

Hidden Billionaire Chapter 755 - Opponent

C755 Opponent

In the middle of the night, Su Cancan felt that her master was a little restless.

Since she'd been out so many times lately, Su Cancan had decided to move in with her so that Su Wenxin couldn't do as she pleased.

After a few days of being honest, Su Cancan found that her master, Su Wenxin, had begun to wake up in the middle of the night.

She tiptoed like a thief, ready to leave in her pajamas.

Su Cancan knew what was going on, but she still pretended to be asleep. However, when she closed the door, she immediately jumped up from the bed. She wanted to see what her master was up to.

Su Wenxin ran towards the elevator with a face full of anticipation.

At this moment, the elevator door opened and two people walked out.

Su Cancan only heard the sound, but didn't know who it was. She stuck her head out to take a look and suddenly woke up.

"Wu Tian? Why are you back? "

Her shout seemed to have exposed Wu Tian. Everyone in several rooms seemed to have heard the commotion and came out to take a look.

Wu Tian originally wanted to come back quietly, but the moment he stepped out of the elevator, he saw Su Wenxin in her pajamas standing at the door. Then, she hugged him without saying anything.

He had just moved Su Wenxin away when Su Cancan's voice came from behind. Wu Tian's plan had gone bankrupt.

A large group of people walked out from their rooms and looked at Wu Tian.

Shen Xue even cried out loud. She had been worried about Wu Tian for so long, but he never gave them any news or anything. If everyone didn't see Wu Tian, she would have thought that she was hallucinating.

"What took you so long!" Shen Xue ran over and jumped into Wu Tian's arms.

All of a sudden, other than Su Cancan, many people started to quietly wipe their tears away.

"Alright, alright. Didn't I miss you guys? I came back." Wu Tian gently caressed Shen Xue's hair with a gentle expression.

However, with so many people blocking his way, he couldn't go anywhere. It was with great difficulty that he managed to persuade them to go back. Only then did Wu Tian feel relieved.

"Shen Xue, you should go to sleep too. I'll find a place to rest. I still need to work tomorrow."

Wu Tian was really tired now, but the two women hugging his arms left and right made him feel helpless.

"No, I'll go wherever you go. I won't let you disappear by yourself in the future." Shen Xue's attitude was very positive. When she saw Su Wenxin hug Wu Tian, she hugged him even more tightly.

Su Cancan didn't know whether to laugh or cry. She knew that Shen Xue had a good relationship with Wu Tian, but her master just wanted to join in on the fun.

She hurried over to pull Su Wenxin away, allowing Wu Tian and Shen Xue to rest.

Wu Tian didn't wake up until ten o'clock in the morning. He was reluctant to leave the warm bed.

At this moment, he suddenly remembered that there seemed to be another person lying beside him. Although both of them slept in clothes, Shen Xue still slept very deeply beside Wu Tian.

In order to not disturb her, Wu Tian quietly got out of bed. After washing up, he went to his office.

Loong Yun and some of the important executives of the company were already waiting here.

"There are so many people today." Wu Tian didn't expect his company to have reached such a large scale already.

"Of course, when you're not around, our company will still expand and operate." Yu Naixin said with a mischievous smile. Right now, she was already the leader of these people, and in such a short period of time, she had become the receiver of Wu Group company. This matter could be said to be widespread in S City.

Everyone said that Wu Tian had a pair of sharp eyes for discovering talent. Some people also said that Yu Naixin had come at a good time. If she had also left the Wu Group when she was poaching people at the Mecca Company back then, it would have been impossible for her to arrive at her current stage at that time.

"I'm fine, you guys can just continue with the meeting. How did it go before? If you continue now, Yu Naixin will have full responsibility for it."

Seeing that Yu Naixin was already able to manage the company independently, Wu Tian was instead feeling happy and free.

Of course, it wasn't as though he didn't have anything to do, so listening to their meeting was also a form of fun.

While Wu Tian was gone, the S City had experienced a sensation similar to riding a roller coaster.

First, the Mecca Company suddenly stopped everything, and then, they sold quite a few companies, causing many people to think that there was a problem with the Mecca Company's funds.

And this time, it was roughly the same. Wu Tian's first selling of his Korea's currency had brought about a devaluation in the Korea.

But very quickly, not only did his Mecca Company make a comeback, it had even become stronger than before.

After expanding wantonly for a period of time, the Mecca Company had already stopped moving once more.

Many intel pointed out that there were many people entering and exiting the Mecca Company.

There were rumors that the Chamber of Commerce and Mecca Company were cooperating to complete the integration of the industry.

This news was now what Yu Naixin was most concerned about. If this was true, then it was very likely that Mecca Company would quickly become a gigantic unicorn.

By then, no one would be able to suppress it.

When Wu Tian heard this, he pondered for a moment. It was only then that he realized the subtleties of the matter.

So it was actually Chang Zairong who provided the funds for Shuangxing Company company. Otherwise, who would be able to take out that much money in such a short period of time?

which meant that the China General Chamber of Commerce could do it.

"I know what's going on now. You all have to focus on the China's main chamber of commerce." Wu Tian suddenly said. However, he had solved the mystery that Yu Naixin and the others did not understand.

"This Chang Zairong of the China Chamber of Commerce should be colluding with the Shuangxing Company company. I feel that if this is the case, we can take advantage of it." Wu Tian suddenly recalled the things that Wu Zaiyao had done to him earlier.

One had to say, public opinion was an extremely powerful weapon. As long as it was used properly, it would bring about a tremendous effect.

"President Wu, what you mean is, we want to go against the China Chamber of Commerce?" Yu Naixin was a little stunned. Although their Wu Group company was large, it was only at the level of dominating the forces within the S City. However, the China Main Chamber of Commerce was of a national scale and had its own network and funds everywhere.

This kind of strength was not something they could imagine.
