

## C700 Tang Yan Rou

Hearing Wu Tian's words, the girl's expression immediately changed.

It was just that she looked extremely sad, causing people to be unable to resist the urge to go comfort her.

"He ... is he okay ... "

Tang Yanrou muttered to herself, a bit absent-minded.

She should know, but with her abilities and identity, she really couldn't save her brother.

"It's nothing serious for now. He's lying in the hospital with a few broken bones."

Wu Tian specically told Wu Zaibin to accompany him there for surgery. The first thing he did was to inform him of the good news.

"Thank you. "Thank you for saving Tang Jun."

Tang Jun was the boy's name and also Tang Yanrou's brother.

"Your surname is Tang ... " Wu Tian began to ponder in his mind. Wu Tian had understood most of the well-known merchants and knew their names.

But this Tang guy ... And it's related to Korea... Wu Tian thought about it and still couldn't come up with a conclusion.

In his memory, there seemed to be no such person.

"I heard that your father is Commerce Chamber Chairman?"

This was what Soong Minji had told him. If it was really like this, then Wu Tian would be interested in finding out what exactly happened here.

"You seem to know everything now?"

Tang Yanrou smiled bitterly. Even if her father was the president, so what? She wasn't stuck in that kind of place yet.

"What happened?"

Wu Tian continued to ask tirelessly. Perhaps she felt that his way of questioning was a bit too radical, Tang Yanrou looked at Wu Tian nervously.

"Why are you asking so many questions?"

Wu Tian realized that he had lost his composure and quickly tidied up his expression.

"I'm sorry, I'm sorry. I was just curious and didn't mean anything else. "It can be considered fate, since your brother's matter has been decided by me, then I will deal with it to the end."

Although his words were firm and decisive, he did not gain Tang Yanrou's trust.

"Customer, I advise you to return." Tang Yanrou had long since given up hope, and it was impossible for them to escape from such a fate.

For the two of them, death was perhaps the best release.

"What? You don't believe me?"

"Perhaps you are indeed very rich, but I'm afraid you will not be able to take the blame for the people we have offended. So I suggest you forget it. "

Tang Yanrou nally smiled at Wu Tian. It was just that this smile made Wu Tian feel that it was too dazzling,

It was as if she was slapping his face and mocking Wu Tian, saying that if he didn't have the ability, then he shouldn't do such a thing.

If she wasn't like this, Wu Tian might really forget about it. But now, he just didn't want it to end like this.

"little girl, you might not know who I am, but let me tell you, since I have already said that I will handle this matter, I will handle it till the end!"

Wu Tian snorted, then took out his chequebook.

"Tell me, how much do you owe them? I'll help you settle your debt."

No matter what, he had to get Tang Jun's sister out of this place first.

If there was no surprise, the store would be closed and it wouldn't be that easy for him to find Tang Yanrou at that time.

"Mister... You really don't have to. Maybe you're really rich enough to pay for me, but it's not a matter of money. "

Tang Yanrou's tears streamed down. She didn't cry, but she was very sad.

"No, can you not be so naughty? I came over to help you out of good intentions. What exactly are you doing? With my good intentions, do you want to be treated like an idiot?"

Wu Tian suddenly became angry. His temper was always straight, and when faced with such a situation, he felt even more unhappy.

If it wasn't for the fact that this Tang Yanrou could be considered pretty, he probably would have directly left her.

There were so many people who wanted to beg him for help that he almost begged to help Tang Yanrou. She was so secretive that she refused in all sorts of ways.

"Sir, that's not what I meant. I'm very grateful for everything you've done for me. It's just that, just that ... "

"But what?"

"Since things have come to this, I might as well say it. Perhaps this way you might give up. The person we have offended, is the president of the China headquarters ... "

After Tang Yanrou nished speaking, she didn't say anything else. Her face was deathly still.

Although this Chamber of Commerce was a civilian organization, he still had a lot of power.

This was because his reputation had always been good. Whoever offended these companies would very likely be rejected by them.

No one will do business with you then.

"The president of the main chamber of commerce?"

Wu Tian was stunned for a moment. He had indeed never touched on this before. With his company's strength, people from the Chamber of Commerce would de nitely pay attention to them.

However, no one really came to look for Wu Tian, nor did they cause him any trouble.

"Yes, that's why I didn't want you to come over and take a look at this muddy water. It really wouldn't do you any good."

Tang Yanrou could also be considered to have put a lot of thought into what she said. After she said it, her heart nally relaxed a little.

"So what? Tell me how much money you owe him."

Wu Tian changed the topic of conversation and went back to his previous manner.

Tang Yanrou looked at Wu Tian in surprise. She couldn't believe that the man in front of her was so persistent.

"Customer, you ... "

"Stop chattering, can't you understand my words? I'll pay you back the amount you owe him! As for that Commerce Chamber Chairman, I don't think he would dare to touch me. "

No matter what that company was up to, no matter what kind of strength they had, Wu Tian was never afraid.

He had not broken the law, and he had not done any tricks, so why should he be afraid of a bunch of civil society organizations?

Moreover, even if this Chamber of Commerce came over to boycott Wu Tian, how long would they be able to do so?

If Wu Tian left them, he wouldn't be able to live, and Wu Tian wouldn't let the power in this kind of Chamber of Commerce fall into someone else's hands.

It didn't t his personality.

Tang Yanrou suddenly cried, crying miserably.

She had never thought that she would meet such a person. She had thought that her life had already turned to ashes, and she could no longer see any hope.

"Three million... Just a little. "

She choked with sobs as she watched Wu Tian sign the cheque with three million.

After the cheque was stuffed into her hand, Wu Tian looked like he didn't care at all.

"Take this money and pay the bill. Then I'll wait for you in the coffee shop opposite."

Wu Tian took the money and walked away without looking back.

## C701 Consequences of Non-release

However, he had been waiting for too long.

Wu Tian sat in the coffee shop for two whole hours, but he still didn't see Tang Yanrou.

Had she stolen the money he gave her? She didn't want to return the money?

Or was the custom shop not willing to release him?

"Soong Minji, go and see what exactly is going on."

Wu Tian directly assigned this brat to investigate the situation. He hoped that it wasn't because he didn't trust the wrong person.

He felt that this girl was not that kind of person.

Soon, Soong Minji ran back in a hurry. He panted heavily and said, "Not good, Tang Yanrou is being beaten up by the people over there right now."

Hearing that, Wu Tian immediately stood up from his seat and rushed out of the coffee shop without saying anything.

This was simply going too far. Wu Tian had clearly given them money, yet not only did they not let her go, they even hit her. This was simply preposterous.

"Should we call the police?" Soong Minji was a bit timid. He clearly felt that Wu Tian's body was emitting an extremely dangerous aura.

He always felt that Wu Tian's words in the past might be life-threatening.

"There's no need. Since this is the shop of China, then let me settle this matter using my own method."

This time, the security guards at the door wanted to stop Wu Tian, but they couldn't.

Before he could say anything, Wu Tian kicked him out and the door behind him was smashed open.

This power immediately made the thugs cower. This was simply not something a human could do, no one dared to mess with Wu Tian.

Wu Tian couldn't find Tang Yanrou's gure no matter where he looked.

At this time, Lily quietly made a downward gesture towards Wu Tian from a distance. Although it wasn't very obvious, Wu Tian still understood.

It was in the basement.

Wu Tian led Soong Minji to the entrance of the basement, only to find that the door had already been locked from the inside.

He only needed to kick the door open before the door was opened. It was as fragile as a piece of paper.

Soong Minji looked at the heavy lock and the bent lock column blankly.

He looked at Wu Tian and suddenly had a thought. Is he human?

"You guard this place, I'll go in alone." After Wu Tian gave his instructions, he went straight into the basement.

This place was completely dark. It was likely that someone knew that someone had barged in and turned off the lights.

This place was a special place, and the area inside it was even larger than the area above it.

Wu Tian was able to move freely and was not affected at all.

Ever since he started cultivating, his eyes could clearly see things in the darkness.

Inside the basement, there were some miscellaneous items, but most of them resembled a execution grounds.

There was a row of iron cages against the wall with chains hanging inside. Although it was currently empty, there seemed to be some traces left behind.

This place doesn't look like a place for holding animals.

Needless to say, this was a trap created by these people.

He was walking deeper into the basement, looking at the person who was using a cloth to gag Tang Yanrou so that she wouldn't make a sound.

After Wu Tian found it, he carefully approached it. The other party did not have his eyesight, so he was at a loss with regards to this kind of darkness.

However, this man had pulled out a gun and pointed it at the door nervously.

Seizing the opportunity, Wu Tian got close to him and kicked his gun hand. Then, he punched his face and knocked him down to the ground.

The light switch was on the side, so Wu Tian casually lit up the lamp. The entire basement was as bright as day.

"Just who are you ... "

The one who was hit was the manager of this custom shop.

The owner of this store was Shangguan Junyi. He couldn't stay here often, so he had to get someone to help him manage it.

In other words, this manager was actually the manager of this custom shop, holding the power to kill and to live.

And this basement was like their secret park, wantonly doing whatever it was that they wanted to do.

"Don't worry about me, you're just a dog to Shangguan Junyi, what qualifications do you have to talk to me?"

Wu Tian was really unhappy with the manager, so he kicked him hard in the face.

On the other side, Tang Yanrou was so touched to see Wu Tian coming over.

She thought that she was really going to die this time ...

Wu Tian quickly undid it for her and then found the cheque of 3 million that he gave to Tang Yanrou from this manager.

"Come, come out with me. If you want to do something small, I don't mind crippling one of your arms first."

"How could I dare ... "

The manager was completely terrified. Wu Tian had shown his power just now, so he didn't dare to act rashly, not to mention that the gun was in Wu Tian's hands. As long as he wanted to, he could kill the manager at any time.

Wu Tian forced the manager to kneel in the lobby of the custom store.

When the surrounding security guards saw this scene, they all retreated backwards.

The manager was still giving them meaningful glances, but no one dared to come up, afraid that Wu Tian would give them a good lesson.

The person who had just been beaten was still unconscious on the ground ...

"Speak, what happened? I gave her three million to redeem her body, what are you doing?"

Wu Tian held the cheque in his hand and waved it in front of the manager.

"... "

The manager's face suddenly turned ashen, and sweat started dripping from his forehead, wetting his clothes.

"Give me an explanation, it's best if it makes sense."

Wu Tian looked at him coldly. Then, he placed the pistol beside him and patted the pistol with a threatening tone.

"Big brother, brother, grandpa, this really isn't my fault. Our leader said that he can't let her go no matter what. We have to stay here. "

The manager immediately changed his face. He was crying and making a ruckus. With a bitter and bitter look, he pushed everything to someone else.

Wu Tian had seen many situations where he would not fall for his trick.

"That's not a good reason. Explain it properly, I will give you a chance to speak."

Wu Tian picked up the gun and loaded it.

The manager was so scared that his legs gave out and he fell to his knees.

"I thought that this cheque was faked or was given to her by a customer who had taken a fancy to Tang Yanrou. Therefore, I decided to snatch this cheque away. It's not like Tang Yanrou can walk out of here alive ... "

After saying that last sentence, the manager seemed to have thought of something and suddenly raised his head to look at Wu Tian.

"I didn't say that, it really was the higher-ups who told me not to let her escape ... "

"Someone from above?" Wu Tian looked at the ceiling and then looked at the manager, "You mean it was Shangguan Junyi who said it?"

"You're really sharp. I'm just a small fry. These things really aren't something that I can decide."
