. He couldn't help but ask doubtfully, "Secretary Loong, you care so much about me. Did you fall in love with me?"

"Young Master is overthinking it." Embarrassed, Loong Yun said coldly, "I'll go out first."

With that, she turned around and quickly left.

Wu Tian still wanted to say something. Looking at Loong Yun's leaving figure, he could only swallow his words.

Wasn't his joke a bit too much?

Should he apologize to Secretary Loong?

Forget it, he was a young master after all, it would be disrespectful of him to apologize to his secretary. Let her be angry!

Just as he was about to continue reading, his phone rang. It was an email sent to him by Lee Mu.

The contents of the email were detailed information about Zhao Changfeng and his Huafeng Group, including the company's manpower, finances, structure and Zhao Changfeng's personal privacy.

Wu Tian opened the email and read the content. At the same time, he was thinking about how to deal with Zhao Changfeng.

After careful deliberation, Wu Tian quickly found a flaw in the Huafeng Group from the information.

Through the report, he found that the company finance is obviously a problem, seems to be the case of tax evasion.

Hidden Billionaire Chapter 159 - Knowing Self and Knowing the Enemy -

C159 Knowing Self and Knowing the Enemy

Through the information in his hands, Wu Tian found out that there was a tax evasion and evasion situation in Huafeng Group. If they could find a reason, it would bring them a lot of trouble.

However, Huafeng Group was a large company after all. It was not easy to investigate them, and Wu Tian might not be able to do so with his current personal strength.

What should he do now?

After pondering for a long time, his eyes suddenly lit up as he opened the mail again.

Through Zhao Changfeng's personal privacy, one could see that the old guy had many enemies in the mall. Among them, one of his opponents was called Jiang Dahua, the boss of Jinhua Group.

From this information, it could be seen that Jiang Dahua and Zhao Changfeng were sworn enemies. The two of them were fighting to the death in the business world.

After reading through the information, the corner of Wu Tian's mouth rose as he revealed a proud smile.

He was borrowing the force to fight back.

With Wu Tian's strength, he would definitely not be able to beat Zhao Changfeng.

However, if he used the power of Zhao Changfeng's enemies to deal with him, then he would be able to achieve twice the result with half the effort.

That's right, he wanted to borrow Jiang Dahua's power to deal with Zhao Changfeng. This way, it would be much easier.

After making this decision, he got up and left the study, preparing to find Loong Yun to help him investigate Jiang Dahua's information.

As the saying goes, know yourself, know your enemy, and be victorious in every battle. If you want to cooperate with Jiang Dahua, you must first find out the truth about this person.

Secretary Loong lived in a room not too far away from him. He walked over and discovered that the door was unlocked. He then pushed open the door and rushed in.

He was dumbfounded the moment he entered the door.

He saw Loong Yun, who had just finished her shower and was in her room changing into her pajamas. She had already taken off her towel, so she didn't have time to wear her pajamas.

Her perfect figure was revealed to her heart's content. It was extremely hot and dazzling. Wu Tian was dumbfounded by what he saw.

"Ah!

Loong Yun, who was carrying a nightgown, had not even put it on when she saw Wu Tian barge in. She exclaimed in shock and quickly wrapped up her body with a towel. Her pretty face instantly flushed red.

"Young Master, why did you barge in without knocking?" Loong Yun gritted her teeth as she scolded him angrily.

Actually, she had already locked the door, but there was something wrong with the lock. Sometimes it could be opened from the outside.

However, she didn't expect that the young master would suddenly barge into her room. In the past, the young master would never have taken the initiative to enter her room.

"I'm the young master, why should I knock?" Wu Tian raised his head arrogantly and didn't seem to be doing anything wrong.

No matter what, he was still a young master, so the young master should act like one. Even if he did wrong, he mustn't admit to it.

"But you... You looked at my body. " Loong Yun was extremely embarrassed and angry.

When she thought of how her young master had looked at her, she felt a sense of unwillingness.

This was her first time being seen by a man. Furthermore, it was her young master. Just thinking about it made her feel awkward.

"So what? Do you want to dig out this young master's eyeballs?" Wu Tian asked in a strong tone.

"I don't dare." Loong Yun grinded her teeth for a long time before weakly spitting out two words.

After being looked at by her young master, what else could she do? She could only blame her bad luck.

After all, this was her young master. Even if he slept with her, she would only be able to swallow the bitter fruit, much less look at her body.

"Secretary Loong, why didn't you lock the door when you changed?" Wu Tian's tone became gentler. After all, he was the one at fault. He looked at Secretary Loong's body, and he couldn't remain so strong.

"The lock's broken."

"You can't blame me for that. It's all the fault of this lock."

"Yes."

"Find someone to fix it another day."

"Alright." Loong Yun raised her head, glanced at Wu Tian, and asked, "Young Master, you're looking for me so late at night, is there something you need?"

"I came to ask you to investigate Jiang Dahua of Jinhua Group. I need his details, the more detailed the better." The reason why Wu Tian gave such a small matter to Loong Yun was because he felt that this woman was very efficient.

"Why are you investigating Jiang Dahua?"

"Don't ask why, just do whatever you need to do."

"Yes."

"The sooner the better." After saying that, Wu Tian turned around and left the room.

"This is too terrifying!"

Loong Yun secretly sighed and walked over to lock the door. She took off her towel and prepared to put on her nightgown again.

She had just taken off the towel when the door was pushed open again and Wu Tian returned to the room.

She was so scared that she quickly picked up her bath towel and wrapped it around herself in a panic. She softly rebuked, "Young Master, why don't you knock again?"

He really didn't expect that the young master would actually come back and barge into the room to see her again.

Just like this, she was taken advantage of by the young master twice.

"I forgot to tell you something." Wu Tian scratched his head with an awkward expression.

"What do you mean?"

"Your figure is amazing. Your skin is like jade, not bad at all." Wu Tian gave a thumbs up in praise, then closed the door and quickly left.

"..."

Loong Yun's head was filled with black lines as she stared dumbly at the door. She didn't know what to say, but her face was getting redder and redder.

She had nothing to say. The young master ran back just to say this nonchalant nonsense.

She even suspected that the young master had returned to steal another look at her body.

It seemed like she had to get someone to fix the door as soon as possible. She didn't want this kind of embarrassing situation to continue happening.

She was worried that the young master would come back, so she decided to change into her pajamas. Her heart was pounding.

That night, Wu Tian didn't get a good night's sleep. He just lied on the bed and turned it over and over, thinking about his own things.

Wu Tian was secretly distressed. He never thought that his grandpa would find him such a sexy and beautiful woman to be his secretary.

Ever since he had seen Secretary Loong's perfect figure, he had always felt an itch in his heart, and his entire body had become restless for some unknown reason.

He didn't fall asleep until around 3 in the morning.

The next morning he was awakened by a sharp knock on the door.

After putting on her clothes, he walked over to open the door and saw Loong Yun standing outside in her formal attire. She was no longer shy like the previous night, and she had regained her usual aloof attitude.

"Young Master, why are your eye circles so dark?" Loong Yun frowned slightly as she asked in puzzlement.

Wu Tian rubbed his eyes and complained, "The dark circles under my eyes are all thanks to you."

"This... What does it have to do with me? "

"This young master saw your perfect figure last night and was so excited that he didn't sleep the entire night."

"Ugh ..." Loong Yun was embarrassed.

She had almost forgotten what happened last night, but after hearing this, her face turned red again.

The young master looked at her body and took advantage of her, but in the end, he still ended up causing trouble for her.

Wu Tian embarrassedly scratched his head and couldn't help but ask, "Why are you looking for me so early in the morning?"

"This is Jiang Dahua's information." Loong Yun took out a piece of information from her bag and handed it over.

"So fast?" Wu Tian received the information with great surprise. He already knew that Secretary Loong's work efficiency was very fast, but he didn't expect her to be so fast. She managed to settle the matter in one night.

He quickly took the information, opened it and said with a satisfied smile, "Not bad, well done."

"Does Young Master have any other orders?"

"It's fine, you can take a good rest now." After Wu Tian said this, he walked outside with the documents. After walking a few steps, he suddenly turned around and said, "Secretary Loong, I think you'll show off your figure the most in your jeans."

Hidden Billionaire Chapter 160 - The Enemy of the Enemy be His Friend -

C160 The Enemy of the Enemy be His Friend

"Ugh ..."

Loong Yun seemed to have thought of something when the word 'body' was mentioned. Her cheeks turned red and hot once again, and her expression turned extremely awkward.

She had a nagging feeling that her Young Master was teasing her on purpose, or was it just an illusion?

However, when she thought about it again, even if the Young Master really was teasing her, it didn't seem like much of a big deal.

As long as the young master didn't do anything excessive to her, she could accept everything.

She had been with him for the past few days, and she realized that her young master was a good person, so he wouldn't ask too much of her.

When she came back to her senses, she realized that the young master had already left the room.

After Wu Tian left home, he asked Uncle Fugui to send him to Jinhua Group.

He planned to discuss this with Jiang Dahua and work together to deal with Zhao Changfeng.

It was not easy for him to meet this so-called boss of a big company. When he came to Jinhua Group, he was stopped by his secretary, who said he had to make an appointment in advance.

Wu Tian took advantage of the secretary's lack of attention to force his way into the chairman's office.

There was a middle-aged man sitting in the office. He was in his forties. He looked old. It was obvious that he was overexpend ed both energy and body.

This was the chairman of Jinhua Group, Jiang Dahua. When he saw an uninvited guest barging into his office, he immediately scolded his secretary, "What happened?"

The secretary was scared to the point that cold sweat broke out on her forehead. Trembling, she explained, "I tried to stop this mister from coming in, but he insisted on coming in and I couldn't stop him."

"Then why is he looking for me?"

"I don't know."

"Never mind, you go down first." Jiang Hai waved his hand impatiently and instructed the secretary.

"Yes." The secretary wiped the cold sweat from her forehead and obediently left the room.

Before she left, she couldn't help but glare at Wu Tian. She had never met such a thick-skinned boy before.

After the secretary left, Jiang Dahai leaned his body against a chair and asked in a deep voice, "Did you barge into my office for something?"

"Boss Jiang, I have an important collaboration with you." Saying that, Wu Tian took out his name card from his pocket and handed it over.

Taking his name card and looking at it, Jiang Dahai once again raised his head and looked at Wu Tian, "You're the boss of Tianmu Technology Corporation?"

"Right."

"Speak, why are you looking for me?"

"I want to work with you."

"A small company like yours doesn't have the qualifications to work with us." Jiang Dahai waved his hands impatiently. He didn't even put a boss with such a small Technology Company like Wu Tian in his eyes.

Compared to the Jinhua Group, the Tianmu Technology was very small. It was like the difference between an elephant and an ant.

"Don't reject me so quickly. Wait for me to finish." Wu Tian appeared rather calm, he had a faint smile on his face from start to finish.

"Fine, I want to see what you say."

"I heard that your Jinhua Group is competing with Huafeng Group, and you and Zhao Changfeng are sworn enemies."

"So what?"

"Director Jiang, do you want to destroy Zhao Changfeng even in your dreams?"

"It doesn't seem to have anything to do with you."

"Director Jiang should understand that the enemy of an enemy is a friend."

"I think I understand." Jiang Dahai leaned his body against the chair and said lightly: "You have a grudge with Zhao Changfeng, so you wanted to use me to kill Zhao Changfeng."

"Director Jiang is truly a smart person."

"Kid, you're quite good at scheming."

"Thank you." Wu Tian pursed his lips and smiled without hiding anything as he said, "Zhao Changfeng wanted to defeat me, but I can't beat Zhao Changfeng with my strength. That's why I found you. I hope we can fight against Zhao together."

"I have my ways to deal with Zhao Changfeng. I don't need to join hands with you." Jiang Dahua refused without any hesitation.

With the strength of his Jinhua Group, he didn't even need to work with a little boss with Technology Company.

"Director Jiang, I think you know better than anyone that your Jinhua Group isn't too far apart from Changfeng Group in terms of strength. No one will be able to get rid of anyone, but if you add on that small weight, the outcome will be very different."

"You brat, hurry up and leave. I won't work with you." After Jiang Dahua said this, he extended his hand and gestured: "Take care."

"Don't worry."

Wu Tian didn't intend to leave. Instead, he slowly paced to the office desk and said, "I suggest that Director Jiang consider this again."

"There's no need to think about it. Go."

"I heard that Director Jiang has been visiting the western courtyard frequently recently."

"What do you mean?"

"I mean, your wife shouldn't know that Director Jiang is going to the western courtyard."

"You ..." Jiang Dahua frowned a few times and his tone turned serious, "What are you trying to say?"

"Then let me be clear. Director Jiang hid a woman behind his wife's back in the western courtyard. Her name is Liu Mei. She was pregnant not long ago and gave birth to a baby. Am I right?"

"Brat, you actually dare to investigate me in secret." Jiang Dahua was trembling with anger and his entire body was filled with rage.

"Only by knowing yourself and knowing your enemy will you be able to win a hundred battles."

"What are you trying to do, kid?"

"Nothing else. I just want to cooperate with Director Jiang and plan a big undertaking together." The smile on Wu Tian's face slowly spread out like ripples.

"You want to threaten me?"

"Something like that!"

"Kid, you should know what happens when you go against me."

"Like I said, I don't want to be your enemy. I just want to be your partner." Wu Tian slowly straightened his body and said sincerely, "There is no benefit in being hostile to you."

"You ..."

Jiang Dahua originally wanted to go on a rampage, but he quickly suppressed his anger and asked coldly: "Do you really want to fight against Zhao Changfeng with me?"

"Of course."

"That old fox Zhao Changfeng is not easy to deal with."

"I know that, but I found out a financial flaw in the Huafeng Group." Wu Tian then took out a few pieces of details and placed them on the table.

Jiang Dahua's eyes immediately lit up after reading the information, "Kid, how did you find all these?"

"Our company has a lot of elites, so it's not difficult for them to infiltrate other companies' financial systems." Wu Tian said complacently.

As for the Huafeng Group's financial report, it was something Lee Mu brought along with a few of his company's brothers.

Zhao Changfeng can make hackers hack their own company's system. He could blacklist his company's technicians into Huafeng's financial system.

You know, Lee Mu's high-paying technicians have real skills, and they're amazing at that.

"Good boy, it seems that I have underestimated you." Jiang Dahua could not help but have a whole new level of respect for Wu Tian.

Since this brat was able to get his hands on the Huafeng Group, it seemed that he wasn't someone who could be trifled with, and wasn't someone to be underestimated.

"What flaws can you see in this financial statement?" Wu Tian pointed at the information and asked Jiang Dahua with a smile.

"It's clear that their company has tax evasion." Jiang Dahua was extremely shrewd, to be able to see through the trick behind the Huafeng Group with a glance.

"Then what are your plans?"

"I've long sent people to spy on Huafeng Group. I'll have them report their Huafeng Group now. I want Hua Feng and Zhao Changfeng to be completely finished." After Jiang Dahua said this, he quickly took out his phone and made a call.
