

Hidden Billionaire Chapter 738 - Method of One Stone Two Birds

C738 Method of One Stone Two Birds

Even if someone was unwilling, at this point, no one could say anything.

Other than Chang Xiang Rong, no one knew who else to look for to make up for the one trillion yuan.

"Does anyone have anything else to say? If anyone disagrees, they can bring it up now and let everyone hear what they have to say. "

Jin Xianyu spoke in a weird tone as he looked at the people below with a smile on his face. However, what appeared in his eyes were mostly just sneers.

The group of people who had been so arrogant just a moment ago could only accept it now. Looking at them being humiliated, angry and helpless, he had to admit that they were truly interesting.

"If you don't speak, can I take it that you have no objection?" Jin Xianyu said as he slowly walked towards the chairman's seat.

The other vice chairmen were so angry that their faces turned pale as they turned their heads in another direction.

As Jin Xianyu sat firmly on the chairman's chair, Chang Xiang Rong took the lead to clap. The entire meeting room immediately erupted into thunderous applause, which lasted for a long time.

The prices of the Korea and currencies on the trading market were steadily declining.

On the morning of the next day, the Ministry of Finance, which had been slow of movement, began announcing that it could let the Supervisor inspect the National Fund to make sure that the funds were not being shaken.

When he saw this news, Wu Tian, who was originally intoxicated and waiting for the Korea currency to drop on a large scale, was completely shocked.

What was going on behind the scenes ... Didn't they clearly lend all their money to the Shuangxing Company company? How could they suddenly take out over a trillion?

The smiles on Wu Tian and Wu Zaibin's faces hadn't faded yet, but they had already turned into sad faces.

What they had relied on to short the entire stock plan was a 1 trillion dollar deficit, but now this one was being filled.

"It's over, it's all over. I borrowed over 100 billion!" Wu Tian's sullen face quickly calmed down after he muttered a few words.

As the saying goes, people don't feel itchy when they have lice, and people don't feel worried when they have debts. Since Wu Tian owed more than 100 billion yuan, he didn't mind owing more.

Upon hearing Wu Tian's words, Wu Zaibin's face immediately lit up with a smile.

"If that's the case, then that's good. I even said that I was finished, but I didn't think that you, clan leader, would be even more miserable than me. "

Wu Zaibin's joke was quickly met with a glare from Wu Tian.

When I borrow money, I use part of the Wu Family's name. If I don't pay up, you all will have to share with me. "Who asked me to be the clan leader?"

Wu Tian laughed evilly. Wu Zaibin, who was making fun of him, was suddenly choked by Wu Tian, unable to say anything.

The two of them joked around without a care in the world, using this method to remove the tension and tremendous pressure on their bodies.

It was at this time that Yu Naixin sent a message. From her tone, it sounded like she was in a hurry.

Wu Tian answered the phone. When he came back, his face was heavy and he was frowning.

Wu Zaibin looked at him and felt strange. That shouldn't be the case. He didn't even frown when he said that he owed someone 100 billion yuan.

"What's wrong? Was it Yu Naixin? What happened at the company? "

"Domestic... There's been some turmoil, as though there's a problem with the currency of the China as well. "

Wu Zaibin had a more specific expression on his face. Wu Tian could only rub his temples as he felt very unhappy in his heart.

"Yu Naixin said that there are some problems with the capital chain of every company in the country. There seems to be nearly a trillion dollars missing from the market as a whole."

"What?" A trillion? " Wu Zaibin's voice suddenly shouted so loudly that Wu Tian's ears shook.

"Can't you lower your voice? What are you yelling for? Isn't it just a trillion? What are you afraid of?"

Wu Tian felt that this was no coincidence. This number was exactly the same as the number of Korea National Fund.

Moreover, Minister of Finance is being reported on the news to accuse the Independent Commission Against Corruption of the allegations against them.

"In other words, our China Department's people have obtained one trillion gold to help the Shuangxing Company Company." Wu Zaibin licked his lips, reminding him of a spy.

Wu Tian sighed. He was shocked.

"This is definitely not something that can be done with Shangguan Family, so there's no need to think about it. They should be even more powerful. "

The feeling of being slashed in the back was truly unpleasant.

The financial sector was very sensitive to this kind of thing, especially when the financial markets were very tight on the China.

Originally, Shuangxing Company had made a large number of acquisitions short in China and everyone had invested a large amount of funds to counteract and counterpurchase.

The moment Shuangxing Company Corporation's scandal was revealed, these small businesses in the country immediately cheered. However, they never thought that they would be happy for so long. Shuangxing Company company had not only made a comeback, but the organization that had originally lent them money could not even afford to take a single cent out at this time.

The agency even wants customers to pay back their money in advance.

This chain reaction was quite impressive, as the market share price suddenly plummeted. Shuangxing Company Corporation had eaten a large amount of stocks and had reaped a huge harvest all of a sudden.

"Is there nothing we can do?" Wu Zaibin had already given up all hope. With things having gotten to this stage, they shouldn't even think about raising money from China. The China s were unable to take care of themselves.

Following this trend, Shuangxing Company companies could definitely replicate the actions they did before in the Char Country, and plunder the China's wealth.

Wu Tian gritted his teeth. He had initially thought that there was no hope, but suddenly, he had a flash of inspiration. It was as if something had flashed through his mind.

He slapped his thigh and jumped up happily.

"Crazy, he must be crazy, looks like I have to contact the bed of a mental hospital for him." Wu Zaibin looked at Wu Tian's expression and shook his head.

"I know the way. It will definitely bring us back to life!"

"Alright, alright, go ahead. I'll have the doctor come and pick you up after I finish speaking."

Wu Zaibin only thought Wu Tian was bullshitting right now.

This guy might really be joking with him. This wasn't the first time he had done this sort of thing.

Wu Tian slapped the table excitedly. He pulled Wu Zaibin and refused to let him go.

"Listen to me, I've thought of a way. It's very simple. When we were thinking about it earlier, it was really too complicated."

"Complicated? How can there be a simple way to do this? " Wu Zaibin felt that his IQ had been humiliated.

"Of course, think about it, didn't we already borrow 100 billion, wanting to devalue the Korea currency? Then, we will use China currency to buy Korea currency. Wouldn't this mean that we can earn the difference in prices at a very small price? Now it's good, we can let more people come to the Korea Nation and exchange their China currencies for Korea currencies. "

Wu Tian and the others had always been fighting solo. It's not that they didn't think of mobilizing the masses, but before this, they just didn't have that condition.

And right now, because the China currency had been greatly reduced, it was just right for it to rise in value. At this time, if he were to buy the Korea currency, he would be able to easily earn money.
