

## Hidden Billionaire Chapter 665 - New Changes

C665 The Filial Children of the Wu Family

Before they knew how to get out of this situation, a maid walked over and bowed to Loong Yun politely.

"Miss Long, Old Master Wu is inviting you over."

Before Loong Yun could reply, the Wu clansmen started to clamor and question her loudly.

"When will Old Master give us a reply? Who exactly is the successor? He has to give us a reply, right?"

"That's right, we can't wait here forever either. Now that Wu Tian is dead, we can't delay the matter of the heir!"

Wu Tian now knew exactly what they were planning to do. It was for this matter, to put it bluntly, they were interested in Wu Group's assets.

Although Wu Tian cleared them out from Wu Group company, he couldn't cross them off the family tree.

Therefore, as members of Wu Family, they did indeed have the chance to participate in the competition after the family's successor ran into any problems.

Well, they came to the castle the day after they got the news.

At first, Wu Tian thought that he hid it well from Old Master, but looking at it now, these people must have revealed it at the first possible moment.

Sometimes, Wu Tian was really a bit angry. Looking at the other families, although the Shangguan Family did not have a righteous path, they all had the same heart.

There was no need to even mention the Baili family. Everything had been arranged in a neat and orderly manner, in accordance with the arrangements made by the clan leader. Only those with Wu Family had their own little thoughts.

All of them were greedy and insatiable. They wished that they could take over the clan's property and do nothing.

It was fortunate that Old Master Wu was rather capable and that he was very strong when he was managing the company. These demons and ghosts were suppressed, so they didn't reveal their true colours.

However, it was impossible for it to continue like this.

Loong Yun and Wu Tian walked in with ashen faces. Their good mood had been completely ruined.

"Sis Zhang, when did they arrive?"

When the maid heard Loong Yun's question, she sighed and said, "They've been here for several days already. They didn't go out to eat or drink. It's really troublesome for us to serve them."

The bitterness of this event was something that no one who had never experienced before would know.

On one hand, these people of Wu Family would not leave, and on the other hand, they were sick and had many problems.

Not only did they ask for good food and clothing, but they also had to have a variety of tea and food every day. If things went badly and they were dissatisfied, these people would have to find these maids to reprimand them.

Now, Old Master Wu Zhi had been staying in the room and didn't come out to see them, so these servants couldn't say anything.

"So that's how it is. Don't worry, I will think of a way to help you."

Wu Tian nodded thoughtfully and told the maid as usual.

However, the maid looked at Wu Tian in surprise. Then, she smiled bitterly, "Although I don't know who you are, I'm afraid I can only make Young Master Wu come back at this time. Otherwise, this problem wouldn't be solved."

Wu Family and these people already had this temperament for more than a day or two. They knew, more or less, in their hearts.

It was too difficult for the people outside to solve this problem.

Only then did Wu Tian remember that he was wearing a mask, so the maid didn't recognize him.

"Sister Zhang, if I say that I can do it, I can."

As he said that, Wu Tian looked around to see that there weren't many people around, so he took off the mask on his face.

The maid widened her eyes in disbelief, but the person standing in front of her was clearly Wu Tian.

"Young master ..."

"Shhh, don't speak! "Don't let anyone outside hear it!"

Wu Tian gestured with his hands to keep silent, telling the maid to quickly lead the way. Right now, the most important thing for them to do was to see Wu Zhi.

"Master, Loong Yun is here."

The maid knocked on the door of Wu Zhi's bedroom, then smiled at Wu Tian and the others before going somewhere else.

"Come in."

As Wu Zhi's voice sounded, Loong Yun and Wu Tian became a little nervous and walked in without any hesitation.

However, what Wu Tian did not expect was that Wu Zhi was lying on a chair with a blanket over his body. His face instantly aged.

Compared to Old Master's spirit, he was like a sick old man that could be buried at any time.

"Grandpa, it's Wu Tian!"

Wu Tian quickly ran over with tears in his eyes and kneeled in front of him.

"Is it Wu Tian?" Wu Zhi touched Wu Tian excitedly, but soon after, he pulled his hand back in disbelief.

"I must be hallucinating again... Didn't Wu Tian die already? If I want to see Wu Tian here, would it be that I am already dead? "

After experiencing such great grief, Wu Zhi could no longer believe that Wu Tian would appear in front of him.

Even if the person in front of him was really Wu Tian, he still felt that this was probably his imagination.

"Grandfather, it's really me! It's really Wu Tian! I didn't die!"

Seeing this scene, Wu Tian suddenly felt very regretful. He shouldn't have done this in the beginning!

"Wu Old Master, it's indeed Wu Tian. Young master was faking his death because he was forced to." Loong Yun also hurried to explain. Only after hearing what the two of them had said did Wu Zhi feel more confident.

He didn't show any particularly big emotions. It was possible that Wu Zhi had experienced all kinds of things and had seen all kinds of scenes.

"It's really you? "Great! I'm really afraid that you will die. If you didn't die, I would have been relieved."

Since Wu Tian was still alive, Wu Zhi did not have to worry about the family's mess. Most importantly, the Wu Family should not be destroyed.

"Sorry, grandfather didn't tell you the truth before, I really had to do this. Someone tried to assassinate me. They failed and I was lucky enough to survive. However, in order to prevent them from attacking me again, I had no choice but to pretend to be dead. "

Wu Tian quickly explained, but Wu Zhi didn't care about these things. He was already satisfied to be able to see Wu Tian.

"Oh yeah, Old Master, what are those people doing outside?"

When Loong Yun heard another shout coming from outside, she immediately frowned in annoyance.

"What else can they do? It was Wu Yongan who instigated them again. He said that if Wu Tian died, the family must have an heir, so they are asking me for the result."

Wu Zhi was very unhappy when he thought of this. He had worked so hard for most of his life and made his Wu Family so rich, yet in the end, he raised such a bunch of ingrate.

"Since that's the case, Grandfather, do you have the courage to fight to the death? These people have to be cleaned up! "

Wu Tian looked at Wu Zhi viciously and said. He had wanted to do this for a long time, but he never had a good chance. The opportunity was right in front of him, there was no reason not to do it.

## **Hidden Billionaire Chapter 666 - The Position of Clan Leader**

## C666 The Position of Clan Leader

Wu Zhi looked at his grandson with a complicated expression. He knew exactly what Wu Tian was thinking.

If Wu Zhi was young, he would have immediately agreed to Wu Tian's request.

But his identity was now different. He was the patriarch of the Wu Family, so he could not simply think about things.

He could not just give up all the family members just for his own selfish desire.

"That's not so good. Now that you've come back, those people outside will probably leave as well. Isn't it good for us to pretend that this never happened?"

Wu Zhi was still hesitant and unable to make up his mind.

"Old Master? You're still saying that right now! " Wu Tian was slightly angered. If these people could become better, would something like this happen again?

To put it bluntly, they would not make any progress.

To Wu Family, they were malignant tumors. They only wanted to obtain benefits from Wu Family, but could not bring any benefits.

Their existence would even endanger the safety of the entire Wu Family. If they were to control the Wu Family, it was likely that the Wu Family would collapse very quickly.

"I know everything you said, but they are also people of Wu Family. After all, their surname is also Wu!"

Old Master was very conflicted. When a person gets old, he will care a lot about his family and surname. After all, as the saying goes, when a person dies, they need to bury themselves in the ground in order to be able to rest in peace. Since ancient times, people of China had always hoped that they could live in their hometown and not leave.

Old Master Wu Zhi placed great importance on the continuation of the family, which was why he was paying so much attention to Wu Tian.

But at the same time, he also felt that he had the same responsibility towards his fellow clansmen. He could not just give them up just because of these things.

"If you say so, I will not do it." Wu Tian knew that the usual method of persuading Old Master Wu Zhi wouldn't work. If he could make this decision, he would have been able to get rid of this group of people a long time ago.

"What are you doing?"

Wu Zhi was stunned. Could it be that Wu Tian wanted to rebel? Or running away from the family?

"What do I want? It's a simple choice for you! Either choose me, or choose these people! Between them and I, you can only have one! "

Wu Tian's attitude was very clear, but also very firm. He just wanted Wu Zhi to have a better view, and this was a very realistic thing. If he chose these useless people, then without a doubt, his Wu Family would be destroyed.

And if he chose Wu Tian, although he would have to abandon these people, and even expel them from the Wu Family, but he could still guarantee that the Wu Family would continue, and that the Wu Family would still possess an extremely strong strength.

The difference between the two was obvious.

"If I did such a thing, how would I have the face to face the ancestors?!"

Wu Zhi roared. He didn't understand why Wu Tian would make such a request.

This was his own grandson, and those people outside were also Wu Tian's real uncle!

"If Wu Family were to perish, you would have let down all your ancestors!" Wu Tian was very rude. He was usually very respectful to Wu Zhi, but that did not mean that Wu Zhi was always right.

Wu Tian did not plan to retreat on this matter.

"How can you say that ..."

The two of them were originally very happy, but as a result of this matter, their relationship actually started to stiffen.

Wu Zhi had been sulking because Wu Tian refused to talk to him about anything and even secretly mortgaged the Wu Castle.

Although Loong Yun said that the castle had been redeemed, this matter always seemed to be a hurdle in Wu Zhi's heart and it wouldn't be easy to get over it.

Now that Wu Tian had done such a thing and his attitude was too tough, Wu Zhi was still the head of the family. Strictly speaking, everything in the family was up to Wu Zhi.

"I am not trying to embarrass you. You may not be aware of the current situation, but S City is in a precarious situation. Foreign capital is currently prying into our companies, if we allow them to continue like this, China will probably be in danger. "

Wu Tian sighed. If it wasn't for the current situation, he wouldn't care about these people.

It was precisely because the situation outside was extremely dangerous that the Wu Group had to guarantee the stability of everything. Although these people from the Wu Family had nothing to do with the Wu Group, if they passed through Wu Old Master, they could still affect the Wu Group to a certain extent.

Therefore, this was something that Wu Tian had to do.

"What does this have to do with us? What does that have to do with our Wu Family!?" With Wu Zhi's brain, it was impossible for him to not think of the dangers of this matter. However, since things had already come to this point, he couldn't immediately go back on his word. After all, he was the family head and Wu Tian's grandfather.

Wu Tian knew that if he didn't tell Wu Zhi about the seriousness of the situation, Wu Zhi wouldn't agree so easily. Originally, he didn't want to reveal the evidence so easily.

He gave Loong Yun a slight nod, indicating that she should bring out the picture.

Loong Yun sighed softly. This was something that they had kept for the sake of some possible future troubles. They hadn't expected to take it out here.

This photo was the one Wu Yongan and Chen Cheng had taken while they were eating in Korea Country.

"You probably don't know who this person is. Let me introduce him to you." Wu Tian pointed at Chen Cheng in the photo, and slowly said: "This is the boss of Mecca Company, now Wu Yongan's branch companies have all been bought by others, and the one who bought them is Mecca Company."

Wu Zhi looked at Wu Tian in disbelief. During this period of time, he had basically entrusted all these matters to Wu Tian, so he didn't care about anything at all.

He did not know about the appearance of Mecca Company. Even Wu Yongan and his other branch companies had been stripped away and then acquired — he did not know much about it.

"What did you say?" Although Wu Zhi knew that there was something wrong with Wu Yongan, he didn't think that Wu Yongan would actually join forces with outsiders to hurt the Wu Group company.

"That's what I meant. I spent a lot of effort and energy to deal with this Mecca Company, and finally managed to preserve our current Wu Group company. If it wasn't for Wu Yongan, I probably wouldn't even need to do this."

Wu Tian was very angry, this Wu Yongan seemed to have been giving him trouble from the beginning. Wu Yongan was his uncle and Wu Yongan's methods were really vicious. Of course, now that Wu Tian had the ability, he could take revenge on Wu Yongan.

## **Hidden Billionaire Chapter 667 - The New Leader of the Wu Family**

C667 The New Leader of the Wu Family

After confirming the truth of Wu Yongan's matter over and over again, Wu Zhi looked like he had collapsed, and his face was ashen.

Originally, he wanted to protect these children and grandchildren to prevent Wu Tian's thoughts from succeeding. But now that the evidence was placed in front of him, if Wu Zhi still pretended not to see it, then he would be punished by the heavens.

"Wu Tian, what do you want to do about this?"

Wu Zhi had declared his surrender to Wu Tian. If there were no surprises, then Wu Zhi wouldn't stop Wu Tian from doing anything.

This also meant that Wu Tian had complete control of Wu Group, and even Wu Family.

"Of course, we want to get rid of their surnames and send them to the Public Security Bureau for adjudication!"

Wu Tian said resolutely. He spoke with a generous voice and an unrelenting manner.

Wu Zhi originally wanted to say something, but he moved his lips. He originally wanted to persuade Wu Tian, but he found that he didn't have the face to say these things now.

Loong Yun's eyes looked at Wu Zhi and then looked at Wu Tian. After a while, she suddenly understood what to do.

"Young Master, let's just cross them out from the genealogy book. If we send them to the Public Security Bureau, it would be bad for our reputation as the Wu Group ..."

Loong Yun's words made sense. Wu Zhi nodded and answered, "That's right, that's what I meant." We're still a big family, the head of the four big families in Jiangnan. If this sort of thing gets out ... How would they laugh at us? "

Wu Zhi didn't care about what the other families thought, but this last bit of face was the only thing Wu Zhi cared about.

Wu Tian was very unwilling, but in the end, he still made some concessions.

"Fine, let them be removed from the family tree. In the future, they will no longer have anything to do with our Wu Family, and they will not be allowed to bury themselves in our family's ancestral tombs!"

This matter could be considered as a final conclusion. When Wu Tian made this decision, it was basically equivalent to taking over the position of the Patriarch of Wu Zhi.

"To prevent any controversy, Old Master, it's better to not let them disturb you."

Wu Tian added another sentence at the end, which made Wu Zhi stunned.

He looked at Wu Tian and thought for a while before he sighed and nodded.

He got down from the chair and took out a piece of yellow and wrinkled paper from a cabinet. Although it looked very old, it was still intact.

Wu Zhi took out a brush from his desk and dipped it in ink. Then, he wrote down Wu Tian's name in a grid at the back of the yellow paper.

"This is our Wu Family, the Patriarch's bunk map. Only the previous Patriarch has the authority to hold on to it, but you have to be careful about it. Writing your name here means that you are the next Patriarch. "

How could Wu Zhi not understand Wu Tian's meaning. If he passed the position of the Patriarch to Wu Tian, then whatever decision Wu Tian made would have no effect on those people. In fact, it had nothing to do with Wu Zhi.

Because it was the decision of the new Chief, Wu Tian. If they had any questions, if they wanted to oppose it, they would have to go to Wu Tian. There was no point in looking for Wu Zhi.

Although this matter was a little forced, Wu Zhi knew that he no longer had much control over Wu Family, and giving it up early would allow him to live a peaceful life.

"Thank you grandfather, everything I did here today was not for my own sake. It's for our family, and also for your wish. "

Wu Tian's words were not a compliment. Ye Zichen could tell from his gaze that he cared about Wu Zhi the most. Honestly speaking, if Wu Zhi did not call him back, Wu Tian felt that there was no need to come to S City.

Wu Zhi didn't say anything. He just lightly patted Wu Tian's shoulder and nodded. Then, he slowly walked back to his chair and leisurely hummed a song under the sun.

From then on, the burden on his body was lifted.

Wu Tian and Loong Yun didn't say anything. It was really hard to express their opinions at this moment.

Taking the letter written by Old Master Wu Zhi, Wu Tian decided to deal with the relatives outside.

"Young Master, is it really okay for us to do this?" Loong Yun wasn't afraid of anything else. She just felt that these people would definitely take revenge.

As the saying goes, one shouldn't be afraid of thieves stealing, one should only be afraid of thieves thinking.

It was more troublesome to be targeted by a villain, so Loong Yun didn't want Wu Tian to get into such a bad mood.

"Do you think that if we don't do this, they won't come and cause trouble for me? It's better to settle this as soon as possible." Wu Tian said coldly. He looked at the people outside and felt that they really were a bunch of trash. It would be best if they didn't appear in front of him again.

"Someone's coming out." Seeing the door open, Loong Yun walked out first. The people outside looked up and down at Loong Yun with a perverted expression, making her very unhappy.

"Scram!" Loong Yun fiercely glared at the people from the Wu Family and said without any trace of politeness. She had always been talked about often by these people. Many times, these people would spread rumors about the relationship between Loong Yun and Wu Tian.

All of these were heard by her, but she did not say anything. After all, they were all Wu Family people. However, things were different now. There was no longer a need to worry like this.

"F \* ck, are you sick of living? You dare to talk to us like that!" A person from the Wu Family was instantly enraged. He rolled up his sleeves and walked over, pretending to beat up Loong Yun.

As soon as his slap landed, Loong Yun threw out a kick. The heels of her high heels landed viciously on the man's stomach. She kicked him out of the way and he fell to the ground screaming.

The people at the side saw this and couldn't bear it any longer. They swarmed over, wanting to use violence against Loong Yun.

"What are you doing? A group of people bullying a girl, are you even qualified to be called a man?" At this moment, Wu Tian finally turned around from behind Loong Yun. He looked at the people in front of him with disdain and stood in front of Loong Yun to protect her.

"Wu Tian?"

These people from the Wu Family were all stunned, who would have thought that Wu Tian would suddenly appear, didn't he clearly die?

"Aren't you dead? Is it a ghost? "

Wu Tian smiled and leisurely said, "Of course not, I'm not dead. Those are just smoke bombs I let out. What are you guys doing? Are you here to hold a memorial service for me?"

## **Hidden Billionaire Chapter 668 - Delisting**

C668 Delisting

The people whose Wu Family were noisy before, all of them stopped talking at this moment and obediently shut their mouths.

Wu Tian's words seemed to have slapped them hard, making everyone feel like they couldn't lift their heads.

They had come here for the sake of gaining more benefits. Now that there was no excuse, there was naturally no reason for them to stay here any longer.

These people didn't say a word and silently prepared to leave. However, how could Wu Tian be so generous as to let them leave just like that?

"Don't go. If you have anything to say, just say it. If you have any troubles, just say it. We're from the same family after all. We see each other a lot, so we should always help each other out."

Wu Tian shouted enthusiastically at these people. Many of them really turned around to look at Wu Tian, seemingly wanting to say something but hesitating.

"Our company's funds are a bit tight right now. Do you think you can give us some money?"

There really were people who came over to ask when they heard what Wu Tian said.

Wu Tian listened very carefully, and then looked very seriously at this uncle of his who he did not know, and said word by word: "I never thought that there would be such a thing happening to all of you. Relax, now that Wu Group company has recovered its vitality, it definitely has the ability to solve this problem! How can I allow such a situation to occur in our Wu Family!?"

When they heard Wu Tian say that, a bunch of people immediately squeezed over, saying that their company needed money.

Their greedy nature was immediately exposed. No matter if they were really hungry or not, they still came over and asked Wu Tian for food.

This was the way these people did things, and they weren't any better than the beggars outside. The only difference was that the beggars wanted money from passersby, while these people wanted money from Wu Family.

Wu Tian waved his hand to signal everyone to be quiet. Then, he asked Loong Yun to do the statistics one by one.

Wu Tian had clearly recorded the names of everyone that came to find him for support, as well as the company's name, and had even carefully verified it for them.

The moment Wu Tian made a move, it immediately made these relatives extremely happy. They immediately felt that they could get a sum of money from Wu Tian.

Their company had actually been sold to Mecca Company since long ago, and these people were merely putting on an act.

Looking at the data Loong Yun handed to him, Wu Tian nodded his head. He gathered everyone together and prepared to announce his solution.

"I took a look at the names on the list. I will solve your problem — once and for all. Rest assured, the Wu Family will definitely not allow such an embarrassing situation to occur with our own clansmen!"

With that said, most people immediately began cheering. Actually, more than 99% of the people here had already registered.

Wu Tian felt that the atmosphere was pretty good and was very happy.

"So, let me tell everyone a piece of good news. I am already the Patriarch of Wu Family, and this is the letter personally written by Old Master Wu Zhi. I will pass it on to everyone for you to read first."

The people from the Wu Family were all stunned. They did not expect Wu Tian to take out this thing at this time. They quickly took the letter and carefully read the contents and the signature on it.

"This letter was indeed written by Old Master ..."

The happy atmosphere just now had started to slowly turn cold. These people looked at each other with unpleasant expressions.

"No wonder he was so generous just now and was willing to give me money. It must be because of this that he wanted to bribe us."

This kind of voice immediately spread among the crowd and was acknowledged by a large portion of the people.

"What a fool." Wu Zaibin was at a table outside the crowd, leisurely having a drink with his friends. Watching this farce, he felt very bored.

"I originally thought that this Wu Tian would be some sort of talent, but I didn't think that he would be so mediocre." Sitting opposite Wu Zaibin was his sister, Wu Zaiyao.

This brother and sister were mavericks, and did not stay with this group of Wu Family relatives. Although the two of them also had companies, these companies were actually created by themselves, and had nothing to do with Wu Family.

The two of them came here to watch the show, and more importantly, they wanted to see what kind of direction Wu Family would develop in the future. Originally, after hearing about Wu Tian's deeds, the siblings thought that Wu Tian Hui was a very capable person. Perhaps, his Wu Family would become better and better in his hands.

However, when they saw Wu Tian suddenly take out the Patriarch's letter, and that he had previously agreed to help these Wu Family's relatives, the two of them immediately felt disappointed in him.

"He's so ordinary, I used to think of him as my idol." Wu Zaibin was regretting his decision. The two of them prepared to leave after finishing their meal. The things that happened here did not have much to do with the two of them. Originally, their blood relationship with the Wu Family was very sparse, and compared to the direct descendants of the families, they could not get any resources either.

The only people who were not on Wu Tian's list were the few young people like them. They were all distant relatives of Wu Family, so they were more united and clear-headed.

"Patriarch Wu Tian, since you are the Patriarch now, then we have nothing else to say. You just promised to help our company. When are you going to give us money?"

These clansmen bluntly stated their purpose and immediately started asking for money from Wu Tian.

Originally, they had planned to be a bit more reserved. After all, they were a large and powerful family, so they had to show some courtesy.

However, since Wu Tian knew how to seize the opportunity, these clansmen felt that they were nothing compared to Wu Tian. Naturally, they were no longer reserved.

"Everyone, don't worry. Didn't you already register earlier?" I have a list here. You don't have to worry. I now declare, in the name of the Wu Family Clan Leader, that all the members of the Wu Clan who are on this list ... "

Everyone held their breath, quietly waiting for Wu Tian's next words.

Wu Tian swept his eyes over his Wu Family relatives and chuckled. He couldn't wait to see their astonished expressions.

"All of your names must be crossed out from the Wu Clan's genealogy book! In other words, Wu Family will never acknowledge you as members of the clan again. In the future, you have nothing to do with Wu Family. "
