

Hidden Billionaire Chapter 245 - Help -

C245 Help

"If it's convenient, you can tell me." Wu Tian looked at Zong Liu with interest.

"Actually, it's nothing." Zong Liu brewed for a while, then explained: "The Tang Family has a lot of power in the Demon Capital, they want me to work at their company. If I don't agree, they will retaliate."

"So that's how it is." After hearing what had happened, Wu Tian also felt a lot more relieved.

So it was just a conflict in business cooperation. It wasn't a big deal, but he couldn't help but remind Mr Zong: "You must be careful."

"Yes, thank you for helping me this time, Mr Wu."

"It's nothing, no need to be polite."

"Oh right, I'll call Director Qiao right now and have him come over to discuss the matter of the joint venture with you." After Zong Liu said this, he quickly picked up his phone and started to make calls.

After the little episode just now, he clearly trusted Wu Tian more, and at the same time, he liked this young man more.

After the call, he smiled and said, "Mr Wu, wait a moment. Director Qiao will be here shortly."

"No rush, let's drink tea." Wu Tian picked up his tea cup and started to taste it.

The two of them drank tea and chatted in the private room. After waiting for nearly half an hour, the group arrived at the private room.

Zong Liu put down his teacup and hastily stood up to greet him. "Director Qiao, your presence brings you great welcome."

Saying this, he quickly walked over to shake hands with the tall man in front of him.

"Mr Zong, you're too polite." Qiao Fugang held onto Zong Liu's arm and apologized, "There was a traffic jam just now. Sorry for being late."

"It's nothing, it's nothing."

The two exchanged a few pleasantries. Zong Liu hurriedly pointed at Wu Tian and introduced him to Qiao Fugang: "This is a guest that came from Luzhou. His name is Wu Tian, and he's rather interested in your movie."

"Hello, Mr Wu."

Qiao Fugang quickly grabbed Wu Tian's arm and introduced him with a smile, "I'm the director, Qiao Fugang. It's a pleasure to meet you."

"Hello, Director Qiao." Wu Tian shook hands with Qiao Fugang, pointed at the seat and said, "Let's not stand there, let's sit and talk."

"Very well, please." Qiao Fugang made a gesture of "please", then led the people behind him to their seats.

At this moment, the waiter started to serve the dishes and very quickly, the table was filled with delicious food.

Zong Liu asked for a few bottles of red wine. He poured each of them a glass and said, "Meeting is fate. Come, let's drink this."

After saying that, he raised his wine cup and drained it in one gulp. The others also raised their cups and drank their wine.

After drinking his first cup of wine, the atmosphere slightly eased up.

Qiao Fugang put down his wine cup and asked with a smile, "Mr Wu, I heard you're very interested in investing in movies?"

"Yes, I like to try new things." Wu Tian swirled the wine cup in his hand and nodded with a smile.

"Perfect, I'm investing in a new movie recently. I wonder if Mr Wu is interested?"

"Of course I'm interested."

Wu Tian nodded. Just as he was about to ask about the movie's details, he was interrupted by a woman, "Director Qiao, this kind of brat, does he have the ability to invest in movies?"

"As long as you have a good project, money is definitely not a problem." Wu Tian turned his head and looked at the woman.

The woman was in her thirties with her hair pulled behind her ears. She looked capable and capable, and she had the temperament of a strong woman.

When she was young, this girl was definitely an exceptional one. Even now, her figure and face didn't look too bad.

"Mr Wu, I would like to see your strength." The woman asked aggressively, "How much do you have?"

"Not much, just a billion."

"Then I want to know, what kind of business are you in?"

"Restaurants, real estate, technology, games, etc."

"Then why did you invest in movies?" The middle-aged woman was like a police officer interrogating a prisoner, one question after another.

Wu Tian was not in a hurry and replied calmly: "I just said, I like to try out new areas. As long as I can earn money, I will invest in any industry."

"Just now, you just said it yourself. As the saying goes, words are nothing. How can you prove that you are very rich?"

"How do you want me to prove it?" Wu Tian asked instead of answering.

"How about this, you investigate this matter publicly and tell us all about it." The middle-aged woman's tone was aggressive from the beginning to the end.

From her point of view, this brat in front of her was just an empty shell without any money. He probably came here to swindle money out of money.

"To be honest, your request is rude." Wu Tian was slightly displeased and changed his tone saying these words: "But on Mr Zong's account, I can agree to your request."

Saying that, he took out a bank card from his pocket and raised it above his head. "This card is only a part of my restaurant income, only a part of it."

Wu Tianqiang tried it again. His card is only a part of the income from his food and beverages.

With that said, he took out his cell phone and called the bank. He then began to check the balance in the card and opened the speaker.

Everyone, including Director Qiao and Zong Liu, listened attentively. They wanted to know how powerful this young man called Wu Tian was.

As everyone waited patiently, a staff member's voice notification rang, "Dear customer, how are you? Your bank balance is 98.5 million ..."

After hearing the voice recording, many people in the crowd exclaimed in shock.

They didn't think that this brat in front of them was so rich. Just a random card had nearly 100 million in capital. He was indeed worthy of being a rich person.

After knowing Wu Tian's strength, everyone could not help but have a whole new level of respect for Wu Tian. Especially Qiao Fugang, he was so excited that he had nowhere to place his hands.

He had his doubts about Wu Tian's financial capabilities before, but now, after Wu Tian checked his card, he put it to the bottom of his heart.

It seemed like if he met a rich big shot this time, as long as he caught this kid, he would be able to make the movie in the future.

After checking the bank cards, Wu Tian's gaze fell on the middle-aged woman, "Big Sis, do I have the qualification to invest in your movies?"

"Yes, you have the right." The middle-aged woman quickly nodded, her expression extremely awkward.

She had originally thought that this brat was a pauper with no good points, and that the card definitely didn't have any money.

However, from his card checking balance, it could be seen how strong this brat was. Just this card alone had over a hundred million.

It seemed that she had underestimated this kid. Changing her attitude from before, she quickly poured a glass of red wine for Wu Tian, raised her glass and apologized, "Mr Wu, please forgive me for offending you."

"It's just a misunderstanding." It's just a misunderstanding. Wu Tian raised his wine cup and clinked it with the one in the middle-aged woman's hand. Then, he drank all of the wine in the cup in one gulp.

"Mr Wu is indeed straightforward." The middle-aged woman did not back down, she raised her glass and drained all of the red wine.

After they finished drinking, the estrangement between the two of them was resolved.

In just a few minutes, the middle-aged woman changed the attitude of the team's Wu Tian. In her heart, she actually had a good impression of this kid.

"Yes, yes, yes. It was just a misunderstanding." At this time, Zong Liu raised his glass and suggested to the crowd, "Mr Wu is a guest that came from afar. Let's drink to Mr Wu together."

"Alright!" After everyone replied, they all raised their cups in salute.

Hidden Billionaire Chapter 246 - Invest in a Movie -

C246 Invest in a Movie

After a few drinks, the atmosphere in the room became more cheerful.

After drinking the five rounds of wine, Qiao Fugang once again changed the topic to the movies, "Mr Wu, I plan to make a love movie with youth, I don't know if you are interested?"

"I like youthful love the most. Do you have a script?" Wu Tian is not in a hurry to decide whether to invest or not.

Before he invested, he needed to read the script and at the same time examine the team to see how big the investment potential of the project was.

After all, this type of investment was not a small amount. Once you entered the game, it would be a huge investment. Not making money meant losing money.

Doing business wanted to keep the risks to a minimum — no one wanted to lose money.

"There's a script." Qiao Fugang nodded, then ordered the middle-aged woman beside him: "Quickly show the script to Mr Wu."

"Alright." The middle-aged woman was now very convinced of Wu Tian, so she was naturally willing to cooperate.

She quickly took out a script from her bag and handed it to Wu Tian, "Mr Wu, this is our script."

"Alright."

Wu Tian took the script and was in no hurry to open it. He asked the middle-aged woman: "I still don't know your name."

"Elder Sister Yan, in charge of film production and planning." Elder Sister Yan stroked her hair and introduced herself with a smile.

"Then I'll call you Elder Sister Yan from now on." After Wu Tian said this, he opened the script and started reading.

After reading the script, Wu Tian seemed to be very satisfied: "Not bad, the main story is clear, the plot is reasonable, it's in line with the public's aesthetic sense."

Previously, he had enjoyed reading storytelling novels, but now, when he saw this script, he felt that it was very good.

"Mr Wu, do you think there's any value in investing?" Qiao Fugang quickly asked when he noticed Wu Tian's interest in the script.

"Yes." Wu Tian nodded strongly and smiled, "From my unprofessional point of view, this story is not bad. It will definitely be a success when it's made into a movie."

"So, Mr Wu is willing to invest?"

"Of course." Wu Tian first nodded his head, then changed his tone: "But I still need to go to your team to check it out."

"No problem. I'll take you there after the meal." After saying this, Qiao Fugang hurriedly poured a glass of red wine for Wu Tian. "Come, let's drink."

"Cheers!" Wu Tian, as if picking up a treasure, toasted Qiao Fugang. He continued to drink.

If he could take this opportunity to enter the entertainment circle, it would be something worth being happy about.

They continued to drink and eat. After dinner, Zong Liu had other things to do, so he left his phone number with Wu Tian before leaving in a hurry.

On the other hand, Wu Tian followed Qiao Fugang and the others to the recording studio that they rented. There were a lot of equipment that they bought themselves.

Although this team was small in size, they were well-equipped, so they were not bad.

After visiting the team and equipment, Wu Tian immediately made a decision, "Director Qiao, I've decided to invest in this movie."

"Thank you, Mr Wu, for your support." Qiao Fugang bowed deeply to express his gratitude.

For local directors like them, being able to get an investment was indeed something worth celebrating.

If he could become an international top director in the future, he would not have to worry about investing. As long as he set up the project, he would be able to get an investment.

"This is called a win-win partnership." After Wu Tian said this, he raised his head and laughed out loud.

He liked this script and liked Qiao Fugang's team. It was definitely a team with potential.

"Then let's discuss the details of the cooperation again." Qiao Fugang was so happy that his mouth couldn't close, "Today, we will finalize the contract and put all of our energy into this movie."

"Alright."

Wu Tian nodded and asked with a serious expression, "Director Qiao, according to your plan, how much money would you need for this youthful love movie?"

"No more than fifty million." Qiao Fugang stretched out his right hand and said.

"Alright!"

Wu Tian rubbed his chin thoughtfully and said expressionlessly, "Then tell me exactly how to use the money."

"It's about two-thirds of the money spent on actor pay and filming -- one-third of the money spent on marketing."

"Alright." Wu Tian thought for a moment and said, "I invested 50 million and got 5% of the commission. Is that okay with you?"

"Of course."

"Alright, then let's sign the contract."

"I'll have the contract printed now." Qiao Fugang quickly had his contract printed.

After both sides confirmed that there were no problems with the contract, they immediately signed it.

The cooperation between the two was very smooth and could be said to be extremely fast. In less than a day, they had already signed a cooperation agreement.

After signing the contract, Qiao Fugang was very happy. He stood up and said to Wu Tian, "Mr Wu, I hope we can cooperate happily."

"Happy cooperation." Wu Tian pursed his lips and smiled. At the same time, he encouraged Qiao Fugang, "You can do whatever you want." He continued, "If something happens, we'll negotiate. If we disagree, you'll be our leader."

In terms of movies, Qiao Fugang is more professional and experienced, so he should listen to Qiao Fugang's opinion.

"Thank you, Boss Wu, for your support." Qiao Fugang bowed deeply to express his gratitude.

It was an honor to meet such an enlightened investor.

"Arrange someone for me. I need to know the details of the new movie."

"Alright." Qiao Fugang nodded. Then, the team's Elder Sister Yan ordered, "Xiao Yan, you will be responsible for docking with Boss Wu. Introduce the movie details to Boss Wu."

"Alright."

Elder Sister Yan nodded and gestured at Wu Tian, "Boss Wu, go to my office. There's a lot of information on the new movie in there."

"Alright."

Wu Tian nodded and followed Elder Sister Yan into the office.

Upon entering the office, he saw all kinds of information placed randomly inside. It was as though the entire room had been robbed, and it was a complete mess.

Looking at this mess, Wu Tian felt a headache coming on: "Elder Sister Yan, do you usually not clean up?"

*

Elder Sister Yan coughed dryly and explained in a small, embarrassed voice, "I'm usually too busy so I don't have time to tidy up."

After saying so, she began to organize everything.

"Are you married?" Wu Tian couldn't help but ask.

To tell the truth, he hadn't thought that a woman as beautiful, capable, and decent as Elder Sister Yan — her office — could be so slovenly.

"Married." Elder Sister Yan tidied up the messy room and at the same time said expressionlessly, "I'm divorced now."

"Widow now?"

"You ..." Elder Sister Yan's face suddenly sank, as if she had received a great shock.

Wu Tian realized that he said something wrong and quickly apologized, "Sorry, Elder Sister Yan, I didn't mean it that way."

"It doesn't matter." Elder Sister Yan smiled awkwardly as she continued to clean up the office.

"I'll help you." Perhaps it was to atone for his sins, Wu Tian also started to clean up the office.

Under the cooperation of the two of them, the office was quickly cleaned up.

Elder Sister Yan wiped the sweat off her forehead and said with a surprised smile, "I didn't expect that such a big boss like you would not put on any airs. You even helped a subordinate clean up the room."

"You are not my subordinate, we are just partners." Wu Tian retorted.

Hidden Billionaire Chapter 247 - That Year the Flower Bloomed -

C247 That Year the Flower Bloomed

"You're really different from the others." Elder Sister Yan gave a weird smile and pointed at the sofa. "Sit. I'll pour you some tea."

With that, she poured a cup of tea and passed it over.

"Thank you!" Wu Tian took the tea cup after thanking her and accidentally squeezed Elder Sister Yan's arm.

This woman was around 30 years old and had extremely good maintenance. Her skin was as soft and smooth as a young girl's.

Elder Sister Yan's reaction was intense. She hurriedly retracted her arm and scolded, "It's as dark as a crow in the world. It seems all men are the same."

Obviously, she mistook Wu Tian for purposely taking advantage of her earlier.

"Elder Sister Yan, don't misunderstand. I accidentally grabbed your hand just now. It was completely an accident." Wu Tian quickly explained.

Although Elder Sister Yan was very beautiful and had a good figure, she was too old for him to be interested in such women.

"You're still not admitting to taking advantage of me?" Elder Sister Yan rolled her eyes slightly, her eyes full of contempt.

"Elder Sister Yan, you're thinking too much. How could I possibly be interested in an old widow like you?"

"You ..." Elder Sister Yan trembled in anger at these words.

The words' Old Widow 'were very ear-piercing, causing her to feel hurt. Her mood instantly turned extremely depressed.

Wu Tian realized that he said something wrong and quickly changed his words: "Elder Sister Yan, although you are a bit old, but you are very pretty and your body looks the same. I think a lot of men are watching you."

"Forget it, let's get down to business." Elder Sister Yan sniffed with her nose and took the initiative to change the subject, "Let's talk about the new movie. This is the written text of the new movie, you can take a look at it first."

After saying that, she handed over a thick stack of documents.

After taking a look at the documents, Wu Tian's head immediately started pounding, "I'll take this thing back to read it slowly. It's better for you to tell me about the new movie."

"What does Boss Wu want to know?"

"Some basic things." Wu Tian grinned. "I don't understand it even if it's too profound. After all, I'm in the business field."

"Alright, let me tell you the details about the new movie. This movie is mainly based on youth ..."

"Forget it." Wu Tian wasn't interested in these boring topics, so he directly interrupted: "Let me ask you, how about it?"

"Alright."

"First question, tell me the name of the movie first."

"Yes." Elder Sister Yan nodded and said seriously: "The movie is based on the Flowers Bloom That Year's adaptation, it's a good idea to name it the Flowers Bloom That Year."

"How are you going to choose your role?"

"Choosing a role in the Film and Television Academy mainly reflects the youth and romance of student life."

"Where?"

"It's mainly the Eight Split Mountain and the Flower Mountain."

"Oh yeah, tell me what's going on with you guys." Wu Tian asked a few questions in a row.

However, these questions were all very simple. After all, he had never been in this industry before, so he wouldn't be able to understand any professional questions.

"Of course the first one is to set up a film crew. This has been completed so far. Preparations for the early stages of filming, including the casting, scene selection, selection, and so on, will be followed by filming, followed by post-production and final approval and release ..." Elder Sister Yan recounted the process.

If she spoke too professionally, Wu Tian wouldn't understand either. So she only talked about the surface.

"Is there anything I can help you with?" Wu Tian asked with a smile. Actually, he also wanted to participate in this new movie.

He wanted to take the opportunity to study the details of filming, which was also a growth experience for him.

"Of course."

Elder Sister Yan nodded her head vigorously and smiled. "We have to ask for your opinion in all circumstances. We need to negotiate with you about the selection of the characters. Our Director Qiao's principle is not to waste any money on investors."

"Character is the soul of a play, this must be treated with caution." Although Wu Tian didn't understand, from the perspective of an onlooker, the character was especially important.

Whether it was the main character, the female lead or the supporting cast, they had to have real acting skills in order to bring the audience into the situation.

If one's acting skills were too lousy, he would be able to get someone to act in a matter of minutes. No matter how good the plot was, it would be useless.

"Oh yeah, is there any recommended character for Boss Wu?" Elder Sister Yan tried to ask.

"If you really want my recommendation, I think there's someone suitable to be the female lead."

"Who?"

"It's you, Elder Sister Yan."

"Boss Wu sure knows how to joke around."

"I'm not joking." Wu Tian said with a serious expression, "Elder Sister Yan has a good appearance and temperament. You are mature with a bit of youth and have a bit of a girlish charm to you."

Previously, he had been straightforward and said that this woman was an old widow, offending this woman. This was a good opportunity for him to praise her.

"Is that so?" Elder Sister Yan instantly beamed with joy.

Although she knew it was a joke, she still couldn't help but be happy. There was no woman who didn't like to be praised, and she was no exception.

"I'm going to look for Director Qiao now. I want to recommend you as leading actress." After Wu Tian said this, he stood up and walked out of the office.

Elder Sister Yan was so frightened that she quickly reached out her hand to grab onto Wu Tian's arm and stopped him, "Boss Wu, I can't be leading actress's ship."

She was already so old, how could she still be called leading actress? I'm afraid she can't even be supporting actressjiao.

"Elder Sister Yan, there's no need for you to be so modest. With such good conditions, you should just take leading actress's account and poke it out more than once." Wu Tian praised her a bit, but he couldn't help but say doubtfully: "I don't know what your husband is thinking, he actually ditched such a good woman like you."

"Ai!"

At the mention of her husband, Elder Sister Yan's mood instantly turned sour. She gritted her teeth and scolded, "He's just a piece of scum."

"Oh right, Elder Sister Yan, why did your husband divorce you?"

"He has a woman outside."

"F * ck, it's not enough for him to guard a woman like you. It's too shameful for him to be looking for a woman outside." Wu Tian couldn't help but say in disdain.

"Forget it, let's not talk about him." Elder Sister Yan pulled her messy hair behind her ears and forced a smile as she said, "There are no good men in this world."

"There are some good ones, like me." Wu Tian poked his nose with his thumb, "I'm a good man."

"Bah!"

Elder Sister Yan spat on the ground in disdain, "You're the same as my husband, also a pervert."

"How am I perverted?"

"Don't think that I don't know. You just stared at my collar and swallowed. What's the difference between that and a greedy cat?"

"Ugh ..."

Wu Tian scratched his head in embarrassment. After a few seconds, he tried to excuse himself: "It's not my fault. It's just that Elder Sister Yan's beauty is too seductive. Even a man couldn't help but peek at you."

"Such flowery words."

"Hee hee ..."

"Let's get down to business!" Elder Sister Yan noticed that the topic of their conversation had drifted off topic. She said seriously, "We have found a group of actors that are still considered outstanding. We're going to have them audition. Should we go over and select them together, Boss Wu?"

"I think people have good eyes. Come, I'll go with you." Wu Tian immediately decided to choose a role with Elder Sister Yan.

For a movie, the character was too important. He had to check it personally to be at ease.

"Those actors are at the new office building. Boss Wu, I'll take you there right now." Elder Sister Yan gestured for him to go ahead and open the door.

Hidden Billionaire Chapter 248 - As Long as It Is Reasonable They will Not Give in -

C248 As Long as It Is Reasonable They will Not Give in

The two of them left the recording studio and arrived at a nearby office. They were accompanied by the assistant director, screenwriter, and planner.

The new office area was located on the upper floor of the Tranquil East Tower. It was a temporary office area specially rented for the 'Flowers Bloom That Year'.

"Boss Wu, please take a seat." Elder Sister Yan brought Wu Tian to the office, poured a cup of boiling water and handed it over. "Drink some water and have a rest. I'll go and see how the preparations for the audition are going."

"Go back to your work!" Wu Tian took the tea and put it on the table.

"Then I'll be back soon. Please read the magazine first." Elder Sister Yan took two magazines and handed them over.

"Purple temptation?"

Taking a look at the magazine, Wu Tian was immediately dumbfounded, "Elder Sister Yan, why are you showing me such an exposed magazine?"

"Uh, don't misunderstand, I just took the wrong one." Only then did Elder Sister Yan realize that the magazine wasn't very elegant. She quickly changed to an entertainment magazine and handed it over to him. "Take a look at this."

"I thought you were hinting at me."

"Boss Wu, I'm not as despicable as you think." Elder Sister Yan rolled her eyes in annoyance and left the area in a hurry, embarrassment written all over her face.

Wu Tian opened the magazine and looked at it a few times. He felt that it was boring.

He put down the magazine and started walking around.

This entire floor was occupied by the film crew's office. The area was not small, but the decorations were quite simple.

It was possible that not all of the filming crew had moved in yet. There weren't many people in the office.

After walking for a short distance, he saw a makeup area. This should be where the actors would put on their makeup.

He tried to open the door and saw many handsome men and beautiful women busy with their makeup. There were also some who were practicing their lines.

Presumably, these were the actors waiting for the audition. They seemed to be in good condition and were all very relaxed.

Just as he was peeking out the door, a short-haired girl shouted, "Hey, who are you?"

"Hello everyone." Since the girl saw him, Wu Tian had no reason to hide. He pushed open the door and introduced him: "My name is Wu Tian, I'm..."

"What are you doing sneaking around outside the door?" Before he could finish his words, he was interrupted by the short-haired girl's angry shout.

"I'll just take a casual look."

"What are you looking at? Is this something you can casually look at?" The short-haired girl widened her eyes as she gave off an aggressive air.

"Then I'll be going." Wu Tian smiled awkwardly and turned around to leave.

"Halt!"

The short-haired girl roared, walked over and blocked Wu Tian, "Do you think this is a market? If you want to come, then come. If you want to leave, then leave!"

"Then what do you want?" Wu Tian's head really hurt when he met such an unreasonable girl.

He was just here to take a casual look. He didn't expect this girl to be so unreasonable.

"Come, help me clean my shoes." The short-haired girl lifted her right leg and stepped on the chair as she shouted impatiently.

She had just lost her boyfriend a few days ago and was in a very bad mood, so she decided to vent her anger on Wu Tian.

"Why should I clean your shoes?" Wu Tian's brows slightly tightened as he felt a bit of anger in his heart.

"What nonsense are you talking about? If I'm going to make you wipe, then you're going to wipe." The short-haired girl took out ten yuan from her purse, "After cleaning your shoes, this ten yuan is yours."

"You'd better find someone else to rub it on."

"Fifty."

"I won't."

"A hundred." The short-haired girl immediately took out a hundred yuan. She was in a bad mood and wanted to find a man to have some fun with.

"No matter how much money I have, I won't touch it." Wu Tian looked at the hundred yuan bill, then turned around and prepared to leave.

However, the short-haired girl once again rushed over to block Wu Tian's path and threatened, "Brat, if you don't clean my shoes today, don't think of leaving from here."

"Are you sure?"

"I'm sure."

"You really think this is your home?"

"That's right, this really is my home." The short-haired girl stuck out her chest and boasted proudly, "Kid, do you know who I am?"

"Tell me about it."

"Alright, then I'll tell you." The short-haired girl put her hand on her waist and said, "I'm Director Sun's sister-in-law."

"So it's Director Sun's relative." Wu Tian nodded in understanding. After messing around for a while, he found out that this girl was the assistant director's sister-in-law. No wonder she dared to be so cocky.

"You know you're scared now." The short-haired girl rolled her eyes at Wu Tian and directly took out her phone from her bag, "I'll call my brother-in-law right now and have him come over to teach you a lesson."

After she finished speaking, she busied herself on the phone.

The atmosphere in the dressing room immediately became tense. None of them expected the short-haired girl to directly call the assistant director.

The audition actors present could not help but feel sympathy for Wu Tian secretly. They all thought that since this brat had caused a huge mess, the assistant director would definitely kick him out when the time came.

A short while after the call, Assistant Director Sun rushed over.

The short-haired girl quickly stepped forward and cried at Deputy Director Sun, "Brother-in-law, I've been bullied."

"Be good and don't cry. Quickly tell brother-in-law who bullied you?" Deputy Director Sun patted her sister's back and asked in concern.

"That's the kid." The short-haired girl pointed at Wu Tian and said to her brother-in-law with a ferocious look, "This brat is really excessive, he actually took advantage of me in front of everyone."

The reason why she intentionally slandered Wu Tian for no reason at all was because she wanted her brother to teach this brat a lesson so that she could vent her anger.

"How preposterous! You actually dare ..." Director Sun swallowed his words halfway through.

Only now did he see that the person standing behind his aunt was Wu Tian, the only investor in this movie.

He was stunned for a moment and then quickly went up to Boss Wu with a smile to fawn on him: "Boss Wu, I'm sorry, I didn't see you just now."

"Brother-in-law."

The short-haired girl rolled her eyes at Director Sun and scolded softly, "Just now, it was this brat who was bullying me. Why are you still talking to him?"

"Don't mess around."

Director Sun stared at his sister, pointed at Wu Tian and solemnly introduced, "Mr. Wu Tian is the investor for our new movie."

"What, investor?" The short-haired girl widened her eyes in disbelief.

Her beautiful eyes stared at Wu Tian for a long time before she couldn't help but ask, "Brother-in-law, how can this poor brat have the ability to invest in movies?"

All the actors present expressed their doubts. They all felt that Wu Tian was poor and had no money, so he didn't have the ability to invest in movies at all.

"Boss Wu is very rich. He has a lot of business under him and he has a lot of capital. Previously, he already signed a contract with Director Qiao and invested 50 million into us, becoming the only sponsor for the new movie." Director Sun's tone was very serious, with no hint of joking.

"F * ck!"

After hearing her brother-in-law's words, the short-haired girl had no choice but to believe that the brat in front of her was the sponsor for the new movie.

To think that she humiliated Wu Tian before and got this brat to clean her shoes. She never expected that this brat was actually the big boss of an investment movie.

It's over, it's all over this time.

Originally, she wanted to be leading actress's ship, but she didn't expect to offend the big boss. She was really unlucky.

The other actors present were also dumbfounded. They were all shocked by Director Sun's words. They never expected brat, who was still young, to invest in Director Qiao's new movie.
