

Hidden Billionaire Chapter 669 - Impotent Rage

C669 Impotent Rage

It was as quiet as the night before a storm. It was so quiet that one could even hear a pin drop.

Even Wu Zaibin and Wu Zaiyao were stunned. They were preparing to leave, but the moment they got up, they heard Wu Tian's thunderous voice.

"What did he just say?" Wu Zaibin's mouth was wide open as he could not believe his ears.

Wu Zaiyao repeated what Wu Tian said before she swallowed her saliva with difficulty.

"He said that these people would be removed from the family list."

When everyone heard what Wu Tian said, they understood every single word. That was why it suddenly exploded like a firecracker. Almost everyone was roaring at Wu Tian.

Wu Tian already knew about this situation, so he nodded at the maid beside him. He had them bring up a huge stereo.

If he didn't have this kind of equipment, Wu Tian reckoned that he wouldn't be able to suppress these people's voices.

"Didn't you hear me clearly? Do you want me to say that again?"

"Liar, you must have used some method to get Wu Zhi to give you the position of Patriarch! "You are a liar!"

"Didn't you say you were going to help our company? Why did you kick us out of the family? "

Such voices rose and fell one after another. They did not understand, but Wu Tian understood very well what they were trying to say.

"What was the original words that I promised you? Didn't you hear me clearly? I remember what I said was very clear. I said that I would not allow a situation like this to occur in the Wu Family, which means that the debts you are currently carrying are not allowed in the Wu Family. So what? I have thought of a good method, as long as I kick all of you out, then that's good enough.

Wu Tian said it as if it was a matter of course.

Everyone's faces immediately turned ashen. They didn't think that Wu Tian would be more shameless than them to play such a word game at this moment.

"You are acting shameless, I want to see Wu Zhi!"

"Right, we want to see the Patriarch!"

Wu Tian felt it was funny. Just a moment ago, they admitted that he was the Patriarch for the sake of money, but in the end, they already started to fall out.

"I am the clan leader. You all saw it just now, I'm not the one who faked that document. If you have anything, just tell me. I have the right to remove your names from the list."

As Wu Tian said this, he gave Loong Yun a meaningful glance, signaling her to bring that thing over.

This was their Wu Family's genealogy book, and after it was opened, it was spread out for a few metres.

The Wu clansmen looked at Wu Tian in panic. He picked up a pen and dipped it in ink. Then, he followed the list of names and crossed it out one by one.

He had really begun to move!

"No!"

"What exactly do you want? We all promised not to delete our names! "

These people finally started to panic, they knew that Wu Tian wouldn't listen to them.

"So you care. I thought you didn't care." Wu Tian sneered, but his hands didn't stop moving.

Yesterday, he just took a brush and dipped it in ink, and scrubbed it directly onto the surface. In any case, there were very few people who didn't sign this name, so Wu Tian only needed to leave those people behind, and the rest were all blacked out.

When this task was completed, the people below were all deathly silent, and then they broke out in another outburst of cheers.

They kept moving forward, wanting to rush in to see Old Master Wu Zhi.

No matter how much Wu Tian tried, it was useless. These people seemed to have already made up their minds. They had to clarify this matter with Wu Zhi.

"What's wrong? What's wrong?" At this moment, a voice came from behind. Everyone turned around and saw that it was their spiritual leader, Wu Yongan.

The moment he appeared, these clamoring Wu Clan members immediately had a backbone and gathered around him.

Wu Yongan immediately frowned when he told Wu Tian about what he had just done.

"This kid is too reckless, he doesn't even put us elders in his eyes, his position as the clan head was actually deceived!"

Wu Yongan's words immediately won the support of these people. They continued to clamor about going to see Wu Zhi.

Loong Yun saw that the situation was getting out of control. She looked at Wu Tian nervously. "Young Master, Wu Yongan ..."

Wu Tian knew what she was worried about, but he wasn't scared at all, nor was he in a hurry.

"Don't be afraid, the show has only just begun."

The moment he finished speaking, the gate of the castle behind him opened. Wu Zhi slowly walked out with the support of the servant girl while leaning on his walking stick.

"What are you yelling for?"

Seeing that Wu Zhi had come out, the Wu clansmen, led by Wu Yongan, immediately stopped.

However, they did not intend to end it like this. One by one, they ran in front of Wu Zhi and kneeled down.

"Old Master, you can call the shots for us. Wu Tian is too shameless, he actually said that he has become the chief!"

Wu Yongan's nose was full of snot and tears, as if he was ruthlessly bullied by Wu Tian.

Wu Zhi saw this and felt it was funny. This guy was really putting on an act. He really had that kind of skill.

If it wasn't for him knowing the truth of the matter, he might really have been tricked by Wu Yongan this time.

"Wu Tian is indeed the Patriarch now. I agree to this matter. If even he is unable to become the next Patriarch, then let me ask you this: which of you is qualified to become the next Patriarch? "

On the other hand, Wu Zhi replied with a question. These people had nothing else to say, so Wu Yongan shut his mouth obediently.

"But ..." Some people were still not convinced. They felt that Wu Tian would be able to become the Patriarch soon after coming to Wu Family. This made them feel very unbalanced in their hearts.

"But what? This Wu Family, was almost destroyed. Wu Group company almost got acquired, and even went bankrupt, who saved the company? Is that you? Or you? I will not talk about who it is. You should know better than me whether or not he has the ability to become the Clan Leader. "

Old Master Wu Zhi was in a bad mood. As he looked at these people, a wave of anger rose in his heart.

It was fortunate that he raised Wu Tian. If he really relied on these guys to manage Wu Group companies, he really didn't know how long this company would be able to last.

C670 No One Can Help You

Regarding the position of Patriarch, Wu Yongan had wanted to try and get it. However, since the arrival of Wu Tian, he was pushed out of Wu Group company. At that time, Wu Yongan already had a feeling about it.

He had once asked Wu Zhi for his opinion on this matter, but Old Master didn't have any reaction. In other words, he had tacitly agreed to Wu Tian's actions.

This meant that it was basically impossible for him to become the head of the family. Unless something unexpected happened, this position should belong to Wu Tian.

Wu Yongan was not surprised that Wu Zhi could say such words.

"Old Master, even if he becomes the head of the family, he cannot cross out our name from the family tree! Even if our actions have been a bit biased during this period of time, but we have been diligent all these years, even if we don't have any merits, we should have at least put in a lot of effort! "

"Yes, yes! Although we did not contribute much, but we still worked very hard, so Wu Tian can't remove our name from the family! "

The people immediately followed Wu Yongan's instructions and cooperated.

Wu Zhi's eyes revealed a hint of hesitation. He was actually very suspicious about whether this should be done or not. However, Wu Tian had already agreed with him earlier that if he did not chase these people out, then Wu Tian would leave the Wu Family on his own accord.

Therefore, this choice of topic was really hard for Wu Zhi to make. What Wu Yongan and the others said were not unreasonable. It was just that he couldn't satisfy their expectations at this time.

"This is the Patriarch's request, I am already unable to say anything for you. You all better take care of yourselves. " Wu Zhi shook his head and sighed. Then, he turned around and prepared to go back.

Seeing this, Wu Yongan immediately stood up and ran over to stop him. He held Wu Zhi's hand, with tears and snot all over his face.

"Old Master, are you willing to let your sons, nephews, and grandchildren never see you again? If we are expelled from the family, we won't be able to bury ourselves in our ancestors' graves even if we die in the future. If one day you die, we will all be unable to mourn you. "

The moment he cried, the people in the audience also followed suit and started to cry loudly, which immediately stirred up Wu Zhi's weakness in his heart.

Wu Tian and Loong Yun stood to the side, watching the performance of these people as if they were watching a show, laughing nonstop.

No one expected Wu Yongan to say something like that. If a person was shameless to a certain level, then this kind of thing like skin was useless to them.

"Hurry up and get up. Stop talking!" Wu Zhi quickly helped Wu Yongan up. No matter what, Wu Yongan was still his son.

And the matter Wu Yongan mentioned just now was something that every old man cared a lot about. That was, if they died, they had to be buried in the ground in order to be able to rest in peace. To them, the matters of the family were always the most important. Especially after their deaths, if even their descendants couldn't be buried with their ancestors, Wu Zhi felt that he really had no face to face his ancestors.

"Wu Tian, can we discuss this a little more?" Even if your uncles did wrong, I beg you, can you forgive them because of me? "

Wu Zhi actually started acting pretentiously towards Wu Tian, this was something Wu Tian did not expect.

Loong Yun immediately looked at Wu Tian nervously. She also felt that this matter had become embarrassing.

If it was just Wu Yongan and the rest, it would be fine even if they caused a ruckus. They don't care. However, if Old Master Wu Zhi also joined in, then things would get a bit bad.

There was no way for Wu Tian to refuse. Although Wu Zhi was no longer the family head, he was still Wu Tian's grandfather.

"What should we do?"

Wu Tian shook his head and whispered to Loong Yun, "Don't worry, I've already mentally prepared myself."

He cleared his throat, looked at Old Master Wu Zhi and said with a smile, "Grandpa, you don't have to beg me."

As Wu Tian spoke, he suddenly knelt down towards Wu Zhi and kowtowed three times.

Wu Yongan smiled mischievously on the side. He felt that if there were no mishaps, then they would be the victors.

No matter how arrogant this Wu Tian was, he was still too young. Wu Tian couldn't even beat them.

The key to this was Old Master Wu Zhi. Whoever could grab Old Master Wu Zhi's heart was equivalent to taking control of this matter.

Wu Yongan, on the other hand, had perfectly reached this point. He knew what was unshakable to Old Master, and that was his weakness.

"Grandson, you're agreeing?" Wu Zhi was so excited that his voice started to rise. He felt that Wu Tian was touched by him and finally understood.

Wu Tian stood up and shook his head. "No, I just kowtowed to you. I'm apologizing."

Wu Zhi didn't understand what Wu Tian meant and neither did Wu Yongan and the others. However, they still thought that Wu Tian had started to compromise. However, they saw him pick up a brush, dip it in ink and draw another line on the family tree.

Wu Zhi was removed from the list.

"Wu Tian!" You're too presumptuous! " Wu Yongan shouted out at the first moment. He did not expect Wu Tian to cross out Wu Zhi's name. This was his grandfather! Wu Tian actually wanted to remove his grandfather's name from the family tree.

"You're going to be struck by lightning!"

*

The Wu Family beneath the stage was instantly filled with grief. They felt that Wu Tian must have gone mad, and only a madman would do such a crazy thing.

Wu Zaibin was still looking at the scene in front of him with a dumbstruck expression from a distance. He didn't expect this to happen. Because everything had gone beyond his expectations.

"Sis, I think my idol is still Wu Tian."

Wu Zaiyao didn't have the time to pay attention to Wu Zaibin at this time because her eyes were always focused on Wu Tian. What Wu Tian did just now could be said to be shocking.

Without a certain level of courage, no one would be able to do this.

"Grandfather, you can't blame me for this. You have to stand against me. I have already told you the reason for this matter and you have agreed to it. It is not appropriate for you to suddenly go back on your words now. " Wu Tian said coldly. He actually started to publicly criticize Wu Zhi.

Wu Zhi's expression was numb. He could not believe everything that was happening in front of him. He was removed from the family by his beloved grandson.

To some extent, Wu Tian was right. When he was inside, he did agree to Wu Tian's request. Now, he was the first one to go back on his word.

"Are you sure you want to do this?"

Wu Zhi mumbled. He was almost unable to stand on his own feet.

"If you still want to plead for them, then I'm sorry. You will no longer have anything to do with Wu Family in the future. "

"If you still want to plead for them, then I'm sorry. You will no longer have anything to do with Wu Family in the future. " Wu Zhi murmured.

After hearing Wu Tian's reply, Wu Zhi didn't say anything else and just nodded his head.

Then he turned back to his room.

A few maids wanted to help Wu Zhi up, but he rejected them all.

"I'll pack my things and leave now." Wu Zhi's voice wasn't loud, but it was like a heavy stone hitting the hearts of everyone present.

"Do any of you have any objections? You can bring it up now. " Wu Tian had a proud smile on his face. Looking at the people in front of him, he had achieved complete victory this time.

However, this price was a bit too high, even offending his own grandfather.

If it was said that he had only angered Wu Zhi before, then this time, Wu Tian seemed to have robbed Wu Zhi of his last hope.

Wu Zhi had practically been working hard for his Wu Family all his life, fighting for the future of countless families.

To expel him from the clan was the greatest negation he could give.

"Let's go, let's go." Wu Yongan gritted his teeth. However, looking at Wu Tian, he had no other choice but to act like this.

Wu Tian was reasonable. Although there were not many people, he was the family head now. With his authority, he did indeed have the ability.

Previously, Patriarch Wu also did this kind of thing. However, none of them managed to get rid of so many people in one go like Wu Tian did.

Wu Yongan had a vague feeling that it was only a matter of time before he and Wu Tian would be opposing each other. He just did not expect that this would happen and the other party would gain the upper hand.

However, there was still a lot of time in the future. Wu Yongan turned around and looked at Wu Zhi, then looked at Wu Tian and gritted his teeth fiercely.

Wu Zhi didn't take anything and soon carried a small box. He was holding a walking stick and walked out of the Dark City Castle alone.

He stood by the side of these clansmen, but no one came to support him.

"Which one of you is willing to take me over? I have no place to live now."

Wu Zhi stood there waiting for a while, but no one took the initiative to say it. He could only lower his face and say it.

If it weren't for his words, these people would have immediately driven away in their cars. No one came over, and no one answered.

Wu Yongan had disappeared somewhere long ago, and the remaining people who ignored the family were all on the verge of disaster.

Wu Zhi suddenly felt that he had done something wrong. There was really no need for such a person to sacrifice so much to help them win a place.

Now that things had come to this, no one was willing to accept Wu Zhi. One could only imagine what kind of people these people were.

But it was too late to regret. Wu Zhi had already been removed by Wu Tian, so this matter could not be blamed on Wu Tian. He knew that he should be punished for breaking his promise.

Even if he was his grandfather, he was no exception. Only by doing this, would Wu Tian be able to establish his prestige within the Wu Family.

"Old Master, come with us." The people around them disappeared in a minute or two. Wu Zaibin, Wu Zaiyao, and the others looked at the scene and could not help but sigh. They then took the initiative to walk over.

"You are?"

Wu Zhi looked at the group of young people in front of him. Honestly speaking, he did not recognize them, nor did he know their names.

There were simply too many people in the Wu Family, and the only people who were able to be recognized by Wu Zhi were basically those close relatives that had the qualifications.

"My name is Wu Zaibin, this is my sister's name is Wu Zaiyao." There was already no one else here, and Wu Zhi actually had no other choice. It was already considered lucky that there was someone willing to accept him. It's all thanks to the filial piety of these faraway boys.

"I am truly grateful to all of you. As the Clan Chief, I did not take care of you all properly. I apologize to you all here." Wu Zhi bowed deeply towards Wu Zaibin and the others, scaring the little guys and quickly came over to support them.

Wu Tian looked at this scene from afar. Tears rolled down from his eyes. He never thought that he would be able to see this kind of situation again.

"Do you know their names?"

Loong Yun nodded. She was very touched as well, crying even harder than Wu Tian.

"Yes, they are from a distant place. They are all young people who don't participate in family matters and run a company outside. They were not on the list just now. "

After Wu Tian heard this, he nodded his head in satisfaction. This was his greatest consolation today, to discover that there were actually other good people within the Wu Family.

"Let's contact them. We need them." After saying that, Wu Tian wiped his tears and returned to the Wu Family Castle.

A Patriarch does not only have a name. For a family clan with such a large Wu Family, they have to spread this matter widely.

At this time, Wu Tian was already mediocre. His inner energy fluctuated as he sat at the desk where Wu Zhi used to work. He wrote down a few instructions and passed them to Loong Yun.

"Send these to the four great families as soon as possible, as well as our customers, especially those old customers, we must explain what happened to them. Don't be afraid to make a fool of yourself, we need to break the old rules in order to create a new rule."

Honestly speaking, Wu Tian no longer cared about his reputation and the reputation of his family. This kind of thing could not be used as money nor food. What was the use of blindly guarding it? It would be a burden to him.

In other words, Wu Zhi was dragged down by this matter. He cared too much about this matter, so he made people like Wu Yongan stronger and more numerous.

Wu Yongan was in a bad mood recently, especially after Chen Cheng went missing. But Wu Tian suddenly made trouble.

Hidden Billionaire Chapter 672 - Self-supporting Portal

C672 Self-supporting Portal

Wu Yongan was in a bad mood recently, especially after Chen Cheng went missing. Wu Tian suddenly made such a move.

Although it didn't have much of an impact on Wu Yongan's company, it did have a serious impact on his mood.

"What do you think we should do? Are we just going to let it go like this? "

A group of Wu Clan members gathered at Wu Yongan's residence, discussing how to deal with Wu Tian's sharp method.

"We can't just let it go like this. That Wu Tian doesn't think much of us." Some older people felt that this matter had greatly damaged their self-esteem.

Before, when he separated them from Wu Group, at least he did not touch their cheese. Although they were at a disadvantage, in the end, there were still benefits, which was that they didn't need to report their profits.

In this way they go from being part of the family business to being personal.

However, the situation now was completely different from before.

A large part of these people's orders were made by clients of Wu Group, or out of admiration for Wu Family's reputation. If they were removed from the list, it meant that there was a high chance that this portion of clients would lose.

This way, they wouldn't be able to continue eating the profits from before.

"Alright, do you think these things are useful? On the contrary, I feel that it's not a bad idea for him to do this. Let's just revise a family tree outside, who says there's only one Wu Family!"

Wu Yongan's idea was as if he was enlightened, and it immediately woke these people up.

This way, they could be considered able to guarantee that they would still be people of Wu Family. On the other hand, he could still compete directly with Wu Tian and see which Wu Family would truly represent the Wu Family of one of the four great clans of South River.

"Good, Yongan is really strong. To be able to think of such an idea, in my opinion, this matter was brought up by Wu Yongan. Normally, everything is led by Yongan, so I suggest that Wu Yongan be our Patriarch!"

As he spoke, this matter was settled. There were even people who started lobbying for Wu Yongan.

Different from Wu Tian's Patriarch, Wu Yongan's election as the Patriarch of the new Wu Family was not unexpected at all. It was practically a full vote.

This person was quite skilled at winning over people's hearts. His company was also the most powerful amongst these people, and many people from Wu Family had to rely on Wu Yongan.

This time, the reason they were bought by Moka Company company was also because of Wu Yongan. Had it not been for this, there would have been no solution to their debt problem.

"Haha, since everyone thinks so highly of me, then I won't be modest. In the future, when there's more powerful people, I will give up my position as the Patriarch. I want to see, with our Wu Family of a few hundred people, can't we compare to those few's?"

Wu Yongan laughed out loud. The entire hall was filled with laughter.

At this time, a little secretary walked in and whispered something in Wu Yongan's ear.

After Wu Yongan heard this, he nodded and said respectfully to the secretary, "Invite him in quickly!"

"What's wrong, Lord Clan Chief? What happened?"

The people below didn't know what was going on with Wu Yongan, but they seemed to have become happier.

"Haha, good things come in pairs, good things come in pairs. I, Wu Yongan, would never have thought that there would be such a day!"

Saying that, a middle-aged man with a kind face walked in. Wu Yongan quickly went up to greet him.

"Mr Jin, you came. I, Wu Yongan, have been rude. I did not go out to greet you."

Mr Jin laughed and shook hands with Wu Yongan. After they greeted each other, they were invited into the meeting room by Wu Yongan.

"Oh, is your Wu Family meeting right now? Is it appropriate for me to come? "

When Mr Jin saw that there were so many people inside, and most of them were from Wu Family, he immediately looked at Wu Yongan.

"Mr Jin, no need to be so reserved. Today is the day that we will establish a new clan, and they just recommended me as their clan leader." Wu Yongan introduced the situation in detail as if he was showing off a bit, and wanted to show off in front of others.

"My apologies. If I knew it would be like this, I would have given you a good gift. However, even though I didn't bring you a present, I still brought you a good thing."

Mr Jin smiled mysteriously and walked towards the middle of the meeting room. Then, he took out an exquisite envelope from his clothes. The words written on it were all Korean.

When Wu Yongan saw it, he immediately started to look forward to it.

He knew that this Mecca Company was actually just a puppet from Shuangxing Company company. The one in charge was not Chen Cheng, it could even be said that Chen Cheng was a high level worker.

Since this envelope was related to Wu Yongan, it meant that Wu Yongan was very likely to be reused.

"Today, the main company sent some news and found out about our situation in S City. Especially now that our chairman is missing, the company needs to quickly cut off all relations with those cases, so we need to establish a new chairman as soon as possible!"

Mr Jin explained it briefly and then handed the envelope to Wu Yongan.

Seeing this scene, the Wu Family people below immediately boiled up. The meaning was very clear, this chairman was most likely Wu Yongan.

Wu Yongan took the envelope excitedly, opened it and read it aloud.

"Appoint Mr. Wu Yongan as the chairman of Mecca Company, head of integration project of branch, head of China Group's China area ..."

Everyone below the stage applauded happily. In an instant, almost every Wu Family person present felt that they could instantly crush Wu Tian. Now that they had Mecca Company, it could be said that they had already surpassed the scale of the Wu Group company from before.

"Come, come, Mr. Wu Yongan. This time, the headquarters have high expectations of you, so you must do it well!"

Mr Jin also congratulated Wu Yongan in time, but he still had to get down to business.

"Don't worry, Wu Tian will definitely die in my hands! Not just him, but Wu Group company too! "

Wu Yongan had already mentally prepared himself for this. It just so happened that he had a chance to take revenge when they had just started a feud. He had already seen Wu Tian kneeling and kowtowing in front of him.
