

Hidden Billionaire Chapter 749 - Unexpected

C749 Unexpected

Actually, Superintendent Liu had always felt that Wu Tian planned this matter in order to trap them.

How could an ordinary person do such a thing? He committed a crime and actually took the initiative to wait for others to capture him.

Superintendent Liu thought about it and felt that it would be better to clarify this matter.

"I didn't find out about this, Wu Tian told me on his own accord ..."

"What are you saying? Regardless of whether he told you or not, this matter is up to you. What are you afraid of? If you don't get promoted this time, I will personally handle it for you."

The bureau chief was in an extremely good mood. He had not heard Superintendent Liu's words at all.

"What did you mean by that?"

Scarface still stuck to his professional principle and chased after Superintendent Liu to ask her about this.

"Actually, I'm not too sure either. It's just that I find it strange that he took the initiative to tell me about it. You said that ordinary people wouldn't do such a thing. "

Superintendent Liu told them everything that had happened, and they both started to wonder.

However, after thinking about it for a long time, they still could not come up with any useful answer.

"Forget it, we should just wait and see. If the evidence is conclusive, then this Wu Tian should not be able to do anything."

At this point, this was all that could be done.

Wu Tian was brought to the police station. This time, the ones who interrogated him were Scar Face, Superintendent Liu, and even the police chief.

"Speak, what happened exactly?"

Scarface had watched the video several times. He knew what the situation was like, he just wanted to see if Wu Tian was lying or not.

Wu Tian told them everything about how it happened, what he did and what he did afterwards. It was just that some things that were inconvenient to say were still missing.

"It's just a small matter. What do you think we should do?"

Wu Tian was not only not nervous, he had a face full of anticipation, as if he was waiting for something.

This made Superintendent Liu feel even more uneasy.

"Let me tell you, don't be arrogant. We already have evidence against you so you won't be able to escape from the prison."

When the bureau chief saw Wu Tian being so cocky, he immediately became angry.

"Bureau Chief... In this matter, we cannot convict a person without having to testify against him. "

Superintendent Liu noticed the flaw in the bureau chief's words and quickly warned him softly.

This time, the bureau chief realized that this matter was quite important. He had to understand the situation of the person in question clearly.

Otherwise, it would become a mistake on their part. When the time comes, their Police Station would be the one to bear the consequences.

"Who is that girl you're holding in custody?"

"She? I don't know her surname. I knew she was called Yan'er, she seems to be Minister of Finance's daughter."

Wu Tian smiled as he looked at the few people in front of him. His gaze was always on Superintendent Liu and Scarface.

Very quickly, a police car drove out of the police station and headed straight for Minister of Finance's residence.

Listening to the sirens outside, Minister of Finance's family had already gotten used to it.

These few days, these sounds never stopped.

However, the person who came in this time wasn't Minister of Finance, but was asking to take his daughter away.

"Why did you take me away? What have I done? " Yan'er had a weird expression on her face, but her heart was full of apprehension.

Although she was usually very carefree and looked just like a delinquent girl, she was still very scared when things really came to this point.

"We suspect you of being involved in a kidnapping now, so we hope you can go to the police and identify the culprit."

Hearing this, Minister of Finance and the others finally felt relieved. It turned out that Yan'er didn't commit a crime herself, but wanted her to identify the culprit.

However, why did she know such a person? This made Minister of Finance very unhappy.

"Follow me. Be careful, don't speak carelessly about what you should say. Don't speak carelessly about what you shouldn't say." Although Minister of Finance glared at his daughter, he still sent her off.

When they arrived at the police station and saw Wu Tian, Yan'er finally understood what had happened.

She also didn't know what was wrong with this guy, he had actually exposed this matter.

Superintendent Liu and Yan'er pointed at Wu Tian through a glass window that could only be seen from one side and asked, "Did this person kidnap you?"

Yan'er's mind was in a mess. What was going on?

She felt that Wu Tian would not be so stupid as to take the initiative to surrender. Furthermore, this was just the beginning, there were many things that she could not say.

Especially after Yan'er brought Wu Tian home to steal the evidence. If people outside knew about this, would her father beat her to death ...

Thinking of this, Yan'er immediately understood what she had to do.

"No."

Superintendent Liu was shocked when she heard Yan'er's answer. The monitor screen clearly showed their faces.

"Is this you?"

Scarface quickly brought the monitor screen over for Yan'er to see.

"This is me, this man is also Wu Tian. However, he didn't kidnap me, the two of us are just messing around."

Yan'er said calmly, as if this was the truth.

Superintendent Liu and Scarface were both stunned. They did not expect Yan'er to say something like that. It was completely outside of their expectations.

"Wait a minute, we feel that something is wrong. No matter how we look at it, it is abducting and mistreating you. If you have any difficulties, you can just say so. We will do our best to help you."

It wasn't like such a situation hadn't occurred before. Superintendent Liu had also seen cases where people didn't dare to identify criminals because they were afraid.

"No, he and I are really just playing. I only feel troubled when you guys randomly grab people like that. You guys didn't even investigate the matter clearly, yet you said that he kidnapped me? If he did kidnap me, why didn't I call the police? "

Yan'er's words, on the other hand, made the two of them lose all their temper.

Since things had turned out like this, the two of them didn't know how to resolve the situation. They could only report it to the bureau chief.

"What? That girl said they were just playing around?"

The bureau chief was immediately angry. They finally found Wu Tian's evidence, how could he give up so easily.
