C333 Sharp Tongue

"You ...!" Huang Lan wanted to curse him for a long time but couldn't utter a word. In the end, she couldn't help but burst out laughing.

"That's right. Elder Sister Lan is so pretty when she smiles." Seeing Elder Sister Lan laughing, Wu Tian also secretly felt relieved.

"Brat, you only know how to talk glibly all day."

"Smooth talker, just for Bo Elder Sister Lan to smile."

"It's better if you don't waste your energy. Anyway, I won't be participating in your live broadcast tonight." Having said so, Huang Lan continued to walk forward with her long legs.

Wu Tian quickly caught up with her. He smiled to please her and said, "Elder Sister Lan, I've never begged anyone before, so I'll beg you this time. How about you help me tonight?"

"Why should I help you?"

"You are my sister."

"What's the benefit of being your sister?"

"I can eat with my sister, go shopping, and buy clothes."

"Not at all."

"Elder Sister Lan, how will you agree to participate in tonight's live broadcast ceremony?"

"This ..." Huang Lan stopped and rolled her eyes a few times. Then, she turned around and looked at Wu Tian, "Then tell me, is it me or your Shen Xue? Which one of us is prettier?"

"You're all beautiful." Wu Tian blurted out.

This answer, however, displeased Huang Lan. She huffed, "Then you'd better go find your Shen Xue. Don't follow behind me."

Having said so, she continued to walk forward with a face full of anger.

"Elder Sister Lan, don't go yet." Wu Tian was stunned for a moment before he quickly changed his words, "I think Elder Sister Lan is prettier."

Now, in order to comfort Huang Lan, he could only make up some lies to make this woman happy.

"Fine, do you think Shen Xue is sexy or me?"

"Elder Sister Lan is sexier."

"If you were to marry, who would you marry?"

"Elder Sister Lan."

"At least you have eyes." After listening to these answers, the anger in Huang Lan's heart gradually dissipated, replaced by a smile.

"Elder Sister Lan, are you still angry?"

"I'm not angry."

"Then are you willing to participate in tonight's live broadcast ceremony?"

"I want to see your performance."

"Elder Sister Lan, how do you want me to perform?"

"Tell Shen Xue right now that I'm prettier and sexier than her." Huang Lan smiled strangely and purposely made things difficult for him.

Hearing that, Wu Tian was completely dumbfounded.

He never thought that Elder Sister Lan would come up with such a tricky problem. If this went on, wouldn't Shen Xue fall out with him?

"I was just joking with you. See how scared you are?" Huang Lan rolled her eyes in annoyance. She suddenly asked, "Shen Xue and I, who do you think is more important?"

"Elder Sister Lan, do you want to hear the truth or a lie?" Wu Tian stopped smiling and his expression became serious.

"The truth."

"Elder Sister Lan, of course."

"Why me?"

"Because Elder Sister Lan is heavier than Shen Xue."

"Scram!" Huang Lan's face darkened as she scolded him angrily, "You little rascal, are you looking down on me because I'm fat?"

"You're not fat, you're just plump."

"Rascal!" Huang Lan rolled her eyes in annoyance and compromised, "Forget it, I won't make things difficult for you. I'll participate in tonight's live broadcast."

"Thank you, Elder Sister Lan. Elder Sister Lan is even more intimate than my sister." Wu Tian reached out and held the woman in his arms.

"Go!" Huang Lan pushed Wu Tian away and scolded him with a smile, "Smelly brat, don't take advantage of me."

"Elder Sister Lan, have you not taken advantage of me?"

"Get lost!"

Huang Lan rolled her eyes coquettishly. She looked at the time and said, "I'll go take a rest first. I'll recuperate and sing to you tonight."

"Alright, I'll get Sunn Sheng to arrange a hotel for you."

"You don't need to trouble yourself. Just let Uncle Fugui send me home."

"To my house, of course. And to move my luggage to yours."

Wu Tian's expression instantly turned ugly, "Elder Sister Lan, don't tell me you're going to stay at my house for a long time?"

"I'll leave whenever Shen Xue leaves."

"What if she's going to live for the rest of her life?"

"Then I'll stay with her for the rest of my life." Huang Lan said in a domineering manner as she strode towards the parking lot.

Wu Tian sighed secretly, why did he have to deal with these two women. Did they want to pester him forever?

If it was another man being pestered by these two peerless beauties, he would definitely faint from happiness. However, Wu Tian couldn't get happy no matter what, and now he only felt a headache.

Elder Sister Lan had just left when Sunn Sheng ran over and asked urgently, "Boss Wu, how was it? Did you convince Elder Sister Lan to attend the live broadcast ceremony tonight?"

"It's done." Wu Tian made an 'ok' gesture.

"Boss Wu, you're really good. You only took care of the arrogant Huang Lan in a few words." Sunn Sheng couldn't help but sigh with emotion. Right now, he was admiring Wu Tian more and more.

"Women rely on coaxing. Elder Sister Lan is no exception."

"No, Elder Sister Lan is an exception. This kind of woman always has a cold face, an aloof and repulsive look, how can others get close to her?"

"I feel that Elder Sister Lan is quite kind and charming from time to time ..."

"Pull it down!" Sunn Sheng cut her off and said sourly, "Huang Lan will only show her flirtatious demeanor in front of you. She will always have a cold and stinky face in front of others."

"Is he cold to you?"

"Of course." Sunn Sheng nodded and then changed his tone. He leaned his head over and whispered, "Tian, I think Huang Lan has fallen in love with you."

"Don't talk nonsense."

"I'm not talking nonsense." He was sure that no one was listening in, so he said, "If Huang Lan didn't like you, she wouldn't have let go of her position and signed a contract with our live broadcast platform. She wouldn't have been able to attend the live broadcast carnival and the live broadcast grand

ceremony, and she wouldn't have acted so gentle and seductive in front of you ..."

"What you said makes sense." Wu Tian nodded in agreement.

"Huang Lan liking you is an indisputable fact. Now I want to know, do you have any thoughts about her?"

"I haven't thought about it."

"Actually, Huang Lan is a pretty good woman. She has to have a body, a face, and a face. She sings well and is also good to you. I think you guys are quite suitable."

"Sunn Sheng, when did you become a Red Niece?"

"I'm thinking for you." Sunn Sheng patted Wu Tian's shoulder, and laughed: "If you can be together with Huang Lan, it would be equivalent to our Seafood TV having this gold badge. Are you still worried that she will leave our platform?"

"After all this commotion, you want to use me to trap Elder Sister Lan and make money for the company, right?"

"It's a misunderstanding. I don't have that kind of thought."

"Let's not talk about this ever again." Wu Tian warned and immediately ended the conversation. "Alright, hurry up and get back to work. I'll go check on Food Festival."

After saying that, he walked towards the street of delicacies. However, he was still thinking about Sunn Sheng's words.

Elder Sister Lan was indeed a good woman. She was perfect in every aspect. If she could become his wife, he would definitely be very happy.

However, Shen Xue was also a good girl. She was gentle, charming, and beautiful. Her body was always brimming with vitality and vitality.

Hidden Billionaire Chapter 334 - Food Street -

C334 Food Street

Huang Lan and Xue each had their own special talents. They were both top characters among the goddesses. If he was allowed to choose among these two women, it would truly be difficult to make a choice.

As he was thinking about these two women, he had unknowingly arrived at a street that was selling delicacies not too far away.

This was a street that Jiang Wan spent a lot of energy to create, it was filled with local specialties.

Tonight, the special Food Festival of Luzhou would be held here. After the tourists finished enjoying the delicacies here, they would go watch the live broadcast ceremony. After watching the live broadcast, they could then come here for supper.

At this time, Shen Xue was leading her people and coordinating with the shops in the district, discussing about Food Festival matters at night.

Because it was a temporary decision, time was tight and tasks were urgent. Everything had to be ready by five in the afternoon.

At the moment, Shen Xue was leading the workers around the block. She was very diligent and gentle, which made people like her.

Just as Wu Tian was lost in thought, the merchants on the street suddenly started arguing, and then they started to make a ruckus in public.

Under such circumstances, Shen Xue was rather patient. She explained the situation to the merchant earnestly in order to explain everything clearly.

The merchants didn't listen to her and purposely made a big fuss. They raised their voices and shouted at Shen Xue.

Shen Xue was helpless in the face of these rude merchants. It was obvious that she could not handle them.

This was also very normal. This girl only cooked in the kitchen and had never hosted such a large delicacy event.

Seeing Xue being insulted by a few merchants, Wu Tian could not hold back his anger. He walked towards the crowd in large strides.

"Xue ..."

Wu Tian squeezed through the crowd and asked with concern, "Are you alright?"

"You came at the perfect time." Shen Xue was feeling helpless. When she saw Wu Tian, she immediately felt more at ease.

She pointed at the two merchants and said, "Their shop wasn't willing to participate in tonight's Food Festival, and they still wanted us to compensate them."

"How many stores are not willing to participate in tonight's Food Festival?"

"Just the two of them."

"Got it, I'll go talk to them." After understanding the situation, Wu Tian walked in front of the two shop owners and said, "Two shopkeepers, I'm the person in charge of Food Festival, my surname is Wu, why don't we have a chat?"

The two shop owners were both young men, roughly in their thirties. They were well-built and did not look friendly at all.

"Boss Wu, you came at the right time." One of the well-built men patted his chest and loudly said, "My name is Zhang Long, this is my younger brother, Zhang Hu. If you have anything to say, say it to me."

"I would like to know why you all don't want to participate in Food Festival?" Wu Tian looked at the two brothers with a smile.

Needless to say, these two brothers looked pretty similar. They looked no different from big black bears. They were both physically strong.

"If you want us to participate in Food Festival, you have to give us subsidies." Eldest brother Zhang Hu directly brought up this request.

"How much subsidy do you want?"

"The two of us, will each be given a hundred thousand."

"I'm afraid you're crazy." Wu Tian glared at the two fiercely and said coldly: "I paid with money and manpower to conduct Food Festival to attract customers.

If I don't find you for a fee, then I'm very merciful, and you guys still dare to ask me for money."

"If you won't pay, then we'll close the shop and won't participate in tonight's Food Festival." Zhang Hu threatened.

"Then close the shop." After Wu Tian said this, he turned around to look at the other merchants, "Is there anyone else who doesn't wish to participate in tonight's Food Festival?"

Everyone nodded their heads in agreement, indicating that they were willing to participate in tonight's Food Festival.

The developers would pay for the Food Festival to attract people's attention. They only needed to earn money, and only idiots would not participate in this kind of event.

"Okay, other than the Zhang Long and Zhang Hu brothers, everyone else must cooperate with Shen Xue. If anyone doesn't cooperate with the operation, then they must be disqualified from participating in Food Festival." After Wu Tian said this, he immediately announced: "We will begin the preparations."

Following Wu Tian's order, the merchants of the Gourmet Street started to get busy, cleaning up, selecting ingredients, and setting up the event venue to prepare for tonight's Food Festival.

Shen Xue walked over and whispered, "If Zhang Long and Zhang Hu's store don't take part in the event, it will affect the overall atmosphere and coordination."

"It's alright, put up a circular advertisement board in front of their store and put up beer as a gift." Wu Tian immediately thought of this idea to cover up the awkwardness of the two stores not participating.

"Alright, I'll get someone to do it." Shen Xue thought this idea was not bad. She had someone bring the advertisement board over here to block the two Zhang brothers' store.

Just like that, two oval billboards excluded Zhang Long and Zhang Hu's shop. This resolved all the awkwardness.

The reason why the Zhang brothers were causing trouble was because they wanted to get some subsidies.

Since they did not get the subsidies and were excluded from the Food Festival, the two brothers were naturally unwilling to accept this.

They simply set off firecrackers in front of the store to scare the tourists and create a tense atmosphere in the culinary street.

"Zhang Long, Zhang Hu, you guys are here to cause trouble, right?" Wu Tian's eyes turned cold. He was completely infuriated by the two brothers.

"That's right, we are just creating trouble." Zhang Hu was thick-skinned and purposely provoked, "What can you do to us?"

"It seems like none of you know how powerful I am." Wu Tian's eyes turned cold as he punched the wooden table beside him.

*

A muffled sound rang out and the table was shattered into pieces. The huge table instantly turned into a pile of rotten wood and collapsed onto the ground.

Zhang Long and Zhang Hu were so scared that their necks started to shrink, and they retreated a few steps backward. They didn't expect that the lad in front of them looked weak, but never did they expect his strength to be so astonishing.

The two brothers were intimidated by this aura. They stood there motionlessly, even more rigid than wood.

"If you dare to cause trouble again, this table will be your end. If you don't believe me, you can try." Wu Tian's eyes turned cold as he narrowed his eyes and warned with cold eyes.

The two brothers, Zhang Long and Zhang Hu, were shocked. They stood still, not daring to continue causing trouble.

Although they were strong, they didn't have that much courage. After all, they were businessmen and they didn't want to make things too serious — bring disaster upon themselves.

Their original intention in causing trouble was nothing more than to cheat for subsidies. Naturally, they did not want to risk their lives just for money. This is not worth it.

The two brothers knew that they had met a fierce person, so they no longer had their previous arrogant and domineering attitude. They immediately became cowards.

"They seem to be frightened by you." Seeing that the two brothers had become so obedient, Shen Xue couldn't help but be secretly happy.

"These two brothers are just trying to cheat money. They don't have that much courage." Wu Tian glanced at the two brothers, gritted his teeth and said, "If it wasn't for them renting my shop, I would have chased them out of the commercial street and even made them have no place in Luzhou."

"Forget it, don't worry about them for now. Let's continue preparing for tonight's Food Festival!"

"Alright, I'll help you." Wu Tian was worried that Shen Xue couldn't solve the problem here by herself, so he helped her prepare the Food Festival.

Under the command of Wu Tian and Shen Xue, the merchants moved their stoves to both sides of the street. They arranged the stoves neatly according to the uniform requirements and pasted the advertisements all over the street.

Hidden Billionaire Chapter 335 - Popularity Explosion -

C335 Popularity Explosion

After working busily for a long time, a unique style food street was spread out on the street. The gaudy advertising slogans made one's appetite rise.

It was not even four o'clock and the streets were already filled with tourists. Before the Food Festival had even begun, guests had already flooded in.

After a simple discussion, everyone decided to open the Food Festival early.

More and more visitors gathered. Most of them were here to attend the annual live broadcast ceremony. Since the broadcast had yet to begin, everyone decided to first come to the gourmet street to look for food.

There were also a few tourists who were residents and students nearby. They came to join in on the fun, and when they heard that there was a delicacy, they would naturally be full to the brim.

The restaurants on the food street all had special dishes, and all of them were quite tasty. In addition to that, with Shen Xue, Fuyuan Restaurant, and the guidance from the Huiyue Restaurant chefs, the taste of the dishes would naturally not be bad.

The first batch of tourists to taste the food was full of praise. Under everyone's propaganda, the food street was filled with more and more visitors.

At around five o'clock, they reached a small peak.

Merchants earned more and more money. In just a short hour, their total income was more than half a month's income. This made everyone laugh to the point that their mouths could not close.

Seeing the other merchants earning so much, Zhang Long and Zhang Hu were very envious.

He had originally thought that this small food street had no customers at all and could not earn any money at all.

However, the two brothers never thought that this street could attract so many customers. The income of each store was thousands of times higher than usual, it was almost the same as picking up money.

Seeing their peers making so much money, the two brothers' eyes started to turn red. They couldn't help but feel regret in their hearts.

If they knew that the Gourmet Street was so rich, why would they lie about the subsidy, why would they withdraw from the Food Festival, why would they offend the person in charge of the Food Festival?

Seeing their Food Festival so popular, the two brothers regretted it greatly.

"Brother, it's all your fault. You said that there's no flow of customers in the Food Festival and that you can't earn any money, so why not cheat and subsidize your store? Look, the flow of customers is very hot right now, and all the other shops have gone crazy from earning money." Seeing other shops making money, Zhang Long started to complain about his brother.

"I didn't know Food Festival was so popular either. If I had known earlier, I would have ..." Zhang Hu felt deep regret.

If he knew that Food Festival was so profitable, he wouldn't have closed his shop and exited the Food Festival even if he was beaten to death. Furthermore, he wouldn't have gone against Wu Tian and the others.

"So what do we do now? Are we just going to watch as they earn money? " Zhang Long scratched his head, feeling a little itchy.

He felt even worse when he saw that other stores were constantly receiving money from their customers.

"No, we can't just sit by and watch them make money. We have to make money too." Zhang Hu spat out in indignation.

"Right, if it's really not going to work, then let's go and say good words to Boss Wu."

"You go."

"You go."

"Brother, it's better if you go."

"Alright, I'll go."

After a round of discussion between the two brothers, it was finally Zhang Hu who stepped forward. He said to Wu Tian with a thick face, "Boss Wu, we were ignorant before. I hope you don't take it to heart."

"Why did you guys suddenly come here to admit your wrongs?" Wu Tian was a bit surprised, he didn't expect the two brothers to take the initiative to lower their heads and admit their mistake.

"Boss Wu, we also want to join Food Festival."

"Didn't you want to close the restaurant?"

Zhang Hu gave two hollow laughs, and said embarrassedly: "We did not expect Food Festival to be so popular."

"You guys are jealous when you see others making money?"

"I hope Boss Wu will give me a chance."

"Nope."

"Boss Wu, I beg of you. We have seventy years old mothers and a few years old children, and they are all dependent on us to make money when we open our store." Zhang Hu kept on complaining.

"Sorry, I don't do charity." It was a pity that Wu Tian did not care about this and did not plan to give the two brothers a chance.

Seeing how determined Boss Wu was, Zhang Hu turned to Shen Xue and begged, "Boss Shen, please do us a favor and speak good words for Boss Wu."

"Alright, since you guys are so sincere, I'll help you guys." Wu Tian's heart was very soft. He quickly agreed to help when begged. He turned around and said to Wu Tian, "I don't think it's easy for them. Just give them another chance."

"Alright, on the account of Xue, I'll give them the chance." Since Xue begged for mercy, Wu Tian had to give her face.

"Thank you, Boss Wu. Thank you, Boss Shen." When Zhang Hu and Zhang Long heard this, they bowed and thanked him profusely.

"Alright, hurry up and prepare it. Take away the billboard and set up a stall for business." Shen Xue instructed the two of them.

"Alright, let's go and prepare." The two brothers excitedly rushed into the store and started working.

Seeing the two brothers walk far away, Shen Xue couldn't help but sigh with emotion. "I really didn't expect that our Food Festival would be so popular."

"That's right, it seems like the influence of the live broadcast ceremony is not small." Seeing this situation, Wu Tian couldn't help but be secretly happy.

The reason the Food Festival exploded was all because of the stream of people brought about by the live broadcast ceremony.

Because the promotions for the live broadcast ceremony was in place, it attracted a large number of visitors to come and enjoy the delicacies.

"So according to you, the explosion of Food Festival was all due to Huang Lan?" Shen Xue suddenly asked.

Wu Tian immediately heard the jealousy in the tone and he hurriedly comforted, "The success of Food Festival was all because of you, Xue. It was because of your guidance that such delicious snacks were produced, attracting so many customers. You have contributed the most. "

"In your opinion, I'm far inferior to your Elder Sister Lan, right?"

"No, in my heart, you are the most perfect."

"Is what you said true?"

"Of course it's true." Wu Tian quickly changed the topic, "Xue has been busy all day. Thank you. Let's go. I will treat you to a meal."

"There's so much food on the food street, we can just eat whatever we want."

"Let's find a quiet place." Wu Tian pulled Shen Xue to a small restaurant across the street.

After ordering a few dishes, the two chatted as they ate.

The two talked about Huang Lan all the time. As they chatted, Shen Xue would turn the topic to Elder Sister Lan. Her words contained a strong sense of jealousy.

Wu Tian always answered carefully, afraid that he would anger this jealous girl.

After the two finished eating, they wandered around along with the Wan Street.

"Oh yeah, I've never gone out with a boy to see a movie before. How about you accompany me to see a movie?" On a sudden impulse, Shen Xue made this request.

"Not today. I still have to attend the live broadcast ceremony later. Maybe another day!"

"Oh!"

Shen Xue nodded her head in a slightly disappointed manner and changed the subject. "How about you buy clothes with me?"

"I've already bought a lot of clothes to take home. After I finish the live broadcast ceremony and Food Festival, you can pick any one you want when I return home."

"Why did you suddenly think of buying clothes for me?"

"I bought all the clothes in a clothing store earlier. The four of you women, everyone has a share."

As soon as Wu Tian said this, Shen Xue immediately became unhappy. "I thought you were going to buy clothes for me alone, but after all, you bought clothes for every woman."

"Buy more clothes and you can change your clothes. Otherwise, you'll often go shopping." Wu Tian said with a smile.

Hidden Billionaire Chapter 336 - Choose Clothes -

C336 Choose Clothes

"You should keep it for those women, I don't care." Having said so, Shen Xue stomped her feet angrily and walked forward.

"You really are jealous." Wu Tian shook his head with a wry smile and quickly caught up with her. He tried to curry favor with her, "Xue, how about I take you to buy some clothes?"

"Didn't you buy a lot of clothes?"

"Those are not suitable for you. I'll bring you to buy clothes that are suitable for you." After Wu Tian said this, he pulled Shen Xue and walked to the other side of the street. Soon, they arrived at a clothing store.

When she reached the entrance of the store, Shen Xue paused and said with a flushed face, "What did you bring me here to buy?"

"Underwear."

"Go, I don't want to buy underwear."

"They're all here. Let's choose one!" Wu Tian pulled the girl's arm and forcefully brought her into the shop.

"You hooligan, how can you give underwear to a boy?" Shen Xue lowered her head, a little embarrassed.

Especially the surprised look in the salesman's eyes, which made her feel even more shy.

"Not bad." Wu Tian picked a decent piece of clothing and handed it over. He asked, "Xue, what do you think of this?"

"Too small!" Shen Xue glanced at him and lowered her head in embarrassment.

To be honest, this was the first time she came to the inner shop with a boy to choose clothes. It would be a lie to say that she didn't feel awkward.

"What about this one?" Wu Tian changed it again.

"It's still a little small."

"Is that so?" Wu Tian couldn't help but size up Shen Xue's body with a skeptical gaze as he said, "I really didn't notice that you're so impressive."

"Where are you looking!" Shen Xue's face turned red as she hurriedly covered her body with her hands to avoid the evil eyes.

Wu Tian smiled embarrassedly and picked up another set from the shelf, "This is a large one, it's definitely suitable for you."

"It should be similar!" Shen Xue looked at the number on the label and nodded.

"Then go and give it a try."

"Oh!" Shen Xue took the clothes and walked towards the fitting room awkwardly.

Before they entered the fitting room, Wu Tian suddenly said: "Xue, do you want me to help you?"

"Help you with a big head." Shen Xue rolled her eyes in annoyance. She quickly entered the changing room and locked the door from the inside.

After a long time, the door of the fitting room opened again. Shen Xue had already changed her clothes and walked out.

Holding Xue's body up, Wu Tian couldn't help but swallow his saliva. At this moment, he was like a greedy cat that had caught sight of a fish.

He suddenly realized that after Xue had put on her new Bra, her body had become even more domineering than before, and she seemed to have matured a lot.

"Stupid Wu Tian, don't you feel disgusted?" Shen Xue covered her body as she complained while biting her lips.

"What's wrong?"

"What do you mean, you stare at my body and swallow?"

Wu Tian smiled embarrassedly and quickly retracted his sloppy eyes, "I feel like you've matured, I feel like you're a bit hungry looking at it."

"You're not serious."

"Oh right, Xue, why do you look so much bigger when you're wearing this?"

"Aiya, idiot, there's a cushion in here." Shen Xue's face was blushing as she explained in a low voice.

"Electricity? Did you get an electric shock? "

"Stupid! It's that kind of rubber cushion!" Shen Xue bit her lips and said shyly.

Why didn't the man in front of him understand anything? Could it be that he had never come into contact with women before? Could he be a virgin?

Thinking of this, she felt an inexplicable sense of joy in her heart. At least Wu Tian was clean and had never been harmed by other women before.

"Oh!"

Wu Tian scratched his head in embarrassment and said satisfied, "This set is not bad, it suits you very well. The way you wear it is even more domineering than before."

"Is that so?"

"Yes, I'll buy it."

"Well, I'll replace it."

"Don't change, wear it." Wu Tian looked at it for a while and turned around to ask the salesperson, "How much is this thing?"

"Five hundred and eighty." The salesman replied with a smile.

"Ok!" Wu Tian paid the bill and left the underwear store with Shen Xue. However, he couldn't tear his eyes away from Shen Xue's body.

Shen Xue felt very uncomfortable being stared at like that. She said embarrassedly, "Stupid Wu Tian, why are you always staring at me?"

"You look good."

"You hoodlum!" Shen Xue snapped in annoyance.

Although she felt shy being stared at like that, she felt inexplicably happy and excited.

If Wu Tian could just keep being attracted to her like this, it would be great if he didn't have to look at Huang Lan and the other women.

After buying their clothes, the two of them went back the way they came from.

Shen Xue suddenly stopped when she passed by a flower shop.

He stared at the flowers in the shop for a few moments, then his gaze fell on Wu Tian's face, "Do you think those roses are nice to look at?"

"They look good." Wu Tian nodded.

"You don't want to buy some roses that are so pretty?"

"Rose can't be eaten, so why would I buy that?"

"Idiot, of course buying flowers is to give them away."

"Who should I send?"

"You, you, you ..." Shen Xue was so angry that the corners of her mouth were trembling.

She had hinted for a long time, the hint was so obvious, could it be that the idiot Wu Tian didn't understand?

No, she suspected that this fellow was intentionally playing dumb.

"Xue, just tell me if you want the rose. There's no need to beat around the bush." Wu Tian couldn't help but laugh when he saw Xue's sullen expression.

"Who wants roses?" Shen Xue was also a person who cared about her reputation. Upon hearing these words, she stomped her feet in anger and was ready to leave.

"Don't go." Wu Tian tugged on Shen Xue's arm, "I said the wrong thing. To express my apology, I will buy a bunch of roses to apologize to you."

"I don't want it." Shen Xue said she didn't want to, but her two legs disobediently followed Wu Tian into the flower shop.

She wasn't particularly fond of roses, she just wanted Wu Tian to send her flowers. This had a different meaning.

"Even if you don't want it, you have to." After Wu Tian said this in a domineering manner, he strode into the rose shop and asked the busy shop owner, "Boss, your flowers ..."

Before he could finish his sentence, he swallowed his words.

It was only now that he could clearly see the beautiful owner's face. It was a delicate and exquisite face, similar to Shen Xue's.

"Liu Jia!"

Wu Tian immediately recognized this girl. It was his high school classmate, Liu Jia. She was the girl he had once pursued.

When he was in his second year of high school, Liu Jia had helped him during an outdoor event organized by the school. He thought that this girl was interested in him, so he bravely went after her.

As a result, Liu Jia had ruthlessly humiliated him by scolding him in front of all his classmates that he was a toad that wanted to eat swan meat.

Liu Jia hadn't even spoken to him since then.

Later, when he was in the second half of his sophomore year, he found out that Liu Jia was dating Lu Yong, who had a lot of money in her class.

Because of that little incident, he had a grudge with Lu Yong. Lu Yong often caused him to feel uncomfortable, making him very sullen in class.

"You're Wu Tian?" Liu Jia took a long time to recognize Wu Tian. There was something strange in her eyes.

"Yes, it's me." Wu Tian raised his head and looked at Liu Jia. He wanted to say something, but he didn't know what to say. The atmosphere was awkward.
