

Hidden Billionaire Chapter 681 - Resolved One

C681 Resolved One

It was over. Tian Ying felt that it was about to be over.

Looking at Wu Tian, who was crawling on the ground in front of him, what happened just now seemed like a farce.

It was just a slight waste of time, so the result wouldn't change at all.

Tian Ying didn't think that he might fail at all. He felt that there was no possibility of that happening at all.

No matter what, he was still an elder of the Tianying Sect. Every single elder had killed their way out of the mountains of corpses and seas of blood, and each of them had once taken several tens of lives.

In terms of battle experience, they were definitely not inferior to anyone, not to mention their Left Guard, Zheng Taiwen.

Zheng Taiwen was originally a chief disciple of a famous, upright sect. Later on, because of some matters, he betrayed him, and in the end, it was the Tianying Sect that accepted him.

Therefore, as a disciple of a famous Orthodox Church, Zheng Taiwen already had powerful strength. After he came, he defeated these elders with his own skill, and in less than two to three years, he had already become the Tianying Sect's Left Guard.

The Left and Right Protectors only had a lower status than the Sect Leader. Apart from the High Priestess, the protectors held the most authority.

When the Sect Master was not around, the left and right protectors basically represented an attitude towards Tianying Sect.

Tian Ying also wanted to take this opportunity to show off in front of Zheng Taiwen. Although he was already an elder, there was still a huge difference between an elder and an elder.

The elders who were close to the Sect Leader had more resources, which would be very helpful for their cultivation.

Tian Ying, Tian Gui, and the others were clearly the type to be disrespected, so they still had to run outside for missions.

If it was possible, who would be willing to work for someone else?

"If you don't have anything to say, I'll let you have a last look at this place. I don't need to say anything else, just pray that you won't meet me again in your next life."

As Tian Ying spoke, he pointed at the whole venue and walked towards Wu Tian step by step.

The fist that he raised was already ready to attack. As long as this fist fell down, Wu Tian's head would definitely be smashed into a broken watermelon.

But at this moment, Wu Tian's hand was pressed under his body. No one knew what his hand was doing.

Tian Ying's fist swung over fiercely. However, when it was about to land on Wu Tian's body, he suddenly held his head in pain. He couldn't stand up straight and fell to the ground.

Not only Tian Ying, even Tian Gui and Zheng Taiwen, who were fighting on the side, were also affected.

Wu Tian stood up slowly and chuckled as he looked at Tian Ying, who was kneeling on the ground in front of him.

This was the secret weapon he had prepared, Sound Wave.

Although sound waves normally didn't look like much, the key point was that it had a huge impact on people.

What Wu Tian used was an infrasound. There was a specialized machine for directional playback, which could make it almost impossible for anyone other than the receiver to hear this kind of sound.

The volume was so loud that it was easy for someone to lose control of their brain and move on.

This was a very good item. It could be used from a long distance. However, it was not that simple to accurately release it.

Wu Tian had deliberately asked Blanche to order this weapon for him from overseas.

Fortunately, he had found some use for this matter. As the saying goes, he was too cunning.

Wu Tian also knew that with one or two methods, he definitely wouldn't be able to stop these enemies. However, he also had his own advantages, which was that he had money and connections.

He could buy the most advanced thing in the world, as long as it could be sold.

Therefore, all these high-tech equipment appeared in Wu Tian's auditorium at the same time. He didn't know when the enemy would attack, so the whole Wu Castle was almost completely renovated by him.

It could be said that no matter which corner of the castle someone with Tianying Sect appeared in, Wu Tian could achieve the same result as he did today.

"What is it? Why aren't you moving again? Didn't you just say that you want to kill me? I'm standing here, why don't you come and kill me? "

Now it was someone else's turn to mock him. Wu Tian believed that this person in front of him had absolutely no way to stand up. This sound wave directly acted on his cochlea, preventing Tian Ying from maintaining his balance.

Don't underestimate the cochlea. Many movements depend on it to accomplish. Otherwise, ordinary people would have to put in a great deal of effort just for the sake of fighting strength.

"You?" Tian Ying was almost speechless. Not only did he feel that there was something wrong with the balance of his body, but he also felt that his whole body was becoming weak.

His consciousness began to blur. This was not a good sign.

"The vicissitudes of life are unpredictable. Who do you look down upon? Do you think that the second time I saw you all, I wasn't prepared for it?"

Wu Tian sneered and then turned his head away, ignoring Tian Ying.

He didn't think that it would be so easy for him to win. If he went up a little bit, Tian Ying might not be so easy to deal with.

The reason he was able to defeat this guy was because they were too timid.

On the other side, Su Cancan and Tian Gui were fighting intensely.

Su Cancan was originally suppressed to the point that she almost couldn't breathe. However, when she regained her senses, she was actually on par with Tian Gui.

Tian Gui didn't know why, but he felt that the weight of his body was increasing bit by bit, and then his strength was decreasing bit by bit.

Sometimes, the accuracy of his punches would be a lot worse, but now that the fight was too intense, Tian Gui didn't have time to think about so many things.

But now that he had lost his control, he no longer had any advantage over Su Cancan.

Seeing that Su Cancan was alright, Wu Tian shifted his gaze to another side.

It could be said that Su Wenxin and Zheng Taiwen's side was shaking the earth and shaking the mountains.

Wherever the two of them went, almost all of them would be razed to the ground. Those tables, chairs, and the like had long been shattered into pieces during their battles.

The two of them were like the best demolition team.

Hidden Billionaire Chapter 682 - End

C682 End

The battle between the two of them was almost impossible for others to track with their eyes.

They moved so fast that they almost left afterimages in the air.

Although Su Wenxin was a woman, because she was Su Cancan's master, her skills were still very good.

Even an amateur like Wu Tian could tell that Su Wenxin did not seem to be at a disadvantage.

However, Zheng Taiwen seemed to be very relaxed, as if he was playing instead of fighting.

It was not good for them to continue the fight like this. Wu Tian saw that the entire auditorium was almost destroyed, so he quickly ran to the side to increase the release of the anesthetic.

This time, not only Tian Gui was affected, even Su Cancan felt her body becoming sluggish.

However, Su Wenxin and Zheng Taiwen weren't affected at all. They still fought from the sky to the ground and then from the ground to the wall.

"Let me help you!"

Wu Tian had no choice but to join Su Cancan's fight. When the two of them fought together, the pressure on them immediately lessened.

Tian Gui and Su Cancan were originally on par with each other, but Wu Tian's addition broke the balance.

He was continuously attacked by the two. Su Cancan's short knife cut countless wounds on Tian Gui's body. Blood spurted out from the wounds and splattered in the air like a brilliant flower.

Wu Tian followed closely behind, using his fists and feet to continuously attack Tian Gui.

Unlike Tian Ying, Tian Gui didn't have that much fat on him, so these punches and kicks were useful for him.

However, when Wu Tian was about to throw his last punch, he suddenly felt like his fist had hit something soft.

He focused his eyes and saw that Tian Ying, who had collapsed on the ground a moment ago, had somehow run over and used his body to block Wu Tian's attack.

"How can you move?"

Wu Tian was puzzled. This should not have happened at all. Tian Ying could no longer move just now.

Tian Ying didn't answer him, but looked at Wu Tian with hatred. Soon after, he spat out a mouthful of blood. Receiving the attack of this punch was not that easy for him.

He used his body to take the attack head on and was unable to think of a way to reduce the impact of the attack, so Wu Tian's fist did a lot of damage to his body.

Tian Ying's current physical condition wouldn't be any better either.

"Tian Ying!"

Tian Gui didn't expect his brother to help him like this. To block a fist like this, he was risking his life.

"Hurry up and fight ..."

Tian Ying's mouth gushed with blood as his body collapsed to the ground.

Tian Gui opened his eyes wide in disbelief. He only felt a raging fire burning in his heart. His immobile body could no longer be restrained by anything.

Wu Tian and Su Cancan wanted to continue their attack on Tian Gui, but they did not expect Tian Gui to beat back Wu Tian and Su Cancan Cancan at a speed they did not understand.

The two of them, who were originally at an advantage, were now pushed back by Tian Gui alone.

It could even be said that it was difficult for them to withstand Tian Gui's attack. Even if they put up a defensive posture, Wu Tian and Su Cancan's bodies were still covered with injuries caused by Tian Gui.

Tian Gui's punches and kicks were very powerful and the angle was very tricky. The parts of their bodies that were hit by Tian Gui were inconspicuous, but they were in extreme pain.

Not long after that, Wu Tian felt as if he was beaten black and blue, and many of his internal organs were shocked.

How did things suddenly turn out like this ... Wu Tian couldn't understand no matter how hard he tried.

Could it be that Tian Ying's fall had given Tian Gui a huge shock? If that was the reason, a great stimulus could very well cause the anesthetic to lose its effectiveness.

Wu Tian could only think of a way to aim his sonic weapon at Tian Gui. However, he didn't have time to control it at the moment. Just as he wanted to run outside, he was hit by Tian Gui.

"Su Cancan, do you have any other ideas?"

Wu Tian was out of ideas, so he could only look at Su Cancan's side.

However, Su Cancan wasn't any better off than him. She had already fought for a long time, and her strength had greatly decreased.

It wasn't easy for her to persevere, and she had used most of her skills.

Tian Gui was the most wary of her, so whenever Su Cancan used any poison gas or venom, Tian Gui would immediately dodge. In other words, he wouldn't be fooled at all.

This meant that even if Su Cancan had a lot of poison, she wouldn't be able to use it on Tian Gui.

This fellow was dressed like a dumpling, exposing only his two eyes. It was as if he was afraid that his skin would get stuck to some poison, so he desperately tried to protect his body.

"You guys are too naive. This game is about to end."

Zheng Taiwen seemed to be tired of this kind of fight. He also noticed the situation of the two people beside him and didn't say much. He just jumped a long distance away from Su Wenxin.

He took the initiative to jump away, causing the battle between the two of them to instantly stop. Su Wenxin didn't understand what he was doing, so she didn't dare to rashly rush over.

But at this moment, she saw Zheng Taiwen take out something that looked like a remote control. He quickly jumped to the window, looked at Su Wenxin, Wu Tian, and then looked at his two elders.

"Pray. You will be lost in a sea of fire today. "

As he said that, he suddenly pressed a switch in his hand. A huge explosion caused the ground of the auditorium to be lifted up.

The fireball suddenly devoured everything in the auditorium.

Even Su Wenxin and the rest didn't have time to react.

What was even more surprising was that Tian Gui, Tian Ying and the other two didn't know that such a thing existed.

In other words, when Zheng Taiwen set up these bombs, he didn't even tell his own people. In the end, he even used Tian Gui and Tian Ying as bait — blowing them up.

The explosion seemed to have destroyed the entire Wu Castle. The violent tremors caused all the glass in the castle to shatter. Fortunately, the auditorium was quite far away and did not cause the entire castle to collapse.

However, the blazing fire continued to spread along some of the facilities outside the castle.

And Zheng Taiwen, the one who started it all, had already run far away and was looking at everything with a smile. This was his masterpiece.

Although he is the left tiger of the Heaven's Will Sect. Logically speaking, he should have been using his own skills to fight. However, Zheng Taiwen was not against using modern weapons like bombs. Not only could he use this thing to ensure the destruction of the enemy, he could also guarantee that there wouldn't be any traces left behind.

Hidden Billionaire Chapter 683 - Some People Are Happy While Others Are Sad

C683 Some People Are Happy While Others Are Sad

The news of an explosion in the Wu Family Castle had already spread throughout the entire S City that night.

When Wu Yongan read this news, he was stunned for a moment, then became so happy that he couldn't sleep at all.

Needless to say, this Wu Tian was definitely dead.

He wouldn't have to worry about Wu Tian's power anymore.

At the same time, the people from Wu Group company were desperately trying to get in touch with the Wu family castle. Find out what happened to them. Everyone doesn't want the rumors to be true.

If Wu Tian really died, it would be a huge blow to them.

Previously, Wu Tian had faked his death once. However, that time did not affect the operation of the company too much. Although these people were sad, they knew that there was nothing they could do about it.

This time, it was said that the explosion was real. Everyone started to suspect that Wu Tian was really in trouble this time.

Those who had escaped from the Wu family's castle also recounted what had happened at that time in detail.

Yu Naixin immediately gave them an order to keep quiet after receiving the news. This kind of thing couldn't be casually said. Even if they said something without any evidence, it wouldn't have any effect on the enemy.

They might even get revenge from the Tianying Sect.

Since they completed their own goal, there shouldn't be any further persecution on Wu Group, so Yu Naixin couldn't use Wu Zhi Group as a bargaining chip.

"How could this be?" Shen Xue instantly fell limply to the ground, unable to believe the truth before her eyes.

Especially the group of people who escaped from the Wu family's castle, most of them were maids and bodyguards. From their dejected looks, it was clear that this matter wasn't that simple.

Many people had even taken videos of the explosion. It could be seen that the entire auditorium had been destroyed.

Under these circumstances, it was almost impossible for anyone to survive.

Everyone thought so, so almost no one had any expectations for Wu Tian and the others.

When the few brothers from Wudu Sect found out about this, all of their expressions were only filled with grief and indignation. However, they did not overly grieve.

However, every one of them were secretly thinking about how to avenge their Master and Junior Sister.

"We can't stop the company's operations. We can't stop the plans President Wu made earlier either. Even if President Wu isn't here anymore, we must still manage the company well."

Yu Naixin knew that this was not the time for chaos in the company, so she used her identity to suppress the people below.

Although her methods didn't seem to be too good, it was very necessary to stabilize the situation.

"I don't care about that! No matter who that person is, I have to take revenge on him right now! "

Azure Dragon had almost lost control of his emotions by this time. He could not accept Wu Tian's death again. Last time, Azure Dragon wanted to seek revenge on Tian Gui and Tian Ying, but he was stopped by Shen Xue and Yu Naixin.

His top priority right now was to stabilize Liu Zhendong's Red Power.

But this time, no one could stop Azure Dragon. Azure Dragon angrily walked out of the door, but Yu Naixin didn't stop him. She was just getting anxious, but Nangong Ying sent a message to her.

He seemed to be very concerned about what happened to Wu Tian. This time, things were a little different. He knew that things were not going well, so he asked them if they were going to carry on with their plan.

Yu Naixin didn't dare to make such a decision on her own, but she had no one to discuss it with.

Fortunately, the new directors were all there, so she quickly showed them Nangong Ying's news.

Wu Zaibin and Wu Zaiyao were both shocked, and even now, they were still in a daze.

"You guys take a look at how we're going to deal with this."

Yu Naixin's brows were also knitted tightly. To be honest, Yu Naixin was as hurt as they were.

But she also knew that she had to get up first at this moment. They couldn't all be in this state of grief.

If the company suddenly collapsed because of Wu Tian's accident, it would be the biggest betrayal of Wu Tian.

Wu Zaiyao calmed herself down and took the document. She roughly glanced over Wu Tian's plan.

"Alright, I got it. Send a reply and tell him to carry out the original plan." If anything unexpected happens, please contact us immediately. "

The threat from the outside world did not disappear with Wu Tian's accident. By the time dawn arrived, the fire in Wu Castle had already been put out.

The once luxurious castle was now in a bleak state.

Those that could be burned had already been burnt away, leaving nothing behind.

Only the bare walls still seemed to tell of the former glory of Wu Castle.

This castle was once worth billions, and these billions evaporated almost instantaneously.

The people who went out to investigate came back quickly. They said the firemen had only found the bodies of two people in the ruins.

One was a fat guy and the other was a thin guy. Judging from their age, they were both not that young.

After Yu Naixin heard this, she immediately concluded that it definitely wasn't Wu Tian and the others. She finally felt relieved.

As long as the body was not found, it meant that Wu Tian might still be alive. Everything should be thought optimistically. Wu Tian was a strong man. The last time he jumped out of the window, he didn't die.

This time, he shouldn't have just disappeared into the wind.

Shen Xue heard that there was no news of Wu Tian's corpse and decided not to notify Luzhou.

It was better not to spread the news until it was confirmed.

In order to exercise strict control over the information, Yu Naixin even banned the entire company. No one is allowed to leave the company until the information is confirmed.

Of course, Yu Naixin also explained why she did so.

Those who could understand could, of course, know how important this was to them. Once the rumors spread, Wu Group Corporation would very likely cause huge waves because of this kind of news.

In fact, the Mecca Company had already made a lot of movements this night. They talked to several companies overnight. And these companies were all companies that had previously cooperated with Wu Group.

When dawn arrived, Wu Group Corporation discovered that they had already lost a few customers. And these customers were already cooperating with Mecca Company.

Hidden Billionaire Chapter 684 - Price Increase

C684 Price Increase

Yu Naixin immediately sent out a letter of protest. On one hand, she emphasized that Wu Tian hadn't confirmed his death, and on the other hand, she expressed her strong indignation at their blatant violation of the contract and the spirit of the contract.

To be honest, she really didn't know why people like them didn't care about business reputation at all.

The only thing that made her feel gratified was that Baili Zhenlin still indicated that he would maintain a close cooperation with Wu Group Corporation.

You have to know, most of the 30 billion that Wu Tian drew previously is now with Baili Zhenlin.

Because he had to be in charge of the operations, and since he got the money, he naturally had to do the work as well. Baili Zhenlin wasn't a greedy person, so he naturally wouldn't covet the so-called 30 billion.

Even if he could obtain thirty billion, would he be able to go with the flow of Nanhe Securities Corporation? That may not be the case, so for long-term consideration, Baili Zhenlin was determined to follow the plan they had previously set for him.

Without a doubt, Wu Tie's accident was caused by Shuangxing Company Corporation, and it was very possible that Wu Yongan was also involved.

It was just that everyone knew that it was inconvenient to say such things.

"Now, President Wu and CEO Su can no longer contact each other. The company can't be managed unattended for a day. I'm the general manager and I'm now declaring that I'm fully responsible for the company's affairs."

At this moment, Yu Naixin expressed her unyielding attitude. Of course, the reason she had such a choice was because she had the support of Shen Xue and the others.

The company had to be managed by someone, and in this period of time, Yu Naixin basically acted as a leader, not only participating in the establishment of every branch, but also their reforms, expansion of the business, and so on. Yu Naixin's figure could be seen everywhere.

With this ability, Wu Tian attached great importance to Yu Naixin and directly promoted her to the general manager.

Although the group of people below were all leaders of various departments, they all looked as if they had died. Many of them had deep ties with Wu Tian, such as Xi Chengwen and the rest. If not for Wu Tian's help, Xi Chengwen might still be a nobody right now.

"General Manager Yu, did something really happen to President Wu? Are you sure about this?"

Zhang Chi's eyes were bloodshot as he looked at Yu Naixin in disbelief. When he heard this news, his first reaction was that it was definitely fake.

It was a fake message from his competitor, but when he saw the photo of the scene, there was also the video from last night.

His entire body was on the verge of collapse.

"I don't know if it's true or not, but now we have to unite as one and say the same thing to the outside world. In short, we can't casually speak of these things, and we can't let others think that our Wu Group company will collapse."

Yu Naixin's current performance was completely different from the previous girl. She was already very committed and had become a rare talent.

"Director Yu is right, we have to do a good job at the company now!"

Zhang Chi wiped the tears from the corner of his eyes, nodded his head and stood up to say. With this, the leaders under his leadership also voiced their opinions.

Seeing this scene, Yu Naixin finally let out a sigh of relief in her heart. At the very least, they had reached an agreement within themselves.

The rest should be resolved when he encounters difficulties in the future.

On the other side, there was another bath. Mr Jin was very happy today and had been smiling the whole time.

Director Pu and the others, who were originally very serious, couldn't help but laugh at this moment.

Zheng Taiwen was right in front of them. The two groups of people were soaking in the water, which looked very comfortable.

"Thanks to you, Mr. Zheng. You have eliminated the greatest danger in my heart. "

Mr Jin was very satisfied with his decision. It seemed that the money he spent this time was worth it.

Zheng Taiwen did not have much of a reaction, he just nodded slightly.

"This time around, I might have to take more. I lost two of my comrades, and they are all elders of our Tianying Sect."

Zheng Taiwen's tone was unquestionable, but this was also the time when Mr Jin was happy. Money was fine for him, because Shuangxing Company Company did not lack money.

"Sure, sure, let's talk about it. We made a deal before, we wanted Wu Tian's life to give you 200 million. I'll double it now. 400 million, what do you think?"

Mr Jin felt that he was really generous and directly gave him two times the reward.

Zheng Taiwen didn't accept it and gently shook his head.

"I want a billion."

"What? One billion? That's way too much!" Before Mr Jin said anything, Director Pu who was beside him immediately exclaimed.

Although these people's China language wasn't very good, they could understand what Zheng Taiwen was saying.

Even if assassins were very expensive, 1 billion was too much of a price to pay.

Their Shuangxing Company Group's funds did not come from a strong wind. He asked for a billion, if that wasn't greed, then what was it?

"That's right, not a single cent less. "Considering the help you've received from this mission, I feel that 1 billion is not a lot."

Mr Jin silently listened to Zheng Taiwen's explanation. He still wore a smile on his face, but he was calculating in his mind.

Although according to Zheng Taiwen, they did earn a lot no matter what, getting rid of Wu Tian was like getting rid of a very hard thorn for them.

If everything went well, the benefits of this event could be as high as twenty or thirty billion yuan.

If that was the case, one billion was nothing to them.

"Alright, alright. Since Mr. Zheng has already said so, how can I not pay you? However, there is one thing that I must tell you first. You must promise me that Wu Tian Jue is dead. "

Mr Jin wasn't someone who could be fooled. Assassins like them usually liked to take the money first before doing anything.

What if they colluded with the murdered to cheat money? Therefore, Mr Jin didn't ask for too much.

"Okay, I don't care, but you have to pay a down payment of 30 percent. If anything goes wrong with my assassination, you don't have to pay the rest of the money. "

Zheng Taiwen was very confident, but no matter what, he must see the money today. Otherwise, everything from before could be said in vain.

"No problem, deal!" Satisfied, Mr Jin ordered his men to bring the laptop over. After he operated it a few times, he transferred a sum of money into Zheng Taiwen's bank account.
