

Hidden Billionaire Chapter 760 - Everywhere Passive

C760 Everywhere Passive

Wu Tian probably didn't expect that he would be scared by Yin Rumeng's sudden behavior.

"Did you take the wrong medicine?" Azure Dragon shook off the goosebumps on his body.

"Haha, did you know? I suddenly realized that I actually liked this feeling so much. It was that feeling of life and death in that instant. Do you understand? It was that feeling ..."

Yin Rumeng's words did not get a response from Wu Tian and the others. She only got two confused looks on her face.

"I understand. That feeling is just the secretion of adrenaline. Can you calm down?"

Azure Dragon's face was filled with disdain. He was already used to seeing someone like her.

The car quickly brought the three of them to the Wu Group Building. The little sister in the lobby was stupefied when she saw the three of them with dirt all over their faces.

Those who didn't know would think that they were scrap pickers.

Originally, some security guards wanted to stop them, but when they recognized Azure Dragon, they realized that these people were definitely not ordinary.

It was at this time that Su Cancan came back from outside. Looking at the three of them, she was stunned for a moment.

"Azure Dragon, although you are one of Wu Tian's subordinates, but in Wu Group, you should at least pay attention to your image, what does this look like!"

Su Cancan walked a little further away from them, with a look of disdain on her face.

Looking at Yin Rumeng's expression, she rolled her eyes.

Wu Tian was stunned. Could it be that Su Cancan was also so ruthless to the others?

He had thought that this girl was prejudiced against him, but now it seemed that he had really misunderstood her.

She was clearly attacking without any distinction. I'm afraid no one here is in her eyes.

While they were talking, Su Cancan sniffed with her nose and turned around.

"This smell, why does it look like Wu Tian?"

Wu Tian saw her staring at him, and his whole body quivered.

Is she a dog with such a good nose?

"You're Wu Tian?"

Wu Tian smiled and took off his mask, revealing his face.

"I still can't avoid your eyes."

"What are you guys doing? Hurry up and wash up."

Su Cancan still left with a look of disgust. Her expression did not change after discovering Wu Tian's identity.

This made Wu Tian even more embarrassed. He no longer had any dignity as the chairman of the board.

After cleaning up, Wu Tian and Azure Dragon found a place to sit and said nothing.

What happened just now had yet to return to their senses from their shock.

"That Liu Zhendong, do you think he is really dead?"

"If he were to explode like that, he probably won't be able to survive."

In Azure Dragon's experience, there was not much chance of that happening.

Wu Tian had already started to calm down to a large extent, but this incident had too much of an impact on him.

He saw Liu Zhendong being engulfed by the explosion with his own eyes.

"If we don't have Liu Zhendong, then we won't have any spies in Red Power."

This was their biggest problem. This matter had a huge impact, especially since Liang Zhenhai had already stated that he was going to deal with Wu Group Corporation.

"Should we hurry and find another one?" Azure Dragon felt that there was no better way apart from this.

"Do you think that this is a blind date that can be found just by saying that?" Wu Tian sighed and rubbed his temples.

"If you have no other choice, then let me do it!"

Seeing the two of them so conflicted, Yin Rumeng was a little eager to give it a try.

Wu Tian glanced at her and did not take her words seriously.

"Come on, you're a girl, how are you going to get their trust?"

Liu Zhendong had gotten a hall master in Red Power. This was due to him having some ability and experience.

This Yin Rumeng was not only a girl, but she had never had any deep contact with the underground powers. The effect of Azure Dragon teasing her was better than Yin Rumeng's.

Yin Rumeng didn't give up on her plan just because of their distrust.

"How do you know without trying? I think I can do it!"

Azure Dragon frowned, "How about I go? If I really can't do it, they won't be able to recognize me using that mask."

Wu Tian nodded. At this point, this was the only way out.

"Then you must be careful. It would be best if you were with Wei Jiaming. With two people, it will be much safer."

"Hey, why aren't you guys answering me? Don't ignore me ..."

Yin Rumeng's voice was directly ignored by them.

This matter was about to be done very quickly. In order to prevent Red Power from attacking them, Wu Tian even specially increased the security of the company.

Furthermore, he summoned all the employees that were stationed outside back as much as possible.

They were also likely to become targets of the Red Power.

In an instant, the entire Wu Group company had become incomparably sensitive, to the point where even the slightest movement in the wind or grass would cause everyone to feel fear.

It was just that there were basically no accidents until Su Wenxin was stopped by someone from the Red Power when she went to the bar in the middle of the night.

Unfortunately, they found the wrong person.

Amongst the entire Wu Group, she was the one that they could not afford to offend.

No one knew the exact details, but the next morning, there was a news report about a gas pipe leak in a bar. The explosion had killed dozens of people.

The news reports said that they still needed to be investigated by the police, but who didn't know what was going on behind the scenes?

When the few people who knew about the inside news saw this, they couldn't help but give Su Wenxin a thumbs up. Wu Tian even sent Su Wenxin some good food to comfort her.

Of course, Su Wenxin's clothes weren't dirty, so for an expert like her, it didn't matter how many underlings she had.

On the other side, in the Red Power Headquarters, Liang Zhenhai was looking at the statistics and feeling that it was really hard to explain everything.

"Why are there so many casualties? Are you telling me there's only one person on the other side?"

Liang Zhenhai looked at the survivors who had escaped in disbelief.

It did sound magical, but it was also a reality.

"Big brother, we really aren't lying. It's just a woman, we can't even see her movements clearly. If it weren't for the fact that we were all quick with our actions, we might have been completely annihilated by her."

A few of his men, whose faces were covered in dirt, had a helpless look on their faces. They had never thought that this would be the end result.

"Could it be that that woman is not an ordinary person?" Liang Zhenhai was suddenly lost in thought. After telling his henchmen to leave, he quickly picked up the phone and dialed a number.
