C731 No Reason

Wu Tian was stunned, but this policewoman wasn't. She walked directly towards Wu Tian.

"You're Wu Tian, right?"

The policewoman walked in front of Wu Tian with a serious face without any sign of cowardice.

"It's me." Wu Tian was confused, he didn't know what this guy meant.

"Our police suspect you of maliciously manipulating the trading market to influence the exchange rate of our currency, so please come with me."

The policewoman said to Wu Tian with a straight face, then she took out her handcuffs.

Wu Tian was still stunned. He didn't understand what was going on.

"Wait a moment, what does that mean?"

The policewoman didn't care that much, she directly grabbed one of Wu Tian's hands, and with a sound, he was cuffed.

"You have the right to remain silent, but every word you say becomes evidence."

This classic line came out of the policewoman's mouth at this moment, but Wu Tian didn't feel funny at all.

"Wait a minute, do you have an arrest order? If not, please open my handcuffs. "

"Do I need your ID to capture you? Are you mistaken? "

The policewoman's expression clearly changed, but she still forced her neck to put Wu Tian's arm behind her and prepared to leave.

This kind of thing was too outrageous, how could Wu Tian obediently accept it?

He saw that his arm couldn't move at all. After all, his hand was locked behind by handcuffs. He just ran out.

The policewoman was shocked, but she quickly reacted and chased after him.

Such a strange scene was playing out in the company. Wu Tian had his hands on his back in front of him and was running frantically.

Behind them, the policewoman was chasing crazily. One of her hand was holding her hat while the other was trying to reach for her gun ...

Wu Zaibin had just arrived at the company in the morning and was carrying the breakfast he bought for Wu Tian.

But as soon as he entered the door, he saw a scene like this. He was so shocked that he couldn't even close his mouth. The steamed bun in his mouth fell to the ground.

What was going on?

"What are you doing? Is this a role-playing or something? "

Wu Zaibin connected the dots. Wu Tian lived at the company last night, and this policewoman also lived at the company ...

There was a man and a woman, and one of them was wearing a uniform ... What's going to happen between them... Wu Zaibin suddenly felt that he really had too much imagination.

"Stop bullshitting and save me!"

Wu Tian quickly shouted at Wu Zaibin and ran towards him with all his might.

"Then I'll help you stop her."

Wu Zaibin put down the things in his hands and then blocked the policewoman's way. Seeing this, Wu Tian finally stopped and took a breath.

If that was the case, then this policewoman wouldn't be able to catch up. Wanting to capture Wu Tian without any documents, that was wishful thinking!

"Get out of the way, or I'll arrest you as well. You're obstructing our official business!"

The policewoman saw Wu Zaibin standing there with his arms wide open. She didn't slow down at all, instead, she increased her speed and rushed over.

"Come! I'll use my body to bear you! "

Wu Zaibin slowly closed his eyes. He was prepared to face the possible collision.

Although it might be very painful, the two of them might have some kind of wonderful experience when thinking about how this beautiful police officer would crash into them ...

What he did not expect was that what welcomed him was not the policewoman's body, but his flying kick.

The kick sent Wu Zaibin flying and he crashed into a table on the side. He laid on the ground and cried out for a long time before he couldn't get up.

"Damn, is this woman so violent!"

Wu Tian was dumbfounded. He knew that this policewoman was not to be trifled with, but he didn't expect her to be so strong ...

"If you come with me to Police Station, I won't use violence against you!"

The policewoman looked at Wu Tian with a cold expression and then slowly walked towards him.

"No, you still have to show me your arrest warrant. You want me to follow you without anything? That I definitely don't want to." "And now that you have me cuffed, I'm going to sue you. You are abusing the power of law enforcement!"

Wu Tian's voice was even louder than the policewoman's. He wasn't afraid of this guy at all.

However, he had no choice but to lower his head. If it was in China, Wu Tian might play a round with this policewoman.

But this was in the Korea, who knew what the rules were for their laws? If he really caused trouble for himself, then that would be too much of a loss.

"Arrest warrants? I'm telling you, I have the privilege of arresting people, and I don't need to! As long as I think this man has a problem, I can take him back to the police station and ask him questions. "

As the policewoman spoke, she took out her police badge and showed it to Wu Tian.

In the position column, it was clearly written, Special Superintendent.

There was no such level in China, so Wu Tian didn't know if this thing was real or fake.

However, from the looks of it, this policewoman didn't seem to be a fake ... If he didn't have the ability or the right to do so, how would he be able to act so arrogantly?

There were cameras everywhere in the company, so the scene must have been recorded.

"What you said is all true. If I tell you to lie to me, I will definitely sue you in court. At that time, even if you want to become a police officer, you won't be able to do so!"

Wu Tian's mood also eased up a lot. If he really wanted to go, then he would go himself.

At this stage, it was better for him not to have any conflicts with the police.

However, what evidence did they have to prove their guilt? Wu Tian was curious about this question.

"Do as you wish." The policewoman didn't care about this at all. Seeing Wu Tian walk over to the sofa of his own initiative, she didn't force him anymore and left the company with Wu Tian.

As he sped away in the police car, it was Wu Tian's first time seeing the police station of Korea. However, he entered as a suspect ...

The moment they entered the police station, the policemen respectfully greeted the policewoman when they saw her.

It was obvious that this guy was rather popular, and it seemed like she had quite a bit of status.

Because the first point was that she was a policewoman, and her position in the Korea was usually not as high as that of a male ... This was a remnant of their history, although it had improved a lot in the past few years.

But it's not so easy to change a view that has been firmly rooted for a long time, so the fact that a policewoman can be accepted by so many people is a testament to her status.

"You won't... Is he really a very good cop? "

Wu Tian looked at the policewoman in surprise and said. He didn't take her seriously at all.

"You only know now?"

The policewoman had a look of despise on her face.

## **Hidden Billionaire Chapter 732 - What Can You Do to Me**

## C732 What Can You Do to Me

Since he's already been arrested, Wu Tian didn't care anymore.

In any case, even if they wanted to convict him, the police would have to find evidence.

They didn't bring him in as a criminal, but rather called Wu Tian over for questioning...

If that was the case, Wu Tian could at most be considered a criminal suspect, but he couldn't be locked up.

"Speak, what happened to your company?"

The policewoman stared at Wu Tian with a serious expression, her cold eyes seemed to want to see through his thoughts.

However, Wu Tian had read countless people, so he was naturally immune to the policewoman's gaze.

"We're in finance, trading stocks and the like ..."

Wu Tian directly told the truth. They didn't have any ulterior motives towards this company that was opened by Korea.

This kind of financial company was actually very common, there were many of them in the Korea, and they could not be more common.

If such companies are involved in crime, it is generally a deliberate manipulation of the exchange rate, or a scam in the stock market.

However, to be honest, these two points were too difficult to define.

Buying low and selling high was the most common method to begin with. If they broke the law, then everyone in the financial market would break the law.

Although what Wu Tian and the others did looked impressive, it was ultimately still a matter of buying and selling. At least on the company's account books, they only bought and sold on the market.

As for the other things, they shouldn't have anything to do with this company, so Wu Tian wouldn't be that stupid. Wu Zaiyao herself was at the China, so it was almost impossible for the Korea police to capture her.

"Stop lying to me, I've been in your company for so long, do you think I don't know what you're doing? During this period of time, did you release the news about Li Zhaoeye and Shuangxing Company company? "

The policewoman slammed the table angrily, but other than that, she didn't do anything else.

"You are accusing us wrongly. We are just a small company and don't have the ability to frame others. We are all good people."

Wu Tian had a pitiful look on his face. He stared at the policewoman with his eyes wide open like a puppy that had just been weaned.

"Superintendent Liu, how was it?"

Before the policewoman could say anything, the door to the interrogation room was opened and the scar-faced police, who went to Wu Tian's company before, walked in.

"I'm still asking, but he stubbornly refused to say anything."

So this policewoman's surname was Liu. He didn't know what her name was. There was not much difference between their Korea and their surname, it was just that their language was simply too incomprehensible.

Therefore, Wu Tian could only recognize the Chinese characters on their nameplate.

"Don't say it, don't say it. We have plenty of ways to make him say it."

The scar-faced policeman glared at Wu Tian rudely. However, the result was not fear, but a mischievous smile on Wu Tian's face.

This guy didn't seem like he was here for training. It seemed like he was here for a vacation. Not only did he look around leisurely, but his eyes even started to scan the two policemen.

"What are you doing? Behave yourself!"

Superintendent Liu reprimanded her, but the sound of her voice was extremely beautiful.

Sure enough, no matter what a beautiful woman did, she would always make men yearn for her.

"I didn't do anything, you guys aren't asking, and you're not satisfied with my reply, so what can I do? When will you let me eat? Am I hungry? "

Wu Tian was completely relaxed now. It seemed that these guys definitely didn't have any evidence. Otherwise, how could they only ask some simple questions?

And even if he was talking nonsense, they wouldn't be able to tell what was wrong.

"You're so cocky, you actually want to eat from us!"

Scarface trembled in anger. He finally understood why Superintendent Liu had said that this guy was stubborn and difficult to deal with.

However, if it was an ordinary criminal, Scarface really had ten thousand ways to deal with him.

However, this Wu Tian was only called over for questioning, so they couldn't use violence on him.

"That's right, that's right, take out the chain your police station has. I want to see if this special Superintendent has the right to detain the citizens as he pleases."

Since Wu Tian was bored, he started to pick a fight with them. Now, it was these two policemen who started to get nervous.

Liu Chengsi glared at Wu Tian and walked out together with the scarred face man. The two of them chatted quietly at the door.

"I've transferred the person over, but we can't find anything out from him, so you should report this to the higher ups. This time, we'll be returning the favor."

Superintendent Liu was slightly unhappy. This matter was not that easy for him to accomplish.

First of all, it was a violation of the rules, and Superintendent Liu was also taking a huge risk.

"I know, but the Finance Department really did provide us with a lot of help last time. Otherwise, we might not even have the money to repair this police station ..."

Scarface had a look of helplessness on his face. Now that the Ministry of Finance had come to them for help, they couldn't say no.

It was just that the two of them did not understand why they wanted to capture Wu Tian here. Luckily, Superintendent had been staying in Wu Tian's company all this time, so it was relatively easy to do so.

"It doesn't matter. We will have problems if we keep this up. If he goes to the court, we won't have any chance of winning at all."

Superintendent Liu said earnestly. Of course, she also wanted to capture this arrogant guy for some reason, but there was no way she could do that.

"There's no evidence at all? Any kind of crime is fine! "

Scarface was unwilling to give up. However, when he saw Superintendent Liu shake her head, he could only sigh.

"Alright, I'll talk to the Ministry of Finance about this."

After she finished speaking, Superintendent Liu's stern and icy expression returned.

"Beautiful ladies, have you finished discussing? ... What exactly are you going to do with me? What crime are you going to use to prosecute me?"

"You can leave now, we don't have enough evidence so we can only call you here for questioning. It's already been 15 minutes, you can leave now that you have reached the set time limit."

Superintendent Liu gritted her teeth and said angrily. Wu Tian couldn't stop laughing inside when he saw her like this. It was really too much fun.

## **Hidden Billionaire Chapter 733 - You Look down on People with Your Dog Eyes**

C733 You Look down on People with Your Dog Eyes

Wu Tian thought that this guy would do something to him due to his anger, but in the end, he still obediently let him go.

When he walked out of the interrogation room, Wu Tian intentionally cast a glance at Superintendent Liu, as if showing off his victory.

"I told you, if there's no evidence, don't do this."

Superintendent Liu was so angry by Wu Tian's words that her face turned green.

Walking out of the police station, Wu Tian looked outside and was about to go back when he realized he didn't seem to have brought any money with him.

He couldn't even get a taxi this time. He didn't even know where he was.

At this moment, Superintendent Liu drove her car out of the police station and saw Wu Tian standing by the roadside in a daze. She slowly rolled down the window.

"You can't go back."

Wu Tian quickly walked over when he saw that it was her.

"You have to send me back. You brought me here. I'm not familiar with this place at all."

A smile suddenly appeared on Superintendent Liu's face, and she bared her white teeth at Wu Tian.

"What are you thinking about? Dream on." After saying that, Superintendent Liu stepped on the accelerator and sped away.

Wu Tian cursed for a long time behind, but he didn't have any better idea. He could only walk on the road.

Since he didn't know the location of the company and he couldn't read the Korea and language, he continued to walk aimlessly on the streets.

Although the headphones could be translated, the police station was located in a remote location. Wu Tian waited for a long time, but no one came over.

As he walked, a luxurious sportscar suddenly appeared beside Wu Tian and sped past him.

Then, with a quick brake, the sports car stopped on the road, causing Wu Tian to jump in fright.

"Let me tell you, it's already over between us!" A girl's voice came from the car. She was talking on the phone in a very emotional manner, and her expression was very sad.

But the words were firm.

"Don't come find me, I already have a new boyfriend, we won't have any relationship in the future."

Listening to these words, Wu Tian just smiled calmly. This was probably the saddest thing about a young person.

Love, either you split the legs, or I do not love, anyway, at the end of the story, both of them are too idle.

Wu Tian felt that he didn't have the time to think about such things. He was too busy with his work, so how could he have the time to argue with others?

This woman was probably the daughter of a rich family. After all, the car she was driving seemed to be very valuable.

Wu Tian looked around for a while and thought he could ask her for directions, so he stood by the roadside and waited for the girl to finish talking.

However, this phone call continued for ten minutes without stopping.

Wu Tian was tired of watching the show. He thought it would be better to leave, why waste time here.

Just as he was about to leave, he saw another car approaching from the distance. The car came to a screeching halt, almost at the same speed.

A good-looking young man in a suit and leather shoes got off the car. Maybe he was this girl's boyfriend.

The boy had begged the girl to reunite with him, but the girl hadn't agreed.

Finally, the boy pestered the girl, "Didn't you say you already have a new boyfriend? Where is he? Let me see him! "

The girl was stunned. Originally, she was the one who made this up, but she didn't expect her ex-boyfriend to actually use this matter to interrogate her.

"This ... " The girl looked around. Other than Wu Tian, who was standing beside the car and enjoying the show, there was no one else.

The girl didn't care too much about that. She walked over and held Wu Tian's arm. Then, she pressed her warm lips against his and lightly kissed Wu Tian's lips.

Wu Tian didn't even have time to react before the girl was already leaning on him like a little bird.

"This is my boyfriend. You've met him now, haven't you, dear?" As she said "darling", the girl turned around and winked at Wu Tian.

"Oh, ah, yes, that's right. I'm his boyfriend. What's the matter?"

Her ex-boyfriend looked at the two of them strangely. When Wu Tian opened his mouth and spoke the China language, he felt even more confused.

"Foreigners?"

"So what if he is a foreigner? Aren't foreigners human beings? Can't I get a foreign boyfriend? " Of course, the girl didn't think that Wu Tian wasn't one of their Korea people, but the effect wasn't that big. As long as it was a man who looked good, it was fine.

Wu Tian then looked at the girl carefully. Her figure could only be said to be passable. She was a standard Taiping princess, but her attire was very rebellious and she had a lot of colourful things on her hands.

How to put it, she was like a bad girl who didn't learn well. It seemed like there were a lot of girls like this in the Korea, they usually called themselves hot girls.

"I've already given you your request. Alright, you can leave now."

The girl looked coldly at her ex-boyfriend, then pulled Wu Tian into the car and sped away.

Watching her ex-boyfriend get smaller and smaller in the rearview mirror, the girl started to cry as she drove.

"What are you crying for, do you have to go through so much effort just for this little thing?"

Wu Tian murmured as he supported his chin with his hand.

Although the girl didn't understand what Wu Tian was saying, she could feel what he meant from his tone.

"You can leave from here." The girl drove a few blocks and found a spot to park.

Wu Tian didn't say anything and just prepared to get off. In any case, he wasn't in the mood to care about other people's matters.

"Wait, I can't let you help me for nothing."

As the girl said that, she took out a stack of money from her purse and casually threw it onto Wu Tian's seat.

This action made Wu Tian extremely angry.

What do you mean, does she look down on Wu Tian? Or maybe she was going to treat Wu Tian as a beggar and send him away.

"What do you mean?"

Wu Tian pointed at the money with a cold expression and felt very annoyed.

The girl didn't understand anyways, but he didn't seem very happy when he looked at Wu Tian.

She disdainfully snorted. These people were indeed scum. They wanted to extort her for a bit when they saw that she was rich.

"Too little? I'll give you a little more, hurry up and go. "

She threw another wad of bills at him.

## **Hidden Billionaire Chapter 734 - Look at How Arrogant You Are**

C734 Look at How Arrogant You Are

Wu Tian held onto the door of the car. Although he had already got off, he still didn't want to leave.

It didn't matter if he was given money or not. Wu Tian was already very satisfied as long as they could get him closer to the city.

It didn't matter if she gave him money. After all, this was a help to her.

But isn't this way of giving money a little too contemptuous?

"Just what do you want to do? Isn't that enough?"

The girl looked at Wu Tian, who still didn't leave, and instantly frowned in anger.

"What are you trying to say? Take your lousy money. With just this little bit of money, I'm not interested in you!"

Wu Tian, on the other hand, didn't know why he got into an argument with her. Normally, he wouldn't even bother with people like her.

While they were arguing, the sound of a car horn came from behind.

The two of them looked behind them. This girl's ex-boyfriend had actually chased them all the way here, but neither of them noticed it.

"Didn't you say he was your boyfriend? What are you all doing!?"

The ex-boyfriend asked the girl in a questioning tone, and the situation immediately turned awkward.

Seeing that, Wu Tian didn't want to stay any longer, so he turned around and prepared to leave.

The girl was slightly unwilling and rushed over to stop Wu Tian.

"If it wasn't for you, how could it have ended up like this? I might have already left him ..."

"What does this have to do with me ..."

Wu Tian felt it was funny. Outsiders don't want to get involved in the bad things between the two of you.

"You can't leave!"

The girl said as she tugged on Wu Tian's clothes. The three of them were entangled together, it looked like they were in a love triangle ...

Many passersby were pointing and talking at them, feeling that this place was really too hilarious.

Seeing this, the girl became even more annoyed.

"Are you done yet!?"

Wu Tian finally couldn't take it anymore and forcefully pushed the girl away. If he did not do so, he reckoned that he would not be able to leave for the rest of the day.

It was just that he did not expect the girl to not stop this time and accidentally fell.

Wu Tian also felt that something wasn't right. He was stunned and walked over to help her up.

"Are you alright? Sorry, I was a bit stronger ..."

Wu Tian politely apologized to her, but he didn't expect his ex-boyfriend to walk over angrily.

"What are you doing? You actually hit Yan'er!"

It was a common name in Korea to be called Yan'er with this girl. It was just that Wu Tian was a little unhappy with the attitude of his ex-boyfriend.

"Are you blind? When did I hit her? I just pushed her and she wasn't able to stand properly. Of course, I was the one who did wrong, I apologize."

In fact, Wu Tian definitely wouldn't apologize if it had nothing to do with him. Originally, this matter had nothing to do with him.

"What's your name? Which country are you from?! I told you that this matter is not over yet. Do you know who you have offended? "

His ex-boyfriend immediately showed off his arrogance, as if they had a huge power. He looked at Wu Tian like a human looking at an ant and didn't even treat him as a human.

"Boring."

Wu Tian only used two words to evaluate the two of them. Other than that, he really didn't want to waste his breath.

"You still want to leave? Let me tell you, hurry up and apologize. It's not over yet, you have to kneel down! "

His ex-boyfriend blocked Wu Tian's way, and he continued to pester Wu Tian with a dark expression.

From this point of view, it didn't seem like a man at all. Wu Tian truly felt humiliated that he was the same man as Wu Tian.

"Me kneel?"

You want me to kneel down and apologize for this? Ignoring the fact that it was Wu Tian's fault, even if it was Wu Tian's fault, he didn't need to do this.

Men have gold under their knees. Which one of them isn't kneeling to the heavens and to the earth, their parents? How can they casually kneel to outsiders?

"Let me advise you, hurry up and get out of my way!"

Looking at Wu Tian's serious expression, his ex-boyfriend thought Wu Tian must be fighting with him.

"Does anyone understand what he is saying? Come and translate for me, or translate for him what I say! "

The ex-boyfriend called out to the crowd, but no one answered. He suddenly thought of this and took out a handful of money from his pocket.

"I'll give you the money that I can translate."

There would always be brave men when it came to rewards. As expected, a passing uncle raised his hand and accepted this request.

"I know some Chinese ..."

"Then translate for me what he just said?"

Her ex-boyfriend stared at Wu Tian. Originally, both she and Wu Tian were very angry because of their relationship.

However, now that Wu Tian had jumped out, they directly spilled all of their grievances onto him.

"He said, I told you to get the hell away from me ..."

The passerby stuttered as he translated. Then, he carefully looked at his ex-boyfriend.

"What did you say?!"

After his ex-boyfriend finished listening, the veins on his temples popped up. He gritted his teeth and moved closer. He and Wu Tian were almost facing each other, and the two of them were very close.

"I'll tell you one last chance. Kneel down and apologize, and I'll let you go! Otherwise, you will have to bear all the consequences. "

Wu Tian heard his threat and found it funny.

Without needing to translate the two words, his ex-boyfriend knew what Wu Tian was trying to convey.

"You don't know what's good for you."

As he spoke, his ex-boyfriend took off his shirt, revealing all of his muscles.

When the girl saw that the two of them were about to fight, she quickly came over and consoled them while crying.

"You two, stop fighting over me ..."

Wu Tian almost laughed out loud. He turned his head to look at that silly girl and said without any mercy, "Are you even worthy?"

Alright, from a certain point of view, Wu Tian had brought the two of them together.

This was because they were in agreement with the outside world, and all of them thought that Wu Tian deserved to die.

"Beat him up! Beat him up for me! "

The girl waved her fist and shouted at her ex-boyfriend. She clearly said that she wasn't going to fight for her, but now she started to bully others.

"Today, I will let you experience my strength!"

His ex-boyfriend suddenly punched over, causing the surrounding crowd to cry out in alarm.

This punch was very firm, if it were to hit his body, it would definitely be very painful.

Moreover, he saw that this ex-boyfriend of his had been trained before. His body was covered in muscles, and his steps and punching style were all very professional.
