

## Hidden Billionaire Chapter 757 - Liang Zhenhai

### C757 Liang Zhenhai

On the other side of the S City, in a nightclub.

The racket and the crowd did not affect the solemn atmosphere in the room next door.

The group of bosses sat around the table with nervous expressions on their faces.

Liang Zhenhai, who had disappeared for a long time, finally appeared again. This was both good news and bad news to them.

"What are all of you doing with that expression? It seems like a great demon king has arrived." Liang Zhenhai couldn't help but joke as he looked at the bitter faces of these people.

People like him were only joking around. Usually, no one would find it funny. However, no one dared to make a sound, nor utter a single word.

"I see that we have lost several hall masters. You don't need to say anything about what has happened. In the future, we will definitely take back what we have lost. Whoever has lost face will have to crawl back up from where we came from." Liang Zhenhai's voice wasn't loud, but his words were filled with power.

This made some of the hot-blooded young men feel as if their blood was boiling.

It was not that easy to be impulsive with just a few leaders. They were all scheming, so of course they weren't that foolish.

"About that, the police are very strict with the outside world right now. If we act rashly, it'll be very easy for us to be exposed."

If one were to say that Liang Zhenhai had come back, the first person who would be unhappy would be Liu Zhendong.

He was also the first to voice his opposition. This sort of thing was definitely not something that could be agreed to so easily.

"Hey, isn't this Liu Zhendong? I heard that you were my representative before. How is it? This feeling feels great, doesn't it?" As Liang Zhenhai spoke, his expression suddenly changed.

"After such a huge incident, for the people outside to bully our Red Power to such a degree, yet you actually dare to disregard everything, are you even worthy of being our boss just like that?"

Upon hearing Liang Zhenhai's words, Liu Zhendong was instantly drenched in sweat and extremely nervous.

"I was forced by the need of reality. First of all, we can't be chaotic inside. I've just calmed down inside the organization and haven't had the time to ..."

Liu Zhendong quickly explained, but he could still feel the helplessness in his words.

His words were like fart in front of Liang Zhenhai.

No one in the whole venue cared about his opinion now. There wasn't even a single person who was looking at him. He, the acting boss, had truly failed.

He looked at the two lackeys beside him, trembling in fear.

These two were Wu Tian and Azure Dragon. The two of them had cleverly snuck in and stood at the side.

Wu Tian could feel Liu Zhendong's nervousness, so he quickly passed him a cigarette to ease his nerves.

"That's right, we can't let it go like this, they burned our headquarters and injured so many people, all of this was done by Wu Group company, I will go gather the people now and destroy their company!"

One of the more irritable brothers immediately stood up and was about to leave.

Liang Zhenhai quickly stopped him and replied with a laugh: "We have to do it, but don't worry. This Wu Group is pretty strong too, we can't let go of each other right now."

After talking for a long time, Liang Zhenhai started smoking one cigarette after another. He looked at everyone present and chuckled.

"Actually, my idea is also very simple. You guys go and investigate the background of this Wu Group company. After you find out, we will finish it all in one go. But, you all must remember to be more secretive."

Liang Zhenhai was prepared for it.

However, he probably didn't expect Wu Tian to have heard of his arrangements so clearly.

When Wu Tian saw Liang Zhenhai for real, he immediately knew what was going on.

Back then, when he was in Korea Country, he eavesdropped on Chang Zairong and the others' conversation and mentioned a Mister Liang. Now it seems that this Mister Liang was actually this Liang Zhenhai.

This meeting did not last long. Everyone quickly dispersed.

Sitting in the car, Liu Zhendong looked like he was about to cry. Right now, he was in a dilemma.

On one hand, he had to listen to Liang Zhenhai's orders, and on the other hand, Wu Tian was holding onto his weakness.

"President Wu, you heard about this too. What should I do in the future?"

Seeing Liu Zhendong at a loss, Wu Tian, on the other hand, didn't seem to care.

"Isn't that simple? Just do as he says. You're still a leader."

"Don't joke around, how can that be okay? Maybe Liang Zhenhai will get rid of me any time he doesn't like me, and then he might not even be able to find my corpse."

Liu Zhendong's expression was as if he was about to be cut alive with a face full of grief.

"What are you being so anxious for? We haven't even spoken yet and you're already not going to die." Azure Dragon was really annoyed by Liu Zhendong and immediately scolded him.

Wu Tian looked out of the window and fell into deep thought.

Since things had already gotten to this point, it was obvious that the other side was already trying to get in his way. This Main Chamber of Commerce was already thinking of a way to obstruct him.

Although he didn't know how he had dissatisfied Chang Zairong, but since they were going to fight, Wu Tian wasn't afraid at all. On the contrary, he was even more excited.

It had been a long time since he had a proper opponent, so he could finally have a good time.

The car sped past on the road of S City, but what they didn't notice was that a train of people was quickly passing by, and then started to squeeze Wu Tian's car from three directions, as if wanting to force them to the side of the road.

"What's wrong?" Liu Zhendong was extremely scared when he heard the news. He grabbed the handle by his side, afraid that he might be thrown out of the car in the next moment.

Azure Dragon stopped the car by the side of the road as steadily as he could with a livid face.

Under these circumstances, it was impossible to escape the enemy's encirclement. The only option was to see what they were up to.

Very quickly, a group of people got off the cars.

The leader of the group, Wu Tian, had already met him at the meeting. It was the person beside Liang Zhenhai.

"Big Brother Liu, I'm very sorry to use such a method, but Boss Liang has requested that we bring you over right now."

Hearing that the person was looking for Liu Zhendong, Wu Tian was slightly relieved. It seemed that their identities were not exposed.

"Watch what you say, what you don't. They won't be able to kill you. " Azure Dragon muttered softly and pushed Liu Zhendong out of the car.
